

The Best Son in Law Chapter 84 – 86

Chapter 84

Haoden Ye didn't have any nonsense and dialed Li Mingsheng's phone.

"Mr. Li, I'm at the entrance of your company, your nephew Pei Qian stopped me from going in, I'm waiting for you in the security room, I hope you'll come see me as soon as possible!" The call was connected, and Haoden Ye hung up the phone without nonsense.

Pei Qian saw him making a serious phone call, of course he wouldn't believe that he was really calling his uncle.

"Hehe, do you think I'm an idiot? Trying to trick me this way? My uncle would know a dead poor man like you?" Laughing contemptuously, Pei Qian said to the two security guards, "You two keep an eye on him, someone might come looking for him later!"

The two security guards were also smart people and immediately understood what Haoden Ye meant.

They were already able to guess Haoden Ye's outcome, and their hearts rose in pity for Haoden Ye.

Although they were somewhat snobbish, they weren't bad people, but they were just working for someone else.

"Sir, come with us, apologize properly to Mr. Pei later, you might be able to get less beaten up!" The fat security guard sighed and addressed Haoden Ye.

Haoden Ye saw that he still had some goodwill, smiled at him and went straight into the security room.

At this time, Pei Qian was contacting his friends in the mob.

“Hey Brother Zhao, come help me clean up a guy, just break his leg, 200,000 perks a penny... no influence, just the husband of our company’s junior employee, called Haoden Ye... Hey, hey, Brother Zhao? “

“Hey, Brother Li, come teach me a lesson... 300,000 perks... nothing much, just a piece of trash named Haoden Ye... Hey, hey... Brother Lee?”

Pei Qian face four phone calls, the beginning of a good talk, but he mentioned Haoden Ye’s name, the other side seems to be in the evil general, all hang up the phone, and again dialing can not get through.

Pei Qian looked at the phone, Pei Qian stayed, this is what’s going on?

He was dazed when a stern voice rang out.

“Pei Qian! Get the hell out of here!” It is the voice of your own uncle Li Mingsheng, Pei Qian hurriedly from give security room out, you can see your uncle’s angry face red, eyes with to eat people.

The company has been in the process of developing the new product for the past two years, and the company is now in the process of developing the new product.

To the staff of Shengwen International, he is like a big brother, much loved.

And to his nephew, Pei Qian, he has been very good.

Pei Qian graduated from college, useless, are hand-taught by Li Mingsheng, a little bit cultivated, Pei Qian has never seen this uncle angry.

However, this time, Li Minsheng was really angry!

Because for Li Mingsheng, the company was what he really cared about, and his generosity towards his subordinates was merely his good temper, once his core interests were violated, he could disown his six relatives.

After Haoden Ye became the largest shareholder of Shengwei International, Li Mingsheng once thought that he was going to lose this child, and it was Haoden Ye’s generosity that made him become the manager of the company again.

He never thought that this nephew of his would be pissed off by Haoden Ye, he simply wanted to strangle Pei Qian with his own hands.

“Uncle, what are you doing here!” Pei Qian was a little blinded by fright and fidgeted.

“Where’s Mr. Ye?” Li Mingsheng glared at him hard, his eyes could kill if they could, Pei Qian had already died an unknown number of times.

“You said surname Ye, he’s in there!” Pei Qian finally realizes that something is wrong, it’s fine if his mob friends don’t want to help, why is his uncle so angry?

Li Mingsheng didn’t pay any attention to him and went straight into the security room.

As soon as Pei Qian followed him, he saw his uncle smiling and winning up as soon as he saw Haoden Ye.

“Mr. Ye, I’m really sorry, I didn’t manage my men properly, I made you suffer!” The appearance was even very humble.

Pei Qian, the security guards inside the security room were all dumbfounded, the head of Shengwen International Li, the partner of Holander’s Group, was actually so respectful to Haoden Ye.

