

Chapter 465

Seeing the looks of these girls, Li Daniu shook his head.

Although it was normal for a girl to love beauty, it made him feel uncomfortable to be so pleasant to such a bad old man in order to become beautiful.

The girls gathered around Longbush and tried their best to show their affection.

Some girls are a step too slow and don't even get a chance to show up.

However, when they saw Haoden Ye, their eyes all lit up.

"Hmm, this Mr. Yeh, where's the girl you just brought in?"

Since you can't suck up to Long Bo Xi, take the opportunity to beHaodenden Ye and please Long Bo Xi.

"It really is a liar, not even capable of it!"

"Still wanting to compete with Master Long, you deserve it too! People like you are the scum of society!"

The girls have gone to great lengths to make Lombosi happy.

Eyes sweeping over the pleasing looks of these girls, Long Bo Xi smirked in his heart.

“If it weren’t for the fear of being discovered by those people, with my husband’s means, wouldn’t picking yin and mending yang be twice as effective with half the effort?”

“Oh, ladies, don’t make it difficult for this Mr. Ye, after all, I’m using the secret method of the ancient court, it’s not a bit bullying!”

Hearing the girls snubbing Haoden Ye, Long Bo Xi immediately stepped forward to be the good guy.

“Master Long is really generous, but this kind of person your money must not let go!”

“Master Long, if you let this kind of villain off the hook once, he’ll definitely come back, this kind of person has thick skin!”

“Hurry up and call the police to arrest him, we’re all Master Long witnesses!”

The more the girls spoke, the angrier they became, after all, they almost lost a chance to make themselves beautiful because of Haoden Ye too.

“How can you say that about Mr. Ye?His physical therapy is working!”

At this time, a sudden discordant voice sounded.

Hearing the voice, everyone turned their heads to look.

But there was a very pretty girl standing behind the girls.

“Who are you, this friend of Yeh’s?Where’s the proof that you say his physical therapy is working?”

Immediately a girl expressed anger.

“Hmph, you’re not a good person to help this Ye speak for you!”

The girls turned their spears on the pretty girl.

“Does everyone...does everyone not recognize me?”

Hearing the girls’ words, the pretty girl blushed and touched one hand to her cheek, “Have I changed so much?”

Everyone was stunned to hear it!

Know you?Who knows you?

Soon, several of the girls vaguely recognized who the girl was.

Because when Haoden Ye brought the acne girl in just now, they had paid attention to the girl's clothes.

“Oh God...oh God, am I seeing a ghost!”

“Isn't he...also the girl whose last name is Ye who did the beauty treatment?”

Everyone was dumbfounded by that statement.

Even Long Pahi, standing in the middle of the girls, was dumbfounded!

Wasn't the girl in front of her the same girl who was being groomed by Haoden Ye?

But she's changed so much!

The skin is whiter, the zits on my face are gone, and even my voice, it seems, sounds better.

“It’s make-up, it must be make-up!”

The girls gave incredulous looks, and some of them had the nerve to run up to the girl and try to wipe something off her face.

However, after half a dozen attempts, they had nothing.

“What are you guys doing, I’ll call the police on you in that, I...I’m just changing a little bit!”

Though the voice was angry, the tone was very happy.

Isn’t the distrust of these girls a sign of how much you’ve changed?

It’s time for someone to finally start believing well.

“Master Ye, you are amazing!”

The girls shifted their targets and ran towards Haoden Ye.

“Master Ye, try it for me too, please!”

The crowd, which had just scoffed and scoffed, now looked eager with anticipation.

Even more so than how they had just treated Long Bo Xi.

In an instant, Haoden Ye was surrounded by a bunch of girls.

Outside the crowd, the eyes of the Longbottom watching all this narrowed.

He didn't believe that Haoden Ye's method was better than his own method of picking yin and toning yang.

"Oh, I underestimated my little brother, you must have spent a lot of money to achieve this effect!"

Laughing coldly, Longbottom suddenly.

At his words, all the girls looked nervous.

A pair of eyes looked at Haoden Ye, waiting for his answer.

If the price of this effect was too high, how could they, ordinary girls, afford it?

“Master Long is overly concerned, the cost is high, I need to ask the lady!”

Smiling slightly, Haoden Ye looked at the acne girl.

All eyes turned to the girl.

The girl was slightly shy, as if she wasn't used to being called the center of attention.

“Well... Master Ye just gave me a few stitches, less than a minute in total!”

At her words, all the girls stared.

Just a few stitches and that's all it took?

And Long Pohi's face changed at the news.

“No way, it's just acupuncture, it can't work like that!”

Longpoix's eyes were full of suspicion, and he couldn't help but make a sound of surprise.

The difference between this look and the older, more serious look he just had was huge.

The other girls were skeptical as well, who could believe that a few stitches would have that effect?

