

Chapter 459

When the money arrived, Haoden Ye naturally didn't make it difficult for Xu Guanfeng and the others to leave.

"Haha, what a day!"

As soon as they left, the people on Sister Jiura's side immediately laughed out loud.

Sister Jiuzi's pretty face was also filled with delight!

"Waste Xu Guanfeng today, let's see how arrogant he'll be in the future."

Xu Gufeng also had a relaxed look on his face.

A group of people surrounded Haoden Ye in a circle, constantly making approving noises.

"I can't believe that Dr. Ye is so deep in hiding that he has practiced qigong!"

"Doctor Ye, teach us too, learn Qigong and you won't be afraid of anyone else in boxing anymore!"

Li Wei and the others thought of the power of qigong and immediately looked at Haoden Ye with eyes wide open.

“Everyone misunderstood, I really don’t know how to do qigong, otherwise I wouldn’t have used that method to deal with them!”

Haoden Ye laughed bitterly and shook his head repeatedly.

The crowd, however, simply didn’t believe it.

“Dr. Ye, you don’t have to be modest, if you really don’t want to teach it to us, we just won’t learn it!”

“Yes, Dr. Ye saved us, that’s a great kindness to us, how can we not repay the kindness?”

“With the fact that Dr. Yeh has given us this bird’s breath, we are in awe of Dr. Yeh! Good for you, Dr. Yeh!”

Seeing that they didn’t believe in themselves, Haoden Ye laughed bitterly again.

“Guys, I really don’t know how to qigong!”

Saying that, Haoden Ye raised his hand, and the crowd saw that there was a silver needle in his hand.

Then Haoden Ye's wrist shook violently, and the silver needle was gone!

"Ouch, that hurts!"

At this time, a man not far away let out a cry of pain.

Everyone looked surprised, it was obvious that this person would hurt and give Haoden Ye something to do with it.

Walking up to the man, Haoden Ye pulled out a silver needle on his shoulder.

"It was this needle that caused those two to enter a state of false death, and it was also this needle that defused Xu Guanfeng's Qi!"

Hearing his words, the crowd looked surprised.

"So, there are still needles in Xu Guanfeng?"

After hearing Haoden Ye's words, Sister Jiuzi looked worried.

Xu Guanfeng and the others would be afraid of Haoden Ye, not because they were afraid of Haoden Ye's martial arts.

If they knew that Haoden Ye had no martial arts skills at all, would they make a comeback?

“Oh, don't worry sister Jiuzhi, I've just taken away the needles from them!”

Smiling slightly, Haoden Ye gave her a reassuring look.

The crowd was relieved at the news.

“Dr. Ye, you saved us this time, the brothers accept this favor from you, if anything happens in the future, I, Li Wei, will definitely go to the fire!”

Li Wei revealed a touched look and patted Haoden Ye's shoulder vigorously.

“Me too!”

“Me too!”

The rest of the group nodded their heads.

“Well, you’re all hurt, so get some rest,”

Sister Jiura’s face regained its seriousness and instructed the crowd, then said to Xu Gufeng, “Feng, you tell Xiaoliu and Xiaohu to keep an eye on the Point Boxing Gym side for the next two days, I’m afraid that Yue Yun will still make trouble!”

Xu Gufeng nodded lightly.

After ordering things, only then did Sister Jiura say to Haoden Ye, “Haoden Ye, come upstairs with me, you’ve helped me a lot today, and I have to thank you!”

Upon hearing this, Li Wei and the others looked ambiguous.

“Ahem, let’s all just scatter and get back to recovering!”

Xu Gufeng coughed, urging the crowd to leave.

Haoden Ye also smiled bitterly at the sight, and followed Sister Jiura upstairs in the ambiguous eyes of the crowd.

“Surnamed Ye, you’ve gotten fat, haven’t you!”

At the upstairs bar office, Sister Jiuera's pretty face immediately plastered up.

"Ninth sister, I've done you a favor this time!"

As soon as the beauty got angry, Haoden Ye quickly explained.

"Huh?What's wrong with helping me?How dare you stick me with a needle, how dare you hug me, how dare you bet me against someone!"

Without saying a word, Sister Jiuera moved closer to Haoden Ye and took an aggressive stance.

