

## Nothing To Give But My Heart Chapter 2

Both the man's eyebrows and eyes were razor-sharp; under his wolf-like eyes was a high nose bridge, and his thin lips were pursed into a sneer. Although he was sitting in a wheelchair, he had an aggressive and intimidating aura around him, making it hard to approach him.

So this is the rumored ugly-looking man?

Shen Qi was slightly stunned, and only after the atmosphere had tensed up that she sat up from the bed while avoiding his eyes. Then, she said guiltily, "O-Of course I am Shen Yue..."

"Heh." Ye Moxuan's eyes grew colder as he took out an envelope from his pocket and threw it in front of Shen Qi.

She carefully picked it up and opened it, only to find that it was full of photos and information about her sister, Shen Yue.

So, he knew my true identity from the very beginning?

Shen Qi's grip on the envelope tightened a little before biting her lower lip. Then, she glanced at Ye Moxuan calmly with her black, shiny, impenetrable eyes.

"Did the Shen Family think that they could fool me just because I'm crippled?"

Shen Qi lowered her eyes and defended herself softly, "I'm also the Shen Family's daughter..."

"The daughter who just got divorced? Does the Shen Family take the Ye Family as a recycling station?"  
Ye Moxuan's eyes turned cold again.

His sarcastic and straightforward words reminded her of the terrifying night a month ago. She bit her lower lip tightly, trying to use the pain to remind herself not to lose it.

However, before she could calm down, the man lashed out coldly again, "I'll give you five minutes to get out of the Ye residence."

"What?" Shen Qi looked up, and her eyes met his jet-black ones.

If she were to be chased out, the Ye Family would definitely hold grudges against the Shen Family. Her entire family depended on her, so even if she was reluctant to stay, she couldn't just stand and watch the Shen Family get ruined by her.

After calming down, Shen Qi plucked up the courage to look directly at him and said, "I know that this marriage was arranged by your parents. You don't really care who you marry. Otherwise, you wouldn't have agreed to this marriage. Rather than marrying again, you should let me stay. I promise that I won't get involved in your life."

As soon as she said that, Shen Qi raised her hands as a token of guarantee. Her eyes were filled with determination, but cautiousness was written all over her face as if she was afraid that he would not accept her proposal.

She looks like...

Ye Moxuan narrowed his eyes as he looked at her.

In the end, he curled his thin lips into a smile. "Do you really want to stay that badly?"

Shen Qi looked at his grin, and her instinct told her something was off, but she still nodded in response.

The corner of Ye Moxuan's lips curled up even more contemptuously. It was not the first time that he had encountered greedy women like her who were willing to replace their sisters and marry into the Ye Family in hopes of prosperity and wealth.

His gaze was fixed at the person on the bed as he said, "I will give you a chance to stay—"

As soon as the light of joy flashed in Shen Qi's eyes, she heard the evil man finishing his sentence. "—but you have to please me first."

Stunned, Shen Qi stared at the man beside the bed in disbelief.

"What's the matter? Can't you understand my words?" Ye Moxuan sneered, "Don't tell me that a divorced woman doesn't know how to please a man."

Hearing what he said, Shen Qi clenched her fists tightly.

She was indeed married to Lin Jiang for two years, but the latter had always used the excuse that he was busy to avoid sleeping with her. Then, one night a month ago, she caught Lin Jiang and an enchanting pregnant woman messing around on their marital bed.

Her nightmares started from that moment...

"Speak!" Her silence obviously made Ye Moxuan lose his patience. He then stretched out his hand to tear off the quilt she was holding in front of her, revealing the woman's fair body...

"Ah!"
