

Chapter 331

Does Darius look at her eyes?

How is it possible?

She was a woman who was captured by Arron. She was notorious even in Nancheng six years ago. And Darius, his family background is not inferior to Arron, how could he like himself?

At most, it's just because of temporary guilt, pity yourself.

After a long while, Suzi laughed at himself and asked Suzi: "Are you eating Darius's vinegar?"

"Yes!" Arron said bluntly.

Suzi: "..."

I didn't expect him to answer this way.

He is jealous, how is this possible?

In Arron's tone, there was a hint of complaint: "Your good daughter! Defeated two women in the Fu family's old house in the morning. She is very domineering and defending your rights!"

Lilly didn't let him contact any women outside, and dared someone to offend her mother's territory. The five-year-old little milk dumpling made people look good every minute, but when she came to her, the little milk dumpling actually allowed her to be accompanied by a handsome guy!

Is this fair!

Can he not be jealous!

Feeling angry!

Suzi: "..."

Not to mention Lilly, Suzi immediately thought of what happened during the day when Lilly was mentioned. It happened that Lilly ran to the cloakroom with a small snack in his hand, tilted his head, and looked at his mother. , Looked at Dad again. Then happily came to my mother, winked and said: "Mom, you squat down."

Suzi immediately squatted down, only to hear Suzi grinning and saying: "Uncle Christopher has a nice photo on his phone. That woman's face was beaten by an old grandfather, like a short pumpkin. Fingerprints, like the pattern of a dwarf pumpkin."

Suzi: "The only one...who was beaten in the face?"

Didn't two women tear each other?

Why did an old grandpa fight again?

Suzi just wanted to know if this matter had anything to do with the only one.

"It's the woman named Lanita. She always says she is Dad's fiancée, huh! There is also a woman named Qin Shuang, who still wants to be my mother, huh, she's not shy!" Shen sole voice Very domineering.

Suzi: "..."

I finally understood from the daughter's complaint that there were two female guests in the old house of Fu's family today, one was Lanita, and that was Arron's well-known fiancée. There is another surnamed Qin.

Undoubtedly, it should have something to do with Qin Wenyu, the renter of the Fu family. It should be Qin Wenyu's maiden family, right?

Both of these two women are not easy to offend.

And the girl, actually offended two at once?

God!

Suzi looked up at Arron in a panic: "That...the only thing she is not sensible..."

Arron screamed: "Do you know how bad consequences she caused today?"

Suzi didn't see it, but she could imagine that when she was in a panic, Arron's cell phone rang suddenly. He picked it up and glanced at it, and immediately connected: "Hey..."

At the other end, Lanita's voice: "Four... Fourth Master, yes... I'm sorry."

Chapter 332

It was about being beaten by Qin Shuang in the old house of the Fu family and slapped a few times by Elder Shu. When Lanita spoke, her speech was a bit unclear, just like how big a tongue was in her mouth.

Arron couldn't help but sneer in his heart. Women were beaten like this, and she could still say sorry.

While listening to the apology on the other end, Arron saw Lilly holding Suzi's hand with a clever, cunning and excited smile, out of the cloakroom.

Arron looked outside, and his mother went to the restaurant.

Here he impatiently said to Lanita: "Just tell me if you have anything!"

"Master, my grandpa not only beat me fiercely at Fu's house, but when he returned home, he also gave me a severe lesson and told me to kneel, kneel

on the washboard and confess vigorously, Master, I already knew it was wrong.

I will never fight with others in public anymore. As a young lady, I really shouldn't do such a shameful thing.

I will never dare anymore.

Also... please forgive me this time. "

Arron asked in a cold and disgusting tone: "Are you wrong?"

This woman is more arrogant than any other woman when she is arrogant. She is almost like a fool when she is arrogant.

Such a woman still thinks about marrying him all day long.

What a nymphomaniac!

Had it not been for Elder Shu's blocking in the middle, Lanita would not have known her death hundreds of times.

Such a stupid, unprincipled, and humble woman with no bottom line, Arron didn't bother to listen to her voice. To be honest, what happened in the Fu's old house today, if it were replaced by any woman. Being teased by someone or wearing a green hat with a tortoise in public can be mad, and will fight against the person who cuckold her. What's wrong with her?

It's ridiculous.

"You don't have to apologize to me!" After speaking, Arron was about to hang up, but Lanita hurriedly shouted at the other end of the phone, "Wait, please wait a minute to hang up the phone, Siye I have something to tell you."

Arron: "...Say!"

"Master, I know that the child is your own flesh and blood. I can see that you love her very much. You will certainly not give up her custody rights, but her mother, that Suzi, did steal your mother. A bracelet that is priceless. If you don't believe me, you can ask Suzi now. She promises that she won't be able to get the bracelet. Although Suzi is pregnant with your child, she has tried to mislead you from the beginning.

Even if she gave birth to a child for you, she didn't really love you. She has intentions for you.

If you don't believe it, you can ask her now, is the bracelet still there? "

Lanita knows better than anyone that Suzi moved several times in the past few years when Lin's family has been chasing and killing Suzi. Moving from the far north to the far south, from the remote corner of the northwest to the remote corner of the southeast, every time I have to pay for my family.

Moreover, Suzi also brought this child and the paralyzed man.

Where did she get the money to support it for so many years.

That bracelet must be sold!

Arron only sneered, then hung up the phone without hesitation, closed the line, and immediately pressed another set of numbers.

On the other end, Christopher was on the way back to his residence. He saw his father's phone call. Christopher immediately connected: "Four Lord, please tell me what's the matter."

"What about the photo." Arron asked.

"What photo?" Christopher didn't understand for a while.

Arron said calmly: "In the old house, the only photo of the woman with a swollen face was taken by you."