“If you don’t believe me, I can demonstrate it live!”

Shrugging his shoulders, Haoden Ye revealed a helpless look.

“Good, you demonstrate it now, and if it really has that effect, I’ll close this store immediately!”

Longpoche snorted, his face full of distrust.

“Oh, it’s actually using the principles of Chinese medicine!”

With a slight smile, Haoden Ye walked to the other girl.

This girl had the same symptoms of body dysfunction as the acne girl.

Her symptoms weren’t very noticeable, though, just rough skin and a bit of gray hair.

The overall look, however, has a very significant impact on the girl's appearance.

The girl saw Haoden Ye come over and looked nervous.

In full view of the crowd, Haoden Ye pulled out a silver needle and stuck it on the girl's body.

His hand speed was so fast that the crowd could barely see how he did it.

Can he read the acupuncture point at such a fast pace?

All the girls, and even Long Bo Xi and Da Niu Li, had their minds swell with doubt!

In less than a minute, Haoden Ye finally finished his acupuncture.

However, the girl in front of him hadn't changed at all.

"What's going on, why hasn't anything changed at all?"

"This Master Ye isn't lying, is he!"

The girls were confused.

And Longbush's eyes narrowed!

Just then, the girl suddenly wowed and ran into the clearing throwing up wildly.

From her mouth, she spat out a puddle of black filth that reeked.

All the girls covered their mouths, some of them taking several unbearable steps back and snatching away.

Chapter 466

However, the moment the girl turned around, everyone stared at her.

The girl was now red and her skin was turning a little pale.

Visible to the naked eye, she is changing.

"It's amazing, it's soothing. Obey!"

The girl let out a sound of relief, as if she were a newborn.

"Oh, it looks like the rejuvenation pills are working well!"

For this girl, the symptoms Haoden Ye could treat were limited, the rest would depend on the power of the rejuvenation pill.

By combining acupuncture with medication, it is possible to make visible changes in a girl's appearance in a short period of time.

Of course, a complete change would require taking the whole rejuvenation pill.

“This time, people believe me!”

In the midst of everyone's astonished gazes, Haoden Ye's voice sounded.

Would anyone doubt it if they saw the miracle with their own eyes?

“Master Ye, try it for me too!”

“Master Ye, I have to try it too!”

The girls swarmed to Haoden Ye at once and surrounded him again.

Seeing their appearance, Haoden Ye also smiled bitterly.

“Everyone calm down, I have more to say!”

Seeing an excited face, Haoden Ye was busy telling the girls, “I’m a student of Chinese medicine, it’s not so much physiotherapy as it is healing just now!”

Saying that, he pointed at the pimple girl, “Actually, the reason she looks like this is because of a secret disease inside her body, not a cosmetic effect!”

At his words, all the girls stayed still.

Haoden Ye had just defeated Master Long, so how could he suddenly say that his method wasn’t physiotherapy?

So, you don’t have a chance to be beautiful?

Seeing the girls’ questioning looks one by one, Haoden Ye’s tone became serious.

“Looks are natural, and there’s nothing wrong with having a love of beauty, but what matters most about a person is not just their looks!”

He said, pointing to Master Long’s physiotherapy store.

“If you overdo it in pursuit of beauty, you will fall into the trap of some unscrupulous people, such as this store, which makes itself beautiful at the expense of everyone else’s bodies!”

The girls just remembered or what they had said before, and their faces changed.

“There’s no such thing as a quick fix in this world, how can it be possible to make yourself beautiful with just a little work?”

Seeing many girls reveal their contemplation, Haoden Ye breathed a sigh of relief in his heart.

“And those who have been beautified in this store will not show any symptoms for a short time, but after a long time on earth, the body will have problems, and to put it bluntly, a persistent disease!”

All the girls turned pale at the news.

Especially those who have just finished their beauty treatments and subconsciously touch their cheeks.

Is it worth getting sick over beauty?

Thinking about it, all the girls turned their heads in anger, looking for Master Long.

But where is Master Long in sight?

“That old man got away!”

“Damn it, hurry up and call the police, this man is killing us!”

The girls got angry.

There were also girls who were smarter and quickly grabbed Haoden Ye’s hand, “Doctor Ye, you have to save us!”

Seeing the repentance inside their eyes, Haoden Ye revealed a pleased smile.

“Don’t worry everyone, the damage to your body is not great, just avoid the sunbeds, drink plenty of cool water, rest for a week and your body will gradually recover, but remember, don’t do this kind of beauty anymore!”

All the girls were relieved to hear his words.

“Just now, did Dr. Ye say that those two girls were physically ill to become ugly? Do you see if I’m sick?”

“Dr. Ye, can Chinese medicine be used for beauty or not!”

“Dr. Yeh, if you’re so good, you should know a lot of beauty methods, too!”

Some smart girl, at this point, immediately thought of something.

