

Chapter 468

All along, Haoden Ye had been stoic and very good-tempered towards Alma Su.

Suddenly being scolded by Haoden Ye, Alma Su was startled.

“Why are you being mean, I’m just asking, if you do something bad, I won’t be soft on you as a cop!”

Alma snorted and pursed her lips to show an aggrieved look.

She reminded Haoden Ye of this instead.

Sue is also a police officer and looks very competent, so it’s good to have her help.

“I’m sorry Officer Su, I’m in a hurry, a friend of mine is missing and I’m trying to get help finding her!”

Haoden Ye was in a hurry.

“Someone missing?”

Alma was slightly startled and glanced at the distant Sixth Brother and the others, revealing a sudden look.

“They’re going to call the police, I guess, but the police won’t help!”

Shaking his head, Alma said, “If it’s a child that’s missing, the police will open an investigation within twenty-four hours, but for adults, it’s usually twenty-four hours later!”

Haoden Ye was startled and whirled furiously.

“Someone goes missing and has to wait twenty-four hours?”

“Why are you being mean to me! It’s a forty-eight hour wait in a foreign country!”

Alma’s eyes stared at him, but his appearance soon eased.

“Anyway, I’m on leave today, so let me do you a favor while I contact the police station and have them help with the investigation, and you have to take me to the place where that man was last seen, I need to scout it out!”

Said Alma proudly, “When I was in the police academy, I was number one in detective ability!”

At the news, Haoden Ye was delighted.

He didn't know how to detect, and it was naturally best to have Alma's help.

“Okay, but before that, I'm going to meet someone!”

Haoden Ye got into the car with Alma and went on a wild ride.

The car quickly arrived at the Lin family villa, and Haoden Ye hurriedly got out of the car.

Alma followed him out of the car, seeing him arrive at this deserted villa, wondering in his heart.

What's he doing here if he's lost?

Hurriedly entering the villa, Haoden Ye quickly found Figmen Lin.

At that moment, Figmen Lin was feeding the goldfish in a flower pond, looking very leisurely.

Seeing Haoden Ye rushing over, Figmen Lin didn't even return.

“Lin, sorry to bother you, but I have a favor to ask of you!”

Alma followed behind him and looked at Lin curiously.

Figmen Lin was facing Cihe, looking like a friendly person, but not annoying.

“Oh, you don’t have to worry, the person you’re looking for is fine now!”

With a slight smile, Lin stood up and slowly turned around.

Hearing his words, Alma’s face changed.

“Old man, did you kidnap her? I’m a police officer, and I’m arresting you now!”

It wasn’t her fault, even Haoden Ye was a bit surprised when he heard Lin’s words.

But he didn’t think that Sister Jiuzi’s disappearance had anything to do with Lin.

“Oh, comrade police officer, you’ve wronged someone, can I, a bad old man, kidnap a big sister of the Dan City mob?”

Hearing his words, Alma Su's heart was shocked again.

The one lost was even a big sister of the mob in Dan City, how did Haoden Ye know her?

Is Haoden Ye also involved in crime?

“Old Lin, since you know she's fine, I hope you can instruct Haoden Ye on something, this person is very important to me!”

“This...”

Figmen Lin frowned slightly, a look of difficulty on his face.

“This matter was started because of you, so naturally it needs to be resolved by you, and I'm afraid that if I interfere I'll make things worse instead!”

Shaking his head and sighing, Figmen Lin revealed a helpless look.

Hearing his words, Haoden Ye's face changed slightly.

After thinking about it carefully, Haoden Ye's eyes glowed.

Does this have anything to do with Xu Guanfeng?

Thinking of this, a chill arose in Haoden Ye's heart!

“Oh, I'm afraid you have a bit of a head start now, that's all I can do to help you, this girl deserves this fate, it was supposed to be the end of her destiny, but running into you... her destiny has become much more interesting!”

With a heated smile, Lin turned around and walked inside the villa, no longer paying attention to the two men.

“This old man, what is God saying! What destiny robbery, is he a fortune teller?”

