

Chapter 411

“Hey, it doesn’t matter if you don’t tell the truth, but favor you must help me!”

Hehehehe, Wu Dao.

Coming back to his senses, Haoden Ye hurriedly said, “You said, I will definitely help!”

“Count you in, kid!”

Coughing, Wu Dao said, “It’s a long story, the Holander family hasn’t established a foothold in Dan City yet, and Dan City is still the domain of the Lin family.”

Wuguo said, starting to enunciate.

“Then the Holander family rose up and the Lin family let go of Dan City, but the Lin family still has some land to dispose of!”

Lifting his head to look at Haoden Ye, Wu Dao’s eyes narrowed.

“Wu Dao wants to buy the Lin family’s land?”

Haoden Ye frowned, he wouldn't be sure if he was asked to help with this.

“Just wait until I finish!”

Wu Dao stared at him unhappily.

“All of these lands are arranged under the names of the Lin family's branch clans respectively, and one of them, a mountain, is under the name of Lin Yumo!”

The more Haoden Ye listened, the more he laughed bitterly, finally realizing what Wu Dao meant.

“Does Director Wu want to borrow that mountain to make a movie?I can help with that!”

After all, he had sung a song with Lin Yumo, so this matter should not be difficult.

“Well, I'll ask for your help with this!”

Seeing his agreement, Wu Dao laughed.

“By the way, didn't Lin Yu Mo leave?Who do I talk to?”

Suddenly remembering Wu Dao's words, Haoden Ye wondered.

“Ah, I forgot, Lin Yumo's assistant Ju Xiaohuai hasn't left yet, you go find her!”

Saying that, Director Wu gave Ju Xiaohuai the phone to Haoden Ye.

After the discussion, the two of them returned to the set, as Maya Shen and Sun Qian were heading out.

Seeing Haoden Ye return, the men in the crew all looked admiring.

In this short while, Sun Qian and Maya Shen were already talking and laughing.

A man should be like Haoden Ye, his wife and lover are as good as family.

“Honey, Sun Qian said there's a jewelry store in the city, the quality is very good and the price is fair, let's go check it out!”

Maya Shen was smiling and laughing.

Seeing the closeness of the two of them, Wu Dao frowned.

Turning his head to look at Haoden Ye, Wu Dao sighed and shook his head.

I thought I could watch a drama of wives and lovers fighting over jealousy and see Haoden Ye's headache along the way, but I never expected the two to make up so quickly.

Despite his age and status in showbiz, Director Wu is more gossipy than most people.

Seeing the small amount of gunpowder between them, Haoden Ye wondered in his heart.

Saying goodbye to Wu Dao, the three men got into the car.

Haoden Ye had thought that Maya Shen and Sun Qian were just doing a show in front of people, but they were still very close when they got into the car.

“Sun Qian, hurry up and explain to Maya what just happened!”

Haoden Ye was afraid that Maya Shen's good face would hold down the fire and quickly said.

“There’s still a need to explain the explanation ah, Xiao Qian has said, just now just to be angry with that Hua brother to be intimate with you, but they have a boyfriend!”

With a blank glance at Haoden Ye, Maya Shen snorted.

Hearing that Sun Qian had a boyfriend, Haoden Ye was relieved, but there was a hidden sadness in his heart.

Thinking of this girl snuggling in another man’s arms made Haoden Ye mentally uncomfortable.

But he’s not a greedy man, and he’s happy that Sun Qian has found happiness.

The car started and Haoden Ye brought two people to the jewelry store.

“You guys go buy them, I have things to do!”

The two girls got off, and Haoden Ye hurried to Maya Shen.

“Come on, I don’t think you want to pay!”

Sun Qian smiled, her face wistful.

Haoden Ye smiled bitterly, but didn't explain, saying goodbye to the two of them and heading to Lin Yumo's hotel.

The hotel where Lin Yumo stayed in Dan City was the Imperial Hotel, and Haoden Ye was familiar with it.

When he arrived downstairs, Haoden Ye gave Ju Xiaohuai a call.

"Huh? Why are you calling me, looking for us, Yu Mo? Yu Mo has already left Dan City to go to Yonaguni!"

