# The Vengeful Son-in-law

Melissa was pushed away by him. Ryan's indifference and being so distant made her very angry. She was the daughter of the European consortium. Her family was very wealthy and powerful. Besides, she was very beautiful, and even many female models were far inferior to her. Countless men were infatuated with her.

But this man from H Country was actually so cold to her, and his attitude was so bad. She felt her self-esteem was hurt and was pissed. She said angrily, "Hey, are you a man or not? I have apologized to you, and you still don't forgive me!"

Seeing her being so arrogant, Ryan smiled and said, "If I forgive you, can you bring back my two companions to life?"

Melissa said loudly, "I've explained to you. I didn't mean to. Besides, I've already apologized. What else do you want me to do? I didn't ask them to protect me. They could have left just now."

Ryan was really angry at what she said, and at the same time, he regretted it a little. Why did he quarrel with such an unreasonable foreigner?

Ryan turned around and ignored her.

However, she was the one that didn't let him go. Her eyes were red and she looked very aggrieved. "Are you speechless? You and your countrymen are barbaric and unreasonable!"

Ryan frowned and held back his anger. Anyway, staff members of the Military Intelligence 3 were coming soon. When they arrived, he would leave. Why did he bother to argue with this arrogant woman?

Hearing Melissa's next sentence, Ryan exploded. "Here is something I didn't bring up before. Why didn't my team and I meet any assassin in other countries? I think your country deliberately let these killers in to show off your..."

When Ryan heard this, he couldn't hold back. He kicked a big tree half a meter wide beside Melissa with his right foot. The whole tree fell and caused much dust on the ground. Ryan stared at her coldly. "What did you say? Say it again."

Melissa was frightened, her whole body trembled violently, and her face went pale.

"I... I was just suspecting. Why are you so fierce?"

Ryan gritted his teeth, glared at Melissa, and said, "Apologize!" Melissa shook her head and said, "Why should I apologize? I'm telling the truth."

"I'll count to three. If you don't apologize, don't blame me for being rude to you." Ryan said coldly. He gave off some impressive aura and Melissa shivered.

But she still gritted her teeth and refused to give in. Her stubbornness made her unable to give in. She snorted and said, "I didn't say anything wrong. Why should I apologize? I won't apologize! Will you kill me for this?"

Ryan took a deep breath, stared at her, and said, "I won't kill you, but I will teach you a lesson. Don't think because you are Barsabo's daughter, I won't dare to hit you."

Melissa was a little scared when she found Ryan did not seem to be joking. But, she even felt an unspeakable expectation and excitement.

It would seem like a good thing to be hit by an Ultra-capable Man at 4S level. Ryan didn't know what Melissa was thinking. If he did, he would definitely think that Melissa was a psychopath.

"One, two..." Ryan began to count, and at the same time, his aura became more and more powerful. Melissa was just an ordinary person and could not bear this at all. Her face was pale with fear and she shivered.

#### **Advertisement**

But she wasn't that scared. She even had this strange feeling of expectation because she knew that as an agent of H Country, Ryan would definitely not really hurt her.

"Don't try to scare me. I am not afraid!" Melissa straightened her back and her perfect shape was shown.

"Three."

Ryan counted to three, and Melissa still refused to apologize. He sneered and said, "You have it coming to you."

After that, he picked Melissa up by the waist and walked to the chair beside him. Melissa screamed in panic and struggled desperately. "Hey, what do you want to do? Let me go! I'm Melissa, a distinguished guest of H Country. You can't be rude to me!"

How could Ryan be afraid of this? He was determined to teach Melissa a good lesson, or Van and Kyro would die in vain!

Ryan rudely took Melissa to the chair, sat down, and then he put Melissa on his lap and threatened her. "I'll give you one last chance to apologize."

Melissa was a little flustered. She was the daughter of a European consortium. She was born with a silver spoon in her mouth and had never been treated so rudely. This position made her feel more humiliated than ever.

"Hey! I'm Melissa! You can't be so rude to me, or I'll tell your boss to punish you... Ah!"

Before she could finish her sentence, she was slapped hard. She was stunned. She did not expect that Ryan would really dare to hit her. This was too rude and too much!

The pain made her muscles tense up.

Ryan had a special feeling. He didn't expect that Melissa had such a good figure.

But he continued to threaten Melissa with a straight face. "Do you feel like apologizing now?!"

Melissa tried to struggle, but she was too weak. Then, she was slapped again, which made her whole body tremble with pain.

She was angry and aggrieved.

"Damn you, you really dare to hit me! When I go back, I will tell my father to ask the top executives in H Country to punish you!" Melissa cursed angrily.

Ryan shook his head and was even angrier. This Melissa was too unruly and she didn't take him seriously at all. How could he tolerate her? He slapped her again, which caused a loud noise.

Melissa screamed in pain and cursed even harder.

"Are you willing to apologize now?"

"No! Kill me if you can!"

Ryan then slapped her several times.

"How about now?"

"It hurts... I didn't say anything wrong. Why should I apologize..."

Ryan slapped several times again. When he was about to speak, he suddenly felt a pain in his thigh. It turned out that Melissa bit him. He was so angry that he slapped her much harder.

At this moment, Melissa began to sob. "I am willing to apologize. I'll apologize... Please don't slap me. It hurts..."

Hearing that she was willing to apologize, Ryan breathed a sigh of relief. Just as he was about to release her, suddenly, he felt something and looked back. Thorn, Marlin, and a few executives of the Military Intelligence 3 were standing there, staring at him with wide eyes.

## **The Vengeful Son-in-law Chapter 542 -**

# The Vengeful Son-in-law

“Uh...” Ryan was embarrassed.

Seeing their eyes, Ryan knew that they must have misunderstood. He quickly said, “You misunderstood. It’s not what you think.”

However, as soon as he finished speaking, Melissa, who was lying on his lap, let out a sound and said, “Can you hit me again? It’s a little comfortable...”

Hearing this, Thorn and Marlin’s expressions became even weirder. They saw Ryan as an animal.

Ryan also felt a little numb. Hey, this was not the case!

He never thought that Melissa would say such a thing. What the hell was this? Was she masochistic? Although he didn’t use any strength in those slaps just now, it hurt a lot for ordinary people.

After Melissa said this, she was also stunned for a moment. Then she immediately blushed. She was extremely ashamed. How could she say what she was thinking?

Melissa had never been treated so rudely. She never experienced physical profanity. It was also a physical experience that she had never experienced before, which made her deeply remember Ryan.

## Advertisement

She even had a complicated emotion about Ryan.

“Cough, cough!” Ryan coughed quickly, then helped Melissa up and said, “Don’t apologize. Remember, H Country people do things aboveboard and will never be as despicable and shameless as you think, okay?”

Melissa’s face was flushed now. How could she be still as cold and dignified as before? Now she had become a shy little girl in front of Ryan. She nodded gently and said in a low voice, “I see.”

She was conquered by Ryan.

Ryan also had a headache when he saw her like this. Now that the people from the Military Intelligence 3 had come, there was nothing for him to do. The task was completed. It was time for him to go home.

#### **Advertisement**

However, as soon as Melissa stood up, she groaned. After a moan, her face showed a painful expression and she fell into Ryan’s arms.

This time, she didn’t do it on purpose. Instead, Ryan hit her butt so hard just now. So once she stood up, she was in great pain.

Besides, her legs were already weak and she fell directly into Ryan’s arms.

And she fell in his arms in a very ambiguous position.

Ryan was stunned on the spot. He never thought that Melissa would fall into his arms. He thought was she taking advantage of him?