Alma frowned, a look of displeasure on her pretty face.

If it had been before, she would have arrested the old man, but after the last time she saw a ghost, she was less determined to resist a lot of the mysteries.

As for Haoden Ye's side, his brows furrowed at Lin's words.

Figmen Lin said that Sister Jiuzi was destined to have this crisis in her destiny.

She was going to die because of this, and because of herself, she had a chance of survival?

But where's the life?

Haoden Ye's heart grew anxious.

As he watched Lin go far away, Haoden Ye wanted to ask more questions, but he didn't know how to speak, so he turned around and left.

But he had only taken two steps when Lin's voice suddenly rang out behind him.

"Haoden Ye!"

Haoden Ye subconsciously turned around, but he saw Figmen Lin staring at him, his eyes shining.

"Did you see that, it's getting windy!"

Haoden Ye was startled, and indeed felt a cool breeze coming in.

He didn't understand Lin's meaning, and his face showed a puzzled look.

But Figmen Lin had no intention of explaining, instead he revealed a smile of unintelligible meaning and slowly said, “The dragon soars, the tiger roars the river, the gale rises, the destiny returns! Oh, the wind has risen well!”

The two of them left the villa and Alma whispered.

“Who is this old man, living in what a luxurious villa and talking divinely, is he a fortune teller?”

Haoden Ye was now full of things about Sister Jiura, smiling just subconsciously shook his head and said, “I’m also hungry and don’t know who he is, but every time I’m in trouble, he can help me!”

“Hmph, I think he’s a prodigy... but I do sound a bit familiar with what he said!”

Alma Su thought for a moment, as if he suddenly remembered something.

“Ah, I remember, I have a painting at home that says just that!”

Rao was worried about Sister Jiura in his heart, but Haoden Ye was still attracted to her.

“What painting?”

Frowning in thought for a while, Alma Su shook his head, "I can't remember, or if I saw my dad secretly take it out to read it when I was a kid, I haven't seen it since I grew up!"

At this point, Alma's pretty face blushed slightly, "When I was little, I was afraid of sleeping alone, so when I woke up at night with nightmares, I went to my parents' bedroom!"

"I remember the day Dad was in the study instead of the bedroom, staring at the painting most of the night, and I asked him what it was, but he quickly hid it!"

Hearing her say that, Haoden Ye became even more curious.

Fang Weicheng loves Alma Su the most, is there anything he's afraid his daughter will see?

"Didn't you ask?"

"Of course I asked, all Dad said was that it was painted by some tall man who has been dead for a long time, and that he was lucky enough to have been spotted by the tall man to get where he is today, and that if I went into business when I grew up, the painting would be passed down to me!"

Chapter 469

“Does it mean that Mr. Fang and Lin know each other?”

Mentally wondering, Haoden Ye didn't think much about it.

Asking from Sixth Brother about the place where Nine's sister had disappeared, the two men drove there.

The place where Sister Jiuzi disappeared was an underground bar in Dan City.

The so-called underground bar actually has a full business license, but it runs some peachy business.

“Zhou was resting in this room last night, and she won't see anyone this morning!”

The bar owner was a woman in her late thirties who looked smart and capable and good looking.

She had already received orders from Sixth Brother to help Haoden Ye with all her might.

After letting the woman out, Alma Su began to inspect the room.

Watching her look left and right, Haoden Ye mentally anxious.

It was half a day before Alma returned to follow Haoden Ye.

“I checked the place, there’s no sign of entry or exit, the woman shouldn’t have been dropped from here!”

Alma spoke with great certainty.

Hearing that, Haoden Ye couldn’t help but frown.

“But the people at the bar said they didn’t see Nine’s sister come out, did she sneak out?”

Haoden Ye could not help but mutter in his heart.

“Hey, are you looking like that because you doubt my ability to detect?It’s good that I didn’t arrest you immediately when you brought me to this bar that hides dirt, so don’t challenge my patience!”

Seeing Haoden Ye’s gloomy color, Alma Su became unhappy.

But her words were something that Haoden Ye didn’t hear a word of in his heart.