Haoden Ye was forced to retreat and had retreated into a corner.

"You're stabbing me again, you're stabbing me again!"

It was a domineering look, and a pretty face slowly approached Haoden Ye.

The chest was already about to reach Haoden Ye's chest, and the scent of a mature woman wafted over his body.

"Nin...Nine-san, I'm sorry!"

At this time, Haoden Ye's face was red and his breathing was unconsciously rapid.

Seeing Haoden Ye's nervous appearance, Sister Jiuzi had a satisfied smile on her face.

Looks like you've regained the initiative!

"Well, in the end, a youngster, fighting me!"

Mentally smiling with pride, Sister Ninjer took a half step back.

"But seeing as you did help me today, I'll let you off the hook!"

Slowly panting, Haoden Ye quickly nodded his head.

"Xu Guanfeng compensated you forty million, and I want to thank you too!"

Sister Jiuzi suddenly pulled out a bank card from her desk and handed it to Haoden Ye.

"Here's four million, not much, just a token of appreciation!"

“That won’t be necessary!”

Forty million had already been transferred today, and Haoden Ye simply didn’t want any more.

With that money, it would be enough for him to pay back the money he borrowed from Shengwen International.

“Just let you take it, am I Zhou Jiuzhen a stingy person?”

Fiercely glaring at Haoden Ye, Sister Jiuzi’s face became domineering once again.

“I can’t take this money!”

Haoden Ye looked suddenly resolute and immediately shook his head.

“I’m helping you because I consider Sister Jiuzi a friend, and taking the money means something different!”

Hearing his words, Sister Jiu Er was slightly stunned.

Although Haoden Ye’s words touched her, his disobedient actions made Sister Jiuzi very upset.

“As friends?What kind of friend do you think I am, you just told someone that I’m your woman!”

Seeing Haoden Ye’s disobedience, Sister Jiura planned to do the same thing again, and her petite body walked towards Haoden Ye again.

This time instead of being aggressive, she showed a dainty look and bit her red lip lightly.

“Well, the whole mob thinks I’m having an affair with you, are you going to make it up to me!”

I’m afraid this is too much for a man.

“Hmph, brat, if I don’t make you obey today, I, Zhou Jiu Zhen, will still dare to hang out on the road?”

Seeing that Haoden Ye looked nervous again, Sister Jiuzi smiled coldly in her heart.

Suddenly, Haoden Ye’s figure flashed and came towards her.

Sister Jiu Er’s heart beat faster in shock.

Could it be that Haoden Ye finally couldn't endure his temptation and really did it to himself?

Thinking of this, Sister Jiuer's pretty face couldn't help but heat up and her delicate body went soft.

After her last treatment, her desire was slowly awakened.

Now she, like any other woman, was eager for men to embrace her.

Especially a young, strong and energetic man like Haoden Ye!

"It's okay to really be with him, but how can a woman like me marry him even if she finds another man?"

With that thought just in her mind, Nine suddenly felt a pain in her hip.

Chapter 460

Then she felt the entire lower half of her body go numb and she couldn't stand.

"He stabbed me again!"

An idea arose in her mind, and Sister Nine's face changed slightly.

When he lifted his head again, Haoden Ye was already three steps away.

Sister Jiuzi only felt her legs go weak, and she quickly held onto the table to stand up, so that she could easily get to her chair and sit down.

“Surname Ye, what have you done to me!”

Sister Jiuzi released anger in her two eyes and stared at Haoden Ye fiercely.

“Hehe, I’m sorry sister Jiuzhi, this shot will let you rest for a while, I’ll leave you alone!”

Haoden Ye smiled heedlessly and took two steps to the door, looking polite as he closed it.

“Haoden Ye!”

Sister Jiuzi gritted her teeth, a sudden surge of frustration in her heart.

The dark softness of her lower body came over her, and she couldn’t help but feel a pleasant sensation again.

“Hmph, brat, I’ll deal with you some day!”

Biting down on her teeth, Kuzu lay down on the table and wearily fell asleep.

Leaving the bar, Haoden Ye puffed his chest.

What Sister Jiuzi didn’t know was that there was a moment just now where Haoden Ye almost fell.