As for Thorn, Marlin, and the others behind them, their eyes widened. They saw the ambiguity and admiration on her face. The misunderstanding was obviously deep now!

“Hey, what are you doing?!” Ryan quickly stood up, pushed Melissa away, and shouted with a cold face.

Melissa was scolded by him but did not resent him. Instead, she took it for granted. She felt that Ryan was very manly. She lowered her head and said weakly, “My hip hurts very much and my legs can’t stand steady...”

Ryan: “...” He was speechless. He scratched his head and felt a headache.

Fortunately, Thorn and Marlin were already here, and he was finally liberated. He coughed twice. After Melissa stood still, he let go of her and walked towards them.

#### **Advertisement**

After they saluted each other, Ryan said in a low voice, “We just met an assassin. Apart from me, comrade

Van and comrade Kyro have both died.” Then, Ryan roughly told them what had just happened.

After hearing this, they had no intention of teasing Ryan. Their expressions suddenly became serious and solemn.

Soon, they saw bodies all over the floor. There lied killers, Melissa’s bodyguards, and Van and Kyro, who were already cold.

Their eyes turned red.

Ryan felt bad when he saw this. He had always been a free and easy person. Although he had lived a miserable life before, he had not seen the people around him die in front of him in this way except when he was young and experienced the grief of his parents leaving.

He felt very uncomfortable.

From this moment on, he also understood the meaning of country, nation, mission, glory!

In the end, he saluted Van and Kyro and said, “Take care in the next life.”

Melissa, who was standing by, felt his emotions, and her face was filled with guilt and regret.

At this moment, Marlin came over. He widened his eyes and said to Ryan, “They are The Fool, Satan, and Red-haired Witch, the internationally famous killers. They all died in your hands, Ryan!”

Ryan looked at the bodies of The Fool, Satan, and Red-haired Witch on the ground. He nodded faintly and acquiesced.

Then Thorn went over and examined the bodies of The Fool, Satan, and Red-haired Witch. He found that they were all killed in one blow. For a moment, all of them looked at Ryan with even more shock and awe.

As the experienced people of the Military Intelligence 3, they all knew very well how internationally famous these three killers were. Everyone was worth a very high reward, especially The Fool. He was the top expert in the third stage of the Innate Realm and had killed many celebrities, politicians, and dignitaries.

Many countries were helpless against him.

But now, he died in Ryan’s hands. And he was kicked to death. Even if they knew beforehand that Ryan’s strength was very strong, they were still very shocked.

Another deputy director, Nikolai, gave Ryan a thumbs-up and said, "Ryan, you're really good! The three great masters of the Innate Realm, The Fool, Satan, and Red-haired Witch, all died in your hands. If it gets out, you'll be famous internationally!"

Then he said to Thorn, "Thorn, you're still the best. You found someone as strong as Ryan." Thorn laughed and said, "Of course." He could not suppress the complacency on his face.

Ryan smiled. He wasn't complacent at all. He just wanted to go home early, so he said, "I'll leave the rest to you. I believe that no assassins will come for Melissa."

Thorn nodded. He could also see that the deaths of Van and Kyro still had some impact on Ryan. He said, "Okay, then you should go home first and take some time off. You have done a great job this time. I will take credit for you."

Ryan nodded and prepared to leave.

Melissa was in a hurry when she saw that he was leaving.

"Hey, where are you going?" Melissa immediately ran over and stopped Ryan. She was nervous.

## **The Vengeful Son-in-law Chapter 543 -**

# **The Vengeful Son-in-law**

Ryan looked at her indifferently and said, "My mission has been completed. Of course, I'll go home." Melissa said quickly, "You're responsible for protecting my safety. I'm not out of danger yet. You can't abandon me."

Thorn, Marlin and the others on the side saw Melissa's anxious look, which was completely different from their understanding of Melissa's character. They all had ambiguous expressions on their faces, thinking that there must be something between Ryan and Melissa.

Ryan said directly, "There will be agents to protect you next."

When Melissa saw that Ryan was about to leave, she became even more flustered. She had never felt this kind of emotion before. It was not that she was timid, but that in a foreign country, the bodyguards around her were completely annihilated, and even Horton, who she had high hopes for, had lost fighting capacity. Because of Ryan's performance just now, she had a strong feeling of dependence on Ryan. After she heard that Ryan was leaving, she was in a panic.

After all, she was just a vulnerable woman, and she still needed someone to take care of her.

"No!" Melissa shook her head hard, grabbed Ryan's hand, and said, "I don't want other agents to protect me. I just want you to protect me!"

#### **Advertisement**

What she said was so ambiguous that even Ryan frowned.

Marlin said meaningfully from the side, "Ryan, since Miss Melissa said so, why don't you take care of Miss Melissa's safety? You can also comfort her."

After he finished speaking, Marlin even squeezed his eyes at Ryan. The expression on his face was very ambiguous. Thorn also said, "Yes, Ryan, Melissa only trusts you. Why don't you take care of Miss Melissa's safety? By the way, it can promote the relationship between our H Country and the European Consortium."

As aman, how could Ryan not understand what the two of them said? They just wanted him to take advantage of the opportunity to be with Melissa, and it was best to trick Melissa into investing in H Country.

#### **Advertisement**

Ryan despised their dirty thoughts. He was Ryan, a powerful man in the fourth stage of the Innate Realm. How could he do such a dirty thing? He refused without thinking. "I'm afraid I'm not the right person. My wife is still waiting for me at home."

Then he shook off Melissa and turned to leave. Melissa panicked again. In a hurry, she blurted out, "Hey, if you are willing to protect me, I promise to invest in H Country, not less than 300 billion!"

When she said this, the whole audience was immediately stunned. Three hundred billion! If Melissa invested in building a factory in H Country, how much investment would that bring to the local area and how many jobs would that provide for the local people?

For a moment, Thorn and a few of the higher-ups opened their eyes wide and breathed much faster.

Ryan was also a little surprised. Through this period of time, he knew that Melissa was not that kind of impulsive woman. She was quite rational. How could she invest 300 billion dollars to build a factory just for him?

Soon, Ryan saw clearly from Melissa's eyes that she was fooling him. In fact, during this period of investigation, Melissa had already seen the value of H Country. She was sure that as long as she invested in H Country, she would definitely make a lot of money. Therefore, even if Ryan didn't protect her, she would still choose to invest.

Melissa's acting skills were very good. Even a master like Marlin had been deceived by her, but she still could not deceive Ryan.

Thorn said immediately, "Ryan, since Miss Melissa has already said this, you should promise her. Once Miss Melissa agrees to invest and build a factory in H Country, this is a great achievement!"

Other higher-ups also persuaded Ryan one after another, afraid that Ryan would refuse.

#### **Advertisement**

When Melissa saw this, the corners of her mouth rose slightly, revealing a smug smile. "Man of H Country, even if you are a 4s level superpower, you still have to be obediently used by me."

Ryan sneered and said, "You have been deceived by her. She has already confirmed that she will invest and build a factory in H Country. Even if I don't protect her, she won't change her mind." Because they were speaking mandarin, Melissa didn't understand and looked at Ryan eagerly.

Thorn and the others were immediately stunned. Just as they were about to speak, Ryan said, "Okay, that's it. There won't be any assassins coming to assassinate her next. Just send some agents to protect her. I'm leaving now."

As soon as he finished speaking, he vanished from his spot in a flash, as if he were teleporting, into the woods.

Melissa watched him leave, stomping her feet fiercely, very ashamed and angry.

Ryan was in a good mood when he could finally go home.

Unknowingly, it had been half a month since he came out this time. This was the longest time he had left Phoebe. His yearning for Phoebe was stronger than ever!

