

Chapter 426

Arriving near the hotel, Haoden Ye followed the route given by Sima Yunxuan.

Behind the hotel is a small alleyway with an up staircase.

The two men walked up the stairs and sure enough saw a window open on the third floor, and there was the patient's room.

The room was quiet now, the patient lay quietly in bed, his face gray.

“Sir, this man is still breathing, come ten minutes late and this man will be dead!”

Feather Fang is a ghost and is very sensitive to yang energy.

Hearing his words, Haoden Ye felt relieved.

Over the window, they went to the hospital bed.

“This... how should I get the exorcism ceremony?”

When he arrived at the hospital bed, Haoden Ye was directly stunned.

“Huh?” Feather Fang was also stunned at the words, and whirled around to reveal a bitter smile.

He had forgotten, though, that the man in front of him with the treasures of the underworld would not use them.

“When the detaining bell shakes, the ghosts’ internal yin energy shakes and they run out on their own!”

Not daring to show the slightest sign of dissimilarity, the feather side was respectful.

“Oh...well, I’ll shake the detention bell, are you okay?”

Suddenly thinking of something, Haoden Ye turned to look at Yu Fang.

“The little ones will feel pain, but with the soul locking chain protecting them, it won’t be worse than this grudge situation!”

Hearing Haoden Ye’s words, Yu Fang’s heart put away with amusement and a touched look.

All of the netherworld ghosts are desperately trying to catch grievances for their own merit, and the danger of losing form and spirit is very great.

But none of the ghost officials took the death of the ghosts seriously.

There's no shortage of other, a whole lot of ghosts in the underworld who want to be ghosts.

“That's good!”

Hearing him say that it was fine, Haoden Ye raised his hand.

The moment he raised his hand, the body of the patient who had just been dying suddenly shook violently.

“Xu Fulai, obey the order to leave this man quickly!”

The detaining bell began to shake, and if there was any sound of a bell, it rang.

The ghost on the bed's perimeter fiercely opened its eyes, and a cold light flashed in its eyes.

“The assistant...”

The sound of pain came from inside his throat, and it was impossible to hear without listening closely.

“Shangguan! This evil spirit is too stubborn, let me have the soul chain to lock him out!”

Feather Fang shouted, his hands shook, and a green chain wrapped around the patient’s neck.

Then he pulled on his hand and a cloud of black gas was pulled out of the patient’s body.

Instantly, the air seemed to lower throughout the room!

“What are you doing!”

Just as the black gas was about to be pulled out, the door to the room was kicked open.

At the door, Sima Yunxuan Alma Su and several doctors stood with surprised faces.

The shout startled Yu Fang, the chain in his hand came off and the blackness returned inside the patient’s body.

And then, the patient’s body shook violently.

“Call the police, they’re hurting the patient!”

Sima Yunxuan didn’t give Haoden Ye and the others a chance to speak, and immediately shouted.

Listening to him, even if Haoden Ye was stupid, he knew what had happened.

Yet he didn’t dare to stop at all, for he had seen signs of the blackness coming back out.

“What are you doing? Stop it!”

Seeing the blackness about to be pulled out, it flew across one foot.

At this point trying to continue the ritual was no longer possible, Haoden Ye could only turn around to defend this foot.

Haoden Ye had to subconsciously block, not wanting the foot to come in a clever way, not kicking him, but kicking the feather side behind him.

This outstretched hand was actually directly in front of the man’s chest.

“So bouncy!”

Before he could feel the elasticity coming from his hands, Haoden Ye's entire body was fixed.

At this point, Alma had one foot up and the top of his foot was already in front of Yu Fang, but his ankle was in his death grip.

And her breasts were grabbed by one of Haoden Ye's hands.

"Rascal!"

Alma's pretty face flushed red then, trying hard to pull back her foot.

Unfortunately, Yu Fang was very strong, and she couldn't pull it out to her death.

"Miss Sue, give me some time and I'll have the patient ready in no time!"

Anxious, Haoden Ye couldn't care about anything else.

"Outrageous, what else do you want to do to patients!"

