

Chapter 245

The front desk hurriedly bowed: "Thank you, Chief Jun." After thanking, the front desk turned around and ran.

Kraig looked at the girl in front of him with a cold and calm expression on her face, but Kraig saw a touch of uncontrollable anger. Kraig said in a relaxed tone: "Sister, you finally showed up? I still I thought my brother would hide your golden house for a lifetime."

Suzi's face was a little red: "I'm sorry, I'm not some of your younger siblings, I'm here to find my daughter."

After speaking, Suzi looked at Arron: "Arron, the only one who just came to Nancheng, she is not used to the food and everything here, now noon has passed, please tell me where she is! Please tell me!"

As soon as she finished speaking, a figure rushed in behind her.

"Qin'er, is this woman named Suzi the same?" Qin Wenyu said in a tone of angrily scolding Arron, standing behind Suzi.

"Auntie." Kraig stood up and bowed slightly.

"Um..." Qin Wenyu's tone was much reduced: "It's the younger brother and younger son of the King's family in Kyoto. I heard that you were promoted a while ago. You should be general now, right?"

Jun Xiaoer's eyebrows opened and smiled: "Oh Auntie, nowadays, I can't find a few who call me the second son. I feel cordial when you call me like this."

Qin Wenyu did not smile: "Who doesn't know that you are a smiling tiger. When you get tough, the entire Kyoto will have an earthquake!"

"Thank you for the compliment, auntie." Kraig smiled.

Qin Wenyu no longer interrupted with Kraig, but looked at Arron with a solemn look: "Qin'er! Is this woman, this Suzi, the woman who disrupted the entire upper circle of Yuncheng six years ago!"

Madam warns you!

You can't contaminate this woman! This woman harmed Ling'er, Sanford, and the son of the Shu family, and had a relationship with the dead Huo Jianshan. She was a dirty man! You are the only person in charge of the Fu family. Your reputation is more important than anything else. Even if you play around, she is not qualified! "

This sharp mother-in-law of the Fu family is no less mean than her father-in-law Fu Hengsheng.

Listening to the derogation of the lady in front of her, Suzi only lowered his head and sneered, and said nothing.

What did she say?

She was a weak one six years ago, and she still is.

Arron said slowly: "Auntie, the Fu Group has regulations that family members must not interfere in company affairs. You have retired and you shouldn't come here."

"I didn't interfere with your company affairs!

I'm talking about housework! "Qin Wenyu sternly scolded: "Qin'er!" Although you are not my own person, I treat you very well. You know better than me how your three brothers died! Now you are the only son of the Fu family. Your father and I, your grandparents, and the whole family are pointing at you. You are the facade of the Fu Group. Don't you understand this? "

Arron didn't give Qin Wen any face: "The truth, my dead mother has taught me. Since you told me about housework, auntie, go home and talk."

After he finished speaking, he pressed the landline button on the table: "Xiao Su, take Mrs. Fu out."

"Yes!" Outside, the assistant Su Jin came in: "Old lady, please."

Qin Wenyu's face was red and white, but he could only be driven away by Su Jin abruptly.

In the huge office, only Suzi, Arron and Kraig were left.

"Excuse me, Mr. Fu, where is my daughter? I want to see her right away." Suzi calmly looked at Arron and said.

"Your injury is healed?" Arron asked.

Chapter 246

Suzi didn't react for a while, only blurted out and said, "What injury?"

Arron was pissed to death.

This woman like a wooden bump!

"I haven't fed you for six years. Suddenly I fed you so full, and the wounds were stretched out. Is the injury healed!" Arron said in detail.

"Puff!" Kraig on the sofa couldn't help but smiled. He laughed and said: "Old Fu, you are so big and thick, and my younger siblings are so petite, you can't just relax!"

Suzi blushed immediately.

"You..." She covered her face with her hands, as if she wouldn't be seen ashamed in this way.

"Now, women who are as easily shy as younger brothers and sisters are really rare animals, no wonder the old man is unwilling to bring his younger brothers and sisters out, because he is afraid that this environment will pollute the purity of the younger brothers and sisters.

But Old Fu..." Kraig looked at Arron.

At this moment, Arron was debugging something on the computer.

On the opposite wall, there is a little projection. Arron did not answer Kraig's words.

Kraig continued: "If you are afraid that the outside environment will pollute your younger siblings, you can't always keep her at home. Let her meet people and make more friends, so she won't have trouble with you."

"Why don't you get out!" Arron said.

"Um..." Kraig didn't mean to be rough, he just looked at the wall: "What are you doing?"

Just finished speaking, the projection on the opposite wall came out clearly.

A little girl was walking around in an office. The office was very large and most of them were young people. The little girl came to a young guy with a crystal mud in her hand. One was unprepared, her crystal mud stuck on the guy's face. .

"Wow..." the young man wailed pretentiously.

Lilly sat on the ground with a smile: "Giggle, hahaha, it's so fun, so fun." "The only one! The only one!" Suzi didn't even care that he blushed, and only subconsciously grabbed the projection.

"Here!" Arron said angrily.

Suzi turned around and came to Arron's executive desk. Before Arron would let her, she sat on his chair, and the man blamed her behind her, his arms circled her, and he clicked the mouse while holding her.

The video conversation came out.

"The only one." Suzi shouted tremblingly, without realizing that she was trapped in Arron's arms.

"Mom! Mom, where are you, how can you see me." Lilly immediately spoke to Suzi at the computer.

"Mom is with your dad now... In that person's office, you tell mom where you are?" Suzi asked urgently.

"Mom, do you also admit that the badass is my dad?" The only one asked with blinking eyes.

Suzi: "What's wrong, baby?"

Lilly blinked again, and then said, "Today, the bad guy brought me to his big company. It's a big company. This company is bigger than our kindergarten. It's bigger than the playground I saw.

There are a lot of uncles and aunts, brothers and sisters in the company.

However, every one of them will say the same thing when they see me. "

Suzi asked: "What are you talking about?"

"They all said to me: Did this kid come to the CEO for milk powder money?"

Suzi: "..."

Kraig on the sofa: "Puff...no!"

"Mom, does the bad guy owe me money for milk powder? Does he owe too much? I asked the brothers and sisters here if the bad guys owe me a lot of money for formula milk. So many for several years.

Mom, the bad guy owes me money for milk powder, so don't we need to pay back the money we owe him? "

The child's logic is correct.