It was said that absence made the heart grow fonder. This was how he felt now. On the way, he was anxious to return.

For the past half month, although he had been on the phone with Phoebe every night, he had not seen her. It was always different.

Back in Dragon Bay, as soon as Ryan came in, he saw a man and a woman in the living room. They were chatting happily with Phoebe. When they saw Ryan come in, they all looked over.

When Phoebe saw Ryan, she was immediately surprised and could not hide her joy. She stood up and said, "Ryan, you're back!"

When Ryan saw Phoebe, he smiled happily. After half a month, he really missed Phoebe. After changing his shoes, he walked quickly to Phoebe, held Phoebe's hands, and said with a smile, "Yes, I'm back."

When he got closer, he found that Phoebe's face was a little pale. She was not very energetic, looking a little haggard and weak, which made his heart ache. He held her hands and said softly, "Didn't you sleep well last night? You look so pale."

When Phoebe heard his words, her eyes flashed with panic. She lowered her head and quickly shook her head, "No, I'm fine. I'm just a little hypoglycemic."

Ryan felt distressed and was about to speak when the man and woman sitting on the sofa stood up. The woman said, "Phoebe, this is your husband Ryan, right? He's really a fine-looking man."

Phoebe nodded, and then said to Ryan, "Ryan, let me introduce you. This is Natalia, a classmate of mine from an elementary school. She also lives in Dragon Bay. We just met a while ago. It's fate. This is her husband, Kurn."

Ryan nodded and greeted them one by one.

Natalia said, "Phoebe, since your husband is back, we won't disturb you. Don't forget what I told you just now."

Phoebe nodded with a smile and said, "I see. Don't worry."

After they left, Ryan asked curiously, "What did she just say? It's so mysterious."

Phoebe smiled and said, “Nothing. Natalia said she would hold a party and asked me to come over. She said it was interesting.”

“Really?” Ryan frowned slightly. For some reason, he had a bad feeling when he heard this.

## **The Vengeful Son-in-law Chapter 544 -**

# **The Vengeful Son-in-law**

“What kind of party is it?” Ryan asked.

Phoebe said, “I don’t know. Natalia didn’t tell me very clearly. She just said it would be a fun party. She asked me to come over tomorrow night.”

“Are you close to this Natalia?” Ryan asked again.

Phoebe saw his serious look, smiled, and said, “Why are you so serious? Are you worried that Natalia will do something to me?” Ryan said, “That’s not what I meant. After all, it’s better to be careful.”

Phoebe held his hand, laced their fingers, and said with a smile, “Don’t worry. Natalia is my classmate in primary school. She is from a good family and works hard. Now she runs a company with her husband. She won’t do anything to me.”

Ryan nodded when he heard that. Since Phoebe had said so, it was not good for him to ask anything more. When he was free, he would call Elliot and ask him to investigate Natalia and her husband.

At this point, he had to be careful in everything, especially when Phoebe was involved. He had to protect Phoebe from any danger. Although this somewhat invaded Phoebe's privacy, it was better than Phoebe being in danger.

#### Advertisement

After the May situation, he was now especially concerned about the safety of his family. Nothing could go wrong.

Elliot found that Natalia and her husband were ordinary people who were doing legitimate business, so he put down his guard.

It was said that absence made the heart grow fonder. Ryan and Phoebe were like this now. While Phoebe's parents didn't come back, they quickly went to their room and made out.

Ryan was so strong now, and Phoebe was weaker than before, so she soon couldn't stand it.

"Ryan, I'm sorry... I am so useless..." Phoebe bit her lips and said with shame. She hated herself. After being married for so long, she hadn't satisfied Ryan even once!

#### Advertisement

Ryan quickly held Phoebe and said, "Silly girl, what are you talking about? Why apologize? You did a good job just now. You don't know how satisfied I am!"

Phoebe felt even more ashamed and remorseful. She lowered her head and said, "How about ..." Ryan quickly stopped her and glared at her. "What are you talking about? Am I the kind of man who only thinks about s\*x to you?" "But it must be very uncomfortable since every time you didn't..."

"Bullshit. Who said I was uncomfortable? I am very happy." Ryan put his arm around her and rubbed her nose. He smiled and said, "Okay, let's not talk about this. I think your parents are coming back soon. Let's go downstairs to greet them."

Phoebe lowered her head and held his hand, not letting him leave.

Ryan immediately looked at her curiously. "Phoebe?"

Phoebe said in a low voice with her head lowered, "Ryan, if one day I disappear, what will you do?"

Ryan immediately frowned and said in a deep voice, "Phoebe, what are you talking about? Why would you disappear?" Suddenly, Ryan realized something was wrong. He sat up abruptly and grabbed Phoebe's shoulders. He looked straight at Phoebe and said, "Phoebe, tell me, did something happen? Did someone threaten you?"

At this moment, Ryan exuded a strong, frightening aura. His thought turned the whole room into a horrible hell-like place.

Phoebe's mind went blank and she began to gasp!

Ryan quickly withdrew his terrifying aura. He hugged Phoebe and said, "Phoebe, what happened? Did LT Organization come to you?"

#### Advertisement

Ryan gritted his teeth. He was especially angry now, and his face was ferocious. He thought that it must be someone from LT Organization who found Phoebe and threatened her, or Phoebe wouldn't have said those!

They had been married for many years, so Ryan knew Phoebe very well. He knew that Phoebe was not emotionally unstable. Something bad must have happened!

And all he could think of was LT Organization. Only they could and would dare to threaten Phoebe like this!

Ryan had never had a good impression of LT Organization and even was full of hostility. Sooner or later, he would go to LT Organization to avenge his mother and the Howards!

He didn't do anything now, not because he was cowardly, but because he knew that he was not powerful enough. He endured the humiliation because he was waiting for an opportunity to attack LT Organization! Phoebe felt Ryan's anger and his terrible emotion. She was frightened and quickly shook her head. "No, no! No one threatened me. I just thought of it myself."

Ryan didn't believe in Phoebe at all. He said seriously, "Phoebe, you don't have to be afraid. Tell me, who threatened you? I am much stronger than you think! No matter how powerful that person is, I can keep you safe. Tell me, okay?"

Phoebe was moved by Ryan's deep and serious eyes. She said softly, "No one threatened me. I am serious."

Ryan stared straight at Phoebe, trying to see through Phoebe through her eyes.

Phoebe didn't say anything, which meant no one had threatened her. Ryan was shocked. She herself suddenly had this idea? "Really?"

"Yes! I am very serious!"

Phoebe nodded hard. Ryan heaved a sigh of relief and rolled his eyes. "You scared the shit out of me just now. I thought someone threatened you."

Phoebe stuck out her tongue and said, "Wherever I go, bodyguards follow me. No one dares to threaten me." Ryan pretended to be angry, tickled Phoebe, and said, "How dare you play jokes on me? See what I am doing to you." "Don't... It tickles..." Phoebe giggled.

In the end, Phoebe surrendered, panting. When Ryan went to take a shower, Phoebe's eyes dimmed. Two lines of tears streamed down her bright eyes.

## **The Vengeful Son-in-law Chapter 545 -**

Ryan did not know all this. When he took a bath and came out of the bathroom, Phoebe had returned to normal. After she also took a bath, she washed all the marks. Even Ryan was very sharp, he could not tell Phoebe's difference.

Not long after, James and Elizabeth had already returned. When they saw Ryan coming back, they were very happy and talked with Ryan for a long time.

Now they had no prejudice against Ryan at all. They treated Ryan as their precious son-in-law. Sometimes they treated Ryan better than Phoebe. Several times, they made Phoebe jealous.

