

## Chapter 480

Gu Changwu came back to his senses and rushed forward to hug Mrs. Gu, verbally concerned, “Fei Yan, what’s wrong with you?”

Mrs. Gu looked unconscious, as if she had passed out.

Seeing this, Gu Changwu raised his head, his face angry as he said to Zou Dahua, “Brother Zou! Non Smoke was already sick, and now she’s even weaker!”

Ignoring him, Zou Dahua continued to say to Haoden Ye, “You continue!”

When he saw Mrs. Gu fall just now, Haoden Ye paid special attention to it, and he didn’t have to look very closely to know that she was putting in a hind brain.

Haoden Ye naturally stopped worrying and nodded, “She said, ‘I’m sorry, people can’t know about what happened with Cheng Yu’, then started screaming, and then Mr. Gu and the others came in!”

Hearing this, Shen Ling’s face changed slightly.

“This woman, how dare she say Zhao’s name!”

And the Zou Divine Doctor's eyebrows flickered, sensing that something was a bit off.

Here, Gu Changwu heard Haoden Ye's words and snorted, "What Chengyu, I don't understand anything you're saying, it's clearly nonsense!"

Zou Dahua was also a bit strange, listening to Haoden Ye, Mrs. Gu had obviously done something wrong to Gu Changwu.

Seeing the crowd's confusion, Haoden Ye swept a glance at Shen Ling and said, "This Chengyu, is Zhao Chengyu, one of the heirs of the Zhao Clan, who recently came to Dan City and has some conflicts with me!"

After saying that, he pointed at Shen Ling, "I came to see Mrs. Gu today, I think it was Zhao Chengyu who arranged it!"

Hearing this, both Zou Dahua and Gu Changwu's faces changed slightly.

They know who Zhao Chengyu is!

Zou Dahua's head grew big when he heard it.

Simen Holander naturally knew about Zhao Chengyu's coming to Dan City.

He also instructed his men to avoid contact with Zhao Chengyu as much as possible to avoid any misunderstanding.

“Surnamed Ye, don’t take my word for it, are you saying that my wife is having an affair with Zhao Chengyu?”

Gu Changwu’s face reddened as he glared angrily at Haoden Ye.

“Xiao Wu, give me face today, let Dr. Ye leave first, and Zou will definitely give you an answer later!”

Mr. Zou also realized that this matter was not simple and smiled hehehe.

He came forward to plead for mercy, but Gu Changwu still had to consider it.

“Hmph, it’s just you Zou, for another person, I have to kill this kid!”

Biting his teeth, Gu Changwu glared viciously at Haoden Ye.

Seeing this sobriety, Zou smiled bitterly in his heart.

Gu Changwu was already charmed to death by his wife, it was no use talking to him at all.

“All right, all right, let’s break it up!”

Zou waved his hand and pulled Haoden Ye out.

“Brother Gu, you just let Haoden Ye go?”

Seeing the situation, Shen Ling panicked.

If we don’t arrest Haoden Ye today, there’ll be no end of trouble!

“You get out of here too!”

As soon as Shen Ling finished speaking, she was driven out with a roar from Gu Changwu.

Coming out of Gu’s house, Haoden Ye locked his eyebrows deeply.

“Thank you so much for today, Brother Zou, I can’t thank you enough!”

With a grateful glance at Zou, Haoden Ye spoke sincerely.

“Hey, let’s not talk about this!”

Mr. Zou looked like an obscure person and shook his head, "This brother of mine loves his wife the most, he believes everything she says, I know you're innocent!"

Coughing awkwardly, Zou continued, "Hehe, when you had a problem with the Lin kid, Holander wouldn't let us get too close to you, don't mind!"

He's a straight shooter and says what's on his mind.

Without running into Haoden Ye, he had vaguely passed the two, but now that he had run into Haoden Ye, he had to spread things out and say it.

This matter, Haoden Ye also understood Simen Holander.

"Oh, how do you say this Zou, it's good that you treat me Haoden Ye as a friend, if it wasn't for you today, I would have been locked up!"

Haoden Ye even said that he didn't mind.

"Hey, speaking of today!"

