

The Best Son in Law Chapter 48 – 50

Chapter 48

The heart is twisted, but the face he quickly compensated for the smile: “It’s all a misunderstanding, it’s all a misunderstanding, I’ll have the seal removed and publicly apologize to Hao a restaurant!”

Lawyer Jin smiled faintly and nodded his head, “Since it’s a misunderstanding then forget it, Director Song has been in this position for four or five years, it’s better not to make this kind of mistake again in the future!”

Director Song’s face changed and he nodded quickly, then compensated to Milda Hao, “Mr. Hao, I’m really sorry, it’s all my fault, I’ll go to your shop personally to tear the seal off immediately!”

Milda Hao hadn’t recovered this time and was dumbfounded by Director Song’s words.

Instead, Maya Shen reacted quickly and quickly said, “Thank you, Director Song then!”

Director Song was only relieved by this and smiled compensatingly at Lawyer Kim, “Do you think it’s okay to handle it this way?”

Instead of answering, Lawyer Jin smiled at Milda Hao and said, “Does Hao feel satisfied with this?”

Milda Hao just came back to her senses and nodded quickly, and then Lawyer Jin smiled slightly and said, “I still have things to do, so I’ll leave the rest to Little Liu and Director Song.” After saying that, he bowed slightly to Milda Hao and took his leave.

The four of them stayed to watch him leave, and soon Director Song's muffled voice rang out.

"Since you guys know Lawyer Jin, what did you come to see me for just now!" Director Song's face was gloomy.

"I... I don't know this Lawyer Jin, who the hell is he?" Milda Hao looked confused.

"Don't look at the joke, Mr. Hao, Lawyer Jin is the gold medal lawyer of the Holander's Group, you wouldn't even know that!" Lawyer Liu's face is also gloomy and terrible.

Originally, well, he could get two hundred thousand dollars for completing this matter, or get Maya Shen's heart, but now the matter still has to be done by himself, not to mention the woman, the money can't get.

"Holander's Group!" Milda Hao's mother and daughter stared at it.

How could the Holander's group help them?

"We really don't know anyone from the Hongs!" Maya Shen looked at Lawyer Liu with a sincere face.

"You really don't know Lawyer Jin?" Lawyer Liu's eyes were glowing inside, quietly glanced at Director Song and saw that his eyes were also glowing with a cold light.

Originally thought they had a relationship with the Holander's group, never thought that the two people do not know Lawyer Jin at all, then this matter is also Lawyer Jin's help in passing.

Lawyer Liu sneered in his heart and secretly had bad ideas again, while Director Song also sneered, not knowing what was going on in his head.

“Acquaintance or not, I’m going to take care of the matter with Lawyer Jin on board!” Director Song smiled, his smile mild.

This matter was originally his embarrassment for Milda Hao, and it was naturally quick to deal with, and Director Song personally went to Milda Hao’s restaurant to remove the seal.

“Director Song, what’s going on!” The owner of the Szechuan food next door, Tong Liwei, saw this situation and was busy pulling Director Song into his shop while no one was looking.

“Hey, there’s nothing I can do about this, they know a more powerful person!” Director Song smiled bitterly.

“How can this be, but we’ve spent money, and I still...” the Child Liwei’s girl child, Haodene, heard this and immediately ran over to angrily say, “I even thanked you!”

Her words made Director Song’s eyebrows jump, sneaking a glance at Ma Wei, who was following behind Tong Xiaoyue, Tong Xiaoyue’s husband.

Ma Wei is the son of his classmate, who just graduated this year, and relied on his classmate’s connections to become a deputy director of the Servcorp law firm.

He is twenty-four or twenty-five years old, looks extraordinary English drama, and Tong Xiaoyue is a college classmate, two people began to fall in love in college.

When he learns that his wife’s restaurant has been forced out of business by Milda Hao’s restaurant, Ma Wei wants to use his relationship with the Bureau of Industry and Commerce to eliminate Milda Hao as a competitor.

Unfortunately, he didn’t expect that his wife, Tong Xiaoyue, thought that he, a small lawyer, was inferior to Director Song, an official, and in addition to giving money, she privately thanked Director Song in another way.

