

The Best Son in Law Chapter 132 – 134

Chapter 132

“Well, that’s settled then!” Sun Yuhuan snorted as if he was still angry.

Maya Shen was relieved, being this slip up, Sun Yuxuan suddenly pulled out his cell phone, pretending to take a call, put it down and said to Maya Shen: “There’s a call from our company, we contacted the leaders of the municipal party committee before, they said that our company procedures are all done!”

Maya Shen heard a dumbfounded heart infinitely chagrined, if she hadn’t been in a hurry to come over and confer with Sun Yuxuan, she wouldn’t have had to lose 10% of her profits!

And now Sun’s group is getting 10% of the profits for nothing, even though it obviously didn’t take on too much.

“Mr. Sun, since the formalities have been completed, then we just discussed the matter!” Maya Shen’s face was hesitant.

“What! Do you want to break your promise? This procedure was paid for by our Sun family, are you crossing the river?” Sun Yuxuan pretended to look angry.

Maya Shen was angry when she heard this, but it was just a matter of formalities, with the Sun family’s connections, do they still need to spend money?

And she always thought the Sun family was powerful!

Only then did Maya Shen leave the restaurant and return to the company to deal with the cooperation.

Haoden Ye left the restaurant and had been unsure, thinking that Maya Shen was now angry, so he had to go back home first to wait for Maya Shen.

In the evening time, Maya Shen only came back from her busy work, as soon as she saw Haoden Ye, she was furious, if it wasn't for Haoden Ye's trouble today, she wouldn't have agreed immediately.

Haoden Ye prepared the meal for his wife's big year, but Maya Shen didn't even eat it and went straight to her room.

Robert Shen and his wife saw him yesterday as well, so they didn't care.

Haoden Ye couldn't care about eating and hurried to his room.

"What's going on with the two of them these days?" Robert Shen saw this situation and frowned.

"You're in the mood for them now? Didn't I say you didn't want this son-in-law?" Milda Hao gave her husband a blank stare.

Robert Shen frowned, a few days ago, he also decided to let his daughter and Haoden Ye separate, but Haoden Ye's performance won his favor these days.

Last time at the school, if it wasn't for Haoden Ye's appearance, his reputation would have been ruined, and Haoden Ye was still laid out when he faced several experts, not at all like his usual cowardly appearance.

He didn't expect Haoden Ye to be very successful, at least like last time, when there was a problem at home, he could step in and solve it.

It doesn't matter if it can be solved or not, the key is seeing Haoden Ye working hard for the family, for his daughter!

There was also the matter of Milda Hao's restaurant, and if Haoden Ye hadn't stepped in, he wouldn't have been able to tear down Lawyer Liu.

Looking at the table full of food, Robert Shen sighed in his heart.

After so many years, he had gotten used to Haoden Ye cooking every day, and tonight Milda Hao brought back two dishes from the restaurant, which were obviously cooked by the chef, but he didn't taste like home.

"Hey! We don't care what happens to young people, so let's have our children and grandchildren!" With a sigh, Robert Shen finally decided not to bother about his daughter and Haoden Ye's affairs, let the full screen daughter take the idea alone.

Haoden Ye arrived inside the room and pushed open the door to enter, where Maya Shen was sitting at the said table, as if reading some kind of information.

Hearing the sound of footsteps, Maya Shen's eyes slanted.

"I don't want to talk to you right now!" Before Haoden Ye opened his mouth, Maya Shen was already unhappy.

Haoden Ye's heart was sad, and he looked very embarrassed.

Maya Shen turned her head to look at him, and her tone became even colder, "You sleep on the couch tonight, I don't want to see you!"

Haoden Ye already wanted to turn around and leave, but when he thought of Maya Shen working with someone like Sun Yuxuan, his eyebrows furrowed once again, "Maya, Sun Yuxuan really isn't a good person, he's at school..."

“Of course I know about him!” Maya Shen hummed, her beautiful eyes looking at Haoden Ye, “Sun Yuxuan isn’t a good person, but I have to work with him, do you know how much burden I have on my shoulders?”

