

Chapter 438

Haoden Ye was already facing well, and after wearing this outfit, his temperament immediately began to rise.

And Maya Shen is even more eyebrow days, a sexy dress, beautiful charm no longer Warsaw.

Who wouldn't be jealous when they see such a couple?

“Old Shen, do you feel like there's still something missing!”

While approving, Milda Hao suddenly thought of something.

“Well?What's missing?”

Robert Shen was also very satisfied with his daughter and son-in-law, especially when he thought of Haoden Ye's career developing a little bit, he was in a good mood.

“And a child is missing!”

Milda Hao immediately thought of something and cut to the chase.

“Well, when you put it that way, it's true, or you women are so thoughtful!”

With a deeply thoughtful look on his face, Robert Shen nodded.

Being walked by came to two people who naturally didn't know what the two old men had said.

Seeing her parents looking at her with such eyes, Maya Shen blushed pretty.

"Dad, Mom, what are you looking at us like that for!"

"What's wrong with being a mother looking at her daughter!"

Milda Hao glared at her and whirled around to smack her lips, "Both of you are successful, and now you're missing a child!"

The two of them were startled at the same time, and Haoden Ye subconsciously looked at Maya Shen.

Wanting children, that seems to be his luxury now.

"Mom!What are you talking about!"

Maya Shen's pretty face was hot and pampered.

“How old are you, why are you still shy, aren’t you looking for a man just to have a child?”

Seeing her like this, Milda Hao was furious.

It wasn’t that she hadn’t told Maya Shen about this, but unfortunately her daughter had avoided it every time.

“Maya, you’d better think about what your mother said!”

Hearing this, Robert Shen’s face became serious.

“I don’t want kids right now!”

Maya Shen was forced by her parents to look ugly.

“What!No children!”

Milda Hao took offense and glared, “Dead girl, what the hell are you talking about!”

As soon as the mother and daughter were about to quarrel, Robert Shen quickly advised.

“Today is an important day for Haoden Ye, so don’t make a scene!”

Only after saying that did Robert raise his head to glare at Haoden Ye, “Haoden Ye, I’ll leave this matter to you!”

Haoden Ye was directly stunned after hearing that!

It’s not as if I’m to blame for this, it’s Maya who doesn’t want to be married to me.

Mentally smiling, Haoden Ye revealed a “I can’t do it” look.

But Robert Shen doesn’t care about that, it’s the king’s way to push the trouble to the being first.

“Your father said that you both need to get on board with this!”

Milda Hao also deeply thought that her daughter was stubborn, so she could only do it from Haoden Ye.

You have to pick the soft persimmons!

The four of them got into the car and Haoden Ye drove to the new pharmacy.

The entrance to the pharmacy was already decorated in red, and it could be seen that Li Daniu was very attentive to this matter.

The big red lantern was hung up, and the sign on it was still designed by Maya Shen herself.

Hao Tian Pharmaceutical's four big words are very shiny!

"Boss, sister-in-law, auntie and uncle!"

Once he saw Haoden Ye and the others coming, Li Daniu was busy bringing a few beautiful college students who had just been recruited to help welcome the guests and Miyu and the others over.

It was Haoden Ye's request to have Mi Yu also show up to participate, after all, he was the young owner of the Mi family.

He knows more than he knows about a lot of high society things.

Putting on a suit, Mi Yu is also much more spiritual, behind the Mi delusion Mi Shu two people strapping, when there really bodyguard style.

These could be the bodyguards of a large family, and the calm and steady demeanor made one feel awe in their bones.

Seeing this, Robert Shen mentally sighed.

I hadn't paid any attention to my son-in-law all these years, but I never thought he'd make it this far.

Great ingenuity, great wisdom, and that's about it, I guess.

When everyone arrived inside the company, Haoden Ye cheered up and prepared to welcome the guests.

Just before arriving at the door, a limousine pulled up.

Haoden Ye didn't pay attention at first and kept hearing a squeal.

"Hey, that handsome guy up ahead!"

At this time, Miyu and Li Daniu turned their heads at the same time, only Haoden Ye didn't turn his head.

"Holander!"

Miyu saw the visitor and shouted out in surprise.