“Uncle, why are you so polite with him, he’s just a loser!” Pei Qian couldn’t see past it, with his uncle’s current status in the business world, why would he have to whisper so low to a loser like Haoden Ye.

“You shut up!” Li Mingsheng roared and glared at him hard, “I’ll deal with you later!”

Pei Qian was dumbfounded, why did his uncle still have to clean up after himself, he was his own uncle ah.

“Mr. Li, Shengwen International is now cooperating with the Holander’s Group, representing not one of your companies, as the president of the company, how you manage the company is your freedom, but appointing this kind of person as the vice president of the company is a bit inappropriate, isn’t it?” Haoden Ye slammed his face and said to Li Mingsheng, “My wife is diligent and conscientious for the company, but

this Vice President Pei Qian tried to bully her and was dismissed by Pei Qian after being rejected, do you think this is appropriate?”

Li Mingsheng's face turned pale when he heard it, so Pei Qian had not only offended Haoden Ye, but had also dismissed Maya Shen!

Maya Shen's personal work ability was recognized by him, and Pei Qian hadn't reported this matter of sacking Maya Shen to the Human Resources Department yet.

“There's even such a thing!” Li Mingsheng showed an angry look, not only because Pei Qian had offended Haoden Ye, but also because of Pei Qian's bullying of Maya Shen.

He turned his head and stared fiercely at his nephew, “I let you manage the company, that's why I let you bully your female colleagues? From today onwards, you, the Vice President, quit your job and be good enough to turn yourself in to the police!”

Pei Qian was directly dumbfounded at his uncle's words and cried, “Uncle, I'm your own nephew, he's just a piece of trash, how can you help him?”

“Get the hell out of here!” Li Mingsheng didn't want to see Pei Qian when he saw him, and roared at the security guard, “Get rid of him by him!”

How dare the two security guards disobey and quickly racked Pei Qian to go out.

Only then did Li Mingsheng turned around and apologized to Haoden Ye, “Mr. Ye, I will immediately resume... No, I will immediately recognize your wife as the vice president, you see it's okay, as for my nephew's bullying of your wife, I will also pursue his legal responsibility!”

Haoden Ye already had a good impression of Li Mingsheng, and at this time, seeing him handling things so fairly, he didn't have any anger in his heart.

His own wife had been promoted from business director to vice president, and Haoden Ye was still anxious to send the good news back.

“Thank you, Mr. Li, the company is in your hands, so I have a bottom in my heart!” Haoden Ye smiled in satisfaction.

Li Mingsheng was originally worried that Haoden Ye was angry with him because of this, once he heard this to put his mind at ease, he hurriedly said, "Mr. Ye don't say that, this happened, it was my management negligence, I promise it won't happen again!"

Chapter 85

Leaving from Sheng Wen International, Haoden Ye was the first to call Maya Shen.

At this time, Maya Shen was sending her resume on the computer!

The company that had worked so hard for several years, the sudden departure made her very sad, but she also understood that she could not be defeated by grief, and had to regain her strength.

The phone rang, it was Haoden Ye who opened it, Maya Shen saw the phone number, her eyes flashed a wisp of loneliness, she really didn't want to answer the phone.

"He should be saying a few words to comfort me, and then keep saying he's sorry." Maya Shen's eyes were disappointed: "What's the use of being sorry, I want you to be more like a man."

After this incident, Maya Shen had decided to make a clean break with this man.

A woman's youth was limited, and she needed to find a man she could rely on while she was young.

Despite the decision in her heart, she was still incomparably sad deep inside.

Glittering tears falling down, Maya Shen resisted the urge to answer the phone and continue sending out her resume.

The phone rang for more than twenty minutes, Maya Shen picked up the phone and wanted to turn it off, but when her finger touched the power button, she hesitated.

"Forget it, we've already decided to separate anyway, just endure these few times!" Not knowing whether it was because she couldn't let go, or she didn't want Haoden Ye to preserve sad memories in her last moments, Maya Shen pressed the answer button.