All the girls were bright-eyed at these words.

“Dr. Ye, please teach us!”

Many girls began to pamper themselves at Haoden Ye.

The girls seemed more excited than they had been a moment ago.

Haoden Ye must be a good person since he dared to stand up and tear down Master Long, he would be great if he had a good beauty treatment.

Seeing their looks, Haoden Ye smiled bitterly.

I feel like I’ve just said all that for nothing.

Beauty treatments he naturally has, but each one requires him to do physical therapy himself.

And, if you want to achieve the rejuvenation pill kind of effect, physical therapy will take at least a year.

If it was purely for beauty, would he need to do anything else?

“Well, there’s still a way to do it, but...”

One by one, the girls got excited when he said there was a way.

When Haoden Ye opened his mouth with a single sentence, he hated to bite off his tongue, because he saw that the girls looked at him like a wolf seeing meat.

“Big Brother Bull, help me!”

In an instant, Haoden Ye was drowned out by the girls, and countless pampering voices rang out while his clothes were pulled up by them.

“Can’t let him get away, sisters!”

Seeing Li Daniu coming to the rescue, the girls immediately blocked him.

The police arrived in less than ten minutes, and that's how Haoden Ye was rescued.

Of course, Haoden Ye didn't want to disappoint the girls and imparted the method of self-massage.

The effect of these methods is not significant, but if you stick to them for a long time, even if you can't change your looks, the effect of prolonging your life is still there.

"Doctor Ye, we've already investigated, this Long Bo Xi is using a fake name and the store isn't even registered with the Bureau of Industry and Commerce!"

The police officer at the police station explained the situation to Haoden Ye.

"How dare he open a store without being registered with the Better Business Bureau?"

Haoden Ye listened, and people were dumbfounded.

"Hey, it's also that there are too many stores in our country, so who would pay attention to stores like these that are open one or two points? This man should be a repeat offender, fire a shot for a shot!"

The policeman also showed a look of helplessness.

“This one is pretty low key, the last time we checked a store was openly holding an event for a certain operator to cheat people, shooting a gun for a gun, and by the time we got the information, people had already been gone for a day!”

“We put out an APB on the internet, but people still keep falling for the scam!”

The cop sighed and shrugged his shoulders.

“It usually takes a long time for the people to realize they’ve been cheated, and there are so many things to investigate on the IAB side that it’s often easy to overlook these small areas!”

After listening to the police explanation, Haoden Ye was helpless.

Our country has nothing else but a large number of people, and it is very difficult to investigate such mobile crimes.

From the police station, Haoden Ye got into Li Daniu’s car.

A short while after the car drove out, a police car blocked Haoden Ye’s way.

When the two men wondered off the bus, they saw Alma Su running from the car.

“Hehehe, Dr. Yeh!”

As soon as she saw Haoden Ye, a very enthusiastic smile appeared on Alma’s pretty face.

Chapter 467

Seeing this smile of hers, Haoden Ye, for some reason, had a psychological hairy feeling.

“Officer Searle, do you need something?”

Haoden Ye’s tone was very polite and a bit too formal.

“Oh geez, we’re all old acquaintances, why are you so polite, my dad admires you, and I also... ahem, I feel good about you, you can just call me Alma!”

With his innocent smile, this unruly officer has suddenly become a very cute girl!

“Ahem, Sue...Kitten, what did you want to see me about?”

Haoden Ye didn't dare to be confused by her words.

"This... I heard you have a beauty method to teach people la... Do you also know how to do acupuncture and beauty, I want to try it!"

Alma's eyes shot out two rays of hopeful light, surprisingly with a little wolfishness as well!

With a bitter smile, Haoden Ye shook his head.

If not, she's here for this.

"Miss Su, the methods I have have been taught to those girls, if Miss Su is interested, she can ask them!"

Haoden Ye's eyes were sincere and very serious.

However, after hearing his words, Alma Su's pretty face stiffened.

"Doctor Ye, people were really rude to you in the past, I apologized to you, can't I, I will definitely not get you in trouble in the future!"

Alma revealed a prayerful look, "Don't hide it, I promise not to tell anyone!"

Smiling bitterly, Haoden Ye said very sincerely, “I really don’t have a secret recipe, to say that I do, it’s all rather expensive, and the effect is limited on a naturally beautiful girl like you!”

Soon, Haoden Ye saw what it meant to change his face.

Just with the enthusiastic Alma Su, a pretty face instantly turned icy cold.

“Surnamed Ye, I didn’t expect you to be so careful, isn’t it just that people have a bit of a problem with you, and you still miss it!”

Seeing the little beauty fuming, Haoden Ye was helpless.

“Miss Su, I really don’t have... to say there’s no method, but it requires... ahem, it requires Miss Su to take off her clothes and I’ll do a full body massage for you!”

Direct rejection was useless, Haoden Ye could only be inventive.

