

Chapter 483

Deterred by the sound of the detention bell, the grieving spirits retreated.

“Daoist Master have mercy, we have eyes for Taishan!”

Soon, a fierce ghostly figure appeared.

An icy aura pervaded, and the stern ghost was cloaked in a cold and terrifying appearance.

Miyu had already gone down the pale face and couldn't even look at it.

Even Haoden Ye had a feeling of fear in his heart at this time.

However, he understood that once he showed even a little bit of fear, these fierce spirits would not be easy to subdue.

“Don't worry, I'm not here to catch you guys, I actually have a bit of a problem with this Zhao Chengyu!”

The fierce ghosts had looked miserable and full of resentment, but now, when they heard Haoden Ye's words, they revealed a look of surprise.

“I see, causing us to misunderstand the Daoist!”

A long-haired white ghost floated out among the fierce ghosts.

Her body was covered in blood, and she was emitting a strong black aura, the strongest black aura among these fierce ghosts.

“Daolord, Zhao Chengyu has caused my family to fall apart in order to get me, Daolord, do us a favor!”

The miserable cries rang out, and the other stern ghosts cried out as well.

For a moment, the terror in the room was reduced by a few points, and Rao Miyu’s heart swelled with pity as he heard these weeping voices.

“You’re all fierce ghosts, why don’t you go seek revenge on Zhao Chengyu?”

Miyu was coming to accept the fact that he saw Ririku’s ghost and stood up, with a few shudders in his voice.

“Daoist Master doesn’t know, Zhao Chengyu received the welfare of a high priest when he was young and has the mark of a high priest on his body, so we can’t even get close!”

Several fierce spirits whimpered and cried.

Miyu's face showed anger when he saw how sad they were.

"There is really no heaven, such a shameless villain can receive the welfare of a high priest!"

Hearing his words, Haoden Ye also sighed.

"If the Daoist wants revenge, it's not like there's no way to get it, he has a Buddha pendant on him, just take it off and with the grievances we sisters have, we can get close to him!"

At this time, that fierce ghost suddenly raised his head.

Hearing this, Haoden Ye's heart rejoiced.

"You will follow him for the next two days, report all my movements concerning him, and I will arrange for the removal of his pendant!"

With a smirk on his lips, Haoden Ye spoke in a low tone.

A few fierce ghosts were delighted at the news and nodded.

“Ahem, you guys are still coming to see our boss in the next two days, right... can you look better, this is pretty scary!”

Hearing that Haoden Ye still had to meet these fierce ghosts, Miyu coughed dryly.

Several fierce ghosts bowed their heads at the news.

“We’re wracked with hostility, and if we don’t resolve the anger, we’ll always look like this, and if we run into a profound Daoist, our souls will be scattered!”

At their words, Miyu had a sympathetic look on his face.

Gently shaking the soul detention bell in his hand, Haoden Ye ordered the stern ghost to retreat.

“Boss!Miyu used to follow you just to get back into the Miya family, but now I don’t want to leave!”

Leaving the hotel and on the way home, Miyu suddenly told Haoden Ye.

Surprised, Haoden Ye gave him a look, revealing his confusion.

“I used to think that I was the young master of the Mi family, with a higher status than the boss, and that I was always above the eyes of everyone and should be feared by everyone, but now I realize that the boss is the one who deserves the most respect!”

Miyu had a look of awe on his face.

“From today Miyu will follow the boss and fuck over those bullying dogs!”

It seems that the experience of a few women touched Miyu a lot.

Two days later, a jeep pulled up below the Blue Moon Restaurant.

Gu Changwu got down from the car and quickly entered the restaurant.

“Haha, Takeshi, I thought you were mad at me for not coming last time!”

Zou came out from inside and welcomed Gu Changwu with a smile.

“Where are you talking from, Zou, if it wasn’t for you, I wouldn’t be in the Interpol!”

Gu Changwu smiled enthusiastically.

He was a bloodthirsty man, one size fits all, and his hatred for Haoden Ye would never implicate Zou Dahua.

At this time, several other detective teams were coming down the stairs.

A group of old colleagues arrived at the booth, immediately began to chat enthusiastically, and had a quick drink.

“What? Do you see it? Haha, great!”