Mr. Zou smiled heedlessly and whirled around, pinching his chin, "If I don't explain this matter to Xiao Wu, I'm afraid he'll even hate me!"

When he finished, his eyes rolled up.

“You said Xu Feiyan and Zhao Chengyu are hooking up?”

Suddenly, Zou’s eyes shone brightly at Haoden Ye.

“I’m not really sure, but Mrs. Gu did say that just now, and by the meaning in her words, it should be true!”

Haoden Ye nodded hurriedly.

“This thing needs to be proven to Takeshi somehow!”

After thinking about it, Zou revealed a pensive look.

“Xiao Wu is from the Interpol brigade, and has always had a good relationship with me, so if the Zhao family hooks up with his wife and I’m in charge of this matter, it’s not good for Holander to talk about me!”

Mentally smiling, Zou’s face showed the dilemma again.

Thought so, but he was a man without an idea.

“Dr. Yap, did you have anyone take the truth-telling drug?”

After thinking about it for a while, this was the only idea Zou had.

“I do have the medicine to make people tell the truth, but even if I let Mrs. Gu say this in front of Mr. Gu, would Mr. Gu believe it?”

Shrugging his shoulders, Haoden Ye revealed a helpless look.

After thinking about this one method for half a day, it was even rejected by Haoden Ye with one sentence, and Zou’s face was depressed.

When he was a cop, he was good at handling cases.

If Xu Feiyang had been locked up in the detention room, he would have been able to interrogate the case in less than three minutes, but he’s not a police officer anymore, so he can’t use many of his methods.

Seeing his depressed face, Haoden Ye suddenly thought of something.

“I do have a way to get her to tell the truth, but I still need Zou’s help!”

Zou’s eyes lit up as he listened and smiled, “Good, just say if there’s a method!”

Haoden Ye's method could not be easily told to others, and even if it was told General Manager Zou might not believe it, so he sold a barrier and smiled, "Don't worry about this General Manager Zou, I'll tell you when I need your help!"

"Haha, you're so uncool, kid!"

Things and the hope of resolution, Zou always in a very good mood, just to say and Haoden Ye to drink two cups, suddenly thought of the current situation, to the mouth of the words swallowed.

Haoden Ye naturally also saw that he looked like he was about to stop talking and sighed in his heart.

The two of them parted from the entrance of Gu's house, and Haoden Ye drove back.

Instead of going straight home, he went to meet with Maya Shen.

Last night a night lingering, today Maya Shen saw Haoden Ye, her cheeks actually blushed.

In the company, Haoden Ye couldn't be intimate with his wife and just told her about today's events.

Hearing Haoden Ye's words, Maya Shen's face darkened.

“I’m going to tell Mom and Dad to go and get a comment from Uncle Two!”

Maya Shen’s pretty face was red with anger.

When Shen Ling was in trouble in the first place, it was Haoden Ye who helped out, how could the second uncle’s family take revenge?

Pulling Maya Shen in one hand, Haoden Ye quickly shook his head, “Even if Mom and Dad go, can Shen Ling admit it? Does second uncle believe you or Shen Ling, besides, even if he believes you, he can only pretend to be confused.”

Chapter 481

After returning to the office to see what was going on, Haoden Ye went straight to the pharmacy.

“Horse, let me ask you something!”

As soon as he entered, Haoden Ye questioned Ma Ruorai.

“Master you say!”

Ma Rulai was studying the technique of using poison that Haoden Ye had taught him in the past two days.

Some of the secret techniques inside the Poison Sutra are the result of a lifetime of research by others, and in order to master them skillfully, even if one is highly talented, it won't work without a few months.

“Do you know that there is a martial art called picking yin to mend yang!”

Startled, Maru frowned.

He did know of a secret Taoist method that could harvest yin and mend yang.

When this secret method is cultivated to a small level, you can harvest the yin energy of living people, and when you have a certain foundation of cultivation, you can collect the yin energy from graveyards and other places with heavy yin energy.

More powerfully, they can collect the yin energy of the dead.

However, these techniques were only legendary, and the conditions proposed at the basic stage were very harsh.

For example, the minor stages need to be complemented by a man and a woman in order to practice, and there must be strict requirements for both physiques.