Sima Yunxuan didn't dare to let Haoden Ye continue to do it, although he didn't know what Haoden Ye was doing, he could be sure that he was treating a patient.

If Haoden Ye was allowed to heal the patient, wouldn't he have wronged himself to apologize to Haoden Ye for nothing?

Most importantly, people would also say that they were not as good at healing as Haoden Ye.

“Quickly examine the patient's body!”

Ruthlessly glaring at the two doctors behind him, Simeon shouted.

The two doctors came back to their senses and hurried to the patient.

After a brief examination, both doctors were shocked.

The patient's heartbeat is returning to normal!

Although still very weak and not out of danger yet, it is much stronger than before.

“Dr. Smarty pants patient...patient's heartbeat is back...”

A doctor looked up, his face surprised.

But before he could finish, two cold rays of light shot out from Sima Yunxuan's eyes.

That doctor was in shock!

Doctors are in the business of saving lives, and now that the patient is showing signs of improvement, it means that no one has to take the blame.

Why does Dr. Sima still see himself this way?

At this time, another voice with a frightened face shouted, "It's bad, the patient's heartbeat is almost gone, we need to hurry up the first aid!"

Upon hearing this, the doctor from earlier stayed put.

The patient's heartbeat had begun to return, and if Haoden Ye was allowed to continue the treatment, the patient might be able to recover.

But why did they both say the patient needed emergency care?

If we follow the previous treatment, the patient won't survive.

Soon, he understood something hidden!

Sima Yunxuan didn't want people to know that it was Haoden Ye who saved the patient!

His own reputation is more important than the patient's life!

Of course, no one knew what was going on in his psyche at this point.

Here, Sima Yunxuan listened to the doctor's face "surprise", rushed to the patient, a serious examination of the look.

Su's eyes also flashed with anger at her words.

A pair of big beautiful eyes stared at Haoden Ye, "Surnamed Ye, you're finished, wait for jail!"

Afterwards, she touched the back of her waist and pulled out her handcuffs.

But before she cuffed Haoden Ye, she saw Haoden Ye's figure flicker and reach behind her.

Alma was shocked, before making a surprised sound, the handcuffs were snatched from his hands and he was cuffed by Haoden Ye.

“You...you dare to assault the police and restrict their freedom!You’re finished, Haoden Ye, you’re finished!”

Alma was shocked and angry, since she had been a police officer, people were very fearful of her.

There were still hooligans whistling at her when she was at school, but now the hooligans saw her as if she were an ancestor.

Whoever dares to bully himself, an old fist to serve, he’s not honest yet.

And she learns Hung Fist, the most popular boxing technique used by the police nowadays, specifically to subdue criminals.

I couldn’t imagine that I wouldn’t be able to walk away from a round in Haoden Ye’s hands.

Chapter 427

Haoden Ye, the bastard, not only bullied himself, but also dared to cuff himself.

“Officer Searle, don’t you want to know how I got in here?”

While Alma Su was angry, Haoden Ye's voice sounded in his ears.

“What are you doing to Kitten!Hurry up and help Officer Su!”

Sima Yunxuan pretended to diagnose the patient, but secretly kept an eye on the situation here.

He didn't want Haoden Ye to say it had anything to do with him this early!

When Haoden Ye's guilt is confirmed, will anyone still believe anything he says?

Right now, two doctors heard his words and rushed forward to pull Haoden Ye.

“Who dares to touch Shangguan!”

At this time, Yu Fang shouted fiercely and blocked Haoden Ye's way.

He was occupying the body of Master Boi, but the tiger power was still there.

This loud voice, when it really had the momentum of Zhang Fei, blustered the two doctors who did not dare to approach.

“Well, who wants to hear your explanation, I want to arrest you right now!”

Alma wasn't going to listen to Haoden Ye's words and twisted her petite body, trying to get out of Haoden Ye's hands.

“I'm going, beautiful you're torturing me!”

Rao was in an emergency situation, and the charming feeling coming from Alma's obviously elastic buttocks still made Haoden Ye mentally jump.

“Officer Searle, please believe me, I am indeed saving the patient, I'm so close!”

With a bitter smile, Haoden Ye still wanted to fight for it.