This time, when they heard that Ryan was back, the two old parents went to the market and bought a lot of food that Ryan liked to eat. They were going to make a big dinner.

Ryan especially liked this kind of warm feeling, and his whole body was filled up with happiness. He forgot all his troubles and the fact that he was a superpower in the Innate Realm. Now he was only immersed in this warm and sweet atmosphere.

The next day, Ryan still wanted to accompany Phoebe to go shopping, but Phoebe received a call from the SK Lighting. It said that she had to deal with some business. There was no other way, so she had to give up the opportunity to accompany Ryan and rushed to the SK Lighting.

#### **Advertisement**

Fortunately, Ryan could stay at home for a long time this time. She had plenty of time to get along with Ryan in the future.

But was there really a lot of time? When Phoebe thought of this in her heart, she felt sharply painful and incomparably lost.

She had no choice. This was her fate. She could only accept it.

She also had resisted it and fought for her fate. But the facts proved that it was useless. Her struggle and resistance would only accelerate her demise.

She accepted her fate and was relieved. All she wanted was to be able to do everything she could in her last period of time and not leave any regrets for her life.

She didn't tell Ryan about this, and she didn't intend to tell Ryan either. Once Ryan knew about it, he would definitely cause turmoil for the last period.

#### **Advertisement**

This was not the result she wanted. All she wanted was to leave quietly and enjoy the last part of her life, and live every part of it with Ryan.

That was enough...

Today was her last day as the chairman of the SK Lighting. When she handed over all her work, she could spend the rest of her time with Ryan wholeheartedly.

This should be great.

Moreover; she had a very important task, which was to help Ryan find a new woman to take her place and take care of Ryan for her.

Ryan didn't know these things. He originally wanted to go to the SK Lighting with Phoebe, but Phoebe refused his request. So he had to find something to do himself. Just in time, Chou called him and asked him to go over. He thought about it and agreed.

Speaking of which, he had not seen Chou for a while. Chou now was a little older and had more silver hair on his head than before. Obviously, Sean hurt him so much last

time that it hurt his life vitality. Even if Sunny gave him Vitality Pill, nor could he restore his life vitality.

When Ryan saw him, he found that Chou's life had been reduced by at least 20 years. Originally, with Chou's physique, he could live to 90 years old. But now, he could only live to 70 years old.

Even when Chou had illness or pain at seventy years old, he would die.

#### **Advertisement**

This was because his life vitality was drained.

Everyone has a source of life vitality in their bodies which was undetectable by modern technology. Only the most powerful people such as Ryan could sense it.

In addition to the increase in combat power and intelligence, there was also a very important thing in human cultivation, which was the increase in life vitality. If they had more life vitality, they could live longer.

Take Ryan for example. His life vitality was many times stronger than ordinary people's! Based on his life vitality, he could at least live to 150 years old or even longer!

If it weren't for the fact that a person's life vitality would lose a lot when he grew old, according to the standard of ordinary people, his life vitality could at least support him to live a thousand years of life.

Of course, this was impossible. If a person lived for a thousand years, then he must be a monster.

As for why, after a certain age, the life vitality will lose more and more, Ryan did not understand. If he really understood and cracked it, he might really live to be a few hundred years old and become an old monster.

Ryan shook his head and then put aside this unrealistic idea. He walked to Chou and said with a smile, "You are really lucky. You survived such a serious injury."

Chou also smiled and said, "It's all up to Master Sunny's Vitality Pill to change my fate." Ryan was interested in the Vitality Pill. He said, "What is this Vitality Pill? How can it be so effective?" Ryan was also considered half a doctor. For a period of time, he specialized in medicine, including traditional Chinese medicine

and modern western medicine. With his current cultivation, his real medical skills might not be worse than some medical professors.

But he also couldn't figure out why there was such an effective pill that made a dying person immediately survive the dangerous period.

That day Chou's injuries were fatal and he should have been killed.

When Chou heard this, his eyes immediately showed admiration and fanaticism. He said, "Vitality Pill! That is the magic elixir of the LT Organization. It is worth a thousand gold and has an effect to bring the dead to life. It is a rare elixir. Any one of them will cost more than a billion dollars!"

After hearing this, Ryan frowned and asked, "What kind of formula is this Vitality Pill made of? How can it work like this?"

The clown shook his head and said, "The Vitality Pill formula is top secret in the LT Organization, so I naturally don't know. I'm afraid that even Master Sunny won't be able to get the complete formula. Besides, it's extremely difficult to refine. Even if one knows the formula, he can't refine it as he is not a top alchemist."

Ryan asked, "Even modern technology can't make it?"

"Modern technology?" Hearing this, Chou smiled disdainfully, as if he was disdainful of modern technology. He continued, "Modern technology, of course, is impossible to refine the Vitality Pill. Otherwise, the Vitality Pill would not be so precious."

Ryan, on the other hand, agreed with this statement. At his level of cultivation, he knew that modern science and technology couldn't make a lot of things.

After a pause, Ryan added, "According to you, in the LT Organization, the most precious and the most effective one is the Vitality Pill?"

The clown shook his head and said, "Of course not! Although the Vitality Pill is very powerful and can cure 99 % of the world's diseases, it is still far from a treasure."

Ryan's eyebrows twitched when he heard this. He was interested and asked, "What kind of treasure?"

Chou immediately looked serious and fanatical...

The Novel will be updated daily. Come back and continue reading tomorrow, everyone!

## **The Vengeful Son-in-law Chapter 546 -**

# The Vengeful Son-in-law

In Ryan's opinion, the Vitality Pill was already a very extraordinary elixir. Even Chou's fatal injury could be healed in a short time.

Now that Chou said that there was another treasure in the world that was far more valuable than the Vitality Pill, he couldn't be uninterested.

Chou took a deep breath and said, "I don't know exactly this treasure's name. A few hundred years ago, some people called it the 'Fruit of God'. In the past hundred years, others called it the 'Colorful Fruit of Essence'. In the West, they called it the 'Tears of Earth'. In our LT Organization, they called it the 'Fruit of Life'. Its much more precious than the Vitality Pill!"

Fruit of God, Colorful Fruit of Essence, Tears of Earth, Fruit of Life? When Ryan heard these names, he was stunned. Why did it sound so unreal? "Oh, God. What is it exactly?" Ryan asked with a frown.

Chou smiled bitterly and said, "I don't know exactly what it is, because I haven't seen it before. I just heard it before when I was in the LT Organization. It's a mysterious fruit. It only bears fruit once in a hundred years, and it can't be planted. It only grows on cold snow and it can increase the origin vitality of humans. It can be said that the most precious treasure in this world. Every time it produces fruit, countless people will fight for it."

Hearing this, Ryan had a strange expression on his face. He looked at Chou and said, "Chou, you're kidding me, aren't you?" Ryan had a vision and abundant experience, but he had never heard of such a treasure, which was so incredible.

If there were that thing, why were there no records on the Internet or in books? It was the 21st century, an era of highly developed information. Nothing could be completely hidden.

Chou saw through what Ryan was thinking. He smiled bitterly and said, "Young Master, just take my words for a joke. I've never seen it before anyway. I've only heard it by chance many years ago. Master Sunny might know something, but I have told you all I knew."

Ryan nodded. He didn't take it to heart and didn't believe what Chou said.

However, as soon as they finished speaking, Ryan suddenly raised his eyebrows and looked in one direction. Immediately, a red figure appeared there.

The red figure was Sunny.

She showed up without any warning. If not for Ryan had reached the fourth stage of the Innate Realm, she would not have been discovered in advance.