Ju Xiaohuai was very surprised to see that it was Haoden Ye who was calling.

Haoden Ye quickly stated his intentions, and only then did Ju Xiaohuai let someone take him upstairs.

In the hotel room, Haoden Ye shrugged his shoulders uncomfortably.

As soon as he entered the door, Ju Xiaohuai looked at him with strange eyes.

Those bright eyes had a very strong penetrating power, making Haoden Ye very uncomfortable.

“You said you wanted to use our piece of land in Rainmere?”

Blinking her shiny eyes, Ju Xiaohuai’s little head tilted.

“Well, that’s what Wu-Dao asked me to do, I hope…”

In order to get her to nod, Haoden Ye made a real effort to prepare.

But before he could open his mouth, Ju Xiaohuai nodded and said, “Yes, that piece of land is yours!”

“Huh?” Haoden Ye’s jaw almost dropped.

That’s a mountain, such a big piece of land, and this girl just gave it away?

“Don’t you want to ask Miss Lin about this?”

Haoden Ye still wanted to be cautious.

“No, this land was meant to be used for Yu Mo to repair the villa, but we can’t use it now, it’s haunted there!”

Ju Xiaohuai carried his hands behind his back and circled around Haoden Ye, his words absent-minded.

“Is Miss Ju looking for something?” It was really hard for Haoden Ye to be looked at by her.

“I’m just seeing what our Yu Mo sees...what I see is up to you!”

Mid-sentence, Ju Xiaohuai suddenly raised his head, his face unhappy.

The little beauty was fierce and still had a bit of the overpowering presence of a superior breed.

Rao Haoden Ye couldn’t help but feel a shock in his heart.

Hastily gathering his mind, Haoden Ye said, “Miss Ju, what kind of situation is it when you say it’s haunted there?”

“It’s just haunted!” Ju Xiaohuai grew impatient, “How would I know, I haven’t been there!”

“In other words, you don’t know if it’s haunted or not!”

Haoden Ye mentally laughed bitterly, what kind of assistant did Lin Yu Mo find.

Such a piece of land, she believes it when people say it's haunted.

"Oh?" Ju Xiaohuai's big eyes narrowed, then he pulled out his phone.

"Hey, Xu Wei, come up here, about that land in Lancang County, someone said you lied to me!"

After saying that, Ju Xiaohuai hung up the phone.

Hearing her words, Haoden Ye laughed bitterly, this girl was clearly trapping herself.

In a few moments a rush of footsteps sounded, and a young man of twenty-five or six hurried up, panting.

He was pale and obviously terrified.

"Assistant Kook, who called me a liar! You can't trust him!"

As soon as his eyes swept to see Haoden Ye, the man's face immediately became angry.

"Is that you? Who are you! Who sent you!"

Haoden Ye laughed bitterly and quickly explained, "Brother, you misunderstood, I was just asking if Miss Ju had seen that land haunted with her own eyes!"

"You don't know shit!" Once that person heard that it was really Haoden Ye's words that made Ju Xiaohuai disbelieve, his anger grew even greater.

"I've called over twenty gurus, and each says the place is haunted! How dare you call me a liar! Well, you'll come with me right away."

Chapter 412

Seeing his angry appearance, Haoden Ye smiled bitterly.

But he was also curious about the haunted place, and if it was really haunted, the detention bell in his hand would be useful.

"Assistant Kook, I'm taking this man over there, and if he can stay there all night and still not believe in ghosts, I'm not coming back!"

The man bowed to Ju Xiaohuai.

"Oh, I'd like to see that too!"

Ju Xiaohuai dragged her chin, the look on her pretty face showing no sign of why Xu Wei was so afraid of her.

Upon hearing this, Xu Wei's face went white.

“Assistant Kook, if something happens to you, I'll be damned if I'm going to die!”

Xu Wei tensed up.

However, Ju Xiaohuai ignored him and walked directly to Haoden Ye, laughing and saying, “Let's go, don't you want me to see it with my own eyes?”

Helplessly, Haoden Ye could only follow her.

Xu Wei quickly overtook Haoden Ye, glaring at him angrily with his eyes as he passed by.

“Assistant Ju, I think this person must not be a good person...”

