

Chapter 474

“Can I help you, sir?”

The beauty asked with a very sweet voice.

Zhao Chengyu raised her hand and pointed at Shen Ling, smiling, “Accompany him for one night, how much!”

Hearing this, Shen Ling and the beauty were stunned.

The pretty girl’s face rubbed red with a look of humiliation.

“Sir, I’m just a waiter, not that kind of woman!And I’m only working here temporarily, I’m now a student at Dan City University!”

Heaven see pity, this beauty was one of the top beauties in their department, who would come here to work if not for her family’s poor conditions.

“Zhang Shao, don’t joke with this beauty!”

Shen Ling swallowed his saliva, of course he wanted to get such a beautiful woman.

Snap!

A clear voice sounded, and Zhao Chengyu threw a Yin Kang card onto the table, smiling verbally, "One night, here's 10,000!"

The beauty was startled, and her face grew even angrier.

"Sir, please show some respect, I have a boyfriend!"

"A hundred thousand!"

Zhao Chengyu said again without batting an eyelid.

Hearing this, the angry look on the beautiful woman's face disappeared in an instant.

A hundred thousand dollars to compensate a man for one night?

"Pretty girl, even if you are a graduate of the University of Dan, and you graduate to find a job in the future, I'm afraid that it will be less than 20,000 a month at most, and 100,000 is your income for half a year!"

With a faint smile, Zhao Chengyu looked at the beauty.

The beauty gulped and stared at the bank card on the table.

But soon, humiliation still took over greed, and the beautiful woman shook her head, “No, I can’t be sorry for my boyfriend, he’s so... nice to me!”

“Two hundred thousand!”

As soon as the beauty finished speaking, Zhao Chengyu did not hesitate.

The beauty called a slight shudder, a flush of excitement on her pretty face.

Two hundred thousand, that’s an astronomical amount of money for her.

Working at a bar, hard work for a night, and playing for eight bucks a month.

And even if she graduated from the University of Dan, she would be under great pressure to find a job in the future, and I’m afraid she wouldn’t be able to earn that much money in the first two years.

And to tunnel all this money, you just need to sleep with the man in front of you.

Soon the shame faded away and the desire for money took over.

“If you serve me well, I’ll add fifty thousand to the price, and that’s the final price!”

Saying lightly, Zhao Chengyu stretched out his hand and made a move to retrieve his bank card.

He moves very slowly and looks very limited.

Just as his hand touched the bank card, the pretty girl suddenly screamed.

“No!”

She excitedly reached out her hand and pressed Zhao Chengyu’s hand.

“I...I promise you!Just this night!”

Hearing her words, Shen Ling’s heartbeat instantly accelerated.

Tonight, can we share a bed with such a beautiful woman?

“Oh, don’t get excited pretty girl, we’ll do business as usual, go get ready, this gentleman and I have some more business to discuss!”

A look of shame appeared on the beautiful woman's face, and her pretty face blushed slightly.

"We made a deal, don't you dare go back on it!"

Afraid that Zhao Chengyu would go back on his word, the beauty said.

"Oh, of course I won't go back on my word, in fact, a hundred thousand dollars isn't enough to pay for a glass of wine, so feel free to get ready!"

With a slight smile, Zhao Chengyu nodded.

Seeing the gorgeous suit he was wearing, the beautiful woman chose to believe him and turned away.

"This is the power of money, Shen is blessed tonight!"

With a heated smile, Zhao Chengyu sat down, his face an indifferent look, as if he wasn't doing anything special.

Shen Ling was now blushing slightly with excitement, and when she looked at Zhao Chengyu, her eyes were more than a little pleasing.

He was not a poor man, in fact, he still had a very substantial income.

But he wouldn't dare to spend money so easily.

"Mr. Zhao, what is it that you want from me!"

Shen Ling wasn't a fool and knew that Zhao Chengyu wouldn't spend money to please himself for nothing.

"Oh, since Shen Shao is opening up, I won't hide anything, I came to find you because of Haoden Ye!"

Hearing his words, Shen Ling's face changed slightly.

"Mr. Zhao... is asking me to help you... deal with Haoden Ye?"