Although he looked very calm on the surface, when Sister Jiuzi showed that coquettish affectation, Haoden Ye had the reaction that a man should have.

He didn’t want to ruin the relationship between him and Sister Jiueru by letting her see his ugly face.

Looking back at the bar, Haoden Ye quickly left.

“Master! You must take revenge for your disciple!”

Three hours later, inside a martial arts school in Yuzhou County, Xu Guanfeng knelt down on both knees and cried bitterly.

In front of him, an old man with a white beard was slowly drinking tea.

The old man was in his early fifties, with white hair and clean skin, and was facing quite dignifiedly.

“You think people are turning on you without even touching you?”

A sip of tea went down, and the old man’s eyebrows quirked.

“Not really, the apprentice did make contact with him, but at that time the apprentice slapped him in the abdomen, but he didn’t hit the apprentice!”

Xu Guanfeng’s body shook slightly.

There was no chill in the old man’s words, but it chilled his heart.

“I was slapped by you and I’m fine, but instead your Qi was melted...”

The old man frowned, revealing a pensive look.

“There are ways to transform other people’s qi through the air, but he’s young, so there’s no way he’ll have that attainment!”

Shaking his head lightly, the old man seemed to dismiss one of his own ideas.

After saying that, his gaze fell, carefully observing Xu Guanfeng again.

“Press the bottom three inches of your neck for pain!”

Suddenly, the old man’s eyes glowed and he spoke.

Xu Guanfeng was unsure and could only do as he said.

Pressing lightly, Xu Guanfeng looked just as tight.

“Ouch!”

Xu Guanfeng shouted out.

“So that’s it, I didn’t expect him to be a point expert!”

With a heated smile, the old man revealed a dazed look.

“Master is saying that he tapped my acupuncture points... No way, just tapping my acupuncture points can melt my chi for over a decade!”

Xu Guanfeng looked horrified at the old man’s words.

“Huh? This is nothing! Not to mention transforming your chi, it’s easy enough to make you half paralyzed!”

With a cold snort, the old man stood up.

“Unless it’s at the point where your grandfather is like that, the average martial arts practitioner will be scrupulous when they encounter a pointing expert, and disciple ah, you’ve offended the wrong person this time!”

The old man sighed and shook his head slowly.

Xu Guanfeng paled and lowered his head, “Master, then should we leave Yuzhou!”

“Oh, that man knows how to spot points, but he’s only learned the bare bones!”

Haoden Ye was so young, how powerful could pointing skills be?

It was just that Xu Guanyuanfeng had underestimated the enemy and found his chance.

“Master, you can avenge me, yes?”

Xu Guanfeng looked agitated, more than a decade of anger was dissolved by Haoden Ye with a single stroke, how could he not hate?

“Revenge?”

The old man was slightly stunned and whirled around to laugh.

“You’re out of breath and nothing more than a loser to me, so why should I bother to offend anyone for you?”

With a cold snort, the old man slowly stretched out his hand and pressed it on Xu Guanfeng’s head.

“Master isn’t afraid of that boy, but he’s afraid of the person who taught him how to point the acupuncture point, this kind of technique has been lost long ago, and even I can’t do it!”

As his hand fell down, Xu Guanfeng’s face gradually turned gray.

“Yue Yun is trying to suck up to Master, so to speak, and Master is on the loose here, so don’t get in Master’s way, okay?”

After saying that, the old man’s fingers closed fiercely.

There was not a single sound, but Xu Guanfeng’s body had gone soft.

“Master Long!”

At this time, a man suddenly walked in the door.

The man was tall, broad shouldered, and looked like a walking mountain, it was Yue Yun, the leader of the Yuzhou underground world.

As if he had done something less than spectacular, the old man smiled and withdrew his hand.

Glancing at Xu Guanfeng on the ground, Yue Yun’s face was gloomy for two.

“Master Long, but you promised me that you would make Zhou Jiu Zhen my woman!”

Biting his teeth, Yue Yun spoke to the old man.

“Oh, what’s Boss Yue anxious about!”

With a faint smile, Master Long returned to his chair.

“Xu Guanfeng is but one of my many apprentices, and I have a second apprentice who is now on Mount Hua!”

Said the old man, his eyes narrowed.