At the sound of his voice, everyone turned their faces away.

At this time, none of the other guests had come, and all of the people Haoden Ye had invited to help were still at the door.

At this point, seeing Zyden arrive, the group stared at each other.

“That... that really is Holander!”

“I hear the owner of this company is a small pharmacy, isn't he? How do you know Holander!”

The few beautiful college students who came to help all stared at Haoden Ye, and their little eyes changed.

Li Daniu's mouth opened wide when he heard that Zyden was here.

It wasn't that he didn't know that Zyden was on the guest list, but he hadn't expected Zyden to actually come.

Robert Shen and Milda Hao were the first to see Zyden, and were too excited to speak for a moment.

But Holander's group's young master ah, with the touch of a finger, Dan city to tremble three people.

"Holander, what are you doing here!"

Miyu reacted the quickest and was the first to run to Zyden with a respectful face.

His dream had once been to follow Zyden and become the master of the Mi family!

Honko didn't know Miyu and had no doubt about his enthusiasm.

This kind of young master, take care of who does not take care of who depends on the mood, you again to suck up to people, they do not like you also in vain.

"Haha, why did Holander come so early, I was saving you for the finale!"

Seeing Zyden arrive, Haoden Ye also welcomed him with a smile.

"Of course I'll come early, when everyone's here, not to steal your thunder!"

Zyden also laughed and patted Haoden Ye's shoulder affectionately.

"I've always said you put on a nice outfit, this is pretty spirited, isn't it! Going out to pick up girls definitely...ahem!"

Zyden was just talking about the general when Maya Shen walked over.

In front of this Thousand Gold Young Master, Maya Shen acted neither humble nor overbearing.

"Holander!" Maya Shen politely extended her hand to shake hands with Zyden.

The demeanor is so humble and courteous that people can't jump to conclusions.

Rao Zyden, who was not formal in his work, shook hands with her very seriously at this time.

"Haha, this is sister-in-law, right, she really is a big beauty, if you hadn't followed Brother Ye long ago, I would have chased you!"

If someone else said this, Haoden Ye would probably be psychologically hairy, but Zyden said it, but he didn't mind at all.

He knew Zyden's character, and did things from watching his mood.

"You heard me, people call Boss Ye and Brother Ye!"

"Did I hear it right, Zyden calls people brother, I heard that even the Lin family's eldest daughter can't hold up her head at all in front of him."

Everyone automatically filtered out Zyden's last words, and was very concerned about the "brother".

"If I'd known you were thinking that, I wouldn't have saved you!"

Haoden Ye gave Zyden a blank look.

"Surnamed Ye, you've forgotten my girl when you see big money, right?"

At this time, a person next to Zyden was not happy.

It's Zhou Xiaojun, isn't it?

Chapter 439

Today she was dressed in a plain, long swinging dress and her whole body looked like a newly blooming daffodil.

After taking her own medicine, she grew more beautiful.

“How dare I forget about your ladyship!”

Haoden Ye quickly extended his hand and shook Zhou Xiaojun’s hand seriously.

This sudden surprise caused Zhou Xiaojun to be slightly stunned.

Haoden Ye had never been so serious and formal in front of her before, making her a little uncomfortable.

She still didn’t know about Haoden Ye’s relationship with Sister Jiuzi.

If this girl in front of him was just Zyden Holander’s girlfriend, Haoden Ye could still be casual, but she was the daughter of Sister Jiu Er, so she couldn’t get along as a normal girl.

“Ah, I forgot about that!”

With a slap to the head, Zyden fiercely remembered something and waved behind him, “I also brought a gift, you’ll like it!”

The crowd was startled as they listened and looked headlong behind Zyden.

The gift from the Holander family's young master must have been very expensive.

But I saw several men carrying a very large object with a red cap over it.

"Yeh, come lift him off!"

Taking out a red rod, Zyden handed it to Haoden Ye.

It was kind of like the ancient custom of lifting the lid for marriage, causing Haoden Ye to feel strange.

Haoden Ye was also a little nervous, mentally expecting Zyden to never send anything exotic.

The pole was picked at that head, and a white light sprang up.

In the sunlight, a snow-white statue appears.