Hearing Haoden Ye’s words, Alma Su’s pretty face blushed.

How could she, a yellow-flowered girl, let a grown man have a full-body massage?

Alma Su’s cheeks just burned at the thought of that scene.

Especially since it was Haoden Ye, a big rascal, who said this, it made her feel even more ashamed.

Alma Su's heart moved as he raised his head, but saw the look on Haoden Ye's face that he had dodged a bullet.

"Surname Ye, you dare to molest me!"

She could still not tell that Haoden Ye's words just now were deliberately so because she didn't want to get tangled up with him.

Haoden Ye was shocked at the words, never thought this girl was so smart.

"Miss Sue, have mercy, I'm really not lying!"

Haoden Ye thought of this little beauty's personality and turned around to get inside the car.

The little beauty blocked his path and glared at him in exasperation.

"Surname Ye, you still dare to talk to me about hooligans, you will definitely not be let off this time!"

The little beauty was angry, but she hadn't forgotten her duty as a police officer and didn't force the car door open.

"What kind of man are you to come out and hide in the car!"

Pointing at Haoden Ye, the little beauty was furious.

Haoden Ye was a smart man and was determined not to get off.

The two men confronted each other for a while, but then the little beauty suddenly brightened and turned around, pulling a can of guessing spray out of the police car.

Then he ran to the front of Haoden Ye's car, drew a big turtle with spray, and then wrote "Haoden Ye" on the turtle.

Finishing her work, the little beauty smiled proudly at Haoden Ye.

Seeing this, Haoden Ye also smiled bitterly.

The little beauty finished her revenge, which turned back to the police car.

"Drive!"

Haoden Ye turned his head to say something to Li Daniu, but he saw that Li Daniu was smirking at him.

“What are you laughing at, a repaint of the car would cost hundreds of thousands of dollars!”

Haoden Ye glared at him and didn't have a good look at him.

“Hey, hey, the boss is awesome, the cops can handle it, and this girl has a crush on the boss!”

Li Daniu hehe giggled.

At the news, Haoden Ye just laughed bitterly, this kid's brain circuit was really peculiar.

Alma's police car quickly made way, and Li Daniu started the car and was about to leave.

Just at this time, Haoden Ye saw a familiar figure coming over to the police station, and it was Brother Six!

At this time, Sixth Brother was looking panicked, with seven or eight punks behind him.

Seeing this, Haoden Ye's eyebrows furrowed.

Look at this demeanor, Sixth Brother wouldn't be coming to the police station to cause trouble.

He was a member of Sister Jiuzi's family, so it wouldn't be good for Sister Jiuzi if Sixth Brother came here to cause trouble.

Thinking of this, Haoden Ye hurriedly got off the car and walked towards Sixth Brother.

Sixth Brother was walking here in a hurry and was slightly stunned when he saw Haoden Ye coming over.

"Where are you going, Sixth Brother?"

Haoden Ye pretended not to see the excited look on his face and chuckled.

"Dr. Yeh, it's just as well you're here, don't you know Mr. Holander? Could you ask him for a favor?"

Sixth Brother had an anxious look on his face and hurried to Haoden Ye's front.

"Let Mr. Holander help? What the hell is going on!"

Haoden Ye revealed a puzzled look.

“Zhou is missing, we’ve been looking for her all day, and now the gang is going crazy with anxiety!”

Sixth Brother looked panicked.

Upon hearing this, Haoden Ye was dumbfounded.

He soon thought of something and quickly said, “I heard that Sister Jiura invested in a resort some time ago, will she be going there!”

“No, Sister Zhou used to leave the club for a few days, but she would always tell us in advance and would explain the club’s business before leaving, but this time she suddenly disappeared!”

Sixth Brother quickly shook his head.

Saying that, he lowered his voice, “We have a batch of smuggled goods to be shipped over in the past two days, they are all some knock-off iPhones, Sister Zhou was supposed to personally receive them, but I couldn’t see her people in the morning!”

“The club has searched up and down, we’ve contacted everyone we can, and no one has seen Sister Zhou!”

Hearing this, Haoden Ye’s heart also went cold.

There’s no way Sixth Son would run to ask the police for help unless he had to.

In an instant, countless possibilities appeared in Haoden Ye’s mind.

With a woman as beautiful as Jiuzhi, if someone really kidnapped her, it was easy to imagine what they would do to her.

“You hurry to the police station, I’ll go to Mr. Holander right away... I’m afraid Mr. Holander can’t help you with this matter, I’m going to meet someone!”

Haoden Ye spoke to Sixth Brother and stepped away.

I just took two steps and was stopped.

“Hmph, surnamed Ye, you’ve finally come out, what are you talking to those punks? Is it going to be a bad thing?”

Alma blocked his way, a warning look on his face.

“Get out of my way, I’m busy!”
