

# Chapter 299

"Then freshen up and get a remarriage certificate with me!" Arron suddenly let go of Suzi.

Suzi: "..."

Remarriage certificate.

After six years, she remarried Arron again?

God can really joke with her.

Suzi went back to the bedroom obediently, changed his pajamas obediently, then went to the bathroom to wash up, cleaned up his hair, and came out again. Lilly was already up.

"Mom, will you and Dad send me to kindergarten together today?" The servant helped Lilly only wear a big red princess dress, and the hairpin on his head was also red. The little girl is like a doll in a fairy tale.

The children's dressing fits well with the things they are going to do today.

Suzi smiled and looked at the only one: "That's right, today Mom and Dad will send you to kindergarten together. The only one tells mom, are you happy?"

Lilly nodded: "Hmm, happy!"

She is real and really happy.

Until Arron in a suit and leather shoes and Suzi, who was dressed in a new suit, took Lilly downstairs to the car, and seeing the respectful Christopher waiting there, Lilly still happily said to Christopher: "Uncle Yan, today My parents took me to kindergarten together."

"Happy?" Christopher asked.

"Of course happy."

"Wait for a while will let you know what your parents are going to do, wouldn't you be happier?" Christopher asked.

Lilly didn't understand the meaning of Christopher's words. She laughed at Christopher: "Uncle Yan, I told you everything. My parents sent me to kindergarten together. Why can't you remember?"

Christopher immediately reviewed himself: "Oh, oh, Uncle Christopher is too stupid."

With that said, Christopher opened the door for a family of three and got in the car. He drove Lilly to the kindergarten first, and then diverted from the kindergarten to the Civil Affairs Bureau. On the way, Christopher couldn't help asking: "Madam, can Xiao Yan beg you for a prize today. After all, today is the day when you and Master remarried, and Xiao Yan also wants to have some joy and good luck."

Caitou?

Suzi couldn't even come up with a hundred yuan.

What did she give to the lottery?

"Okay, when I get rich in the future, I'll make it up for you." Suzi said lightly.

The atmosphere suddenly dropped a lot.

Christopher was so frightened that he did not dare to say anything.

Suzi doesn't matter.

She and Arron are married again, but are they a real couple?

Yes!

After all, they also have a practical relationship.

However, Suzi knew that Arron would not treat her as Mrs. Fu, and the entire Fu family would not recognize her, right?

Suzi suddenly discovered that after a circle, her fate was surprisingly similar to that of the dead Shanna.

The only thing she is better than Shanna is that she and Arron have a marriage certificate, and they once held a small wedding that couldn't be smaller.

Should Suzi be lucky?

In a daze, the Civil Affairs Bureau arrived.

After six years, she came to the same place again.

After more than an hour, Suzi had a red marriage certificate in his hand.

She became Mrs. Fu again.

## Chapter 300

Suzi thinks this marriage certificate is very eye-catching.

She and Arron have no feelings. To be precise, Arron has no feelings with her. What if a marriage without feelings is named Mrs. Arron?

Suzi has always been self-aware. She stood outside Arron's car and said faintly: "I can go back by myself. Thank you for not pursuing the ten million I owe you and marry me. You can go to the company. Don't delay you anymore."

Christopher on the side: “...” Madam, Master never thought of letting you pay him back ten million.

Master’s money will be yours in the future!

You are now the richest woman in Jeollanam-do!

Christopher said this psychologically, but he didn’t dare to say anything. He only looked at Arron. Arron’s tone was cold: “You are too affectionate. I never thought of avoiding the ten million you owe me!”

Suzi: “...”

Arron turned into the car and ordered Christopher: “Drive to the company.”

Christopher: “...”

After stopping for a few seconds, Christopher drove away, leaving Suzi alone holding the big red marriage certificate, stunned.

Suzi knew in his heart that since Arron got her marriage certificate, he would never let her repay the money. He just wanted to give his daughter a complete family of three. He will not let his biological daughter Lilly live the same life as his childhood.

What he said just now was just angry.

However, Suzi was not happy at all in his heart.

She is safe, and the only one has a home, but what about Sanford?

Sanford paid so much for her and was exiled to a foreign country without a word. Is it dead or alive?

And mother.

In the past, she was not sure whether she was alive or dead every day, and Suzi had no conditions to think about her mother. It has been six years since her mother died, and until now she has not been able to return to her hometown to see her mother's grave.

Furthermore, was the mother's grave dug up by the Lin family?

Suzi didn't know, nor dared to think about it.

At this moment, she knew that she was safe, and Arron would not do anything to herself anymore, and Suzi began to think of her mother's death again.

And Shanna.

Holding the marriage certificate in hand, Suzi drove to Shanna's cemetery by herself. When she knelt in front of Shanna's tombstone, she burst into tears for a moment.

"Aunt Xia, I'm sorry, I haven't been able to see you in six years, do you know? My fate with you is really destined, and I am now your daughter-in-law again, the real daughter-in-law.

And I gave birth to a granddaughter for you.

If you were alive, how good would it be for me to know that the child in my stomach is your granddaughter?

Mom!

Can you hear me when I call your mother?

Next time I will bring the only one, your granddaughter will come to visit you, OK? "

Not far away, three or four rows of obliquely away from Shanna's tombstone, stood tall and wide.

As soon as Christopher drove Arron away from the Civil Affairs Bureau, Arron irritably ordered Christopher: "Stop!"

Christopher looked at Arron puzzledly: "What's the matter with Fourth Master?"

"Stop!"

Christopher didn't dare not follow, he immediately stopped the car and watched Arron get out of the car. Christopher opened the door and got out of the car immediately, but was stopped by Arron: "Follow her!"

Christopher: "..."