Haoden Ye, who had studied medicine, was no stranger to this, wasn't this the sculpture of Medicine King Sun Simiao?

The sculpture is supposed to be carved from feldspar and is white throughout.

“Is this a white marble? It doesn’t look like it!”

“It’s a feldspar bar, why it’s feldspar!”

You know, this kind of stone is just ordinary stone, and a statue with handwork is only a few hundred thousand.

“How could Simen give such a gift, it’s too disgraceful!”

Many shake their heads when they see this gift.

A good friend of yours is giving away such a worthless thing when they are opening.

Even Li Daniu’s eyebrows were slightly furrowed, this kind of stone was everywhere in their hometown mountains.

Among the crowd, only Robert Shen and Miyu showed their admiration.

Robert Shen was a scholar and appreciated the carver’s handiwork.

A statue is so lifelike and vividly beautiful, this mastery is not shallow.

And when Mi Yu saw this gift, not only did he not despise Haoden Ye in the slightest, but he admired him even more in his heart.

Even if it was a rich man like Zyden, even if it was a valuable gift, it was similar to a stone in someone's eyes.

And this statue, Zyden gave not the price of the gift, but a piece of true blessing to Haoden Ye.

“A bunch of short-sighted things, no matter how expensive the gift is, it's just a gift, but a piece of sincerity when it's given cheaply, that's what's most valuable!”

“Haha, do you see what the sculpture looks like? I had it carved by a famous stone carver in China! The stone is a feldspar, it's strong, even if there's an earthquake, this stone won't break!”

Frankly speaking, Haoden Ye still liked the statue better, and it was more to his liking.

If Zyden really gave away any real gold or jade, he wouldn't dare to show it to others.

How nice to have a statue like this, with the mood and durable good looks!

“Yuu, get someone to carry the statue in!”

Haoden Ye hurriedly said.

“All right, let my men carry it in, you can welcome your guests outside, I’ll go in for a cup of tea, I’m tired of carrying this thing here early in the morning!”

With a wave of his hand, Zyden had his things carried in.

“Oops, I forgot, there’s one more thing!”

Zyden was halfway there when he suddenly remembered something and quickly waved, “Where’s the painting?”

At this time, two bodyguards took out a painting, Zyden took it and sent it to Robert Shen, “This is the four great talents of the Ming Dynasty... I can’t remember which one, uncle, you see like it, no I’ll take it home for a pair!”

If we’re talking about the Four Great Talents of the Ming Dynasty...whichever one of them seems to be worth a lot of money!

Robert Shen’s face was red with excitement as he listened, mentally laughing at the rashness of this thousand-gold young master.

“It’s from Zhuyizhan, can’t even remember this!”

Zhou Xiaojun kicked her hard behind her.

Hearing Zyden’s words, the guests present once again revealed their surprise.

Just now they were curious as to how Zyden had given Haoden Ye such a cheap gift.

So the main event is behind us!

Is that called trying to make a point?

Robert Shen was busy using both hands to receive the painting, but thinking that he didn’t have gloves, he turned around and wanted Haoden Ye to get them.

Miyu reacted quickly and put the painting away in his hands, moving in a very casual manner.

It’s as if he’s not holding a shareholder, but just a plain painting in his hand.

“Professor Shen, I’ll keep this painting for you.”

Robert Shen’s eyes were staring at the painting with a pair of eyes, and his mouth was watering.

If it weren’t for the fact that so many people were watching now, he was afraid he’d be holding the painting right now to enjoy it.

Seeing Miyu move so casually, Robert was distressed for a moment.

However, Zyden’s eyes lit up slightly when he saw Mi Yu’s casual actions, and he couldn’t help but look at him a bit more.

“Haha, I wouldn’t have come if I knew you kid was coming!”

That’s when a loud voice rang out.

The crowd looked over, but a bearded, plainly dressed middle-aged man walked over.

Many of the people present did not know this bearded man and were surprised to see him.

“Old man, you know Yeh too?”

Zyden saw the middle-aged man, but he revealed a look of surprise.

“Isn’t this... isn’t this Wu Zongrui Wu Dao?”

At this time, someone in the crowd made a surprised sound.