Ryan took a look and felt the terrifying aura on Sunny's body. Sunny's cultivation was extremely profound. She was in the fourth stage of the Innate Realm, just like him. Her strength was more terrifying than before. Even he had no absolute confidence that he could defeat Sunny!

It seemed that Sunny's decline period had passed, and her strength had improved a lot. Sunny was also the beneficiary in that dual cultivation.

This reminded Ryan of how he felt last time, which was very unforgettable. From this point of view, if they could continue the dual cultivation, wouldn't they soon break through to... Ahem! "Stop thinking about that. That double cultivation was a necessity. You dare to dream of next time. Ryan, I despise you!" He thought in his heart.

Sunny looked over and seemed to feel Ryan's thoughts. Shyness flashed across her cold face. There was an invisible blush and she glared at Ryan with embarrassment.

She had tried her best to forget what happened last time during this period of time. Now that she saw Ryan, those shameful memories came back!

She was a senior member of the LT Organization and was regarded as the next Saintess. She had never been offended like this by a man. Ryan was the first and only one!

Ryan was also shocked when he saw Sunny's shy and angry eyes. He quickly lowered his head and suddenly felt a little embarrassed.

Only then did Chou notice Sunny. He immediately went forward and made a bow respectfully, "Master Sunny."

Sunny returned to her cold and aloof appearance in a second, just like a fairy that nobody could fool around with her. Even though she was standing there, she still gave people an unreal feeling that she seemed to disappear with the wind at any time. Chou was known as the underground emperor of H City, who controlled most of the dark deal, but in front of Sunny, he still had to be respectful sincerely.

Sunny nodded gently and said, "There's another way to call it, 'Life Elongating Fruit'."

"Hmm?"

Ryan was stunned by her words. Immediately, he realized that Sunny was continuing Chou's topic.

And, according to Sunny, this fruit truly existed?

Ryan immediately asked, "Is there really such a magical fruit? How does that produce?"

Sunny deliberately did not look into Ryan's eyes and moved her face to the other side. She said, "It is not clear how it produces. There is indeed such a fruit. And this year is its mature period. Many forces have their eyes on it, and there will be a bloody battle."

Chou's eyes flashed with enthusiasm. He suppressed his excitement and said, "Lord Sunny, did the LT Organization send you to pick the fruit this time?"

"And Fausto from the Southern State." Sunny said. When she mentioned the name, fear flashed in her eyes.

Chou immediately narrowed his eyes, took a deep breath, and said, "Even Master Fausto would go? Then LT Organization is determined to get the fruit this time!"

Sunny nodded and said, "That's right."

Hearing what they said, Ryan was sure that there was indeed such a fruit. He was surprised, even felt it incredible. He was not only a martial artist but also a master of science. He had learned a lot of scientific knowledge. From his knowledge, he could not imagine why the earth could produce such a fruit. It was amazing that it could increase the origin vitality of humans.

“How does this work? Is there such fruit on earth? It’s completely unscientific.” Ryan said with a frown.

Sunny glanced at him and immediately turned her gaze, saying, “This kind of fruit began to appear more than 300 years ago. It bears fruit once in about 112 years. Each time, it is in the coldest place on earth. It is probably related to the change of the earth. More than 500 years ago, the earth began to appear as an invisible spiritual Qi. The spirit fruit should be the result of this Qi.”

“Spiritual Qi?” Ryan felt it more like nonsense and said with a smile, “Sunny, you’ve read too many novels about cultivation, haven’t you? Spiritual Qi?”

Sunny looked at him disdainfully, as if she was mocking him for having a narrow view. “You are the master in the fourth stage of the Innate Realm? If it weren’t for the change in the earth’s environment and spiritual Qi’s appearance, you would have been able to reach the Innate Realm? What is Innate, do you understand?”

When Ryan heard this, his body shook slightly. Indeed, more than three hundred years ago, there was indeed no Innate Realm.

It was in the recent hundred years that experts in the Innate Realm gradually appeared. Could it be that there was spiritual Qi existing?

To him, this was a little incredible.

Sunny sneered and added, “I heard that the effects of this fruit are unprecedented strong, like the omnipotent elixir. If an ordinary person takes it, he can not only get rid of all karma, but also break through to the Innate Realm. There are numerous forces and big shots try everything to get this fruit.”

Then, she sighed again and said, “This time, the fruit is in H Country. I’m afraid it will cause a bloody battle.”

Ryan’s expression also became serious. He could imagine that if there was such a fruit, then it would be wars among the country.

# The Vengeful Son-in-law

Sunny's arrival made the atmosphere a little awkward. Ryan did not choose to stay any longer. After notifying Chou, he was about to leave.

The Heaven and Earth's Spiritual Fruit was very important and quite attractive to him, but Ryan was not very interested because he was already a master of Innate Realm.

He had had the idea of picking the Fruit and giving it to Phoebe. And this Fruit could help ordinary people directly make a breakthrough to climbing to the Innate Realm and extend their life span at least by decades. Therefore, it was much more precious than the Vitality Pill.

However, he quickly gave up on this idea, because there were too many people from different factions who were targeting the Heaven and Earth's Spiritual Fruit this time. At that time, there must be a lot of masters of the Innate Realm fighting against each other. Maybe master of Major Perfection Realm of the Innate Realm would come too. If he wanted to get it, he may be in danger, and the gains would not be worth the losses.

However, he did not expect that in a short time, God would make such a big joke on him that he had to participate!

After finishing all the procedures at the SK Lighting, Phoebe stepped down and personally appointed one of her subordinates to a new chairman. She was completely relieved as if she had lifted a heavy burden.

Now that she had finished all her work, becoming fully available. She could spend all her time with Ryan wholeheartedly.

For the limited rest of her time, she wanted to see Ryan every day after she opened her eyes and to hug Ryan every night before she fell asleep. She wanted to be with Ryan all day long.

At the thought of this, she couldn't help but smile sweetly.

But immediately, she couldn't help but be upset at the thought of the short period of time. She sighed. God was really unfair to her. Alas, One part in a billion had occurred to her.

### **Advertisement**

Soon, she shook her head hard and pinched herself. "Phoebe, what are you sighing about? You are already in such a romantic relationship with Ryan who is so good to you, and there is nothing unsatisfied. You are the happiest woman! In the next few days, you must be happy every day. You cannot upset Ryan, okay?"

After that, she put on a smile again and waved her hands hard to cheer herself up. "Phoebe, you can do it! You're the best, haha."

She hid her sadness and pain deep in her heart and sealed it. Or rather, she had already moved on and no longer felt sad and painful. In the future, she only needed to show her best side to Ryan and had a good time in her last time, and that was enough. Since she could not change the result, the only thing she could do was not to leave any regrets in her last time!

Tonight, Natalia invited her to a party, saying that many of her old classmates would be there. She agreed.

When she returned home, she found that Ryan did not come back. She was planning to wait for Ryan to come back and then go to Natalia's party together, but Natalia kept hurrying her up. She said that many old classmates had already arrived and were waiting for her.

It was hard to refuse, and Phoebe was a person who was not very good at rejecting, so she agreed. She went out with two female bodyguards.

The party was not held in a hotel or a clubhouse, but in a private luxury villa.

When Phoebe arrived, she did see that there were already a lot of cars parked at the door. Obviously, there were already a lot of people. Moreover, Natalia and her husband, and several people were waiting at the door. When they saw Phoebe get out of the car, they immediately came to welcome her with great hospitality.

“Phoebe, I’ve been looking forward to you a long time ago. Welcome!” When Natalia saw Phoebe, an excited smile immediately appeared on her face. She came up to hold Phoebe warmly with a wide smile.