Gulping down saliva, Shen Ling's voice trembled.

After all, Haoden Ye was one of his family members, and he still felt very apologetic for helping others deal with Haoden Ye.

However, let him refuse in one breath, he didn't have the courage.

"Shen is a good man, and I know you must be uncomfortable mentally to have you take action against Haoden Ye!"

Eyes narrowed, Zhao Chengyu's tone was icy cold.

“But if you knew what Haoden Ye is like, you wouldn't think so, Haoden Ye is a trickster and a philanderer, hooking up with other women behind your cousin's back!”

With a cold snort, Zhao Chengyu's face showed anger.

Hearing this, Shen Ling frowned slightly.

With Zhao Chengyu's status, he naturally wouldn't say anything unfounded.

“Haoden Ye actually did such a thing, I must tell my cousin!”

Shen Ling stood up angrily.

“Shen don't worry, even if you tell your cousin, I believe she won't believe you, besides, Haoden Ye has many tricks up his sleeve, how can he behave himself?”

With a wave of his hand, Zhao Chengyu stopped him.

“I have a way to get this man punished without implicating your cousin, and I’ll pay you thirty million dollars when it’s done!”

Upon hearing this, Shen Ling was shaken.

30 million, he couldn’t make that much money even if he worked hard all his life.

“Thirty...thirty million!Mr. Zhao is not joking with me, is Haoden Ye worth this price?”

In her bones, Shen Ling still despised Haoden Ye.

“Oh, of course he’s not worth the price, I’m willing to pay this money, but I mainly want to make friends with Mr. Zhao!”

Smiling, Zhao Chengyu revealed a sincere look.

Thinking about the thirty million, and thinking about Haoden Ye, Shen Ling’s face hardened.

“I heard that Mr. Shen prefers Miss Fei-Fei Liu!”

Suddenly, Zhao Chengyu had a smile on his face once again.

Hearing this, Shen Ling was a bit puzzled.

He did like Liu Fei Fei, and the woman had that fairy spirit that attracted him.

“I’m also quite familiar with Miss Liu!”

Laughing, Zhao Chengyu pulled out her phone.

“Hello, Fifi?”

Inside the phone, a feminine voice immediately rang out.

“Zhao!How come you have time to call me, it’s been so long since I’ve been in touch, I miss you so much!”

The seductive voice, listening to Shen Ling’s heartbeat quickened.

“I have a friend who really likes you, help me keep him company!”

Without any nonsense, Zhao Chengyu got straight to the point.

Hearing this, Shen Ling's jaw was about to drop.

That's Liu Fei Fei, the goddess in the hearts of many men, Zhao Chengyu dared to talk to her like that?

However, Liu Fei Fei on the other side was not angry at all.

Chapter 475

"Nasty, what kind of woman do you take me for? I haven't been acting lately, how can anyone like me?"

The voice echoed in Shen Ling's mind, clearly conveying a meaning that Liu Fei Fei had agreed.

"It's just a movie, how about I contact Director Liu for you?"

With a slight smile, Zhao Chengyu.

"Are you talking about Director Liu Yu Liu? Don't lie to me, Mr. Zhao!"

Liu Fei spoke excitedly.

She is famous for her idol and has been looking for an opportunity to use her acting skills and complete the transition.

Even though she doesn't have any acting skills either, but as long as she's acting in Liu Yu's scenes, it doesn't matter if she has acting skills or not, people will think she does!

"Oh, when have I ever lied to you? But I'm a friend, you can be good company!"

He said the word "well" very heavily, of course the other party understood what it meant.

"Don't worry Zhao, I'll make your friend happy!"

Liu Fei Fei's tone was coquettish as well.

Hanging up the phone, Zhao Chengyu snorted softly, "This stinky woman, helping me and still daring to make conditions!"

That tone, as if he felt he had suffered a loss.

Shen Ling who witnessed all this with his own eyes had a face that turned red, thinking of Liu Fei Fei's beautiful face, his excited heart was about to jump out.

“Shen Shao, this is the power of money, with money, everyone under the heavens is your plaything, as long as you agree to my conditions, I will slowly promote you in the future!”

At this time Shen Ling’s heart was in shock completely without the will to resist.