All along the way, Haoden Ye stopped Xu Wei to talk badly about himself without concealment.

The address is on the outskirts of Dan, near the suburbs.

Reaching the place, Haoden Ye finally saw this haunted place.

The so-called mountain is nothing more than a small hill.

There is a small town at the bottom of the hill, not quite developed and not quite backward, but a medium-sized town.

His eyes fell on the small hill, and Haoden Ye's heart moved.

But then I saw that on the hill, there was indeed a black smoke covering the hill.

The smoke wasn't very thick, though, and it didn't give the impression of being terrifying.

"Assistant Kook, just wait at the bottom of the hill while I go up with this man! Let him have a good look!"

With a cold snort, Xu Wei glared at Haoden Ye.

"No, I want to believe this mountain is haunted!"

With a slight smile, Haoden Ye shook his head.

At his words, both men were stunned.

Xu Wei had a contemptuous smile on his lips.

“Well, don’t play dumb, I don’t think you know anything at all!Are you going to say later that you can solve the haunting here?”

Haoden Ye was really planning to say that, and when he said that, he looked embarrassed.

“Kook Assistant, you see, I told you there was something wrong with this guy!”

Seeing Haoden Ye’s change in appearance, Xu Wei became even more confident.

I thought that if I said that, Ju Xiaohuai would be very angry, but to my surprise, Ju Xiaohuai just blinked his eyes and looked at Haoden Ye curiously.

“You can hunt ghosts?” Ju Xiaohuai’s head tilted, curious.

“Assistant Kook, he’s simply a liar!”

Xu Wei didn't know what kind of bewitching soup Haoden Ye had put into Ju Xiaohuai's mouth, bitterly.

"Fuck off, you let him talk!"

Unfortunately Ju Xiaohuai didn't appreciate it at all and glared at him to get him out of the way.

A curious look on his pretty face towards Haoden Ye, as if he wanted to hear him very much.

Helplessly, Xu Wei had to get out of the way, but his face was filled with exasperation towards Haoden Ye.

Suddenly, he seemed to have thought of something and quickly said, "Assistant Ju, Master Bo Yi happens to be in Lancang County, why don't we have him come over!"

"Billion? You mean Zhang Bo Yi?"

With his head tilted, Ju Xiaohuai thought to himself, "Okay then, you can call him over!"

Xu Wei was overjoyed and stared at Haoden Ye viciously, before dialing the phone.

Meanwhile, in front of the Lancang Hotel, a Land Rover listened down.

Above, an old man dressed in white got out of the car.

The old man was fifty or so, hale and hearty, with eyes of God, a white lab coat, though simple, and a demeanor that should not be underestimated.

As soon as the old man got out of the car, the hotel doors opened and a group of people quickly stepped out of it.

The first one was in his late forties, tall and braced for his suit to swell open.

The suit was shiny and the price was not low at first glance.

The man exuded an air of superiority and awe.

He was followed by a dozen or so suits, old or young, all dressed with a very unusual air.

Yet, this was the man who had to bow slightly in front of the old man.

“Heh heh, Mr. Ma has even welcomed us personally, Mr. Zhang is so ashamed!”

With a glance at the middle-aged man, the old man had a faint smile on his lips.

That way, it seemed to have gotten used to people being so respectful.

“Master Bo Yi is personally here, how can Ma Mou not fall back on his feet to welcome him!”

The middle-aged man laughed, his voice cheerful, but his waist didn’t dare to raise.

“Oh, I was just passing through Lancang County and saw that the scenery is nice here to stay for two days, but I never thought that Ma would know about it!”

With a heated smile, Master Boi’s face remained flat.

This reaction wouldn’t be too surprising if he didn’t know the identity of the middle-aged man.

But those present who knew the identity of this middle-aged man, seeing Master Bo Yi like this, couldn’t help but be mentally disgruntled.

You know, this Mr. Ma, but the famous Lan Cang County first payment Ma Weicheng.

To say this Ma Weicheng, but a myth of Lancang County.

He comes from a farming background, and twenty years ago, his family was destitute.

He worked as a migrant worker, moved bricks and carried sandbags.

And so it went on until the age of thirty, with a deposit of less than a thousand.