“People got Holander’s Group’s gold medal lawyer to help, so do I dare not tear the seal?” Director Song looked at Tong Xiaolian with sharp eyes and impatience.

“Then this matter is settled?” Tong Xiaoyue was anxious to hear this, tears are coming out, this time to pay out money and people, spent so much effort is to get rid of Milda Hao this competitor, never thought that the bamboo basket is a waste of water.

Director Song this pervert, that day can let her suffer a lot.

“That’s right Uncle Song, it’s nothing for us to lose some money, if this matter is just let go, you won’t be able to lose face ah!” Ma Wei was worthy of being a lawyer and immediately grabbed Lord Song’s sore spot.

Song Lord’s heart was also annoyed about this matter, and his eyes were cold when they said that.

“Hmph! You think you’ll be fine with Attorney Kim as your shield? I want to fix you guys, there’s plenty of ways to do it!” After saying that he took out his phone and dialed a number.

“Hello, Chief Wang from the Health Bureau? This is Old Song! I received a report from the public...” five minutes later, Director Song hung up the phone, his face already full of sneers.

At the same time, Hao a restaurant in front of the door, a bright limousine inside, lawyer Jin to Haoden Ye smiled: “Mr. Ye, so deal with you still satisfied?”

“Thank you, Attorney Kim!” Haoden Ye expressed his heartfelt thanks.

At this time, Lawyer Jin’s phone suddenly rang, and after looking at the number, Lawyer Jin pressed the answer button.

“Okay, I’ve got it!” Putting down the phone, Lawyer Jin frowned and said to Haoden Ye, “Someone reported your mother-in-law’s restaurant ingredients unhygienic, for the Health Bureau has gone down to investigate!”

Haoden Ye was shocked and looked nervous, Lawyer Jin smiled broadly and said, “But don’t worry, I’ll call the city leaders right away and tell them to say hello to the Health Bureau!”

Haoden Ye listened and quickly shook his head, this matter has already bothered Lawyer Jin enough, and then let him go to the city leaders, this favor himself will not be able to return.

“No need, I’ll talk to my mom right away!” Haoden Ye smiled.

Lawyer Jin saw his insistence, so he didn’t say more.

Haoden Ye said goodbye to Lawyer Jin and got off the car to go inside his mother-in-law’s restaurant.

“Lawyer Liu, thanks for your help this time too!” There were no customers in the restaurant, a table where Milda Hao mother and daughter and lawyer Liu sat opposite each other, and on the table was a small dish that Milda Hao had just asked the chef to make.

“It’s Mr. Hao Hongfu, I wasn’t much help!” Lawyer Liu smiled politely, eyes surreptitiously glanced at Maya, heart secretly hate: “own lawyer Jin’s relationship, still let me come, this is obviously hit my face, this time did not get money, this woman I will get my hands on!”

Maya Shen sensed his gaze and smiled at him, that dumpy look, causing Lawyer Liu’s heart to itch.

At this time, Haoden Ye’s voice suddenly remembered, “Mom, is the restaurant okay?”

Chapter 49

As soon as Milda Hao heard Haoden Ye's voice, her face immediately darkened, turning her head to look at him without even bothering to look, her mouth coldly said, "Is there a solution you can't look at yourself? What a great time to come!"

Lawyer Liu raised her head and saw Haoden Ye, who was dressed in poverty, and a glint of disdain flashed inside her eyes, saying in her heart, "This is Maya Shen's trash husband, isn't it!"

Lawyer Liu deliberately pretended not to hear Haoden Ye call Milda Hao as mother, smiled slightly and said: "Hao, who is this? A waiter in your restaurant?"

Upon hearing this, Milda Hao's face darkened, Maya Shen also frowned, but they didn't blame Lawyer Liu but felt that Haoden Ye was humiliated.

Haoden Ye character weakness does not mean that he has no temper, besides he just helped the restaurant to solve such a big thing, also a little floating, cold voice: "Are you deaf? Didn't you hear me call Hao's mother?"

"Haoden Ye, you're losing your temper aren't you!" As soon as Milda Hao heard how rude Haoden Ye was to Lawyer Liu, she was unhappy: "Your own voice is small, what's wrong with people not hearing Lawyer Liu?"