Affection? How much is affection worth to get yourself the goddess of thousands of men?

“Okay, I promise you, just tell me what to do Zhao!”

Shen Ling didn’t wait for him to finish and immediately nodded his head.

Looking at his agitated appearance, Zhao Chengyu revealed a smirk.

Early in the morning, Haoden Ye was awakened by a pattering sound.

When I opened my eyes, I saw that Maya Shen was getting dressed.

She seemed a little more beautiful today than she had been yesterday.

They both blushed at the thought of last night’s passion.

“Hurry up and get dressed!”

Blushing, Maya Shen’s eyes avoided Haoden Ye.

Up and out of bed, the two men came down the stairs.

“Hehe, I’m Li Daniu’s awkward eyes, I didn’t really see you coming yesterday, you said you’re the boss’s cousin, you are?”

The two men had just arrived downstairs when a loud noise sounded.

But at the door, Li Daniu and a few security guards were sneering at a man.

And the person that they stopped was actually Shen Ling.

“Ling!”

Seeing him coming, Maya Shen was slightly surprised.

At this time, Shen Ling also saw Haoden Ye and Maya Shen coming down from upstairs.

“Haoden Ye!How do you recruit people, what do these people mean, I just came here yesterday, and I don’t know me today, Haoden Ye, do you still have our relatives in your eyes!”

Once Shen Ling saw Haoden Ye, she yelled.

In the morning he came to look for Haoden Ye, but he was stopped by Li Daniu.

At any rate, they won’t let him in and they’re sarcastic to themselves.

“Relatives?Hey hey, don’t you say that, our boss can’t climb your family!”

Li Daniu saw that he was angry at Haoden Ye and had a sneer on his face.

“Who said yesterday that they don’t have a relative in the family who is our boss?”

When he left yesterday, Second Uncle Shen did say something like that, but to Zhao Chengyu.

Upon hearing this, Shen Ling’s face flushed slightly.

But see he didn’t think his father did anything wrong, it was Haoden Ye who messed with Zhao Chengyu, what’s it to do with their family.

“Haoden Ye, look at the attitude of your company’s employees, isn’t this bullying?”

He said, his tone becoming icy cold.

“What’s wrong? Now that you’re developed, you don’t know our relatives?”

The words that were spoken revealed anger on Maya Shen’s pretty face.

This family of second uncle is also too much, when Haoden Ye is in trouble, they don’t help, but also leave out the relationship, now that it’s safe, they think of Haoden Ye again.

But in the end, it was her own family, and she didn’t want to cause too much tension.

“Brother Big Bull, let Ling in!”

Of course Li Daniu mentally did not want to, but his mistress had spoken, so he could not go against their wishes.

With a snort, Li Daniu waved his hand, “Let him in!”

A few people ducked out of the way, and Shen Ling passed through them, her eyes sweeping left and right with disdain.

A bunch of working people, still pretend what loyalty, these days rich is the old man, no money, don't pretend.

Walking up to Haoden Ye with a huff, Shen Ling immediately said, "Haoden Ye, I've come to ask you a favor today, I have a friend who is sick and I want you to help me treat him!"

Upon hearing this, Maya Shen's face darkened.

Letting someone help you, and that kind of talk.

"No time!"

Before Haoden Ye opened his mouth, Maya Shen was already unhappy.

"What do you mean, Maya, don't you recognize me as your cousin? Haoden Ye is our Shen family's son-in-law, what's wrong with asking him to help?"

Shen Ling was instantly displeased.

He was actually grateful to Haoden Ye before, but thinking of the benefits that Zhao Chengyu gave, he could only be ruthless enough to harm or not.

Because of his guilty conscience, his attitude was naturally not very good.

Deep down, Haoden Ye also hated this relative, but he was a relative of the Shen family in the end, and if he didn't help, he would also fall victim to the gossip of his second uncle's family.

Father-in-law Robert Shen attaches great importance to this second brother, several times their family does not do things properly, father-in-law has forgiven him.

"Maya, don't get angry with Ling either, I'll just go there, the patient is important!"

Taking out the patient, Maya Shen had to nod despite her anger.