Suddenly Zou received a phone call with an excited look on his face.

Everyone was looking over at him in a strange way.

“Hey, Xiao Wu, the last time I helped Haoden Ye, it was completely on the face of Holander, this time I’ll help you get revenge, the kid surnamed Ye whoring, the place my brother just told me!”

Upon hearing that he was going to fix Haoden Ye, Gu Changwu was delighted, while showing a touched look to Zou Dahua.

That’s your own big brother, helping others on the surface, but still thinking of himself!

“Come on, let’s go take care of that kid!”

One by one, the torturers here stood up excitedly.

“You all sit down, I can go with Takeshi on this!”

Zou always stared at a few people with both eyes, and gave them a blank stare.

The crowd’s eyes turned strange at that.

This is obviously a personal vendetta to keep people away!

If they went there and saw Gu Changwu’s personal vendetta, it was to say it or not.

Not talking about breaking the law in your own profession, and talking about making it hard for your brother.

“Ah... Haha, big brother Zou, you guys go do something, we’ll wait for you here, you can drink when you come back!”

As we talked, the two men headed downstairs.

A way to the Blue Moon, Zou always stopped the car, turned his head to Gu Changwu Road: “Later on, go up and do it lightly, heavy handed Interpol bad account!”

Gu Changwu nodded lightly and opened the car door with a hmmm.

When the two men reached the upstairs room, Gu Changwu smashed up the door hard.

“Open the door, I’m a cop!”

After yelling at the door, Gu Changwu heard a panicked sound inside.

Vaguely, I heard a woman scream, “What’s he doing here!”

Gu Changwu only felt that the voice was somewhat familiar, his mind thudding.

Unable to wait for the other man to open the door, he kicked in the door.

“I’m a police officer and someone reported you selling...”

Gu Changwu quickly rushed inside the room and said in a serious tone.

However, halfway through the voice, Gu Changwu stayed.

But there were two men standing in the room, dressing in a panic.

One was handsome, a movie actor named Zhao Chengyu, and the other... was actually his own wife, Xu Feiyan!

In an instant, Gu Changwu's face went white.

"Takeshi, you...you listen to me explain!"

Xu Feiyan's pretty face was also frightened white, and hurriedly went forward to hug Gu Changwu, speaking in a frightened tone, "You've misunderstood, we... we were just chatting!"

Is that how you talk?

Even if Gu Changwu was an idiot, he knew what was happening.

He fiercely pushed Xu Feiyan away and walked towards Zhao Chengyu.

"Don't you dare, I'm a member of the Zhao family, if you dare to touch me, I'll let you die without a funeral!"

Chapter 484

In the face of his threat, Gu Changwu did not speak.

He even lost the angry look on his face and slowly walked towards Zhao Chengyu.

“Gu Changwu, what are you doing, you’re not allowed to hurt Chengyu!”

At this time, Xu Feiyan suddenly blocked in front of Zhao Chengyu.

“Who do you think you are, if I wasn’t desperate to find a father for my baby, I’d be looking at you? Aren’t you just a shitty detective? It only makes how much money a year!”

Xu Feiyan looked at Gu Changwu angrily, that way, as if she had been wronged.

“I only married you because of the house your father left you, I was only true to Cheng Yu, now that you’ve found out, divorce! Anyway, Seiyu is planning to accept me again!”

Upon hearing that, Gu Changwu’s face instantly turned livid and his eyes already had a murderous look in them!

When Zhao Chengyu looked at it, his face was slightly white.

He's a cop. If he goes crazy, he's still alive?

“Gu Changwu, don't be impulsive, Fei Yan and I are just playing around, think about it, why would I marry such a woman?”

Zhao Chengyu hurried to explain.

Hearing his words, Xu Feiyan was stunned and turned around to look at Zhao Chengyu in dismay.

“Makoto, I thought you said that you liked me, but I'm pregnant with your child!”

A tear fell, and Xu Feiyan was dumbfounded.

“Well, how many women like you would I want, and how many people would like one of you? That child, I don't know whose wild seed it is yet!”

Xu Feiyan was so shaken that people stayed on the spot.