Maya Shen said, her eyes suddenly started to turn red: “Shengwen International used to be just a small company with tens of millions of dollars, but all of a sudden it accepted such a big investment, how many times too big do you know? Do you know how much business it takes to run a company like this properly? I’m the vice president of the company, do you know how much pressure I’m under?”

“It’s true that Sun Yuxuan is not a good person, but working with the Sun family can open a market quickly! The Sun family is now a strong crossbow, losing the support of the Imperial Lin family, the Sun family will gradually decline, the people who used to cooperate with the Sun family have withdrawn their capital, others are afraid to avoid them, but they have never thought that even if the Sun family is hollowed out, his shell still has great use, I must use the Sun family to fight to quickly open a larger business market!”

Maya Shen shed tears and slowly said, “You’re in a bad mood, so you go to the restaurant and get angry, and I’m in a bad mood?”

Maya Shen burst into tears as if it was raining, all the grievances from so many days were vented out.

Seeing her sad face, Haoden Ye felt a burst of self-loathing.

Today he went really bad timing, Simen Holander gave him one billion investment, but he did not think to be responsible for the money, but also his own wife worry.

“Right... sorry!” Haoden Ye lowered his head and sincerely apologized, “Don’t worry, I won’t be so impulsive and embarrass you again in the future, when I saw Sun Yuxuan and you together, I thought of... Mr. Zheng!”

The words that were spoken shook Maya Shen’s delicate body slightly.

Seeing the worried look on Haoden Ye's face, her heart suddenly warmed, although what he was doing was wrong, he was also protecting himself.

"You... don't need to apologize either, I was wrong for hitting you today!" Maya Shen didn't know what was going on, but she started to apologize.

Such a conversation had never been had by the two before.

When Haoden Ye heard Maya Shen apologize, he couldn't help but be stunned, and the two of them stared at each other for a while, Maya Shen's pretty face suddenly flushed slightly.

"What's wrong with me! He seems to be as much of a sufferer today as he was before, but why does it feel so different?" Maya Shen's heart was strange, also apologizing, before Haoden Ye said, she felt even more angry, but now Haoden Ye apologized, but she felt very warm in her heart.

"Don't stress too much about the company, I'll talk to Mr. Li so that he doesn't put too much pressure on you, and as for the Sun Group's formalities, I've already gone to the municipal committee today to say that they've got the formalities down!" Haoden Ye couldn't stand the awkward atmosphere and was busy.

"Well?" Maya Shen's eyebrows furrowed as soon as she heard this, and her face soon became gloomy as well.

"That's ridiculous, I was just touched by what you just said and you're having a relapse into old habits!" Maya Shen's face was filled with anger: "The Sun family is the one who got the procedures from the municipal committee, and why should Li listen to you!"

Chapter 133

"I...I... "Haoden Ye woke up to the fact that he had said the wrong thing and almost revealed his relationship with Sheng Wen International: "The people from the city committee are indeed me looking forThe."

"Enough! I don't want to talk to you again right now!" Maya Shen snorted.

Haoden Ye had no choice but to turn around and walk out, just as he was about to close the door, Maya Shen behind him suddenly said, "Don't sleep on the couch, it's not good for Mom and Dad to see! Tonight you hit the floor!"

When Haoden Ye turned around, Maya Shen had already walked into the bathroom.

"Maya's not angry, or is she angry, taking care of my face?" Either way, it was enough for Haoden Ye to be happy for a day today.

After a restful night's sleep, Haoden Ye headed to the pharmacy the next morning, while Maya Shen headed to the office.

As soon as he entered the company's front door, Li Mingsheng greeted him with a smile on his face.

"Congratulations Shen, our cooperation with Sun's group is going normally, if this project is negotiated, we will make at least 30 million profit!" Li Mingsheng was in a very good mood, this was the first big deal they had accepted from the Holander Group's investment.