He spent all his savings to be able to put a turnaround and went to driving school to learn how to drive a transport truck.

From there, he took to transportation.

In just ten years, he has slowly grown from a driver to a transportation company CEO.

When he first started, his transport company was not ranked even in Lancang County, not to mention in Dan City.

After another ten years of hard work, he soon developed his small transport company into a leading enterprise in the transport industry in Dan City.

However, that hadn't satisfied him.

As the company grew, he studied finance hard and was not even ashamed to ask his own staff.

He also stopped running the company when it was gaining momentum and went to the university to sit in and learn about business to better understand business operations.

After three years of metamorphosis, he was no longer a transportation company CEO but a rising business superstar when he stepped foot in the mall again.

Now forty-seven Ma Weicheng, with more than a dozen companies under his belt, almost supports the entire business of Lancang County!

His entrepreneurial mythology is almost comparable in Lancang County to that of Holander's CEO, Simen Holander!

And yet, such a revered man, at this point, to put on a show of humility towards Master Boi!

Nothing else, the mere fact that Master Billion was a big name in Warsaw was enough to make this business giant bow its head.

Because Master Boyd is the “ghost hunter” that many people admire!

These days, technology is so advanced that almost no one believes in ghosts anymore, so the name Master Billionaire is almost unheard of by ordinary people!

In high society, however, the name rings true.

Many people who have been helped by Master Boi have raved about this man!

“Master Boi, the room is ready for you, it’s the most luxurious private room in our hotel! I don’t know how long you’ll be staying, so I’ll simply have it vacant for you all year round, and if you don’t come, absolutely no one will!”

With a respectful smile, Maweesong.

Chapter 413

Lancang Hotel is the number one five-star hotel in Lancang County, and Lancang County is a famous scenic area in Dan City.

Although the hotel is Ma Weicheng's private property, but just for one person alone vacate a room, and indefinite period of time, just for the sake of this person can come to stay once, for Ma Weicheng is also missing a great deal of income ah.

This house, after all, costs a whopping two thousand for a night's stay!

It's not just about the money, it's also about the face!

"Oh, thanks Ma!"

Master Boi's face, however, was not surprised in the least.

"Please, Master, I've prepared the meal!"

Ma Weicheng smiled cheerfully and made a gesture of invitation.

Master Boi nodded and was about to walk inside when suddenly the phone rang.

Master Boi looked at the phone and his face just changed.

Without the slightest hesitation, Master Boi answered the phone.

“Hey, Master Boi, can you come over here immediately?”

Although he didn't have the speaker on, those close to him could still hear the voice inside the phone.

“What? Someone dares to speak to Master Bo Yi like that!”

Some were surprised to hear the tone of the people inside talking.

“Yes, yes, where are you, I'll be right over...yes, yes!”

Master Boi even responded to the call, and that's when he hung up.

Ma Weicheng frowned slightly, a look of disappointment on his face.

He had gone to great lengths to prepare for Master Boi today.

“Hey, I'm so sorry, haha!”

Master Bo Yi smiled apologetically, before saying, “Miss Lin's assistant asked me to come over!”

Miss Lam's assistant?

There were many more people wondering at the first hearing.

Quick-witted, it occurred to me who this Miss Lin was.

Seeing the gradually brightening eyes of the people around him, Master Boyi was proud of himself.

“Oh my, I’m so sorry, you know, Miss Lin’s assistant invited, it must be something Miss Lin!! can’t help Mr. Ma today!”

Thinking about the situation in his company, Ma Weicheng was very disappointed.

However, since the other party was a member of the Lin family, he naturally didn’t dare to force Master Bo Yi to stay.

“In that case, why don’t I send the Master over?”

Ma Weicheng was also shrewd enough to send Master Bo Yi there himself, giving him face and having the ability to meet the Lin family.

I could see what he was thinking, but Master Boi did not refuse.

How could he refuse such a favor that went along with the situation?

In full view of the public, the two men got into the car, with Ma Weicheng as the driver, and personally escorted Master Bo Yi over.

Lancashire took a look at the socialite and immediately couldn't wait to get in the car and follow him.

Anyway, everyone has an excuse to come and gaze at the Billionaire Master's style.

