

# Chapter: 963

Heard this.

Shen Yumei, who was next to him, did not hide it, sighed and said:

“We are going to visit Bai Yi’s grandfather! His old man went to Jiangnan City to discuss cooperation, but he did not expect that he was almost beaten to death by a rich young man!”

Huh?

This sentence made Chang Yuan’s eyes suddenly light up. He patted his chest and said excitedly:

“Uncle and Auntie! Don’t worry, this matter is covered by me. Jiangnan City is my ever-distant territory. Dare to give me face!”

“When the time comes, I will let that kid kowtow to the old man!”

What!

Chang Yuan’s words completely bluffed the Bai Yi family. They didn’t expect that Chang Yuan had such a great ability.

“Senior Chang Yuan, I heard that the wealthy and young family is very powerful, do you really have a way to make him lower his head?” Bai Yi looked at Chang Yuan expectantly at this moment.

In her impression.

Among the group of students in their university, this senior Chang Yuan is the one who has the most beautiful scenery.

Not only Bai Yi.

Baishan and Shen Yumei next to him were also full of anticipation:

feeling the expectant eyes of the three, the smile on Chang Yuan’s face became more and more intense:

“Hahaha... Bai Yi, you look down on me too much! I’ll tell you In Jiangnan City, almost all the rich and powerful have something to do with me more or less!”

“As for those who are rich or young, there is no one I am not familiar with! Don’t worry, when we arrive in Jiangnan City, I will go with you. In the hospital, we must let the richness pay the price!”

Chang Yuan was full of confidence.

When he heard his words, the Bai Yi family was overjoyed, and chatting with Chang Yuan became more enthusiastic.

It’s just that they didn’t notice.

Lin Fan next to him heard a’did!’ information prompt.

When Lin Fan turned on the devil machine and took a look, he could see a text message on it: ” Lin Zuo, Jiangnan Airport has been blocked, and the two war gods, Dragon Commander and Tiger Commander, led the assembly of the Dragon and Tiger Second Division Army! ‘

‘Jiangnan No. 1 Liu Zhen, Jiangnan’s richest man Ma Yong, Shengshi, Lanshan, Tian and other eight chaebols, look forward to the arrival of Lin Zuo! ‘

This text message looks extremely ordinary.

But the meaning inside, if someone sees it, it will surely blow your eyes.

China!

There are four major military seats!

Eight Great Wars!

Long Shuai and Hu Shuai are the two terrorist war gods guarding Eastern China.

Who can imagine that the two great war gods have come, leading the most elite Dragon and Tiger Second Division, blocking the entire Jiangnan Airport, waiting quietly.

Not to mention, there are also No. 1 Liu Zhen, the richest man Ma Yong, and eight chaebols.

If this spreads out, it will definitely shake the whole Jiangnan.

And now!

Lin Fan just glanced at the text message lightly, then put the phone away.

quickly!

When all the people were seated, the plane took off soon.

It’s just that Chang Yuan’s attention has been on Bai Yi’s body, constantly talking to Bai Yi.

Until he found out that Bai Yi seemed a little impatient.

Chang Yuan’s gaze turned, and then he locked himself in Lin Fan’s body:

“Brother Lin, I heard that you offended Jiangnan Bai’s family some time ago?”