“Mu Ya, you finally answered the phone, hurry to your company, you’ve been promoted!” Haoden Ye was excited on the phone.

Maya Shen’s mind was thinking about the breakup with Haoden Ye, not listening to the words carefully at all, as soon as Haoden Ye finished she said in an angry voice, “How many times have I said that you don’t need to be in charge of my affairs, I... eh? What did you say?”

She was in the middle of saying something that suddenly felt wrong: “What promotion are you talking about?”

“I just went to see your CEO Li and told him what happened, and your CEO Li resigned Pei Qian’s VP and promoted you to VP!” Haoden Ye hurriedly said.

Maya Shen couldn’t believe her ears, her eyes widened and her mouth let out a surprised voice, “What! You...you’re not lying to me! Haoden Ye, if you’re only lying to me because you’re comforting me, I’m not done with you!”

“I’m afraid what I said is true, if you don’t believe me, call your Li!” Haoden Ye saw her disbelief and laughed bitterly.

As soon as he finished speaking, the phone hung up.

Maya Shen dialed Li Mingsheng’s phone: “Hello! Mr. Lee? I’m Maya Shen!”

“Haha! You Maya ah, really let you suffer, I have been blinded by Pei Qian, thinking that he is my nephew will do a good job for the company, never thought that he would do such a thing, you quickly come back to the company, our company can’t do without you ah!” Li Mingsheng smiled on the phone, his tone gentle, his usual big brother look.

“Mr. Li, please wait a moment!” Maya Shen put down her phone and pinched her thighs so hard that she cried out in pain.

“Maya, what’s wrong with you?” Li Mingsheng’s worried voice came from the phone.

“No...nothing, Li!” Maya Shen’s eyes were filled with tears, not sure if it was from pain or excitement: “I’m going to the office right away!”

Li Mingsheng smiled and said, "Well, you go to the HR department and report to them first, I'm having the VP's office cleaned up!"

Maya Shen nodded vigorously, suddenly thought of something and frowned, "Mr. Li, did you change your mind because my husband went to see you? What did he... tell you?"

Maya Shen suddenly thought of why Li Mingsheng would suddenly interfere in this matter.

Although for the company, her business ability was strong, but Pei Qian's work ability was also good.

Moreover, he was also Li Mingsheng's own nephew, so how could Li Mingsheng help himself?

Li Mingsheng listened to her words and laughed bitterly, thinking, how could I not help you, our company is all your husband's!

However, although he was honest, he was shrewd in human affairs, and saw that Haoden Ye was low-key and didn't want others to know his true financial strength.

Of course, Li Mingsheng also misunderstood Haoden Ye, the reason why Haoden Ye was so low-key was because he felt that the billion was not his at all, he was just helping Holander's group to manage it.

"It was your husband who showed me the despicable deeds of Pei Qian, and as for promoting you to vice president, it's also because I investigated your information and saw your work ability only!" Li Mingsheng but took great pains to explain, fearing that Maya Shen would not believe it, and quickly added, "Of course, I also like your husband's character, and I believe that having such a husband will help you in your work!"

Once Maya Shen heard that Li Mingsheng was doing this because of Haoden Ye, she couldn't help but be stunned.

That trash husband of hers actually got the approval of Li Mingsheng, the big boss?

Is the Haoden Ye of Li Sheng Ming's mouth still his own one shot, cowardly and incompetent husband?

For a time, Maya Shen began to regret, wasn't it a little too early for her to decide to separate from him?

However, she quickly dismissed her thoughts!

For several years in a row, disappointment was piling up little by little, she was now not so much disappointed in Haoden Ye as she was desperate!

Now that he's helped himself, what can he do? What if there's a problem in the future? Will the next one be as reasonable as Lee Mingson?

"I understand, I'll be right over to the office!" Maya Shen hung up the phone and packed up to go to the office.