Maya Shen, however, was not angry, but slightly surprised at Haoden Ye, no matter who was sarcastic in the past, Haoden Ye did not dare to squeal, why is it different today.

"So it's Hao's son-in-law, I'm really sorry," Lawyer Liu smiled in his heart, but his face showed an apologetic and humble look, "You're also too low-key, at first glance I thought you were a migrant worker."

“What happened to the migrant workers?” Haoden Ye snorted, “The city we live in was built by them, and you still look down on migrant workers?”

“Haoden Ye you’ve had enough! Did you take gunpowder today?” Milda Hao slammed the table and looked at Haoden Ye angrily.

Haoden Ye quickly said sorry and sat beside Maya Shen.

In fact, he wasn’t targeting Lawyer Liu, but he noticed the way Lawyer Liu looked at Maya Shen just now and had anger in his heart.

His own wife was being stared at so much, of course he was upset.

“Don’t be angry, Mr. Hao, this matter was originally my fault!” Lawyer Liu continued to pretend to be a nice guy and smiled at Haoden Ye, “Where are you high now ah, by the looks of you, you must be a farmer entrepreneur!”

Milda Hao and Maya Shen looked ugly when they heard this, Haoden Ye that broken shop, they couldn’t take it at all.

Haoden Ye’s heart was inferior, but at this time, he didn’t want to show cowardice, and said indifferently, “I invested in a company, and it’s only about a billion dollars in assets!”

Upon hearing this, Lawyer Liu almost didn’t laugh out loud.

Milda Hao and Maya Shen’s faces, however, became very ugly.

One billion, you really dare to brag! Maya Shen’s face was gloomy and stared at Haoden Ye.

“I didn’t expect you to be so accomplished, did you come by car today? I’ve recently become interested in cars and bought my own BMW 6 Series, so I don’t know which one you drive!” Lawyer Liu sneered in his heart, making up his mind to make Haoden Ye look bad.

Haoden Ye turned his head to look outside, Lawyer Jin’s car hadn’t left yet, and he even waved to the car.

Lawyer Jin’s car is Holander’s group with, BMW 8 series, domestic counted as a luxury car.

Inside the car, Lawyer Jin should have seen Haoden Ye beckoned and flashed his lights.

“This is my car, but I usually don’t drive it myself, it’s driven by the driver!” Haoden Ye faintly said, as if to confirm his words, the car slowly started and drove away.

Lawyer Liu had a flash of shame and anger inside his eyes, originally wanting to embarrass Haoden Ye, but unexpectedly Haoden Ye actually had a car.

“Humph! It wasn’t your wife who bought it for you yet!” Lawyer Liu thought viciously in his heart.

Milda Hao was afraid that Haoden Ye would continue to blow and make people laugh, and turned her head to Haoden Ye, “What are you doing here, it’s nothing, hurry up and leave, I’m busy!”

Haoden Ye just remembered the purpose, and quickly said, “Someone reported that there is a problem with your restaurant, the investigators from the Health Bureau are coming over to make an unannounced visit, so hurry up and prepare!”

“The Health Department?” Milda Hao couldn’t help but smirk and stare at the heart, are you addicted to bragging? And he said he was anxious to meet someone from the

Health Department! Do you know who helped us out with this one? That's the barrister from Hongs: "Nonsense, what's the Health Department doing coming to check on me!"

Lawyer Liu heard Haoden Ye's words and was also amused, he also didn't feel that after Lawyer Jin's appearance, the people from the Health Bureau were still asking for trouble, he smiled slightly and said, "I also have friends I know in the Health Bureau, why don't I help confirm it?" After saying that, he pulled out his phone to make a call.

Two minutes later, Lawyer Liu put down the phone and smiled, "I asked Section Chief Zheng of the Health Bureau, they didn't send anyone over to check, it's good that Mr. Hao is at ease!" The eyes glanced at Haoden Ye with contempt.

"Didn't you hear what I said? When I say the Health Department is making an unannounced visit, do they give you advance notice?" Haoden Ye didn't have the good sense to roll his eyes, if he gave the health bureau people to find out the problem, the restaurant would be closed again, and he couldn't care if Milda Hao was angry or not.