“Hmph, Haoden Ye, you'll go to jail today even if you talk about breaking the sky!”

With an angry snort, Su Bei tried to turn around.

“What's going on!”

At this time, a loud shout sounded from the doorway and several silhouettes appeared in the doorway.

The first one is Fang Weicheng!

Su Lan Lan was behind him and was looking at Haoden Ye's side with anxious eyes.

Seeing them coming, Haoden Ye had to let go of Alma Su.

“Dad, you're just in time, this prodigal rascal is trying to harm the patient!”

Freed from Haoden Ye's comfort, Alma Su turned around and grabbed Haoden Ye's arm.

“He also handcuffed me, which is a crime!”

As if he was afraid that Haoden Ye would run away, Alma Su was very forceful.

She had forgotten that since Haoden Ye had let go of her, he definitely wouldn't run away.

“Mr. Fang, you’re just in time to see what this Haoden Ye has done!”

Sima Yunxuan saw Fang Weicheng coming and immediately pointed at the patient on the bed with an angry voice.

Fang Weicheng swept his eyes over the patient, then landed on Haoden Ye.

He had just been resting down there when Su Lan Lan hurriedly found him and told him about Xu Fu Lai.

Fang Weicheng was also very surprised to hear that the fierce ghost was actually Xu Fulai, and also told what the two of them had done during Xu Fulai’s first seven days.

Only the two of them knew about this incident, and at the time, Fang Weicheng was sure that there was no one else in the hearth.

If there was no ghost, how could Haoden Ye know about it?

Originally Fang Weicheng also does not believe in ghosts and gods much, a hear this heart convinced no doubt.

He hurried up with Sullanan, and this is what he saw.

“Dr. Sima, I think we should let Mr. Ye try!”

Ma Weicheng walked up to Haoden Ye and said to Sima Yunxuan.

Simeon was very surprised at his reaction.

He thought Ma Wei Cheng would be very angry when he saw what was happening here.

“Dad, what the hell is wrong with you, this man is simply a liar!”

Alma was so angry that he snorted.

“You shut up!”

Ma Weicheng turned his head and angrily scolded Alma Su.

Alma had never been reprimanded like this by his father since he was a child, and he didn't even react at the time.

When she came back to her senses, she thought of her father reprimanding himself because of Haoden Ye, and burst into tears of frustration.

“Kita!”

When Sima Yunxuan saw that Alma Su was about to cry, he quickly showed a heartbroken look and ran to Alma Su’s front.

“Fuck off, you don’t need to worry about it!”

In sadness, Alma Su couldn’t care less about disguise and pushed Sima Yunxuan away with great force.

Sima Winston was furious when she pushed him away.

However, when his gaze swept over Haoden Ye, a smirk immediately flashed across the corner of his mouth.

Shut Haoden Ye down today first, then slowly make Alma Su accept himself.

Ma Weicheng was angry with Alma Su, making it easier for him to approach Alma Su.

“Mr. Ma, I advise you not to do anything, the patient’s condition is already very dangerous, if you insist on acting rashly, but you are guilty of the same crime as this Ye!”

With a sneer, Sima Yunxuan began to threaten Ma Weicheng.

Hearing this, Ma Weicheng stiffened.

Although he believed Haoden Ye, he didn't know exactly how the patient was doing, what if Haoden Ye couldn't cure him?

While he was hesitating, an urgent voice sounded.

“Where's the patient?”

The crowd turned their heads to look at the door, but the police and several doctors ran in one way or the other.

Headed by a gray-haired, but somewhat aged man.

A white lab coat, obviously a doctor.

“Uncle, you're here!”

As soon as he saw the old doctor come over, Sima Yunxuan saw the situation and ran over to him to whisper the situation to him.

“Kitten, what the hell happened?”

At this time, a police uniformed middle-aged man also came over.

“Captain Li, this is the man who barged in here late at night and treated the patient haphazardly, causing the patient to be in critical condition!”

Captain Li had a national face and was quite decent looking.

After hearing her words, Captain Li swept Haoden Ye with a look of disgust on his face.

“Pretending to be a god and a straw man, arrest me!”