He was dying of anxiety in his heart, how could he pay attention to this little beauty.

“How exactly do we find the clues?If only this room had a monitor!”

Haoden Ye couldn't help but think to himself.

Having just had this idea, Haoden Ye's mind suddenly moved.

There's no monitor, so maybe there's a ghost that died in vain.

From the information received from Yu Fang, Haoden Ye knew that ghosts were almost everywhere, except that they usually didn't dare to show their faces, and some were even just a wisp of a residual soul that didn't dare to show their faces at all.

Thinking of this, Haoden Ye cast his gaze towards Alma Su.

“Officer Su, first of all, I'd like to apologize!”

Haoden Ye looked apologetic.

“Why are you apologizing to me!”

Alma looked suspicious, feeling like Haoden Ye was about to do something bad.

Without any unnecessary nonsense, Haoden Ye sank his qi into his dantian and used the koi fish to urge the detention bell.

An ethereal bell sounded, and a green light radiated from Haoden Ye's hand.

Rao Alma also felt that the air around him seemed to have grown colder.

“Nearby ghosts, show yourself quickly!”

Muttering a sentence, Haoden Ye shook his hand in the air.

“Stinking rascal! What are you doing, wait for me to get out first!”

In the end, it's a girl who still has a fear of ghosts.

However, without waiting for her to take a step, Haoden Ye had already said, “Quickly possess the woman in front of you, there must be no mistake!”

Hearing these words, Alma Su's pretty face turned white.

In both eyes, two killing auras were thrown at Haoden Ye.

And in the air, there were now three additional situations, one of which quickly pounced on Alma Su.

“Haoden Ye, I want to kill...”

Without finishing her sentence, Alma’s petite body shook slightly and her eyes became dispassionate.

At the same time, two green lights landed on the ground and transformed into the shapes of two moral beauties.

“Daoist Master spare us, we are just people who died in vain, with an obsession to get down to the underworld and live on again!”

The two green light turned beauties immediately kneeled on the ground and begged for mercy with no life.

One had to know that they were just small ghosts with weak Yin energy, and the soul detention bell in Haoden Ye’s hand could easily make their souls fly away.

“Don’t you worry I’m not here to detain you, I’m asking you who was in this room last night!”

Without any nonsense, Haoden Ye asked straightforwardly.

“Daoist, the three of us were all in this room last night because Sister Zhou came and we sensed a familiar scent and stayed hovering over her!”

The ghost that possessed Alma Su immediately.

Because of the detention bell, she could speak freely.

“That’s great, did you see who kidnapped Cho?”

Upon hearing this, Haoden Ye looked surprised.

“I saw it, it was an old man and a woman, the woman was in her early twenties and quite pretty, the old man was in his fifties, and I heard the woman address the old man as Master!”

Hearing this, Haoden Ye was slightly startled.

It’s not Xu Guanfeng!

“What else did you hear!”

Frowning, Haoden Ye hurriedly said.

“There’s nothing else, but I remember that old man’s face so well that I can transform into his face to show you!”

A ghost returned, then the blue light on his body turned into an old man.

Seeing this old man, Haoden Ye’s face just changed.

Lompoches!

He grabbed Miss Chow last night?

But why?He didn’t have a problem with himself back then!

Did he know himself at all, and the conflict today was intentional?

The more I thought about it, the more likely it was that Haoden Ye couldn’t help but feel chilled.

“Lin said this incident was caused by me, is this old man related to Xu Guanfeng?”

To think that the only person who has messed with him lately is Xu Guanfeng.

“Can you guys help me find Cho?”

Hesitantly, Haoden Ye hurriedly said.

“That’s natural, we can sense Zhou, but it requires all three of us to be possessed by this girl!”

The two ghosts pointed at Alma Su.

“I give you permission to possess her!”

After hearing Haoden Ye’s words, the two ghosts were delighted and flew into Alma Su’s body.

“It feels so good to be human again, I really miss the old times!”

Attached to the man, the three ghosts sighed.

“Hurry up and take me to Zhou!”

