

Chapter 169

"Want to know?" Lanita asked triumphantly.

Suzi looked at Lanita coldly: "Who is he?"

"Guess?"

"A prisoner in prison, a death row prisoner?" Suzi couldn't guess the other direction. When she went to see the man that day, the man was clearly detained.

Lanita shook her head: "Suzi, you must not be able to guess, so let me tell you. Tomorrow morning, very early, at seven o'clock, we will meet in Yonghe soy milk near here, and I will talk to you carefully. Is it good to say?"

"Why don't you tell me now!" Suzi asked.

"Oh, it's getting late now, I want to tell you, I must tell you the details from beginning to end, I am pregnant like you now, I am pregnant with Arron's child, It's so gold and expensive. I can't make any mistakes. I have to go back while it's dark. If you want to know, I will come to you early and early tomorrow morning, Yonghe Soy Milk Shop."

Suzi: "What tricks do you want to use?"

Lanita smiled: "Don't worry, you are leaving the day after tomorrow. What tricks should I use? Besides, with the disparity in status between you and me, and the importance the Fu family attaches to me now, I will crush you to death. It's like crushing an ant. Do I still need to play tricks on you?"

Suzi: "... " Lanita was right.

She thought about it in her heart. She can only take the train back the day after tomorrow. There is just one day left. If it is true that the father of the

child is still alive, as Lanita said, and he is still in this city, Suzi would like to see one. See, at least it is an explanation to the child in my stomach.

A few minutes later, Suzi agreed: "Yes. What do you want?"

To tell her this big secret, it is impossible for Lanita to exchange terms.

"Of course there is." Lanita said.

"What conditions?"

"Take out the emerald green bracelet that my mother-in-law gave you worth five to six hundred thousand yuan!" Lanita said viciously. It turned out to be for such a bracelet?

Suzi sneered contemptuously in his heart.

Arron didn't even ask her to go back, but Lanita thought about it here. Aunt Shanna personally put it on her. Of course, she can't give it away. The bracelet can only represent her, Suzi. , Quietly accompanied by Aunt Shanna's side.

No one wants to take it away!

"Okay!" Suzi promised quickly: "I will give it to you tomorrow. After you tell me the news, I will give it to you. Don't worry, I can't run, and I can't wear that bracelet. Sooner or later, I will be Arron. Take it away, and take it away, it's still yours, so don't worry, I will definitely give it to you."

"Deal!" Lanita left Suzi's residence triumphantly.

This night, Suzi failed to stay outside at the Express Hotel. She was still living in her rental house and did not close her eyes all night.

She didn't know, what kind of news would she hear tomorrow morning?

The more expected, the more scared Suzi.

She woke up very early the next day, and arrived at the gate of Yonghe Soy Milk at 7 o'clock, but she didn't think about it, Lanita had also arrived, and she was sitting in the soy milk shop waiting for him, and she carefully ordered soy milk and fried dough sticks for her.

"Where is the bracelet?" Lanita asked.

Suzi put a green box on the dining table. Lanita was about to reach for it, and was covered by Suzi. Suzi calmly said, "Please tell me, what is the father of the child in my stomach? Who!"

"You know this person."

Suzi was shocked, and his tone changed: "Who the hell is it!"

"Tell you a happy event, I am getting married today." Lanita smiled very sweetly.

"Tell me, who is that person!"

"Your child's father is Arron." Lanita smiled and looked at Suzi.

Chapter 170

Suzi's expression suddenly changed. Sitting in a chair, she felt she was in a trance. She couldn't even hear the sound from her throat: "You..., what did you just say?"

"I said, today is my wedding day. I am going to marry Arron, the most powerful man in Jeollanam-do, and Arron is the biological father of the child in your stomach." Lanita said with a smile.

She said this as if she really regarded Suzi as a girlfriend.

Suzi looked at Lanita blankly.

The whole figure seemed to be drained, and she muttered to herself: "How is this possible? How is it possible? How is it possible? Isn't that man dead?"

Isn't he dead?

Because she knew that the man was dead, Suzi always avoided this topic. She didn't want to mention it, because every time she thought of Suzi, she felt that her destiny was too sad.

For the first time in his life, it was given to a man who was dying.

Moreover, she was pregnant with the child of the dead man.

She doesn't even know what that man looks like, is that man young or old?

She didn't know everything.

The only comfort Suzi is that there is still a child in her stomach, no matter what the child is said to be wild in the future, it doesn't matter what she says.

She only felt that the child in her stomach was a priceless treasure given to her by God.

Because she is in this world, Suzi no longer has any relatives. The child in her belly is her only hope. It is for this reason that Suzi wants a hukou in a big city because she does not want her children to be pointed out in the future. Give pointers. However, she didn't expect that the man was still alive.

That man turned out to be Arron?

How is it possible?

"How can it be impossible?" Lanita was extremely proud of Suzi, who was so pale that there was no bloodshot, and the whole person was completely dumbfounded.

This effect is exactly what Lanita wants to see.

She just wanted to shock Suzi!

She wants Suzi to be heartbroken, she wants Suzi to live rather than die!

How about knowing the truth?

Knowing the truth, it was also after Suzi decided to leave in the Fu's hall. The words Suzi said in the Fu's living room had seriously injured Arron. If Suzi went back to find Arron now, it would be equivalent to Suzi told the people in Jeonnam City and told the upper circle of Jeonnam City that she had turned her back.

She Suzi slapped herself in the face.

Haha!

It's so fun!

That's so cool!

Suzi looked at Lanita with a gray face: "Lanita, this joke is not funny. If you want to get married, you will marry you. I didn't stop you from marrying Arron, and I can't stop you, but you and me This joke is not funny. I'm sorry, I'm leaving this city already, I'm not interested in hearing you tell me this."

Suzi's lips are all white.