"Thank you Li for the compliment, it's all thanks to your colleagues in the company!" Maya Shen was also very excited, but her face still smiled modestly.

"Oh, of course it's all thanks to you, the city committee just called and apologized to us, saying that Sun's formalities should have come down in time and delayed the cooperation between our company and Sun's group!" Li Mingsheng laughed, "If you

hadn't talked to the people of the city, the project wouldn't have been executed so quickly!"

"Huh?" Maya Shen flinched and pointed to her nose, "I went to the city council? I didn't go ah, Mr. Li, you misunderstood, it was the relationship between Sun and the municipal committee that made the procedure come down so quickly!"

"The Suns?" Li Mingsheng shrugged his shoulders, unconcerned: "This big review, that is, Holander's Group's projects are delayed, how Sun's Group has such a big face, or your face, Mayor Zheng personally asked his secretary to come down and do it!"

Hearing this, Maya Shen was stunned.

The Holander's Group was the number one enterprise in Dan City, and although it was not headquartered in Dan City, its investment in Dan City was undoubtedly huge.

How can the Sun family's businesses still proceed normally when even the Hongs' projects have been halted?

Was it really as Haoden Ye said, that he was the reason?

Thinking of this, Maya Shen was very surprised.

Soon she had thoughts of Sun Yuxuan, this person was too shameless, it was obviously Haoden Ye's work, but he stole it.

"What's wrong? You don't look too good!" Li Mingsheng noticed the change in her appearance and became concerned.

"I'm sorry Li, I just got distracted!" Maya Shen's smile returned to her face, "There's one more thing I, I promised Sun's Group 10% profit share, and I haven't apologized to you yet!"

“What’s the big deal, it’s only a few million, and it’s not just money we’ll gain from this successful partnership!”Li Mingsheng laughed, “Prepare yourself, the Sun family is holding a big press conference, you have to attend!”

Maya Shen nodded lightly, unable to help but think of Haoden Ye, as a contributor to this matter, but she slapped him, and made him sleep on the floor last night.

And Maya Shen at this time is thinking of Haoden Ye is in the store to entertain guests, the person is a thirty or so middle-aged uncle, is the owner of a farm in Dan City, the family fortune has tens of millions of dollars, today is to come specifically to seek medicine.

When he first entered, the middle-aged uncle looked embarrassed and had trouble talking about his situation, but after Haoden Ye said a few words, his appearance relaxed.

Haoden Ye did not have any fancy introduction, he often others ridicule, know the feeling of worrying about being looked down upon, so he put himself in the uncle’s shoes to take pictures, speak very care of the uncle’s feelings, the uncle soon relaxed.

As a result, the uncle asked for ten pills at once, plus an extra 20,000.

A dozen bills into the hand, Haoden Ye was in a very good mood.

“Congratulations boss, another hundred thousand or so in the bank, and it’s not even noon today!”There was a rare smile on Lin Lin’s face and he said to Haoden Ye.

“Don’t laugh at me, this is not enough money to buy you medicine!”Haoden Ye carefully put away the money.

“About my drug money!”Lin cheng took out a bank card and placed it in front of Haoden Ye and said, “Here’s five million, see if it’s enough, if not I’ll ask my master for it immediately!”

Haoden Ye stared at Yin Kangka.

Looking at Lin Xiang's dress, she didn't look like a rich person at all, and Haoden Ye guessed that she must have spent a lot of money from her family.

With a sigh in his heart, Haoden Ye replaced the bank card to Lin cheng, "Although your master is capable of fighting, but I know your family conditions must be bad, you should take this money, your illness to me will be fine!"

"I come from a bad family, do you know who I am?" Lin Yao almost laughed out loud at this.

She is the eldest daughter of the Lin family, the future heir to the Lin family's huge family business, and an international movie star.

There are countless companies lining up to give her millions of bags as soon as she waves her hand, and she'll be short of those millions?

"You'd better take it, I don't want to owe anyone a favor!" cheerful Lin returned the bank card.