Wu Zongrui is generally rarely seen in public, so much so that he is now rarely recognized even when he goes shopping on the street.

Hearing this man’s words, almost everyone looked surprised.

The girls in particular, their eyes lit up then.

You know that Wu Zongrui is no ordinary person, he is a well-known director in China.

And he is known for being a clean-cut actress, and the actresses who have gone through his hands are each extraordinary in their roles.

“Stinker, look at someone else’s little leaf, how well he knows how to respect the old and the young!”

Wu Dao took a glance at Haoden Ye and came over to Haoden Ye with a smile, “Little Ye, don’t hang out with this kind of second generation in the future, so you won’t be led astray!”

Zyden laughed and patted Haoden Ye on the shoulder, “You showbiz people still say others are bad!”

Wu Dao glared at him, this big gongzi didn’t know how to restrain his speech, if this was spread out, it would offend a large group of people.

“Ahem, Little Leaf, I don’t know what you like, so I didn’t bring a present, but Sun Qian gave you a present!”

After saying that, Wu Dao took out a box and handed it to Haoden Ye.

Haoden Ye was invited by Sun Qian, but it was unexpected that she couldn’t come.

“Isn’t Miss Sun herself coming?”

Chapter 440

Before he could reach out, Maya Shen quickly took the box.

Hearing Sun Qian's name, many people at the door once again looked surprised, and when they looked at Haoden Ye again, their eyes became strange.

It was especially intriguing to see Maya Shen's reaction.

Many people struggled to see what was in the box.

The box opened to reveal a blade of grass.

The crowd was strange and even more curious.

Finally, the box was all open, but inside was a wreath made of grass.

To say that the wreath is not exact, because this one is heart-shaped.

The size is small and stays right on the head.

Maya Shen saw a slight frown and raised her head to look over at Haoden Ye.

Haoden Ye was also wondering what Sun Qian was doing giving herself a piece of grass on this big day.

Many people were puzzled and looked puzzled.

Only Wu Dao and Robert Shen's face changed slightly, and Robert Shen's face immediately darkened.

“Bang!”

Before Maya Shen looked at it carefully, Robert Shen closed the box and muffled, “Miss Sun is really thoughtful, I don't think Haoden Ye can use this gift!”

Wu Dao smiled heedlessly, looking very embarrassed.

He hadn't seen the gift before and thought it was something of gold and jade, but he never expected it to be this.

Haoden Ye and Maya Shen were both wondering why Robert Shen was angry.

“This Miss Sun is really strange, what's the point of giving a green grass heart, everyone else is making up hearts with red flowers!”

Zhou Xiaojun mentally wondered, had a look at the box for a while, and suddenly his face changed slightly.

“A piece of green grass heart...a piece of leaning heart?”

After saying that, she raised her head and looked at Haoden Ye with strange eyes.

No wonder, Maya Shen is a businessman and Haoden Ye is a medical student, the two of them naturally can't understand the crooked thoughts of the literati.

He gave her a piece of his heart at the opening ceremony, is this a provocation to Maya?

“Tsk, the story of Haoden Ye's family is also very exciting!”

A gossipy heart swelled up in Zhou Xiaojun.

“A few of you go in first, I'll compensate you after I entertain the other guests!”

Haoden Ye quickly greeted a few people inside.

“Oh, you don't have to accompany us, just get busy with your work!”

Wu Dao said, pulling Zyden in.

“Haoden Ye, you have to be careful oh, Qian Wan don’t go east!”

Zhou Xiaojun walked past Haoden Ye and lightly patted him on the shoulder.

Haoden Ye looked puzzled, and before he could ask Zhou Xiaojun had already run away.

After a few people entered the room, the crowd discussed it at length.

No one thought that an ordinary pharmacy owner would have such a wide network of contacts.

The interlude just now made Robert Shen very unhappy, but he was in a much better mood at this point.

Soon, two cars listened down.

Seeing the people getting off the bus, the Shen family’s face sank.

It was Haoden Ye, who looked awkward.

“Yeh, we’re not too late, are we!”

Second Uncle Shen, Shen Ling and the others got down from the car with enthusiastic smiles.

“Second Brother, you’re early!”

In the end, it was his own brother, although there was unhappiness before, Robert Shen still smiled and greeted him.