In other words, it was a way to fix immortality, and he didn't believe in it at all.

"I've been on the road for years, but I've heard a lot of these kinds of methods, but they're all lies!"

As a young man, Ma Ruler traveled the world and heard of many strange and odd things, but most of them proved to be lies.

"So..."

Haoden Ye was disappointed to hear that, he was expecting Ma Rulai to tell him about Long Bo Xi.

Such people are simply too dangerous, and you need to know about them to be able to deal with what may happen in the future.

"Master's method of using poison is exquisite, so why learn these childish things!"

Seeing his disappointment, Maru returned the wrong message.

"Immortality is just an illusion, and although I want to live forever, what's the point of only pursuing it!"

Pointing to himself, Ma Ruorai continued, “Those of us who refine poison don’t live long, but I’m still obsessed with this path!”

Without much explanation, Haoden Ye moved on to the next question, “How is the recent harvest of the pharmacy!”

Mentioning this, Ma Rulai suddenly thought of something and slapped his head, “Oops I forgot, yesterday a man sent you money for the herbs auction!”

Frowning, he continued, “That man came carefully, as if he was afraid of being seen, is Master also selling poison?”

It wasn’t that he was afraid that Haoden Ye would sell poison to harm people, but he felt a little sad that Haoden Ye didn’t call on him for selling poison.

As soon as he heard about the auction, Haoden Ye remembered who this person was.

After receiving the bank card, Haoden Ye didn’t explain too much.

After helping Ma Rulai solve a few problems in medicine making, he left the pharmacy and returned to the company.

As night was falling, Haoden Ye gave Maya Shen a call and told her that he wasn't coming home.

When it was slightly dark, Haoden Ye called for Miyu.

"Miyu, I've asked you to follow Zhao Chengyu for the past two days, do you know where he is now?"

"He's been staying at the Imperial Hotel for the past two days!"

"Very well, tonight, let's go to the Imperial Hotel!"

"Boss, Zhao Chengyu is very careful and knows that you are very capable, so he has arranged guards around the hotel to keep a close eye on the entrance at all times, if we go there, we will definitely be discovered!"

The Imperial Hotel, in order to cope with the people who come at every hour of the day, is surrounded by bright lights that illuminate the big night as if it were day.

It would be almost impossible to infiltrate the hotel.

"No problem, just leave it to me!"

With a slight smile, Haoden Ye brought Miyu to the third floor.

A puzzled face followed Haoden Ye upstairs and the two of them went to Haoden Ye's bedroom.

Last night, he and Maya Shen were resting inside, and some of Maya Shen's cosmetics were still there.

"Are you trying to disguise us, boss? Even with makeup, I'm afraid I can't hide it from these people!"

Miyu is proficient in various disguises, all of which are designed to protect the goals of his mission.

Likewise, he knows how to see through the disguise of the being.

Pulling out two silver needles, Haoden Ye smiled and didn't answer him.

"Boss, you're going to give me acupuncture?"

Miyu looked terrified, he was terrified of these things sticking out of his body.

"It's fine, there are no side effects, just a simple change in meridian flow!"

Smiling slightly, without waiting for Miyu to react, Haoden Ye stuck a needle in the top of his head.

With a few swishes, a few silver needles fell.

Miyu reacted to this and backed up.

A face turned bitter, “Boss, don’t play it this way, I’m a martial arts practitioner, my physique doesn’t have to be normal, what if something happens?”

He said, and he felt his voice was a little strange.

“Eh, why has my speaking voice changed!”

Subconsciously touching his throat, Miyu was strange.

“You go look in the mirror!”

Pointing at the mirror Haoden Ye.

At the news, Miyu walked to the mirror.

But inside the mirror, his face was gradually changing.

A face that was originally angular and considered handsome was now starting to grow bloated, and within a few moments it had turned into a fat man.

“Boss!What...what have you done to me!”

Mi Yu’s face went white at that time and cried out to Haoden Ye, “Boss forgive me, I’m not playing anymore!”

Rao was shocked to see the change in him.

Ignoring him, Haoden Ye took out a silver needle and pierced his face twice.

