

Chapter 329

Not anymore.

If you need money in the future, no matter how much you need, you will come to me.

Don't make yourself embarrassed. "

Suzi took the business card and said, "Thank you, Shu Shao."

She doesn't actually want a business card, so why? She and her daughter will follow Arron and will not be short of money in the future. Besides, she has already found a job and will work hard to do her own job in the future, and will be paid again.

She doesn't need to rely on anyone.

It's just that Darius had helped her before, and she didn't want to refute Darius's face too much, so that Darius's business card was under his hands.

When Suzi received Darius's business card, another car was parked behind the two. Darius and Suzi looked at the car together.

Suzi's face changed slightly.

What a coincidence, Arron came back?

Somehow, Suzi was afraid that Arron would be jealous. But after another thought, how could this be possible? How could Arron be jealous?

Suzi, you really think too much.

The first person to get off the bus was Christopher. When Christopher saw Darius, he politely greeted him: "Oh. Shu Shao is really a rare visitor!"

While saying hello, Christopher also opened the back door with his hand, and Arron walked out of the car with the child he was holding. The little girl lying on her father's shoulders and her father looked at Darius at the same time.

Darius and Suzi were slightly embarrassed.

Arron's eyes were extremely complicated, while the eyes of the little girl lying on his father's shoulders were bright and beautiful. She didn't hate Darius at all, she grumbled free from Arron, and then came to Darius with a smile on her face, raised her head, raised her small chin, and yelled sweetly: "Uncle, you are my mother's friend Is it?"

Darius looked at Arron meaningfully, and then at the little girl who had just reached his leg.

This little girl is so cute, three points similar to her mother's.

Darius immediately bent down and said gently, "Of course! I am your mother's friend."

The little girl immediately jumped up happily: "Wow, uncle, you are so handsome, you are a handsome guy, I am so happy."

Darius immediately became interested: "Tell uncle, why are you so happy?"

The little girl replied innocently: "Because I like my mother the most because there are handsome guys around her. It would be better if I could have another bunch of flowers."

Darius: "..."

Suzi: "..."

Arron + Christopher behind him: "..."

Christopher's throat was not very good these past few days. He was swallowing. When he heard the little princess say this, Christopher almost choked to death with his own saliva.

Not!

This little girl is too eccentric, right?

Somehow, her father was surrounded by two women, she was wicked and scheming to make those two women fight, and to protect her mother's rights, how did she get to her mother and the men around her mother, Not only does she not protect her father's rights and interests, she also encourages her mother to have many handsome guys around her?

This is too eccentric, right?

When Christopher was about to say a few words of justice, he saw that his father was already untying his tie.

The look of his gearing up. As if going to beat Darius.

Chapter 330

Christopher was stunned, and Darius and Suzi who were on the opposite side were also stunned.

Darius subconsciously protected Suzi behind him. He looked at Arron with a serious face and a little panic: "Fu Sige...you come to me if you have anything. Don't embarrass Suzi. After all, she is doing it. The woman you gave birth to a child.

You...you will spoil me if you want to kill or slash. "

Arron didn't say a word. He quickly removed his tie, and then unbuttoned the top collar button. After a while, the firm and strong bronze skin appeared in front of Darius.

Arron said coldly: "What do you think? The car is a bit stuffy, I'm too hot, unbutton my clothes and cool off."

Darius: "Uh... Brother Fu, you...your neck, why is it hurt?"

"Well, the wild cat caught it." Arron said casually.

Christopher + Suzi next to him: "..."

Suzi blushed and turned his neck to the side and stopped looking at anyone, only raising his hand to touch Shen's only hair.

However, Christopher was dumbfounded when he saw it: "... The fourth master, your ability to lie is not professional at all. Has anyone ever seen a wildcat scratch with two rows of fine teeth marks?

Even if it is bitten by a wild cat, can wild cat's teeth be the same as human teeth?

Master, are you declaring war on Shu Shao while eating Shu Shao's jealousy?

Darius was not stupid either, he immediately saw that Arron was not scratched by a wild cat at all in his neck. He smiled awkwardly, and then persuaded him in a tone that knew Arron very well: "Fu Si Ge, you see that there is an oversupply of what kind of beauties you want by your side, you let Suzi, a woman who annoys you On the contrary, you will often upset you by your side, it is better to..."

Arron sneered lightly, and pulled Suzi over, wrapped it in his arms, and said lightly: "Shu Shao, there is a problem with your understanding."

Darius: "..."

"Suzi, that's the unscrupulous wild cat I was talking about. Darius, the woman who drove me in your car took her home and was hit by me. How can you explain to me?"

Darius: "..."

At this moment, Suzi was ashamed that he didn't want to raise his head anymore, but plunged deeply into Arron's arms. She didn't even know how Darius left or how Arron got her into the elevator.

After entering the house, Lilly was taken to the restaurant by her domestic helper Li Sao to add afternoon snacks. Suzi went directly to the cloakroom and wanted to change into more comfortable home clothes. She hadn't closed the cloakroom door yet, and Arron stood by the door. .

He looked at her with interest.

Suzi bit her lip and didn't move. No matter how close she was with him, she couldn't change clothes in front of him.

"You have not eaten enough?" the man asked suddenly.

"What!" Suzi was inexplicable.

"Hook up with Young Master Shu, you are not afraid that there will be no bones left in the upper circle that united the entire Nancheng with Mr. Shu?"

Suzi: "..."

Whoever blocks me in this world, is there even more ruthlessness in your blockade of me!

You are chasing and killing me all over the world!

There is still a face to mention others!

"Is he chasing you?" Arron asked abruptly.

Suzi is not sure what Arron means when she asks her, is it jealous?

She felt it impossible again. She couldn't guess Arron, so she could only explain it honestly: "I met him on the road. After all, he helped me back then, so I told him a few words. The rain is so special. Anxious, I was anxious about the only thing I told me that caused the two women to fight because of her. I was worried about the only one, so I was anxious to come back, so he took the initiative to send me back."

"He doesn't look right at you! I am a man and I know men better than you. The way he looks at you is different from the way he looks at other women." Arron said.

Suzi: "..."