Haoden Ye and Maya Shen looked at each other and also forced a smile to greet them, only Milda Hao remained motionless.

“Little Leaf, you’re a man of means now that you’ve bought such a building!”

Seeing the newly renovated building, a flash of envy flashed in Uncle Shen’s eyes.

I used to compare my son to Haoden Ye all the time, thinking that I was luckier than my big brother.

Now, it seems that his two sons are indeed promising, but they are far from Haoden Ye.

What’s the meaning of “thick and thin”?

“Second Uncle is polite, you should sit inside!”

Haoden Ye hastily faked a smile and was polite.

“Brother Ye, I’m really sorry about what happened before, I apologize!”

Seeing Haoden Ye’s building, Shen Mei didn’t dare to have the slightest bit of contempt on her face.

Thinking about her attitude towards Haoden Ye that day, she regretted very much.

“Where is this coming from second sister, Haoden Ye is not someone who holds a grudge!”

Maya Shen chuckled and responded with a very far-fetched smile.

Who wouldn’t be angry when something like that happens!

The two families were laughing and didn’t seem to have any trouble at all.

Shen’s second uncle’s family saw that Robert Shen and his family didn’t mind the events of that day, and they looked a lot more relaxed.

At this time, a soft laugh came.

“Well, I say we don’t have to come this early!”

The voice is delicate and lovely.

The crowd was drawn to the sound and looked over.

But in the distance, I heard a police car, and in front of the police car was a Maybach.

A man got down from the two cars, headed by a man with an imposing presence and eyes that made his identity extraordinary.

Next to him was a beautiful woman who looked a little older, but her delicate face made one almost forget her age.

The two men were followed by a girl in police uniform, slender and sweet-looking.

Seeing these people, the others hadn’t reacted much, but Shen’s second uncle’s family was directly stunned.

“Ma...Ma!”

Shen Ling shrieked in alarm and slunk up to meet him.

“What are you doing here, Ma?”

Haoden Ye was a little surprised to see him react, but he saw Ma Weicheng stare at Shen Ling for a while and frowned, “This brother knows me?”

“Oh my, have you forgotten me?The last time you bought that piece of art, I sold it to you!”

Shen Ling hurriedly accompanied the smile, which was as flattering as it was flattering.

Ma Weicheng was one of Shen Ling’s big clients, and because he loved antiques, he often asked him to do business with him.

“Ah!I remember, that vase!”

Ma Weicheng slapped his forehead, then he lifted his head and looked over at Uncle Shen.

“Ah, your father is here too!”

After saying that, he greeted and smiled, "Prefect Shen!"

Upon seeing that these people actually knew each other, the Shen family looked at each other.

The Shen family didn't know who Ma Weicheng was, so each looked confused.

Haoden Ye didn't expect Ma Weicheng to return today and looked surprised.

On this side, when Uncle Shen saw Ma Weicheng coming, his face finally changed.

Lancang County is famous as a rich county in Dan City, and the one who controls the economic lifeblood of Lancang County is Ma Weicheng.

His county is the closest to Lancang County and relies on Ma Weicheng's support for economic development.

Several county council-supported projects have been invested in by Ma Weicheng.

In his eyes, even Zyden was not as worthy of attention as Ma Weicheng.

After all, Zyden was young and hadn't gotten involved in the family business yet.

Besides, even if he had gotten involved, he wasn't interested in investing in small counties in general.

But Ma Wei Cheng is different, that small county of his is still relying on others to get rich!

"Haha, Ma is even here, do you know my niece's husband?"

Second Uncle Shen was very smart and mentioned Haoden Ye as soon as he opened his mouth.

Ma Weicheng revealed a look of surprise at that.

"Huh?Mr. Ye...is your cousin!"

With a glance at Haoden Ye, then a glance at Maya Shen, Ma's eyes flashed with disappointment.

He was expecting his daughter to marry Haoden Ye!

Hey, looks like I was unlucky to be late.

Subconsciously glancing at Shen Xiaobei, who was glaring at Haoden Ye, and then at the beautiful and generous Maya Shen, Ma Weicheng said heartily, "Xiaobei doesn't seem to be very competitive."