Haoden Ye informed Maya Shen of the good news and went back to the shop, thinking in his mind how he could get Maya Shen's approval.

After thinking about it, there seemed to be no good way, so he had to call Zyden.

The voice on the other end of the phone was a bit noisy, accompanied by a noisy English voice.

"Hey! Brother Ye, why are you calling me so late?" Zyden's voice was loud on the phone, sounding a little drunk.

"This late? Isn't it only noon?" Haoden Ye asked in surprise.

"Ah! Right, I forgot, it's noon in China. I'm in New York, having a party with friends! Do you want to come over!" Zyden drunkenly asked.

Haoden Ye laughed bitterly in his heart, running to New York from China, even by plane, it seemed like several hours for Haoden Ye, he laughed bitterly, "No, if you're busy I'll wait until you're free to call!"

“Haha, not busy! What are you talking about!” Zyden seemed to have arrived at a quiet place, the noise was less.

Haoden Ye swallowed his saliva and got a little nervous.

He rarely balled others to help him, especially a rich rich young man like Zyden.

Would he think he was greedy for their Holander family’s power?

“Holander, I want you to do me a favor...I want to make money!”

Chapter 86

“Make money?” Zyden almost didn’t laugh out loud at his words.

“Brother Ye, you have a billion dollars, what else are you making! Did Shing Man International embezzle your property? Don’t worry, I’ll set you up with a lawyer who’ll spit out as much as they eat!”

Haoden Ye quickly shook his head, “No! Mr. Li is very nice...except, after all, those are Hongs’ money, and I want to make my own money!”

Zyden directly rolled his eyes at the sound of it, and didn’t have the good sense to say, “Our Holander Group gives you this money, it’s yours, what money do you earn yourself? Do you know how much money they make for you a day when you invest a billion dollars into Shengwen International? Dude, rich people don’t do that to you!”

Haoden Ye spoke in a very serious tone, “Simen! I understand what you’re saying, but the money Hongs gave me was never my own to earn, I wanted to make my own money!”

Zyden finally understood Haoden Ye’s meaning, and his expression became serious.

“I want to ask, what are the ways to make money for Holander, you’re the young master of a big group, you should know a lot of doors!” Haoden Ye humbly asked for advice.

Zyden Holander shrugged his shoulders, "Honestly, I don't know! Rich people these days hire other people to make money for themselves! I just have to look at the industry to make the investment, and the rest is spending the money!"

Haoden Ye was dumbfounded at this, never would have thought that Zyden Holander didn't have a way to make money.

"Brother Ye, listen to me, from now on you have to learn to be a rich man, and when you learn to be rich, you'll naturally be rich!" Zyden spoke very sincerely.

Being rich? Haoden Ye smiled bitterly, he really couldn't learn this one!

Separated by a hundred and eighty thousand miles, Zyden seemed to be able to sense his thoughts and smiled slightly, "The first step to being rich, buy a car first! I'll give you a call and you can pick up a car, sort of my birthday present to you!"

"Birthday present!" Haoden Ye was dumbfounded: "My birthday is still a few months away!"

"It's delivered in advance, and rich people deliver it months in advance!" Zyden understood that if he directly said that he would give Haoden Ye a bright car, Haoden Ye would definitely not want it, so he simply made up a lie and said, "We're all like that."

"Then there's no need to give away a car!" Haoden Ye frowned.

"Take it if you're given it! I, Zyden Holander, give gifts to others, and if I give them lightly, they will look down on me, so for the sake of my face, you can't refuse!" Zyden's tone could not be doubted and said, directly hanging up the phone.

Haoden Ye stayed for half a day, revealing a bitter smile.

It seemed that there was no way to find Zyden, it was better to go directly to Li Mingsheng.

Li Mingsheng wasn't a rich second generation, he must have a lot of business skills to teach himself.