#### Advertisement

Phoebe was a little frightened and flattered by her enthusiasm. Moreover, she saw a lot of people standing around, as if they were waiting for her, which made her even more embarrassed.

“Natalia, I’m so sorry to keep you all waiting for me.” Phoebe said shyly. Natalia waved her hand and said, “Hey, why are you embarrassed? You’re big deal. We’re holding this party tonight for you.” “Ah? For me?” Phoebe was immediately shocked. She felt a little weird.

Kurn, who was standing by the side, immediately glared at Natalia unhappily. He blamed Natalia for saying the wrong thing. He quickly stood up and said, “Miss Scott, Natalia was wrong. What she meant was that you haven’t seen each other for so long. A lot of people want to see you. So the party is for you.”

After Phoebe heard this, she had a bad feeling, but she couldn’t figure it out. Natalia had no motive to harm her.

Natalia said quickly, “Yes, I was wrong. Actually, that’s what I meant. We haven’t seen each other for so long. Many classmates want to see you.”

Phoebe smiled when she heard that she was happy to see many of her primary classmates, she didn’t think much about it. Anyway, Ryan would be here soon. With Ryan around, she felt extremely safe and not afraid at all.

Then, as expected, she saw many familiar faces, all of whom were her classmates.

“Phoebe, you’re still so beautiful after all these years.”

“Nonsense. Phoebe used to be the prettiest girl in our class.”

“Hey, what are you talking about? Phoebe is much prettier than before, okay?”

“I don’t know who is so lucky to marry a beautiful woman like Phoebe!”

“You tell me. Whoever can marry Ryan must be his kind.”

Surrounded by Phoebe, her old classmates chattered and seemed very enthusiastic. There were two male classmates, whose eyes were especially bright, staring straight at Phoebe, making Phoebe a little uncomfortable.

Natalia saw Phoebe frown slightly and look a little unhappy. She immediately pushed them away and said, "Hey, what are you doing? You scared our class belle. She is now the chairwoman of a big company. Show her some respect, okay?"

They seemed to be led by Natalia. Hearing Natalia's words, they immediately wipe their sarcastic expressions off their faces.

Then, Natalia said to Phoebe, "By the way, Phoebe, where's your husband? Didn't you say you should come together? Why hasn't he come yet?"

Phoebe said, "He has been in the middle of something today. He will come later."

Natalia and Kurn looked at each other and showed some excitement. Then they immediately said, "Since that's the case, let's go in first. Let's enjoy the party!"

Phoebe saw that they were getting excited and not as frivolous as before, and she nodded and walked in together with them.

Soon, Natalia saw that Phoebe's two bodyguards were coming in together. She said, "Phoebe, ask your bodyguards to wait outside."

Phoebe was stunned for a moment and said, "They are my bodyguards. They should come with me."

Natalia immediately pretended to be unhappy and said, "These bodyguards we hired are also waiting outside. Besides, this is our party. It's not easy for us to have a chance to say our say. Don't let them ruin our party."

"But..." "Don't you trust me?" Natalia said with a grim face.

When Phoebe heard her say that, it was hard to refuse, so she had to agree.

## **The Vengeful Son-in-law Chapter 548 -**

# The Vengeful Son-in-law

Phoebe agreed. And Natalia was so surprised.

Phoebe's two female bodyguards immediately said, "Madam, Mr. Howard asked us to protect you when he's not around. We should stay with you all the time."

"Yes, madam, I don't wish you to make it difficult for us." Hearing their words, Phoebe was also a little hesitant. It was indeed what Ryan said.

Phoebe said awkwardly, "Natalia, that's exactly what my husband said. Please allow them to follow me. They're professional bodyguards, and they won't disturb us."

Natalia's face immediately darkened and she said unhappily, "Phoebe, what's wrong with you? It's rare for you to come. Our old classmates gather here, but you have to bring your bodyguards? Don't you trust us?"

Phoebe quickly explained, "Natalia, you misunderstood me. I didn't mean that. I just..."

## Advertisement

At this moment, a female classmate next to her said in a strange tone, "Hey, Natalia, I don't think you should force Phoebe. She's a president, and her life is very important. Of course, she should be careful. She's on guard against us."

Another male classmate also said, "Natalia, please tell me about it next time. If I know that the bodyguards will come, I won't attend the party. Although my business wasn't comparable to Phoebe's, I have to feed dozens of people."

They taunted Phoebe one after another, making her feel embarrassed and blush. She said: "You misunderstood me. I didn't mean that..."

Natalia saw that Phoebe was worried, she continued to say: "What do you mean? Don't you trust us? If you really don't trust us, you can let your professional bodyguard go in and check if we will harm you!"

#### **Advertisement**

"Yes, you can let the bodyguards in for a check! Don't say that your old classmates are plotting against you!"

The more they talked, the more excited they became as if they had been wronged. They insisted that Phoebe should give them an explanation. They knew that Phoebe was bashful. The more they talked, the more embarrassed Phoebe became.

Phoebe said anxiously, "That's not what I meant..."

She gritted her teeth and said to the two bodyguards, "Just wait outside. These are my old classmates. It's fine. Ryan will be here soon."

The bodyguards tried to persuade her but had to obey Phoebe's arrangement.

They wouldn't leave Phoebe on other occasions. But they were at her old classmate's house. And the people inside were just ordinary businessmen and businesswomen, so they were not too worried. Anyway, they were outside the house. If there was

anything unusual, they could rush in immediately. Most importantly, Ryan was coming over soon. Considering Ryan's status and ability, those people didn't dare to do anything.

When Natalia saw that Phoebe was willing to go in by herself, she couldn't help but smile. The others were also excited. They hid well. Phoebe was not wary of them, so she did not notice them.

Then, Phoebe followed Natalia and the others into the villa.

Natalia's villa was quite large and luxuriously decorated. To Phoebe's surprise, the doors and windows of the villa were closed

tightly. The house was completely closed and it was cooled by the air conditioner. When Phoebe came in, she felt a little cold.

In the hall, there were already a lot of people, most of whom were strangers. They sat together intimately and some of them were too intimate. Phoebe immediately frowned

and said to Natalia with some displeasure, "Natalia, didn't you say that it was a party for our old classmates tonight? Why are there so many strangers?"

Natalia held her hand and said with a smile, "These are all my good friends. They are very interesting. Besides, the party will be more interesting with more people."

After Phoebe came in, everyone looked at her. They were surprised by her beauty. Many men even showed their passion and desire for her. Phoebe felt uncomfortable.

She was no longer the naive girl she used to be. She had a bad feeling about the atmosphere. But she didn't leave immediately out of courtesy.

A few people came over immediately. There were three men and three women. One of them was a young and handsome man.

He looked at Phoebe unscrupulously, And then he whistled and said to Natalia, "Natalia, good. She was brilliant."

As she spoke, he walked over and touched Natalia's waist directly. He looked very lewd, but Natalia was not angry. Even her husband Kurn was still smiling. He didn't care that his wife was molested at all.

It was unbelievable to Phoebe!

Natalia giggled and said, "Mr. Lewis, don't touch me. I'm not yours this time."

Mr. Lewis chuckled and flirted with Natalia. He even said a few romantic words. But Natalia was not angry. She interacted with Mr. Lewis happily. Phoebe was shocked by them!

She almost suspected that she was hallucinating. Natalia, who was so shy and honest when she was a college student, was so... dissolute now! And her husband was just beside her. What was worse, her husband was not angry but smiled. He also hooked up with Mr. Lewis. Phoebe's perception was really overturned.

Soon, Mr. Lewis looked at Phoebe again. Seeing that Phoebe was in a daze, he thought of something and stared straight at her.