He roared and commanded the police to handcuff Haoden Ye.

Haoden Ye didn't resist, allowing the handcuffs to be brought on his hands.

“Captain Li, you misunderstood, I am also a doctor, if you don't believe me, you can ask Director Li of the Downtown Hospital!”

Haoden Ye quickly explained, lifting up Dean Li at this time was more useful than anything!

Here Dean Sima also finished listening to Sima Yunxuan's words.

For this uncle, Simeon still had no reservations.

It was clear that the two men were not clean in private either, and he had no reservations about such things.

President Sima is pretending to check on the patient, and when he hears this he says, "Oh no, the patient is not breathing."

Everyone in the room turned pale when they heard this.

Haoden Ye hurriedly looked over at the patient, but he saw that the patient was indeed ashen, and looked like he had already snapped.

But Haoden Ye still clearly saw that he wasn't out of breath yet!

"You're lying, the patient isn't dead!"

With a cold smile, Dean Sima ignored him and sighed with a sorrowful sigh.

"Hey, people are so confused nowadays that they believe in superstition instead of science, I know about this patient's condition, there could have been a save!"

Upon hearing this, Captain Li's face turned red with anger.

"He's not dead, I can prove it!"

Haoden Ye's heart was anxious, this was his last chance.

Even if the patient didn't die, once out of their sight, the two men would surely sit on their straws.

Chapter 428

"Huh? Don't we dare let you see the patients you've harmed enough?"

Upon hearing this, Dean Sima's face immediately darkened.

"Yes, he must want to destroy the evidence, he can't be allowed to move the body!"

Sima Winston hurried to follow suit and put on a show of protecting the corpse.

"You guys...you guys are treating human life like shit!"

Haoden Ye became furious and glared at the two men.

“Hmph, naturally there are people who treat people’s lives like dirt, but unfortunately it’s not us!”

Dean Sima smiled coldly and whirled around to Captain Li, “Captain Li, arrest this divine rod yet!”

Captain Li was also furious at this time and waved his big hand, “Arrest him!”

Alma Su didn’t hesitate now and pressed Haoden Ye’s shoulder and coldly snorted, “Surnamed Ye, let you play God!”

Seeing the situation, Haoden Ye’s mind couldn’t help but cool.

What broke his heart the most was watching an innocent life get killed by two people.

“Officer Lee, Officer So!”

At this time, the feather side behind Haoden Ye suddenly spoke.

Surprisingly, he was now displaying the appearance of a kamikaze, not at all like the upright character of Yu Fang.

“What is it!”

Su Bei gave him a disgusted look.

All of them are gods, Haoden Ye is young, looks batch white soft inside, although a little rogue, but more than Bo Yi, the old man durable to see.

“Hey, if you guys don’t listen to Mr. Ye, I’m afraid this corpse is going to be a fraud tonight, and you may not be able to clean it up then... Hey!”

Shaking his head, Yu Fang sighed.

Hearing this, Dean Sima and Sima Yuhuan almost laughed.

Is this what you’re up against?

Fraudulent bodies?Do people still threaten people with that these days?

Dean Li and Alma here almost laughed out loud, especially Alma, who wanted to kill this divine rod.

Even at this point, he was trying to get out of it in this way.

As it turns out, the greatest liars even fool themselves.

“Bring it back to the station!”

With a grunt of anger, Captain Lee ordered.

Seeing Haoden Ye and Yu Fang being taken away by the police, President Sima and Doctor Sima looked at each other and simultaneously revealed an imperceptible smile on their faces.

Here, although Fang Weicheng was mentally anxious, there was no other way.

“Mr. Fang, you need to come with us as well, you found these two men, and you are suspected of being an accomplice!”

Dean Li watched as Haoden Ye and Yu Fang were escorted away and turned to Fang Weicheng.

“Captain Lee, my father was cheating for these two!”

Alma immediately got nervous when Captain Li said that and ran over and pulled Captain Li's arm.

“Don't you dare tell me that, it's a dead case!”

Glaring at Alma Su, Captain Li continued, "But don't worry, it's just an investigation!"

Hearing him say that, Alma Su gave away his breath.