“He has never shown his face in front of anyone, and his martial arts path is different from Xu Guanfeng’s, so it’s impossible for others to know he’s one of yours, this time, let’s not come in the open, let’s come in the dark!”

Hearing his words, Yue Yun’s eyes shot out two excited lights.

Licking his lips, Yue Yun smiled, “What Master Long means is that we have kidnapped Zhou Jiu Zhen?”

“Kidnapping is a bit of an overstatement, I’ll make her come willingly to your bed!”

With a heated smile, Master Long’s face flashed with pride.

Yue Yun laughed at the words.

At this time, the smile on Master Long’s face tightened and he said to Yue Yun, “Boss Yue, you promised me those ten girls...”

“It’s ready to go, and they’re all juniors who haven’t opened yet!”

Hearing this, Master Long nodded his head in satisfaction.

“I’ll arrange to come over one after another in the next few days, so you enjoy!”

Yue Yun said and exited the room.

Master Long saw him leave, and that’s when he stood up from the ground.

Taking a look at Xu Guanfeng on the ground, Master Long sighed slightly.

“O Master, I hope that the kind of method of picking yin and tonifying yang that you’re talking about is effective, or else this sin of my disciple will be a bit too big!”

Suddenly thinking of Haoden Ye who could spot points, Master Long’s brow furrowed slightly.

“This person must be found out, otherwise I won’t feel safe hiding here!”

Thinking of this, Master Long pulled out his phone and dialed a number.

“Kuan Rui, tomorrow, you’ll go down…”

Chapter 461

Alchemy put inside, and Haoden Ye put the prepared herbs into the divine farming tripod.

With his impetus, the Shen Nong Tripod glowed red!

The temperature in the room rose, while at the same time, the Shennong Tripod began to shake violently.

“Strange, this hasn’t happened before, what’s going on?”

In the midst of confusion, Haoden Ye discovered that a golden light floated out from inside his dantian.

The golden light was like a glowing golden mist that slowly entered the Shen Nong Tripod.

Boom!

A thunderclap sounded inside Haoden Ye’s ears, and the incantations inside the Divine Peasant Tripod seemed to suddenly come to life, actually radiating golden light as well.

A moment later, the light dissipated and the Shen Nong Ding resumed its bottleneck.

And the pills inside had even taken shape.

“So fast, the pills that used to take a day to concoct took less than an hour today!”

Feeling that the pills had been successfully refined, Haoden Ye hurriedly looked inside the divine farming tripod.

“Ah!”

There were actually two rejuvenation pills inside the sacred farming tripod in sight!

Seeing the situation, Haoden Ye was greatly surprised.

One had to know that refining a rejuvenation pill required over four million herbs.

Four million a rejuvenation pill is still a lot of money for many people.

And this time, he had actually refined two of them.

“Who should the other one go to?”

Thinking about the effect of this pill, Haoden Ye hesitated.

Maya Shen had already taken the Rejuvenation Pill, and the second time this pill was taken, the effect would be greatly reduced.

And with the number of times you take this pill, the effect is less obvious.

Maya Shen, who had just eaten it once, didn't need to eat it again.

Coming out of the alchemy room, Haoden Ye saw that Li Daniu and his wife were walking here.

The moment he saw the two of them, Haoden Ye cringed without.

“Boss Ye!”

Li Daniu smiled and hurriedly ran over.

“Your time down there is a bit short today!”

After saying that, Li Daniu saw that Haoden Ye had been staring at his daughter-in-law.

Sister-in-law Li was also a little shy by Haoden Ye's look, and lowered her head with a blush.

“Boss Ye, what are you looking at my daughter-in-law for!”

Li Daniu didn't think Haoden Ye would like his daughter-in-law.

Among the two women he thought of as Haoden Ye, Maya Shen and Sun Qian were both heavenly beauties, and his own wife was far from it.

“Bull, have you guys been anywhere lately, eaten anything!”

With a slight frown on his brow, Haoden Ye asked Li Daniu with a serious look.

“What did you eat?”

Scratching his head, Bull Lee recalled.

Sister-in-law Li here also showed a pensive color.

Both of them could see that Haoden Ye looked serious.