"Haoden Ye, you get out of here!" Milda Hao finally couldn't help but get angry and pointed at Haoden Ye, "Don't give me trouble okay, Lawyer Liu is such a big person who says it's okay, that's okay!"

Maya Shen saw her mother getting angry, and didn't dare to let Haoden Ye continue to stay, pulling Haoden Ye up to stand up and walk out.

Haoden Ye had no choice but to follow her out, Lawyer Liu looked at the back of the two people and sneered in his heart: "Humph! Even you want to fight me!"

At the entrance of the restaurant, Maya Shen's face was gloomy as she questioned Haoden Ye, "Haoden Ye, you've eaten gunpowder, why are you talking so choking!"

Haoden Ye was also foxed by what she said and said unhappily, "That lawyer Liu is not a good person, his eyes are lustful when he looks at you!"

Maya Shen was stunned at this and whirled around with an angry face, "Can't you be more mature! Is this how you protect me? Do you know how much trouble I'll be in if I offend Lawyer Liu? I'm not asking you to support me in my business life, I'm just asking you not to mess with me, okay! It's not by bragging that a man is capable, it's by earning it!"

Haoden Ye saw that she was angry and felt very bad, and quickly revealed an apologetic look, "I know I was wrong, I will definitely change in the future, but someone from the health bureau did come to investigate, so you remind mom!"

Maya Shen snorted coldly, not willing to listen to him at all, as she turned around and walked inside, saying coldly, "Haoden Ye, you've disappointed me today!"

Haoden Ye looked at her back and couldn't help but smile in his heart.

Standing dumbly for a while, Haoden Ye had to go back to his shop.

Today just opened, the health bureau people will definitely not come to check it, wait tomorrow to come over early, secretly help the mother-in-law is.

Chapter 50

All afternoon, Haoden Ye brought in the shop and there were not many customers, Haoden Ye was bored and waited into the evening.

When they went home to rest, Milda Hao and Maya to Haoden Ye are not good face, Milda Hao also reprimanded Haoden Ye at the table, said fortunately, lawyer Liu did not get angry today, otherwise Haoden Ye must let Haoden Ye look good.

Of course, Haoden Ye did not dare to refute, and ate the meal to rest in his room.

The next morning, Haoden Ye saw Milda Hao to go out, quickly followed up: "Mom, my shop is also all right, go to your place to help today."

Milda Hao was slightly surprised when she heard, Haoden Ye usually avoids himself for fear of training him, why did he take the initiative to ask for help in the shop today?

Anyway, the shop just opened today, a lot of things to be busy with, an extra hand to help Haoden Ye.

"Just be good and work, Qian Wan don't cause me any trouble," Milda Hao said in a cold voice.

Haoden Ye quickly nodded and went to the shop across Milda Hao.

"Look, that's Hao's wasteful son-in-law, right! What brings you to our place today!" Haoden Ye followed Milda Hao into the restaurant, and the waiters whispered.

"It's really a pity that Hao's daughter, you beautiful and capable girls, with whom it's not good to be with, prefer to be with such a loser!" Someone started to fight for Milda Hao.

"Just follow the chef and clean the kitchen, you don't need to worry about anything else!" Milda Hao brought Haoden Ye into the kitchen and pointed at the busy chefs.

Haoden Ye quickly nodded, and only then did Milda Hao leave.

The kitchen chefs' attitude towards Haoden Ye was not very good, their eyes were very contemptuous when they looked at him, and they were merciless in directing him to work.

Haoden Ye didn't have any complaints and did everything seriously.

“I told you to clean the table, why did you come to clean the dishes!” Chef Li Chunsheng took a spoon and raged at Haoden Ye who was carrying a basket of rotten vegetable leaves.

“Brother Li, the leaves of this frame of vegetables are rotten, and when put together with the good ones, ten thousand people will see them and think that we are using the rotten leaves as good vegetables for cooking!” Haoden Ye quickly explained.

“Mind your own business!” Although Li Chunsheng was unconcerned with Haoden Ye’s behavior, he couldn’t think of anything to refute him.

Usually the dishes in the kitchen were his responsibility, he was used to bar good and rotten dishes piled together, and he knew to pick them out when he used them, and since Haoden Ye had the intention to separate them, he didn’t bother.