"Then get back here, the company just opened and you can't be the boss without it!"

Having said that, Maya Shen didn't even look at Shen Ling and stepped out.

"Hurry up, that friend of mine has been sick for days!"

Seeing her unhappy, Shen Ling's face also looked ugly and greeted impatiently at Haoden Ye.

Mentally smiling bitterly, Haoden Ye had to take a step to follow him.

Once out the door, he headed to Shen Ling's car.

But before taking a step, I heard Shen Ling say, "You go drive your car, my car just finished cleaning!"

Haoden Ye's eyebrows furrowed slightly, this was obviously because he was unhygienic and soiled his car?

Although mentally angry, Haoden Ye still endured.

The car started, and Haoden Ye followed Shen Ling all the way.

Shen Ling stopped the car in front of the one-movement mansion on the outskirts of the city.

The mansion covers a relatively large area, larger than the courtyard of the Shen family.

Apparently, the owner of this house is also a man of small assets.

The two men got out and went into the mansion.

Not too far out, a few people greeted us.

Headed by a middle-aged man in his early thirties, facing quite handsome, his eyes shone with the confidence that only successful people have.

And now his face was full of anxiety.

Chapter 476

“Xiaoling, you’re here, where’s that miracle doctor you were talking about?”

The middle-aged man quickly stepped in front of Shen Ling, his face eager.

The eyes also kept darting around Shen Ling’s car, as if expecting something.

“This is my cousin, the healer I told you about!”

Shen Ling pointed at Haoden Ye.

“Him?”

The middle-aged man was dumbfounded for a moment, then his face went cold.

“Little Ling, I consider you a friend, you’re joking with me, he’s so young, what kind of medical skills can he have!”

Seeing his mistrustful face, Shen Ling smiled.

“Brother Gu, my cousin’s medical skills are really great, even Professor Hua from the Spiritual Medicine Hall is impressed!”

Shen Ling hurriedly spoke for Haoden Ye.

The middle-aged man still looked untrusting, and at this time two people came out from inside the second floor.

“Oh, let me see this miracle doctor that Mr. Shen hired!”

Here comes an old man of about fifty, with gray hair.

Despite his age, the old man was very energetic and his eyes glazed over.

Just a touch of pride in the eyes that concealed a very deep sense of pride.

Seeing the old man come over, Shen Ling frowned slightly.

“This is Doctor Zou, very famous in the south!”

The middle-aged man hurriedly introduced, not looking at Haoden Ye more than once throughout.

“Oh, Mr. Gu overstates the case, Chinese medicine is vast and profound, and I’m just a layman!”

The Zou Divine Doctor’s face was filled with a humble smile, quite a bit of a divine doctor.

“The Divine Doctor Zou is the one who couldn’t even invite the Spiritual Medicine Hall, so of course he deserves the title of Divine Doctor!”

The middle-aged man said, then said to Shen Ling, “Alright, I don’t need your help here, take this man back with you!”

Words even had the meaning of evicting a guest.

At the words, Shen Ling’s face flushed, clearly irritated.

But thinking of Zhao Chengyu's arrangement, he was still unwilling to give up.

"This cousin of mine is really good at healing, why don't we let him go see Non Smoke first!"

The middle-aged man immediately frowned at the news and swept his gaze over at Doctor Zou.

Doctor Zou's face showed some displeasure, he was here and Shen Ling still insisted on letting others see him, making him very unhappy.

"Oh, if Mr. Shen insists, let this little friend go see Mrs. Gu!"

Doctor Zou said with a big smile.

However, after one sentence, he said to Haoden Ye, "But before that, I have to ask what kind of people you've been treating!"

Laughing, Doctor Zou said, "There are too many people posing as herbalists and deceiving patients and their families, some of them are highly deceitful and even use the medicine of the tiger and wolf to give the illusion that the patient is getting better!"

As he said this, his eyes showed some suspicion.

Obviously, though he didn't say it explicitly, he already thought of Haoden Ye as this kind of person.

Upon hearing this, the middle-aged man immediately frowned.

If your wife's illness is treated by a fake doctor, wouldn't it be more serious?

"Yes, tell me, who have you been seeing?"