He said: "Hey, beauty, what's your name? When did you get married? Do you have children?"

Phoebe took two steps back. She frowned and felt nauseous to be looked at by Mr. Lewis. She said to Natalia, "Natalia, I have something else to do. You'll have to excuse me."

After that, she turned around and left.

She was very angry now. Natalia knew that she was married, but she brought her here! No matter how naive she was, she could tell that these people in the room were not decent people, including Natalia.

She was a very traditional and devoted woman. How could she accept these things? She was polite to Natalia that she wasn't angry there!

However, as soon as she turned around, she was stopped by Natalia. Natalia said with a smile, "Hey, Phoebe, where are you going? You just got here. You haven't seen the most exciting part."

Then she immediately scolded Mr. Lewis, "Mr. Lewis, it's all your fault. You scared Phoebe! She is a decent woman. Ever since she got married, she had never mingled outside nor given birth to a child. She is very pure."

When Mr. Lewis heard this, he immediately opened his eyes wide and clapped, "Great, great, Natalia. You've done a great job this time. From today on, you're our core member. Hahaha."

## **The Vengeful Son-in-law Chapter 549 -**

# **The Vengeful Son-in-law**

"Really? Thank you, Mr. Lewis!" Natalia was overjoyed that she ignored Kurn and grabbed Mr. Lewis's neck to give him a kiss.

Kurn, on the other hand, was not angry, with excitement on his face. It seemed that it was a great thing that he could become a core member.

Phoebe was totally startled. In her opinion, she could not accept this kind of thing!

“Natalia, how could you do this!” Phoebe pointed at Natalia in disbelief.

Natalia chuckled and said to her, “What wrong?”

Kurn also said, “Well, what wrong? Make it clear.”

#### **Advertisement**

The people around her also gathered around, and they teased Phoebe, including those old classmates, which pissed off Phoebe!

She had finally figured out what the party was and who these people were. Before that, she had only seen such jokes on the internet. She didn't expect to have a taste of it! She only felt nauseous as never before, and at the same time, she regretted coming to such a party. She didn't have much time left!

The more she thought about it, the more regretful she was. Finally, she burst into tears. “Natalia, I trusted you so much. Why did you bring me here? You know I'm married!”

Seeing that she was crying, Natalia frowned, her expression devoid of guilt. Instead, she said unhappily, “Phoebe, why are you crying? It's like we bullied you. Many people don't have chance to join our group. Our group is not available to everyone. See, we're all handsome men and beautiful women?”

#### **Advertisement**

As for the others, when they saw Phoebe like this, they became even more excited, especially the men present. They opened their eyes wide and stared straight at Phoebe with desire. In their eyes, Phoebe was the lamb to be slaughtered.

The more aggrieved and scared Phoebe was, the more excited they became. To them, nothing was more satisfying than seeing

a good woman go to the bad, especially for a beautiful woman like Phoebe.

“Yes, Phoebe. It's fun. You're the main character tonight. So many handsome men present will try their best to please you. This is the treatment for the newcomers!”

“Phoebe, you're new, so you may find it hard to accept. This is a normal reaction, but soon you will enjoy it.”

“Life is short. it's so boring to be with a man for the rest of your life, especially for a beautiful woman like you. Of course, you need to have s\*x with a few more men who are handsome and rich. Otherwise, your life will be wasted.”

“Phoebe, don't worry. As an old classmate, I will definitely let you enjoy tonight...”

Hearing these shameless words, Phoebe trembled in anger. She was a very traditional and dedicated person. After getting married, she had always maintained her integrity and never had any intimate contact with other men, even if Ryan was such a loser! Now that she and Ryan were in love, it was even more impossible for her to accept such ridiculous and shameless things!

“You guys are shameless!” Phoebe finally couldn’t help but roar out loud, and she was so angry that she was trembling. Then she glared at Natalia in disgust and was about to turn around and leave.

Natalia sneered behind her and said with her arms folded around her chest, “You want to go? It’s too late. You’re here tonight, so you can’t get out of here.”

#### **Advertisement**

As soon as she finished speaking, someone immediately blocked Phoebe with an evil smile on his face.

Phoebe immediately panicked and snapped, “Natalia! What do you want?!”

Natalia took Mr. Lewis’s arm and walked up with malice on her face, “I didn’t want to do anything. I’m just trying to take you to a new happy world as an old classmate. Phoebe, you shouldn’t hate me. You should thank me. Soon you will know that this is the happiest thing in the world.”

Mr. Lewis’s eyes were fixed on Phoebe. He said with greedy eyes, “Phoebe, the party tonight is for you. No one else has the honor. I’ll be the first to serve you then, and I promise it’ll be an unforgettable memory to you.”

As he spoke, Mr. Lewis reached out his hand and wanted to hook Phoebe’s chin. He was very frivolous. Phoebe immediately dodged and snapped, “You are presumptuous! I won’t agree even if I die. You’d better let me go, or when my husband comes, you will all be screwed!”

Phoebe didn’t want to mention Ryan out unless it was critical. She always caused trouble for Ryan.

Mr. Lewis frowned and said with some fear, “Who’s her husband?”

Natalia immediately said disdainfully, “Well, he’s a nobody. I’ve already investigated it. Her husband marries into her family. I saw him at her house once that day. He’s just an ordinary person. Don’t take it to heart. Besides, his husband is on his way. I’ll personally serve him and he’ll have a good time.”

After hearing this, Mr. Lewis smiled again and felt more relieved.

The others also relaxed. Their group was most afraid of offending the big shots that they couldn’t afford to and being wiped out.

So every time they brought in a new person, they were especially cautious. They had to investigate the background clearly and had confidence in the character of the new person before they took action.

Flustered and angry, Phoebe forced herself to calm down. At this moment, she couldn't lose her composure. "Natalia! I'm not joking with you. My husband is the chairman of the ZQ Media, not an ordinary person, and he's also a martial arts expert who can punch through the wall! Now he's on his way here. If he finds out that you're bullying me, he'll be pissed off, and you will come to a bad end! You'd better let me go right away, so I won't tell my husband about this."

Phoebe finished in one breath. She got calmer as she spoke. She had absolute confidence in Ryan. The thought of Ryan made

her feel safe.

However, after hearing this, the people present showed no fear at all. Instead, they had mocking smiles on their faces. Natalia was amused and burst out laughing. "Hahaha, chairman of the ZQ Media? That's awesome. It scared us to death. Phoebe, you don't think you're really married to a big boss because you live in Dragon Bay. I've got to the bottom of you. Your husband is not a big shot."

A female classmate next to him said, "The funniest thing is that he's a martial arts master and he punched through the wall. Haha, it's hilarious. You think we're idiots."

A man said, "It's so scary to punch through the wall. I'm scared out of my wits. Hahaha..." Everyone around Phoebe laughed.

Mr. Lewis also smiled. He stared at Phoebe, swallowed, and said impatiently, "Okay, stop talking nonsense. Let's start to teach this newcomer!"

When the other men heard this, their eyes glowed and they kept swallowing.

Phoebe was completely flustered. Without hesitation, she turned around and ran away. She started shouting for help, hoping to attract the attention of the two bodyguards outside!

However, no matter how she screamed, her voice could not be heard. This place was already closed, and dynamic music was playing outside. The two bodyguards could not hear it.

The more panicked Phoebe was, the happier and more excited they became. Especially Mr. Lewis, his face was shining with a frightening light, which made him look scary.

Rubbing his hands, he walked towards Phoebe like a wolf as he said, "Miss Scott, stop struggling. It's useless. You'd better cooperate with us..."