"It's not considered a favor owed to me, I promised your master to help him!" Haoden Ye returned the bank card again.

"If I tell you to take it, you take it!" As she watched the bank card being pushed around, Lin Yao got angry, when has Missy ever lacked money, and it didn't feel good to be pitied.

"If you really feel like you owe me a favor, you can do it in return!" Haoden Ye saw her getting angry and made a smart joke, not thinking of an exit, Lin Xiang stayed.

Soon, a blush surfaced on her pretty face, but beneath the mask, Haoden Ye couldn't see it.

"Boss, I'm going to get busy!" Trying to calm down, Lin Xiang turned around and left.

"What's wrong with you? Those rich noble sons and even the princes of certain countries have shown you their love and you've never been this shy, what's going on today?" Lin Xiang secretly hated himself for backing down in front of Haoden Ye.

When Haoden Ye saw Lin Yao leaving, he was wondering if he had made too big of a joke.

Shrugging his shoulders, Haoden Ye sorted out the money and pondered about going to the Spiritual Medicine Hall to order medicine that day.

As I was thinking about it, the phone suddenly rang.

"Haoden Ye, are you free now? Come over to our office!" The call turned out to be from Maya Shen.

Haoden Ye heard it strangely and said, "Well, I'll be right over!"

Tell Lin Xiang watch store pharmacy, Haoden Ye drove to Maya Shen's company, just arrived at the entrance of the company, saw a large number of reporters are surrounded by a person, officially Sun Yuxuan.

Sun Yuxuan was beaming with pride and a smile on his face.

Chapter 134

Haoden Ye searched for a while and didn't find Maya Shen in the crowd, so he went straight inside the company.

When they arrived at the door, they saw Maya Shen and Li Mingsheng come out.

"Sia!" Haoden Ye saw that Maya Shen looked happy and immediately greeted her.

When Li Mingsheng saw Haoden Ye coming, he didn't seem surprised, he just signaled to Haoden Ye with his eyes, and Maya Shen turned her head to Li Mingsheng to confess her guilt and walked over to Haoden Ye.

"I'm sorry I misunderstood you last night!" Maya Shen looked apologetic, "Just now, Mr. Li has told me that you were the one who found the people from the city committee!"

Haoden Ye was happy to hear that she understood the cause and effect, and then he wondered, "What did you call me here for?"

"There will be a celebration banquet soon, I just told Mr. Li that you also contributed to this matter, and I applied for two hundred thousand as a reward from Mr. Lin!" Maya Shen smiled slightly.

In her eyes, 200,000 should be a lot of money for Haoden Ye, he had just opened his pharmacy now and definitely needed the money.

However, when she said the 200,000, there wasn't even a bit of surprise in Haoden Ye's eyes.

Haoden Ye's heart didn't even stir a ripple when he heard the number 200,000, he himself didn't even realize that a few hundred thousand wasn't a lot to him anymore.

"Two hundred thousand!" Maya Shen reminded Haoden Ye.

Haoden Ye seemed to have just reacted to this and immediately made an excited look, "Two hundred thousand, great! That's a very big income for me now."

Maya Shen frowned and looked at him with a strange look, "Haoden Ye, what's wrong with you lately? Not only do they know the city council, but now they don't even react at all when they hear \$200,000!"

Li Mingsheng was right behind the two men, and although Maya Shen's voice was lower, he could still hear it.

At the news, he couldn't help but skim his lips and said to himself, "Your husband owns billions, our company is all his, he'll care about the hundreds of thousands?"

"Mr. Ye is young and promising, perhaps the ambition is not just the two hundred thousand?" Li Mingsheng chuckled and came over.

"Mr. Li is too complimentary, what ambition can he have!" Maya Shen smiled shallowly, but her eyes could tell that she was very concerned about Li Mingsheng's words.

Is Haoden Ye really starting to have high aspirations?

There was no time to think, the media had already swarmed in and Maya Shen went to deal with the reporters.