“Gu Changwu, you should be thanking me, if it wasn't for me, how would you be able to see this woman's true face? Don't you want a woman? I'll have as much as I want here, star do you like it?”

Zhao Chengyu hurried to Gu Changwu.

“I want you dead!”

With a roar, Gu Changwu fiercely pounced on Zhao Chengyu.

With one kick, Zhao Chengyu’s entire body flew up and crashed heavily into the wall.

“Surnamed Gu, if you dare to attack me, I’ll kill you!”

Where had Zhao Chengyu ever suffered such a loss, when he became furious.

However, his anger instead caused Gu Changwu to strike even harder, kicking at him one by one.

“Tsk tsk, that’s some good footwork from Takeshi!”

Zou kept a close eye on Gu Changwu, afraid that he would actually kill Zhao Chengyu when he did.

It was good that although Gu Changwu was in full fury, he was still very measured in his strikes, and the places he hit were Zhao Chengyu’s soft spots, which would hurt, but the injuries were not serious.

“Mr. Yeh asked me to take a Buddhist pendant off him, where is he carrying any pendant!”

While keeping an eye on Gu Changwu, Zou also searched for Zhao Chengyu’s body.

After searching for half a day and not finding it, Zou’s brow furrowed.

At this time, Zhao Chengyu suddenly jumped up from the ground and actually tried to resist Gu Changwu.

This action enraged Gu Changwu and kicked him down hard in the abdomen.

“Ah!”

A scream came out, and Zhao Chengyu covered his crotch and retreated.

And this time, a red pendant at his waist was revealed.

Zou’s face turned pale at the sight of it, this kick is probably going to make Zhao Chengyu cut off his children and grandchildren!

He hurried forward and pulled Gu Changwu, “Xiao Wu, that’s enough, hit this kid again and he’ll break his breath!”

Only then did Gu Changwu begin to calm down, gasped for two breaths and grunted, “At worst, I’ll pay for his life, I have to kill this brat today!”

Zou pushed him hard and pushed Gu Changwu away, reaching out and pulling the jade pendant down from Zhao Chengyu’s waist, which was the only way to check Zhao Chengyu’s injuries.

A stream of blood flowed out from Zhao Chengyu’s lower body, and the result could be imagined.

Zou always looks at the heart of the cold, began to regret today set this game.

While pondering what to do, Zhao Chengyu in front of him suddenly turned pale.

“You...you’re dead, aren’t you?Don’t come near me!”

His face became extremely frightened and his eyes went wide, as if he had even forgotten his fear.

Zou was stunned and asked a tentative question, “Mr. Zhao?”

Zhao Chengyu's body fiercely burst, standing up from the ground in a mad rush.

"You guys...you guys get away from me, don't come near me!"

After that, he ran out like crazy.

In the room, both men were stunned at the sight of this.

"Brother Zou, take me to turn myself in, I'll waste this kid, and this life is over!"

Gu Changwu calmed down and lowered his head and sighed.

"Don't worry yet!"

Zou looked at the direction that Zhao Chengyu had left, revealing a pensive look.

He had seen many people pretending to be crazy, but Zhao Chengyu's appearance just now was not pretending to be crazy at all.

What kind of person could bear such immense pain and run away?

Besides, even if he didn't act crazy, Gu Changwu wouldn't continue to beat him.

"You go home first, I'll contact Mr. Holander and see what we can do about this!"

Pushing Gu Changwu a bit, Zou told him to leave quickly.

Gu Changwu listened to this big brother's words the most and nodded at the words.

After taking two steps, he suddenly turned his head and looked at Xu Feiyan on the ground.

"You want a divorce, whatever, we've finally been married, I'll give you \$200,000!"

Finish mulling it over.

Xu Feiyan on the ground was in tears, dumbfounded, looking at the direction he left, incomparably remorseful.

"Hey!Dr. Ye, Zhao Chengyu is crazy!"

Zou didn't contact Simen Holander, but called Haoden Ye directly.

Haoden Ye, who received the call, wasn't surprised by what happened.

"Well, I know what's next, so you don't have to worry about it!"

With a slight smile, Haoden Ye said.

"Well...Dr. Yeh doesn't seem surprised!"

Zou was very smart and heard no surprise at all in Haoden Ye's tone.