Haoden Ye immediately ordered.

Re-entering the car, the three ghosts led the way for Haoden Ye.

They straightened a general direction, and Haoden Ye let Li Daniu drive there.

The car soon dismissed the city of Dan and entered the Yuzhno territory.

“It really is Yue Yun!”

Seeing that the place was in Yuzhou, Haoden Ye’s eyes narrowed.

At this time, inside the hidden room of an underground boxing gym in Yuzhou, Long Bo Xi was dressed in white, smiling at the woman tied in front of him.

“Hehe, it really is good stuff, no wonder Yue Yun is so infatuated with you!”

Licking his lips, Longpoix had a greedy look on his face.

“Bastard, let me go now or I’ll never forgive you!”

Even in the face of danger, Sister Zhou's momentum remained intact and her tone was stern.

Without answering him, Long Bo Xi slowly walked up to Zhou and tested her pulse.

Just for an instant, Long Bo Xi's eyes gleamed with astonishment as he looked at Sister Zhou.

"I can't believe that a woman of your stature hasn't slept with a man in over ten years and has only one man in her life!"

Hearing his words, Sister Jiuzi's pretty face could not help but be shocked.

Just testing for a pulse to get that much information?

"You don't have to be surprised, I practice the method of picking yin and tonifying yang, and I'm most sensitive to the female physique!"

Chapter 470

"What the hell are you doing arresting me!"

Seeing his obnoxious smile, Ninji asked angrily.

“Oh, don’t interrupt me yet, I told you I practiced the technique of picking yin and tonifying yang! Not only will this technique strengthen my constitution, it will also prolong my life!”

Lombosi said, turning around and waving.

At this time, a figure emerged from the shadowed part of the room, a woman by the look of her figure.

“This is my eldest apprentice, who has been with me since I was a child, and you are the one I kidnapped with her!”

With a heated smile, Longbush pointed at the woman.

“Miss Chow!”

The woman unmask her face to reveal a childish face of fifteen or sixteen.

Sister Nine’s pretty face changed slightly!

This woman’s figure is obviously twenty or thirty years old, and her voice is also very mature, but she is actually facing as if she were a child.

“Surprised is it, that’s the method of picking yin and replenishing yang, and if you want, you can be as youthful as she is!”

After saying that, Long Bo Xi looked at Sister Jiu Er with a smug face.

“You’re dreaming!”

Sister Jiuzi had a disgusted look on her face, didn’t she understand the meaning of picking yin and mending yang?

“How shameless of you to do this to your own apprentice when you’re so old!”

Cursing angrily, Sister Jiu Er glared at Long Po Xi fiercely.

“Oh, don’t be mad, you can refuse, I’ll just have to use you as a disposable pill furnace!”

Shrugging his shoulders, Long Poixi paid no attention to Nine’s angry scolding.

“It’s noon, your body’s yin energy is weak, yang energy is strong, picking at this time will not lose its effect, wait until midnight, I’ll let you know the benefits!”

After saying that, Long Bo Xi slowly walked out.

“Master, you have me, so why pick someone else’s yin energy!”

The two men left the room, and the childish woman immediately addressed Longpoche.

“Oh, Guanying, it’s not like you don’t know that this Master’s method of picking yin and tonifying yang is actually half of the dual cultivation of yin and yang, and although your constitution is yin, you haven’t cultivated the other half of the method, so your body’s yin energy is limited!”

Sighing, Longbush showed regret.

“I see, then I’ll go prepare for Master, this woman is reluctant at first glance, I’ll go get some medicine to help with the fun, so that Master won’t be unhappy then!”

Arching his hand, Xu Guanying turned around and left.

At this time, Haoden Ye’s car was already parked at the entrance of the underground boxing gym.

There were two able-bodied men guarding the door, and as soon as they saw the visitors, they stood up and shouted angrily, “This place is only officially open at night, it’s not business hours!”

The two men had very aggressive attitudes and were clearly not afraid of anyone.

Ignoring them, Haoden Ye stepped forward and charged inside.