“We’ve been in the office for the past two days, and to say we have, we went to a health spa with my wife yesterday!”

Hearing this, Haoden Ye’s eyes glowed.

“Tell me about this health center!”

“This wellness center was just opened yesterday for a very low price and surprisingly good results!”

Pointing at his own daughter-in-law, Li Daniu said, “You see my daughter-in-law, isn’t she much more beautiful than before, this effect of wellness, guess not five hundred dollars!”

At this point, he was vaguely aware of what was wrong.

“Boss, you’re not going to say there’s something wrong with this health center, are you?”

Upon hearing this, Sister-in-law Li also became nervous.

“Yes, there is something really wrong with this health center!”

Haoden Ye's face was gloomy.

As soon as he saw Sister-in-law Li just now, Haoden Ye could see that her Yin energy was weak.

The human body is a balance of yin and yang, and when this balance is disrupted, the body is damaged.

And women, because of their special constitution, have a little more yin energy than yang energy.

Once the yin energy is removed, there is more yang energy than yin, and people look better on the outside and have better skin.

In fact, this is just a representation of yang energy over yin energy.

It wouldn't take a day for the yang to transform into yin and restore that balance again, and the yin that had been sucked out would become a deficit!

"Sister-in-law Li, don't go anywhere today, just stay in the shade, no matter how cold it is, and don't ever get caught in the sun!"

With a solemn face, Haoden Ye reminded Sister-in-Law Li, Haoden Ye turned his head to Li Daniu and said, "Take me to that health center!"

On hearing this, Li Daniu didn't dare to take it lightly and quickly drove to wait for Haoden Ye to go to the health center he went to yesterday.

When he arrived at the entrance of the health center, Haoden Ye saw that there was already a long line of people at the entrance, and many young and beautiful girls were among them.

Getting off the car, Haoden Ye walked inside without saying a word.

"Hey, you have no class, why don't you know how to get in line!"

Just after taking two steps, Haoden Ye was stopped by a girl.

"That's right, two grown men have the nerve to come, this is a place for a girl's beauty!"

"Is everyone who drives a good car so uncouth? It's great to have money!"

A bunch of girls complained and a bunch of warblers chattered, which was also a headache.

“We’re not here for beauty, we’re here to settle scores with the people here!”

Li Daniu thought of his wife being harmed by someone else, his heart burned with anger and he shouted.

“A reckoning? Do people owe you money?”

“Well, I think it’s because your wife is ugly, and you’ve done it to no effect to come and make trouble with people.”

“Don’t come if you can’t afford to spend the money, it’s only a few hundred dollars in total, so don’t be so angry even if it doesn’t work!”

The girls have a love of beauty, and after seeing the effect of other people’s beauty, they naturally want to try it, and when they see Li Daniu coming to make trouble, they are certainly not happy.

“Long hair, short knowledge, I’m not going to argue with you!”

Fighting Lee Da Niu is no opponent, stepping inside.

But how could the girls let him get in ahead of them and immediately block the way.

“Who are you guys, so bossy, aren’t you afraid people will call the police?”

“I’m standing right here, don’t you dare try to touch me!”

The girls all looked angry.

The doorway was suddenly a mess, attracting many people who came to see it.

At this time, wellness management came out a man.

A kindly laugh rang out, attracting a lot of attention.

Haoden Ye looked up, but he saw an old man of about fifty walking up to him.

The old man’s beard was all white, but his skin was smooth and white, and he didn’t even have many wrinkles.

The girls lit up at the sight of this old man.

“Oh, two little friends, but did we get a beauty treatment here and it didn’t work?”

The old man's smile was gentle, giving him a feeling like a spring breeze.

Rao knew that this person had a ghost, and Haoden Ye even felt like he couldn't lose his temper.

"This is the old man who gave my daughter-in-law a facial!"

Da Niu Li doesn't care if you have crane hair and get angry when you see the old man.

"Oh, little friend don't get angry, anger is the bad luck of people, people who get angry a lot will have gas bubbles on their foreheads, you see your skin is rough, it must be because you get angry a lot, I can help you with your physiotherapy, I'll give you a 20% discount, a thousand dollars!"

The old man was scolded by Li Daniu pointing at his nose, but he was not angry, instead he was amiable.