Here Haoden Ye and the others have entered the villa!

When he arrived at the mountain, Haoden Ye first started to look at the feng shui here and found that the feng shui pattern was very good.

There is a gushing spring in the ground, abundant water, sunrise on the mountain, abundant yang, windward on the back, yin and yang traffic.

It is safe to say that this is a great place to retire and relax in that respect.

Moreover, he had also carefully observed the blackness overhead on the mountain and found that it was not malicious.

He had seen many people with blackness on their foreheads, and most of them gave off a cold and terrifying feeling.

However, this black Qi was not dense, but rather like an indistinct dark cloud.

From the balcony of the villa, which is almost completed, you can see the scenery and feel a sense of relaxation.

Ju Xiaohuai sat on a cleaned stone that had been wiped clean, and looked at Haoden Ye curiously with a pair of big, dark eyes.

This person is not outstanding by any means, so why would Rainmaker look at him differently?

Ju Xiaohuai, who was used to the world, never thought there was anything outstanding about Haoden Ye.

To say he's a good doctor?

There are countless healers in this world.

To say that he was kind-hearted, Ju Xiaohuai had met many of them, and they were all in better condition than Haoden Ye.

“Assistant, this man is just playing God, you must not believe him!”

Seeing Ju Xiaohuai staring at Haoden Ye, Xu Wei began to admonish him in bitter mode again.

Ju Xiaohuai was impatient with his noise and rolled her eyes and turned her head coquettishly, “Alright, alright, why are you just like the Tang monk! I didn’t say I trusted him completely!”

After saying that she stood up and walked over to Haoden Ye with her hands behind her back.

“Master Ye, what are you wandering around looking at this half day!”

Haoden Ye, who was focusing on Feng Shui, was startled and twisted to meet her bright eyes.

“It’s a long wind and rich water, a perfect place to retire!”

Sighing, Haoden Ye exclaimed, “Living here can prolong one’s life!”

“You don’t have to tell me that! It’s a place for us Lin... for us Yu Mo to retire!”

With a pout, Ju Xiaohuai looked like, “You’re full of crap”.

“I asked you about the ghosts!”

She looked cute and childish, but when it came to ghosts, she didn't have the fear of a normal little girl, but was a little excited.

“Don't worry, even if there are ghosts, they're harmless to people!”

With a heated smile, Haoden Ye frankly said.

“What a load of nonsense!”

As the words fell, an angry shout rang out behind him.

When they turned their heads, they saw a large crowd coming up behind them.

Most of the suits were dressed unusually, except for one who was dressed in white and looked fairy-like.

“Master Boi, you're here!”

As soon as he saw Master Bo Yi arrive, Xu Wei immediately greeted him warmly.

Bo Yi didn't dare to prop up in front of him, nodding respectfully and quickly casting his gaze towards Ju Xiaohuai in the distance.

The first person to come and cast their eyes was basically Ju Xiaohuai.

She is the assistant to the hallowed star Lin Yumo, but her life is very low-key, and basically few people have seen her outside of work.

Moreover, she was a gorgeous woman in her own right.

Even many of today's top tier stars have looks that are much inferior to hers.

It was the age-old Billion Master and business elite Ma Weicheng, whose eyes couldn't help but avert at the first glance of the girl's heart.

However, they didn't dare look at the girl for too long.

This seemingly harmless girl could annihilate anyone present with a single word!

"Hey, hey, that old man's yelling at you!"

Ju Xiaohuai ignored the group of people that came and turned her head to smile at Haoden Ye as if she was watching the fun.

Seeing her and Haoden Ye's cordial appearance, many people couldn't help but look at Haoden Ye with envy.

In particular, Ma Weicheng's pair of sharp eyes penetrated through Haoden Ye's body in an instant.

But no matter how he looked, he couldn't see what was so special about Haoden Ye!

When Master Bo Yi saw Ju Xiaohuai talking to Haoden Ye like this, his heart was filled with anger.

You know, in his position, he's going to be respected no matter where he goes.

Of course, Ju Xiaohuai didn't have to be respectful to him with such a status, but to be so polite to another demon exorcist in front of him would be too disrespectful.