Obviously, he had known that Zhao Chengyu would go crazy!

And if Zhao Chengyu is crazy, could it have something to do with Haoden Ye?

"Oh, Zou, you don't need to worry about these things, just know that I won't harm you!"

Haoden Ye responded with a smile.

"High!Kid, you're really high!!I'm glad you're using me, though!"

With Zou Dahua's shrewdness, how could he not guess that Zhao Chengyu's madness is related to Haoden Ye?

At first he thought Haoden Ye's strategy was a bit reckless, what if Gu Changwu killed Zhao Chengyu in a fit of rage?

Now he realized that Haoden Ye had already considered it.

Since he said not to worry about it, Zou Dahua didn't bother to worry about it.

As he left, he also took a look at Xu Feiyan on the ground.

This woman, not so long ago, was his sister-in-law.

In fact, when Gu Changwu married Xu Feiyan, he knew that this woman was living indiscreetly.

But the brother liked it, and he didn't bother to say so.

Shaking his head and sighing, Zou Dahua stepped away.

Hanging up the phone, Haoden Ye also slowly relieved himself.

It was really a last resort to deal with Zhao Chengyu, yet if he didn't do it, the one who would be harmed would definitely be himself, right?

Who can defend themselves against such a villain every day, maybe one day they will have to suffer!

Chapter 485

Today's news was playing on the TV.

“It is reported that famous actor Zhao Chengyu appeared to self-harm because he couldn't resist the stress of insanity, and with the development of China's film and television industry, more and more people...”

Looking at the crazy Zhao Chengyu inside the TV, and then at the surprised look on Maya Shen's face, Haoden Ye had a reassuring smile on his face.

“Hmph, I never thought such a villain would have a mental breakdown one day!”

Pouting, Maya Shen showed a guilt-ridden look.

The phone beeped.

Haoden Ye looked at it, and it was his mother-in-law Milda Hao's number.

He subconsciously pressed the answer button.

Just as the call was answered, Maya Shen was busy making a do not answer gesture to him.

Apparently, she was one step behind.

Unfortunately it was already too late, so Haoden Ye had to shout into the phone, "Mom?"

"Hey! Haoden Ye, where's Maya? You two are getting good now, aren't you? You're not even going home! Get your ass back here now!"

Inside the phone, Milda Hao was furious.

"Come on, what are you worrying about with your children!"

Then my father-in-law's voice rang out as well.

"Don't worry about it, don't worry about them getting on board? Haoden Ye, hurry up and put Maya on the phone, I'll see if you can hide from the first and fifteenth day. You and Maya aren't getting any younger..."

The next fifteen minutes were the sound of my mother-in-law complaining.

Haoden Ye and Maya Shen both smiled bitterly.

My mother-in-law called, but it was just to get them to have a baby.

But Haoden Ye's career was just starting, and Maya Shen was simply unavailable.

The two men simply hid inside the company and fought the battle.

"Why don't we just think about it?"

It was fine to live in the office, but Haoden Ye was a little homesick.

You can't cook here, you can't order takeaway every day, and Haoden Ye doesn't feel comfortable eating it.

"If you're going back you go back, I'm not going back to listen to them ramble!"

Maya Shen immediately objected, grunting and shaking her head.

Haoden Ye helplessly smiled bitterly.

Just at that moment, a loud noise sounded outside the door.

“What are you doing, our boss is taking a break!”

It was the voice of Lee Da Niu.

“Get out of the way, how dare you stop the police on a case!”

A gruff voice rang out, sounding like Roark’s enemy.

Haoden Ye and Maya Shen hurried up to get dressed.

They had pajamas on them at this point, who were still dressed very formally in their own homes.

Usually at times like this, no one comes to bother them.

The door was slammed open and Rocke’s enemy walked in first.

Good thing two people move quickly and are just getting dressed at this point.

“Haoden Ye, hurry up and come with me, my master is looking for you for something!”

Luo Ke Enemy swept his gaze across the room and immediately locked onto Haoden Ye.

“Get out!”

Haoden Ye was livid and bellowed at him.

Luo Ke Enemy was startled by Haoden Ye’s flash of anger, and whirled around to frown, “Okay, I’m going out, so hurry up and get ready to come out, our master is looking for you for something urgent!”