“Mr. Li!” The call was connected, and Haoden Ye politely explained the reason for his call directly after two sentences, “Mr. Li, I want to do some business recently, I don’t know what you can recommend, try to be the kind that is simple to start, short cycle, and fast money making!”

“You want business?” Li Mingsheng tensed up when he heard this, “Is it because you think our company’s business volume is not good enough? Mr. Ye don’t worry, we just received such a large investment, the company needs to be restructured, and the profits are a little less for now!”

“That’s not what I meant, I just want to make money to spend on my own!”

Haoden Ye quickly explained, “Just want to learn how to do business.”

“Are you short of money? If you need money you can talk to me, I can advance you some from the dividends, it’s not much, 10 or 20 million is still fine!” Li Mingsheng hurriedly said.

“I...you misunderstood me again, I mean, I want to run my own business and make my own money!” Haoden Ye’s throat went a little dry, finding it increasingly difficult to explain himself.

“Mr. Ye, are you dissatisfied with my management company? Want to start a new business? If you think I’m unqualified, I can step down and give way, please don’t give up on Shengwen International!” Li Mingsheng’s tone was all cryptic.

“I... “Haoden Ye found that he couldn’t explain clearly, so he had to say, “I just suddenly had this idea, you misunderstood me, I’m very relieved that the company gave you!”

“So that’s it!” Li Mingsheng was relieved: “Are you tight with money lately, I’ll immediately have someone call you two million over...”

It took a lot of effort for Haoden Ye to reject Li Mingsheng’s good intentions.

Hanging up the phone, Haoden Ye went to pick up the car according to the address given by Zyden.

“Hello sir, may I ask if you want to sell your car?” As soon as she entered the 4S shop, there was a beautiful woman wearing a high-heeled professional dress who came over.

With a melon face and a thin figure, she could be considered a professional beauty, but her eyes were a bit contemptuous when she looked at Haoden Ye.

“Sir, we just got in a batch of economy cars here, zero down payment, and the monthly payment is only less than two thousand!” The beautiful woman smiled everyday, her petite body close to Haoden Ye, a fragrance floated over.

Haoden Ye looked around, the cars in the hall he except knew a W Volkswagen, most of the others he had seen but couldn’t name.

Since it was a car that Zyden gave him, it shouldn’t be cheap.

“Do you have an upscale area here, I’ll go over and take a look!” Haoden Ye pulled away from the beauty.

“Upscale area?” The beauty’s eyebrows furrowed and her eyes quickly flashed as if to say, “What’s the pretence, can you afford a fancy car?” But with a professional smile on his pretty face, he said, “Which brand of car does the gentleman prefer?”

She has seen a lot of car buyers, some poor people can not afford luxury cars, but prefer to pretend to be a man, come to go to the upscale area to look, pretend to come back to look at the cheap.

Especially single losers, seeing her beautiful face, want to pretend in front of her many.

She also learned to deal with this kind of men, first ask two people of this grade can not answer the question let them show cowardice, these people are embarrassed to go to the upscale area, save a waste of their time.

Haoden Ye heard really difficult, his car was given to him by Zyden, luxury cars he could not study.

“I... I don’t know, go take a look!” Haoden Ye’s face flushed, a little embarrassed at his own loneliness.

A contemptuous smile flashed across the beautiful woman's face, and she whispered, "Don't pretend if you can't afford it!"

Her voice was very small, Haoden Ye still heard it, and his face couldn't help but blush.

Just at this time, two people walked in at the entrance, and when they saw Haoden Ye inside the hall, one of them paled slightly, then the corner of his mouth smiled coldly and said, "Haoden Ye! What an injustice, to see you here!"

When Haoden Ye turned his head, he saw Sun Yuxuan walking over, and there was a beautiful girl standing next to him, with a feminine appearance, a sexy body, and even more incomparably revealing clothing.

"Sun Shao, is this your friend?" As soon as the beautiful woman who was receiving Haoden Ye saw Sun Yuxuan, she immediately had a sweet smile on her face.
