

# Chapter 241

Suzi was caught in the middle of this group, and it was really embarrassing to hear them tease here.

Joan was also extremely embarrassed.

In front of him, they could do whatever they wanted, but in front of Suzi Joan felt it was an insult. At this moment, two big and thick young men walked in front of him and put Suzi in their arms one by one.

"Come on, my little lady! You don't come in and sit at the door already. You really don't understand the rules. There is a good saying, "What do you think you should set up an archway? What do you think? Standing torii, you can't be here too, can't you?"

Come, come in and have a drink with your brother..."

Suzi: "..."

Being hugged by two men, Suzi almost suffocated.

She wanted to push away but couldn't push away no matter what, she could only struggle and said, "Okay! No problem! But you have to register with Mr. Ling in advance. Because I am Arron's person, I always accompany a man. Arron wants to ask me to count the money!"

The two men were taken aback.

When it comes to Arron, they are all afraid.

At this moment, Joan behind him suddenly roared: "Let go of her! Don't let Suzi go anymore, I will go in and out with you all kinds of white knives!"

The few sons and brothers were all stunned.

One of them said dissatisfied: "Mr. Ling, are you like this? Everyone used to have good products to share together, are you a buddy?" Suzi also looked back at Joan: "It's okay, Young Ling, Could you please tell your cousin Arron now, I am here with your guests. As for the number of people, you have to report to your cousin in detail.

I sold it anyway, it's the same to anyone. "

She said it lightly, with no expression on her face, as if that kind of pain had already been so painful that it had become numb.

Joan's heart felt like it had been pierced by ten thousand steel needles, and it was extremely painful.

He stepped forward and pushed away the two strong men, and then said fiercely: "Whoever dares to molest Suzi in the future is to have a bloody vengeance with me, Joan. What Joan Jue said just now is absolutely true! I don't believe it. You can wait and see!"

After speaking, Joan dragged Suzi and walked into the elevator.

In an instant, the two of them entered the elevator.

Behind him, a group of sons and brothers stunned.

"Take gunpowder!"

"Mr. Ling, why is this crazy?"

"I suddenly remembered that this woman is called Suzi. Six years ago, she had been fascinated by some of the upper-class boys and brothers in Nancheng. At that time, I was only sixteen years old and I was still young. I just heard that The entire upper circle in Nancheng must punish Suzi, especially Arron. As long as Suzi is caught, it will be broken into pieces."

"That's it, it seems that this woman is really devilish. When she comes back, she will be fascinated by Mr. Ling."

Amidst the discussion among the young masters, Joan and Suzi had already arrived outside, and Joan asked, "Where are you going, I will see you."

"Go to Arron." Suzi said.

## Chapter 242

Joan: "..."

After a long while, he said: "My cousin handles affairs in the company during the day."

"Yes."

"Huh?"

"You can go to the company." Suzi said.

Joan sighed lightly: "Get in the car, I'll drive you there."

Suzi calmly followed Joan into the car. After Joan started the engine car and drove out, she asked, "Suzi, how have you and Ze Yan been in the past few years?"

Mention of Sanford, Suzi immediately blushed, and she turned to look at Joan: "Young Master Ling, I...I know that you have always wanted to play and I have never been able to do it. Can you help me inquire about it? Where is my brother now? Is he dead or alive? And where are his family members now?"

If you are willing to help me, I will agree to whatever you ask me to do.

The game you asked me to do just six years ago, I promise you now! As long as you help me.

I just need to know that they are still alive.

Ok? "

Joan: "..."

His hands holding the steering wheel bulged with blue veins, and the words Suzi begged him for were inserted like poisonous arrows in his heart, causing him to bleed and be extremely painful.

His hands were shaking, unable to hold the steering wheel, and he almost hit the side of the road.

When the car stopped, Joan looked at Suzi with a look of guilt: "Suzi, listen to me, I know I did something wrong six years ago.

I can't apologize for death.

I never saw you as a plaything at first sight.

But in the end, I picked up a rock and hit myself in the foot.

Suzi, the moment you used your arm to block the knife for me, I knew that in this life I could not finish the atonement in front of you. I don't beg you to forgive me, I just want you to have a better life.

Do you want to escape? If you want to run away, I will give my life and let me send you away. My mother is Arron's little aunt. In any case, he will not do anything to his aunt and uncle.

I will see you away now.

The far end of the world, the farther the better! "

After speaking, Joan started the car again.

Suzi held his wrist: "My daughter is in Arron's hands. He took my daughter with him when he went to the company in the morning."

Joan: "..."

"Send me to Arron's company." Suzi said.

Joan: "Okay."

On the way, Suzi said in a very light tone: "Mr. Ling, you don't have to blame yourself. I really never blamed you. You always regarded me as a plaything from the beginning. I always know that I treat you well and save me. You are all voluntary, because no one treated me better than you in that situation.

Even if you play with me.

So, I have always been grateful to you.

I treat you well and save your life, it's all I'm paying back your favor.

Now we don't owe each other, we are not friends, let alone hate, just like we don't know each other.

Thank you for sending me to Arron's place. "

Joan: "..."

He was most afraid of Suzi saying this, he actually saw that Suzi really didn't hate him, Suzi just stopped treating him as a friend.

This makes him more sad than Suzi hates him.

"I can't make friends with you anymore in my life?" Joan asked.

"Why do you want to be friends with me?" Suzi looked at Joan puzzledly: "I'm just a seller, you...your cousin who caught me back also let me sell, you rich people Know it all in the circle.