“Tell your master that I’m not free today!”

Haoden Ye snorted coldly, his tone stiff.

Hearing this, Luo Ke Enemy and Maya Shen stayed for a moment at the same time.

Maya Shen had never seen such a tough side of Haoden Ye before, and the inside of her eyes shone brightly.

A look at the other side was not small, in the past, Haoden Ye would have been compliant.

“He’s honestly whispering in my face, I thought he was the same old him!”

Roark’s enemy was dumbfounded and whirled around with anger on his face.

With his master’s status, even if he were to invite those leaders in Dan City, no one would dare to refuse.

“Boy, gave you face, didn’t I!”

Without saying a word, Luo Ke Enemy stepped towards Haoden Ye.

“What are you doing!”

Maya Shen was shocked at the sight and hurriedly blocked in front of Haoden Ye.

There was no pity in the heart of Roque Enemy.

There are only two kinds of people he sees, those who are trustworthy and those who are not.

With a lift of his hand, Luo Ke Enemy pushed Maya Shen away.

The force was perhaps a little too strong, and Maya Shen fell to the ground with a wince.

Roque Enemy reached out again, trying to grab Haoden Ye.

But the moment he reached out his hand, his wrist was suddenly grabbed.

When he looked up, Haoden Ye's eyes were spewing anger, staring at him viciously.

"Maya, are you okay?"

When he caught Roque's enemy, Haoden Ye turned his head over to inquire about Maya Shen's condition.

"Hey, boy, fight me and still have the heart to look at someone else?"

Rocky Enemy snickered heedlessly.

He has been studying with the Hung Gar Kung Fu master Leung San Chuen for seventy-eight years, and his martial arts attainments are extraordinary.

With a shake of his wrist, Luo Ke Enemy intended to use his eighteen tremors to shake Haoden Ye's hand away.

However, his arm had just moved when Haoden Ye suddenly moved.

Neither saw how he moved, but the fingers of both hands pushed violently and clasped Rok's wrists at once.

Then the arm twisted hard, and Roque Enemy's huge body was like a sack, which was turned upside down by Haoden Ye.

Others don't know, but Rocky's enemy himself knows best.

The moment Haoden Ye exerted himself, he felt sharp pain coming from his wrist, while his entire body seemed to be suddenly without strength.

When Haoden Ye twisted, the pain was even more intense, causing him to flip his body after Haoden Ye.

Boom!

There was a loud bang, and the huge body of Roark's enemy fell to the ground.

At this time, Haoden Ye also let go of Luo Ke Enemy and bent down to help Maya Shen up.

“Get out of my company immediately!”

With a cold glance at Luo Ke Enemy, Haoden Ye's tone was rude.

Luo Ke Enemy was still immersed in the shock of being easily defeated by Haoden Ye, while at the same time the sharp pain in his arm didn't stop, but had an increasingly painful feeling.

Knowing it was useless to stay, Roch Enemy walked out with his arms folded.

“You...you were so strong!”

Getting up from the ground, Maya Shen looked at Haoden Ye in surprise.

“It's nothing, I was just pinching his acupuncture point, he was in so much pain that he naturally turned around!”

“Huh? There’s also this kind of stuff, teach it to me quickly, I won’t be afraid when I meet a pervert!”

“Teaching you is fine, but you need an escort to learn self-defense, so find a martial arts school someday and I’ll teach you.”

“Huh? Can’t you chaperone me?”

“Honey, even with practice, that trick hurts to perform!”

“Oh, forget it then, I’m not learning, just accept your wife’s fate if she gets bullied later!”

“I...I teach!”

At the same time, inside Yuzhou County, Liang Sanquan wiped the sweat from his forehead and shook his head with a smile, “It still won’t work? I’ve been practicing this grappling for over a decade, why isn’t it working?”

Across from him, an old man in his early fifties withdrew his arm and twisted his shoulders, laughing bitterly, “I told you, it has to be a professional Chinese medicine practitioner and very accurate in holding acupuncture points!”

“I don’t think so, but with our western doctors, we just need to prescribe a little painkiller, right?”

At this time, a young man sitting next to the two men showed a look of displeasure.