The middle-aged man dangled.

Glancing over the two people, Haoden Ye mentally couldn't help but smile.

This Divine Doctor Zou had the appearance of being a highly respected doctor, but in reality he was a narrow-minded person, and it made him very unhappy to be treating people with such people.

"I've seen more patients, and the more famous ones are Simen Holander, the president of the Holander Group, and Mayor Zheng, the deputy mayor of Dan City."

Hearing the names of these two people, Doctor Zou and the middle-aged man were stunned.

“Holander’s group... the president, and Mayor Zheng...”

Obviously, the middle-aged man had been impressed by Haoden Ye’s experience.

“Oh, I see!”

The surprise in Dr. Zou’s eyes quickly dissipated and he smiled, “Mr. Holander and Mayor Zheng also invited me to see the doctor, they both ate too much wine and meat, their blood lipids are just higher, this kind of unchallenging illness, I did not go over there!”

Saying that, he glanced at Haoden Ye, “I can’t believe Mr. Holander hired you again, hehe, if I had known I would have introduced him to two Chinese doctors!”

Hearing his words, the respect on the middle-aged man’s face gradually dissipated.

But he didn’t seem to be insisting against Haoden Ye treating his wife anymore.

Shen Ling’s face showed displeasure when he heard Doctor Zhou’s words, but since Gu Changwu had agreed to let Haoden Ye treat his wife, he naturally didn’t want to make a ruckus.

The four of them went inside the small building, all the way to the second floor.

Inside a spacious room, Gu Changwu opened the door.

Inside, on a wide bed, lay a pale woman.

Upon seeing this girl, Haoden Ye's heart just moved.

This girl is very beautiful, not at all inferior to some actresses on TV, and has a noble and elegant temperament.

Especially at this time, the face was pale and frail, plainly adding a bit of tenderness.

“Changwu, I told you, don't call the doctor again, I'll be fine in two days!”

Mrs. Gu opened her eyes lazily and glanced at a few people, her tone weak.

“Honey!”

When Gu Changwu saw his wife's delicate and weak appearance, tears came down.

The Zou Divine Doctor immediately revealed a look of empathy, as if he could very well understand Gu Changwu's feelings.

Shen Ling's eyes flashed with greed when he saw the beautiful woman on the bed.

Such a beautiful woman, if she married himself, he would spoil her like a baby, right?

"Doctor Ye, you should hurry and diagnose Mrs. Gu!"

At this time, the Zou divine Doctor looked at Haoden Ye.

Haoden Ye had been observing Mrs. Gu for a long time, and with his medical skills, he couldn't even tell what kind of disease Mrs. Gu was suffering from.

With a sweep of his eyes, he got a gesture from Gu Changwu, before Haoden Ye stepped forward.

"Mrs. Gu, I need to diagnose your pulse!"

After observing for a while, Haoden Ye realized that he couldn't see Mrs. Gu's illness at all.

Although Mrs. Gu's face was pale, her breath was calm and strong, like a sleeping person.

And though her face was less bloody, the color of her lips was perfectly normal.

The most obvious symptom of facial ischemia is the location of the lips.

Looking at the rest of her, it was all out of whack in one place or another, but I couldn't see where the root cause was.

Hearing Haoden Ye's words, Mrs. Gu lazily stretched out her hand.

"I'm so sleepy, please hurry up!"

When she finished, she closed her eyes.

Haoden Ye followed up to diagnose her pulse, however, after half a day of diagnosis, Haoden Ye found that this Mrs. Gu's pulse was also normal.

How do you diagnose this when the pulse is normal and everything else is normal, except for a few sick features?

Seeing the woman on the bed, Haoden Ye's eyebrows furrowed.

Seeing his appearance, Gu Changwu's face grew anxious.

"Dr. Yap, what's wrong with my wife?"

Being asked by him, Haoden Ye laughed bitterly.

Divine Doctor Zou stepped forward at this point and he smiled, "This Doctor Ye is young and needs a long time, right?"

There was a bit of a tone of disdain.

"Mrs. Gu is weak, she should be suffering from the female-specific disease of sunflower yang, she'll be fine after a few days of rest!"