Soon, his face changed too.

This method uses acupuncture to block some facial meridians.

The hesitant meridians are blocked and the blood flow is altered.

Within a short period of time, the facial skin changes, and the skinny areas gain weight and the fat areas lose weight.

But for Haoden Ye, that was enough.

Seeing that Haoden Ye's face had changed as well, the nervous look on Miyu's face decreased slightly.

Thinking of the magic of this disguise, his mind could not help but feel curious.

It's amazing how people's faces can change with just a few stitches.

"Boss, can you teach me this method of yours?"

Miyu rubbed his hands, the tension gone from his face.

"Well, you start learning now, and by the time you're sixty, you'll have basically mastered it completely!"

In acupuncture, any needle that works wonders is very difficult.

This kind of acupuncture Haoden Ye implemented in just a few minutes, but for ordinary people to learn, it would take decades, and the acupuncture would take nearly an hour.

One wrong step in this process and the person being acupuncturized will be disfigured.

Upon hearing this, Miyu showed a nervous look.

The two of them used Maya Shen's makeup case for a simple touch-up.

This work, of course, was done by Miyu.

It wasn't that he liked makeup, but there were times when necessary disguises were necessary.

Ready to stop, the two men drove to the Imperial Hotel.

Following the location given by Miyu, the two of them came to the perimeter of Zhao Chengyu's room.

Because of the change in their looks, the two of them can't get a room either, so they have to sneak into the next room.

Chapter 482

Before they came, the two men had prepared eavesdropping devices.

These were prepared by Miyu, with recording equipment on them.

Two men brought their devices and listened for movement across the street.

It started to get quiet for a while, and Haoden Ye soon heard a laugh from next door.

“Oh, there’s no need for Shen to feel guilty, it’s already within my expectation that Haoden Ye will resist!”

Hearing Zhao Chengyu’s voice, Haoden Ye’s eyes narrowed.

Right after that, it was Shen Ling’s voice.

“Zhao, don’t worry, even though Haoden Ye didn’t go to jail, I’ll find a way to tell Maya about this, and Maya will definitely be angry when you take advantage of your weakness at that time... ah, no, ingenious trick, Maya will definitely like you!”

“Haha! I’m so touched that Shen understands that I have a true heart for Shen!”

Laughing haha, Zhao Chengyu sounded very sincere.

“This is nothing! Mr. Zhao and Maya are talented men and women, what is Haoden Ye, just a piece of trash, can he be worthy of Maya?”

Shen Ling grunted, her tone filled with disgust for Haoden Ye.

Hearing this, Haoden Ye's heart chilled.

Even if it wasn't a family, just because he had helped Shen Ling, why would he do this to himself?

"What an under-raised white-eyed wolf!"

Even Miyu had a look of indignation on his face when he heard this.

Those who learn martial arts are the most vicious betrayers, especially those from big families like Miyu.

Just one rat turd in a family can ruin a family's reputation.

"Hey, Shen is a man who understands, it's just a pity that Shen doesn't!"

Sighing, Zhao Chengyu sighed in tone.

"Zhao don't be discouraged, Maya doesn't understand your goodness now because he was too deeply deceived by that kid Haoden Ye, and Maya is merciful, just doesn't want to betray Haoden Ye!"

Shen Ling hurriedly encouraged.

“Oh, thank you Shen for your support!”

Zhao Chengyu thanked him, then snapped, pulling out a bank card from his pocket and slapping it on the table.

“There’s ten million dollars in here, as a thank you to Shen for his support of me!”

Hearing this number, Shen Ling’s body shook slightly.

To make ten million dollars so easily was something you would never have dreamed of before.

And when Zhao Chengyu took out this money, he didn’t even move an eyebrow.

It’s like he’s taking out a thousand dollars right now!

However, Shen Ling did not pick up this chapter bank card.

He was a smart man, and knew that there was more money than all this money if he got along with Zhao Chengyu.

As long as Maya Shen was with Zhao Chengyu, as the first meritor, would Zhao Chengyu give him less?

It was his goal to enter the Zhao group and hold important positions within it.

“Zhao, you and I are like-minded, so if you give me money you’re hitting me in the face!”

