

Chapter 275

"Kraig, why are you kicking me!" Zhong Muzhan said.

Seeing that the atmosphere in the air became tense again, Suzi stood up and said: "Yes, I am here... to serve you."

When he said this, Suzi didn't know what Arron's face looked like. Arron's expression was all seen in the seriousness of Ivy.

Ivy immediately lit up a lark-like laugh and said, "Hey, no matter who you are here to serve, you must drink the 30 glasses of wine that Mr. Fu has been punished today.

When you have finished 30 glasses of wine, you will be drunk and drunk. Wouldn't it be even more sultry? Besides, you accompany wine girls. Isn't the best thing you are good at drinking? Generally speaking, you don't always accompany men after drinking. Well! "

After speaking, Ivy will forcibly pour wine to Suzi.

She must cast this woman to death today!

It's best to let her get drunk in this box, and then she will have more opportunities to follow Arron.

However, as soon as Ivy took the wine glass in her hand, she heard Arron ask in a deep voice: "Ivy, right?"

Ivy was flattered and said: "Mr. Fu, my name is Ivy..."

"Movie star?" Arron asked again.

Ivy immediately said with a smile and shyly: "Yes, Mr. Fu, it turns out that you also pay attention to my movies. I just won an international...well, a small prize."

Ivy is an active woman.

In many cases, she is good at selling herself.

The reason why she was able to play the leading actress in a short period of time was because she took the initiative to fight for it, and because she took the initiative to fight for it, she had the opportunity to win international awards, and thus became one of the first-line red stars. .

In this one, Ivy seized the opportunity even more: "President Fu, if you have any needs in the future, I will use it to find Ivy's place. Ivy will definitely die. Ivy is a professional performer. Nothing in this regard.

Many big directors praised me, saying what I act like. In the future, if I can be fortunate to be an endorsement for your company, I think, no matter what product it is, I will be able to do it. "

Ivy, who was originally very arrogant, was eloquent and talkative when facing Arron at this moment.

Arron also nodded slightly, then raised his eyebrows and asked: "What did you just say? You are good at acting? You have a good acting skills."

"Yes, Mr. Fu." Ivy said, and walked into Arron. She couldn't wait to squeeze Suzi aside, and then she sat next to Arron.

She sat next to Arron, which was the most suitable position.

Ivy just came to Arron, but saw Suzi involuntarily pinching her nose again.

Arron also saw it.

"What's wrong with you?" Arron asked Suzi with a frown.

Suzi bowed his head: "Nothing."

"Speak!" Arron ordered.

She is the creditor of his claws, she has sold herself to him, and she has to do whatever he asks her to do.

Suzi said truthfully: "I can't smell the pungent smell on her body."

Ivy: "...". The perfume on her body is the world's top luxury goods, OK? Why can't you get used to being heard by a lowly accompaniment girl?

When I was about to get angry, I heard Arron say: "You sit on the farthest side!"

"What?" Ivy thought she had heard it wrong.

Arron never said a second time.

He said blankly: "Isn't he saying that he has great acting skills, what is it like to act? Then act as a accompaniment girl! Then finish 30 glasses of wine."

Chapter 276

Ivy: "...Mr. Fu what did you say?"

She couldn't believe her ears, and Arron actually let her act as the wine girl. She has never suffered such a shame.

"Be a wine girl!" Arron said calmly.

Ivy immediately replied arrogantly, "Mr. Fu! Didn't you have a wine girl with you? I'm not a wine girl! I don't play a wine girl!"

Arron's tone was still very calm: "Then what are you doing today?"

Ivy: "I came with Mr. Xu..."

"Mr. Xu's wife, should it be Kraig's cousin?" Arron asked abruptly, "Excuse me, in what capacity did you come here?"

Ivy: "..."

"A woman who accompanies the wine is a woman who accompanies the wine! Do you still want to set up an archway for a woman who accompanies the wine?" Arron said mercilessly.

Ivy's tears flowed out, and she cried: "Mr. Fu..." As soon as she spoke, Suzi subconsciously covered her nose.

Suzi couldn't get used to this smell.

Especially pungent.

When she was in Quxian County, she was busy working on the construction site for a while, and she was unaccustomed to water and soil, which caused her nasal allergies. Especially can't smell too strong and irritating perfume.

Seeing Suzi holding her nose, Ivy's anger reached a certain point: "You! You escort girl! You are the escort girl! What kind of nose do you cover, you won't be able to use a perfume like mine for the rest of your life.!"

Suzi bit her lip, and looked at Ivy in a calm tone: "Miss! I am a wine girl, and you don't need to remind you. Can you take me a little further? Mr. Fu asked you to accompany the wine, you accompany or It doesn't matter if you don't accompany, doesn't it?"

I don't know you, I have never seen you.

So we should have no grudges, right?

Why are you staring at me so hard? You asked me to lift your shoes in the bathroom just now, and now you scold me in front of so many people. I'm just Arron's wine girl, not yours.

Please sit away from me! "

Ivy: "..."

She is really going to slap this mean woman!

However, when he saw Arron's sharp eyes, Ivy stopped her hand immediately.

"You asked her to carry your shoes?" Arron asked flatly.

Ivy: "..."

"Sixty glasses of fine wine!" Arron said lightly.

Ivy suddenly frightened Liushen Wuzhu: "Mr. Fu, I...sixty glasses of wine can burn my liver. I...I rarely drink."

"Ninety cups." Arron said blankly.

The people next to me were all dumb.

Only Kraig looked calm. Dalia, a confidante next to Kraig, looked at Suzi with a warm smile, and handed her a bottle of mineral water: "Drink some white water, maybe you are more resistant to smells."

Suzi nodded slightly: "Thank you."

Here Xu Zetong was also stunned. He tried to make a round and was about to speak, but was caught by Kraig: "Cousin-in-law, what is the purpose of your coming here today?"

Xu Zetong was afraid to speak.

It wasn't until this time that Ivy realized that she seemed to offend someone today, but when she thinks about it, she hasn't done anything?

Didn't she just ask a woman to help her with the shoes, and then she said something everyone wanted to say in order to warm up the scene?

What happened to her?

Looking at the people around, no one interceded for her. Ivy could only save herself. She immediately softened her voice and pleaded with Arron with a smiling face: "Mr. Fu, Mr. Fu, I'm sorry, Ivy rarely comes to such occasions. , Maybe some things have been done in an unruly manner, and I would like to ask Mr. Fu to give clear instructions.