“Hurry up and finish drying, wipe the table!” Li Chunsheng snorted coldly.

“Didn’t Brother Li tell you to wipe the table? What are you doing here!” In a short while, another chef, Zhang Wan, walked to Haoden Ye with his hands behind his back and said angrily.

“Brother Zhang, some of these eggs are already cracked inside, the smell is great when it’s hot, I’ll cut out these broken eggs and throw them away, so they’ll be tasteless!” Haoden Ye quickly explained.

“You’re really laid back, doing this kind of thing!” Zhang Wancai couldn’t pick out any faults, so he turned away with a cold snort.

After working for more than two hours, Haoden Ye basically solved all the hidden problems in the back kitchen, looking at the time it was almost ten o’clock, the people from the health bureau should be coming over soon, Haoden Ye quietly left the back kitchen.

“Hmph! I thought he was finally going to work hard, but I can’t believe it won’t last a while!” When Zhang Wancai saw Haoden Ye slipping away, he sneered at the cook next to him, “Waste is waste, you can’t even eat this single cry!”

“Hey! Who let someone marry a good wife!” The cook next to him grunted.

Haoden Ye left the back kitchen and wandered around inside the restaurant.

It was really a time when there were a lot of customers inside the restaurant, and no one paid attention to him, as Haoden Ye checked for possible problems while looking for the inspector.

Soon, he locked onto a middle-aged man.

The middle-aged man looked inconspicuous, wearing gold wire glasses, with a popular face, mixed in the crowd could not see anything special at all.

But if one looked closely, one could also notice his differences.

First of all, his eyes are very special, obviously a pair of looking for the eyes of the problem, the second is that although his clothes are clean, but also some unwashable oil stains, these and he often in the restaurant to do checks related to, and finally, his chest bulge, carefully look at the collar pocket buttons is actually an invisible camera.

Haoden Ye confirmed his identity and quickly walked over.

At this time, the inspector was already ordering, and the waiter standing next to him was an eighteen-year-old girl, who should have seen that the clothes on the inspector’s body were rather old, so his attitude was very cold.

“Hello, I’m quite picky about my dishes, can I see the ingredients of these dishes I ordered?” The inspector was very polite and smiled.

“Looking at the ingredients?” The waitress girl was already impatient, and was unhappy when she heard this: “What ingredients to look at, can’t you see we’re busy here? If everyone looked at the ingredients, we’d only listen if we were still dry!”

“I’m sorry, but by law I have the right to see the ingredients I’m eating, and you can’t even meet that request from your restaurant face?” The inspector frowned and looked unhappy.

“A meal and you’re talking about the law!” The little waitress’s face immediately plastered up, and she didn’t have the good sense to say, “It’s not available now, if you don’t feel comfortable, you can come back in the afternoon to eat!”

The inspector nodded gently, “Alright then, let’s start with the food as I told you.”

Only then did the waitress girl left with a stern face, and after she left, the inspector pulled out his executive pen from his briefcase and wrote something.

Haoden Ye’s heart couldn’t help but lift at the sight of this situation.

Honestly speaking, the law required restaurants to meet the customer’s request to see the ingredients, but who had the time to actually meet this request when they were busy?

However, if it was an ordinary person, this matter would be over, but running into someone from the Health Bureau, this was a big problem.

Haoden Ye quickly walked over and sat down opposite the inspector.

The inspector had just finished writing, and when he looked up and saw a person doing the opposite, his face couldn’t help but change slightly, and he said in surprise, “There’s someone here!”

Haoden Ye smiled slightly and said, "I'm really sorry, I'm also one of the people in charge of this restaurant, it was our waiter who just had a low attitude, I apologize to you!"

The inspector frowned and whirled around with a smile, "It's okay, I can understand that!"

Haoden Ye nodded lightly, then smiled, "In that case, there's no need to write down what happened just now!"

The inspector's face changed slightly, his job was to stay hidden, if people knew his identity, he would be punished later when he went back!

He quickly turned off the chest camera and looked wary, "Who are you and why are you saying that!"

Haoden Ye smiled and stretched out his hand, saying very politely, "My name is Haoden Ye, I'm the son-in-law of the owner here, and I've already been told about your arrival in advance!"