"But you're also responsible for this, and as a police officer, you should have called the police in the first place and punished you for guarding this man's body tonight until the autopsy report came back!"

Captain Li said and his face hardened again.

Alma's pretty face immediately pulled down as she listened.

In the police car, Haoden Ye and Yu Fang were taken into the car by the police.

There were only two people in the back seat now, and Haoden Ye whispered to Yu Fang, "Yu Fang, why did you just say that, is that person really going to swindle the corpse tonight?"

"Well?" Feather Fang was stunned at this and whirled around to roll his eyes, "Master Ye, I am Bo Yi!"

Slightly startled, Haoden Ye stared at him, "Where's Yu Fang?"

“He just left, saying he was going to run some errands!”

Shaking his head with a bitter smile, Master Bo Yi stared at Haoden Ye and said, “As a Daoist, don’t you know that inviting a ghost to get possessed will increase your longevity? You’re hurting me!”

“Did he go on some errand, tell you?”

Haoden Ye was anxious and hurried.

“How the hell should I know, what do I care if the ghosts are working?”

Shrugging his shoulders, Master Boi was very frustrated.

The car moved slowly, and with worry, Haoden Ye was taken to the police station.

There was a click and the cell door slammed shut.

“I’ve really been unlucky in my eight lifetimes, being possessed by a ghost, and I’ve also run into jail, at any rate I’m a high Daoist disciple, how can I still have the shame to hang around when I’ve fallen into such a state?”

Once inside the cell, Master Boi was nagging.

The cell wasn't bad, there were only two people, and they weren't worried about being bullied, so Haoden Ye sat down at ease and waited for Yu Fang to appear.

Master Bo Yi here was so long-winded that he actually told us all about the grievances he had suffered from the beginning to the end.

As Haoden Ye listened, he actually began to get sleepy.

“Shangguan!”

Suddenly, Master Boi stopped rambling and became serious.

Haoden Ye was energized and quickly turned his head, “What have you been doing?”

“I was just waiting around that man's body for the ghostman below!” Feather Fang hurried.

Haoden Ye suddenly realized that the person was about to die, and ghosts would come up to detain the soul at this time.

“What are you waiting for them for!” Haoden Ye wondered.

“Hehe, I also have some connections down there, the ghosts that come up to do business in this area more or less know me, I’ll ask them to make it easy and come up later to detain that person!”

Haoden Ye was overjoyed to hear that as long as the ghost man was willing to accommodate that person, there was still salvation.

“Great, what’s next?How do we do that?”

Upon hearing that Yu Fang had a method, Haoden Ye was happy.

“This... Truth be told, all of us who come up to do business in the earth have an hour, and it is stipulated that whenever the soul is detained, it will be taken, and if it is early or late, public virtue will be deducted from the book of merit!”

With an awkward smile, the feathered side of the road.

Frowning slightly, Haoden Ye looked puzzled.

Didn’t the feathered party pull this off?

As he was wondering, Yu Fang had already said, “I told my two brothers about Shangguan and they agreed to do this, but the condition is... after Shangguan subdues that grudge spirit, the merit will be theirs!”

After he finished speaking, he carefully looked at Haoden Ye, looking very worried.

You know, the ghosts are willing to endure the invasion of the Yang energy to come up here to work on the case, relying on this merit.

And although the ghosts who work in the Yang world have many virtues, they also suffer many calamities.

The ghosts of the earthly kingdom fought fiercely for merit.

Some of the ghosts even fight each other in the sunlit world, trying to fight for virtue even at the risk of losing both form and spirit.

With merit, there is a chance of reincarnation, and the more merit there is, the greater the chance of reincarnating into a good family.

He was literally asking for Haoden Ye's life by asking for merit like this.

It was possible for Haoden Ye to extinguish himself if he was unhappy with one.

“Yes!”

Feather Fang also wanted to persuade a few words, not wanting Haoden Ye to suddenly nod his head.

Feather Fang was flabbergasted and swallowed the words that came to his lips, not feeling surprised.

Within Haoden Ye's voice, there wasn't even the slightest hesitation!

Who would give such a great merit to someone else!