Shen Ling immediately revealed a look of don’t humiliate.

“Oh, Shen don’t be angry, I just want to express my gratitude to you, since you treat me as a friend, Zhao Chengyu will recognize you as a friend from now on!”

Zhao Chengyu’s tone was immediately moved.

The two of them looked like they were really meant to be together.

“A wolf in disarray!”

Miyu made a puking face.

Continuing the conversation, Shen Ling left.

In the room, a voice rang out.

“Mr. Zhao, Shen Ling has been completely tamed by you, and you even let ten million go!”

The voice was very respectful and sounded like it should be Zhao Chengyu’s bodyguard.

“Oh, this kind of a villain who sees profit and is loyal to others?”

With a sneer, Zhao Chengyu spoke disdainfully.

“He won’t take this money, he’s just greedy for the greater good, and when I gave him this money, I figured he wouldn’t take it!”

“What! Did Zhao already know he wouldn’t take it?”

Surprised by the tone, the bouncer was surprised.

“Oh, you think that Maya Shen is really worth ten million?”

With a slight smile, Zhao Chengyu spoke proudly.

“I’m just playing with her to make Haoden Ye understand what it’s like to fight me!”

Hearing this, a cold light flashed in Haoden Ye’s eyes.

Just now, when he heard Zhao Chengyu pull out a ten million dollar bank card, he mentally had a few sympathetic feelings towards him.

There were other men who were willing to pay for Maya, and Haoden Ye wasn’t angry.

Although Zhao Chengyu was a villain, his treatment of Maya was agreeable in terms of his attitude.

But hearing him say that he was just playing with Maya, Haoden Ye’s heart became angry.

Whirlingly, he thought that Shen Ling was just one of the tools that Zhao Chengyu used.

“Did you get it all on tape?”

At this time, Haoden Ye poked Miyu next to him.

Nodding lightly, Miyu smiled heedlessly and nodded vigorously.

Putting away the device, Haoden Ye took a step back.

“Boss, let’s go in and take care of that kid!”

Miyu immediately couldn’t wait.

With their kung fu, it was very easy for them to take care of Zhao Chengyu without being noticed by anyone.

“No, give them some new tricks this time!”

With a slight smile, Haoden Ye raised his hand.

“Dead souls of the four corners of the earth, at my command!”

Mouth exhaling, Haoden Ye shook his arm.

Seeing his appearance, Miyu just stayed there.

“Boss, you’re not crazy!”

Soon, however, he felt the air around him begin to turn cold.

It was obvious that nothing had changed around him, but Miyu actually had a creepy feeling.

“What are you doing, boss?”

Miyu didn't want to admit the feeling of fear that was bubbling up in his heart and opened his mouth.

Without any extra words, Haoden Ye continued to shake his arm.

The icy sensation grew stronger, and Miyu's face finally showed a look of dread.

Suddenly, a blue light floated by, and at first Miyu thought it was a mistake and rubbed his eyes hard.

When the blue light reappeared, Miyu finally knew he hadn't seen it.

“Ghosts...ghosts!”

The green light quickly transformed into a human form with a truly terrifying appearance.

“Don’t scream, or the next door will hear you!”

Fiercely glaring at Miyu, Haoden Ye continued to shake his hand.

Then, a few more green lights floated out and drifted over to Haoden Ye.

“Ghost mandarin, we won’t let go of the surname Zhao, so get out of here if you know what to do!”

Suddenly, a few blue lights emitted a dense black Qi.

Danger permeated the room!

At this time Miyu’s face was incomparably white.

Although he was powerful in martial arts, his heart drove to deep fear in the face of something that simply could not be solved with martial arts in front of him.

“What the hell is going on, old...boss!”

Miyu's legs went weak and he sat paralyzed on the floor.

Without any reply, the corner of Haoden Ye's mouth raised a smirk.

“Town!”

The bells in his hands shook violently, and a set of blue lights formed a barrier around Haoden Ye.

Several streaks of blackness trembled violently, and bursts of screams rang out.

“How is that possible, you're just an ordinary ghost official, you can't be our opponent!”

A wretched sound of terror echoed through the room.