Phoebe tried to run, but she was weak alone, and she was too weak to run. After a while, she was caught by two women, unable to move. She was filled with dread, failing to break free no matter how hard she struggled.

"Let go of me, let go of me! I don't have much time left. I just want to give my husband a complete self in my last time. Don't do this. Please, please..." Phoebe cried and begged desperately, but these people had lost their humanity. They got excited as Phoebe cried.

The logo for 'The Vengeful Son-in-law' features the title in a bold, black, sans-serif font. The text is centered within a bright yellow, irregular, hand-drawn shape that resembles a splash or a cloud. The background of the entire page is white, and the text is contained within a thin black border.

Phoebe was already very weak, and her mood could not fluctuate too much. In this case, she immediately felt her heart beat faster, her whole body's strength was gradually pulled away, and her body temperature was also dropping.

Feeling her own change, she was shocked. Her legs began to soften. She realized that she was ill!

A lot of vitality was lost in her body.

If this situation continued, she wouldn't be able to hold on for long!

The two women who caught her were frightened by her appearance. "Why is her body so cold?"

"Her face is still so pale. Does she have a heart attack?"

#### Advertisement

At this moment, everyone else saw that something was wrong with Phoebe and frowned.

Mr. Lewis immediately twisted his head and asked Natalia, "What's going on? Don't tell me she has a heart attack!" Natalia was stunned for a moment. She didn't expect this to happen to Phoebe. It looked quite scary.

Seeing Mr. Lewis's unfriendly eyes, she quickly said, "No, I asked her specifically yesterday. She has no disease, and she has no heart disease. This is purely an act!"

In order for her to become a core member, she had completely abandoned her bottom line. In addition, she had indeed asked Phoebe to make sure that Phoebe was not suffering from any serious illness. At most, she was mentally ill and was threatened. She didn't have any big problem.

#### Advertisement

When she first came in that year, she was very resistant either. Then after trying the taste for the first time, she immediately let go. Now Phoebe was in the same state. She did not believe that there were people who were absolutely loyal in this world. The so-called loyalty was just that they had not tasted that taste yet.

She didn't think she was harming Phoebe, but she was helping Phoebe.

Hearing that, Mr. Lewis was relieved. He was too greedy for Phoebe. He didn't want to let such a wonderful thing go.

He laughed and walked up to Phoebe. The green light in his eyes became more and more intense. The men behind him were all drooling, eager to swallow Phoebe into their bellies!

When Phoebe saw this, she was already beginning to feel a little desperate. Even the strength of resistance had disappeared.

She collapsed to the ground and tears fell silently down her eyes...

"Oh, you actually cried. Great, great. The more you cry now, the more grateful you will be to us in the future. Haha." Mr. Lewis smiled evilly, then he squatted down and began to reach out to Phoebe to "eat" Phoebe first!

Just then, a deafening noise suddenly came from the door.  
“Bang!”

The locked door was violently kicked open with a kick, which contained unlimited strength. The door of solid wood was completely kicked to pieces, and a lot of sawdust flew over, hitting some people on the scene, making them cry and howl in pain.

This sudden change startled everyone. Many people trembled with pale faces. Mr. Lewis’s legs also softened and he fell to the ground.

#### **Advertisement**

Looking up, Phoebe saw him standing at the door with a calm face and burning eyes. A frightening aura emanated from him caused the entire villa to fall into an ice cave.

Behind him, a row of crooked bodyguards lay down. The two female bodyguards who followed Phoebe lowered their heads in shame.

Ryan had just arrived, and the villa was closed. Even the masters of Extrinsic Peak could not hear the movement inside. But for Ryan, he could hear it clearly. When he heard Phoebe’s cry, his whole body was burning with anger!

Now, he saw Phoebe lying on the ground with a pale face and weak breath, crying. He was much angrier.

There was a bang on his head!

It exploded!

“Phoebe!”

He let out a roar and disappeared in an instant. There were more than twenty people present. No one could see his action clearly. When he appeared again, he was already in front of Phoebe, kneeling down and hugging Phoebe.

In an instant, he felt the coldness on Phoebe’s body. A large amount of vitality was pulled away from Phoebe. She was weaker than ever!

Panicked. Ryan was completely panicked. He had never been as panicked or even scared as he was today.

Because he had known Phoebe for so long, and he had never seen Phoebe so weak. The vitality of her body was constantly running away. He could not imagine why Phoebe would be like this. She was obviously healthy and had no bad habits.

He immediately took Phoebe's pulse and found that Phoebe was not ill. She was inexplicably weak and her vitality was still running away. He could not understand why such a thing had happened.

"Phoebe, Phoebe, why are you like this? Don't scare me!" Ryan held Phoebe's hand tightly and found that Phoebe's hand was very cold. He didn't think about it and directly instilled his inborn vitality into Phoebe to help her keep alive.

Fortunately, after he instilled his inborn vitality, Phoebe's condition improved. Her face returned to a little red, and her body was not so cold.

When Phoebe saw Ryan's flustered and heartbroken look, her eyes turned red again. She did not expect that Ryan would still know about her situation! She really regretted, annoyed, and hated herself. Why was it that she had done everything well but failed at the last moment? In this way, her last good time with Ryan would be ruined!

"Ryan, I'm sorry, I'm sorry..." She kept saying that she was sorry with full of guilt for Ryan. She felt guilty that she could not accompany Ryan through the rest of his life, leaving him alone in this world and suffering from missing.

When Ryan saw her like this, his heart ached. He said quickly, "Phoebe, don't say sorry to me. I'm the one who should say sorry! I'm late and put you in danger again!"

Ryan really blamed himself. If he had known, he shouldn't have stayed at Elliot's place. He should have rushed over as soon as possible so that nothing like this would have happened.

He hated, he hated!

Just then, Mr. Lewis reacted. He was furious and pointed at Ryan, "How dare you barge in? I think you're tired of living!"

Natalia also came to her senses. She looked at Ryan and said in a shrill voice, "Mr. Lewis, he's Phoebe's husband, the live-in son-in-law!"

"It's him. That's just right. He scared me so much that I almost lost my soul. Court death. I would have s\*x with his wife in front of him!" Mr. Lewis was so angry that he kicked Ryan.

The speed was quite fast. It was obvious that he had the foundation of Kung Fu.

The corners of his mouth rose slightly, and a sneer appeared. He was absolutely confident that this kick would kick Phoebe's husband into tears.

However, just as he was full of confidence, Ryan suddenly turned around and reached out his hand to catch his foot. He pinched it hard and heard a crack. Then, Mr. Lewis screamed like a pig.

Ryan crushed his calf bones violently as if a coke can had been crushed.

The bones of adults were very hard, and it was almost impossible to break them with the strength of five fingers. But for a top master like Ryan, crushing Mr. Lewis's bones was no different from crushing a can of cola.

Mr. Lewis fell to the ground, hugged his right leg, and uttered dreary cries and screams. This scene was too shocking for everyone present. They were all dumbfounded. They never expected such a thing to happen.

It was only a trivial thing for Ryan to crush Mr. Lewis's calf. When he looked back at Phoebe, his face was full of affection and gentleness. He picked up Phoebe, put her on the sofa, and kissed her gently on her lips. Removing a few strands of hair from Phoebe's face, he said gently, "Phoebe, wait for me here for a while. I'll help you get back the grievances you suffered."

After saying that, he stood up. When he looked at Natalia and the others, the tenderness was gone. The only thing left was coldness and murderous intent. He spat out words like a knife, "Who gave you the courage to hurt my beloved!"

The last few words came out as if the thunder had fallen from the ground. The thunder was rolling in the sky, which was deafening.