And at this time, Sun Yuxuan also came over, looking at Haoden Ye coldly from a short distance away.

Haoden Ye noticed his gaze and raised his head to look over, and Sun Yuxuan's eyes became wanton as he cast his eyes towards Maya Shen.

Knowing that he was angering himself, Haoden Ye still had anger in his heart.

But he controlled his anger well, knowing that it was useless to get angry with someone like Sun Yuluan.

The banquet was held at the Imperial Hotel, and Haoden Ye drove Maya Shen to the hotel, and Sun Yuxuan's car had arrived by the time they got there.

He didn't seem to want to show up at the door with Haoden Ye, especially since Haoden Ye drove a car that was several times more upscale than his hands.

The car parked in front of the hotel, Haoden Ye and Maya Shen got out of the car, Li Mingsheng's car followed behind, three people tone into the hotel.

Inside the hotel, Maya Shen found that the opening ceremony had even begun.

"What's going on, we just got there, why is the opening ceremony already started!" Maya Shen immediately frowned as she looked at the guests seated all over the seat.

"Mr. Sun, what's going on here, we're not due for the Shengwen International, how did the celebration start!" Li Minsheng walked to the main seat, where the place was already full of people from Sun's group.

"Mr. Li, what do you mean, this is a celebration of our Sun Group!" Sun Yuxuan slowly stood up then, with an arrogant face looking at Li Mingsheng: "This project is our Sun Group's project, you Shengwen International is just a vassal!"

As soon as he finished speaking, the clatter of reporters outside rang out, clearly having heard Sun Yuhuan's words.

"Isn't the Sun family not working? How come one company leads such a big project!"

"Who says the Sun family can't do it anymore, can't you see that the people in the city council are giving face to the Sun family? It's just that the Holander's Group's face city

committee didn't even give it to the Sun family and approved the documents in advance!"

"Even if the Sun family is no good, it's still better than a small company like Shengwen International!"

The whispering voices below rang out, and Sun Yuxuan heard them with a smug look on his face.

In fact, his cooperation with Sheng Wen International is just to prove his value to the Sun family with this project, and now that the project has started, he wants to let the media all know that Sheng Wen International's role in this project doesn't count for anything at all.

"Mr. Sun, what do you mean! Wasn't this project negotiated between our two companies?" Li Ming's angry face turned red, he had been in business for so many years, but he had never seen Sun Yuxuan so shameless.

Obviously the two companies were talking business together and he made Shengwen International worthless in front of the media.

Maya Shen was also dumbfounded, she didn't expect this shamelessness of Sun Yuxuan.

"Mr. Sun, we agreed that we Shengwen International will invest in this project and your Sun Group will contribute, so you're not giving us Shengwen International face if you talk like that now!" Maya Shen's anger ah stingy blush, angry.

"It's ridiculous, is it necessary for a company as big as our Sun family to work with a small company like your Shengwen International? Don't think that just because you have Holander's investment you are qualified to cooperate with our Sun family, we are cooperating with you, which is considered to be just helping the poor in disguise!" Sun Yuxuan sneered with a smug look.

He is certain in his mind that Shengwen International has invested the money, do they still dare to withdraw it now? This will cost Sheng Wen International at least ten million dollars.

Even the Hongs wouldn't allow Shengwen International to spend their own money like that.

"You...you're just too much!" Maya Shen's lungs were about to explode, but she also knew that if she didn't cooperate with the Sun family now, her previous investment would be drifted away.

Sun Yuxuan saw his angry look and sneered, that look as if he was saying again, "Hurry up and bow your head in front of the media, or I'll let you float this money!"

"Is that so, Mr. Lee? This so-called cooperation is actually a project of a Sun family company, and Shengwen International is merely participating in it!" Reporters outside are already asking questions, after all, there have been a lot of rumors about the Sun family lately.

Whether or not the Sun family is no longer viable is very newsworthy for the media.

"I...we...we..." Li Mingsheng was furious, but his face didn't dare to make any angry face.