“Bastard, looking for death, are you?”

Two people form rampant used to, unexpectedly today encountered a desperate, dengfeng spirit.

“Do you know whose place this is, boy?And dare to be so rampant!”

With a cold snort, one of the fists slammed down on Haoden Ye’s head.

“Daoist be careful!”

The possessed Alma Su behind him was robust and shouted in fear.

However, her voice had just been uttered, and Haoden Ye had already made his move.

But then he lifted his hand and gave it a little nudge on that yelling chest.

Just that, the yell screamed before the fist landed and the human elite took several steps back.

“Pain! It hurts so much!”

The big man was pale and lay crying on the ground.

The other sturdy one was shocked and took a step back, glaring at Haoden Ye with a fierce face.

“Kid, I think you’re looking for death, but you’re beating up on Big Brother Yue Yun’s territory!”

The man snorted angrily, then pulled out his cell phone, “You stare, boy!”

“Daoist, I don’t think this is a good place, let’s leave first, I’ll have one of my sisters billet out and just keep an eye on the place!”

Sturdy, “Alma” had a fearful look on his face.

However, Haoden Ye didn’t pay any attention to her advice and bored his way inside.

The man was furious when he saw that he had already contacted Haoden Ye and he dared to walk inside.

Looking around, he found an iron rod beside him, and the man was so happy that he copied it up and smashed it at Haoden Ye's head.

Alma shrieked from behind.

But as soon as her voice was uttered, it was as if Haoden Ye had eyes in his back, and his body suddenly tilted, dodging the stick.

Without turning his head back, Haoden Ye grabbed the man's hand, and without knowing how hard he was pushing, he heard the man let out a scream, covering his hands and falling to the ground.

With a kick to the door, Haoden Ye walked inside.

"Who are you to rush to Yue's field to cause trouble!"

Just inside the door, I saw a large crowd of people running, about twenty of them.

These guys are all from the boxing gym, and they all look like they have skills.

"Where's Cho?"

Without any unnecessary nonsense, Haoden Ye asked in a cold voice.

“What Sister Zhou, we don’t have a Sister Zhou here, boy, get out of here if you know what’s good for you!”

At this time, a silhouette came out, tall, about one and a half meters or more.

Especially sturdy, standing in front of Haoden Ye like a mountain.

“I’ll ask one last time, where’s Cho!”

Haoden Ye’s tone was cold!

The man clearly didn’t take Haoden Ye seriously, seeing him ignore his words, a fierce look on his face.

“My name is Zhao Xiong, what the hell are you talking about Sister Zhou, I don’t know, get the hell out of here!”

He stretched out his hand and his finger had reached the tip of Haoden Ye’s nose.

“Brother Zhao, get rid of this kid, I think he doesn’t want to live!”

“What are you, rushing to Yue’s territory to ask for someone!”

“How dare you come to Brother Yue’s chassis all by yourself!”

At this time, many boxers behind Zhao Xiong shouted after him.

“Kid, did you hear my brother, I’m in a good mood today, I’ll let you leave alive, or I’ll kill you here, I’m fine with all these people testifying for me!”

With a sardonic smile, Zhou Xiong spoke arrogantly.

“You brought this on yourself!”

With a faint glance at him, Haoden Ye’s tone was icy cold.

The group of boxers almost laughed out loud at his words.

Soon, however, the smiles on their faces froze.

But Haoden Ye’s arm shook violently, and his hand slammed on Zhou Xiong’s chest at a speed that was almost imperceptible to the naked eye.

Then, Zhou Xiong's face instantly turned pale, and his entire body slowly fell to the ground.

“Ah!”

A scream was emitted and it was obvious that Zhou Xiong was enduring great pain at this time.

“From now on, you'll stop boxing and go home to your farm!”

With a cold smile, Haoden Ye lowered his head to Zhou Xiong.

“Where's Cho?”

Ignoring the screaming Zhao Xiong underground, Haoden Ye turned to the next person.

Just at this moment, a voice sounded at the door.

“Good, very brave, rushing to my chassis to cause trouble!”
