“Darling, trust me! Just sign them.”

Hmm?

Upon hearing his tone and seeing the confident expression on his face, despite harboring doubts about his actions, Bai Yi still chose to believe him. “Okay.”

All at once, Bai Yi nodded, and the surrounding attendants picked up all the termination agreements from the ground and brought them to her. Without further ado, she then signed her name on each of the agreements with a flourish.

The atmosphere was oppressive.

At this moment, the only sound in the lobby was the swish of the pen as Bai Yi signed the agreements.

Meanwhile, the hearts of all the senior executives of New Bai Family Group

Chapter 326 Two Choices

were bleeding, and they were trembling with rage at Lin Fan.

Has she gone insane?

They never thought that not only was Lin Fan crazy, but even the normally calm and collected President Bai Yi would go along with Lin Fan and go crazy like this.

Now, however, there was no use saying anything seeing that what was done couldn't be undone.

After Bai Yi had signed all the agreements, and they were all in effect, the usher's voice rang out again from the entrance of the building.

"The son of Leng Kang, President of Golden Age Group, Leng Bufan, is here!"

"The granddaughter of He Lanshan, Chairman of Lanshan Group, is here!"

What?

No matter if it was Bai Yi or all the senior executives of New Bai Family Group, they all blanched and turned ashen upon hearing those two names.

The most fearsome guests were finally... here.

Golden Age Group and Lanshan Group were two of the most powerful conglomerates in Jiangnan Province. Meanwhile, Leng Bufan and He Jiaojiao were among the top second-generation heirs even in the provincial capital of Jiangnan Province.

And now, their arrival here was definitely a calamity to New Bai Family Group.

In an instant, the faces of all the senior executives of New Bai Family Group darkened considerably, and they glared at Lin Fan as though they wanted to devour this troublemaker.

Chapter 326 Two Choices

Whoosh!

As they were all worrying, figure after figure came in via the entrance.

Two wheelchairs led the way. In the wheelchair on the left, sat a young man, whose face was as white as a sheet, his eyes radiating arrogance and frostiness. Meanwhile, in the wheelchair on the right, sat a beautiful girl, whose leg was set in a cast, her lovely face filled with hatred and resentment.

That wasn't all.

Bai Yi glimpsed that there were still a few other young people bringing up the rear—Zhou Nan, Bai Yifan, Shen Jian, and Lin Guangyao; all of them were individuals who bore a grudge against Lin Fan.

Instantly, Bai Yi's resplendent face drained of color, and a wealth of worry filled her stunning eyes.

Chapter 326 Two Choices

Lin Fan, however, squinted slightly before his lips curved into a smirk. "Interesting. All my enemies are gathered here today!"

What?

Upon hearing his proclamation, the many senior executives of New Bai Family Group at the side stared at him as though he were an idiot.

They're all his enemies?

They just couldn't imagine how good this fella was at stirring up trouble to have made this many enemies, especially when there were three wheelchairs in the lobby!

*Damn it! Is this b*stard doing advertisement for a wheelchair factory? Why does he love putting his enemies in wheelchairs so much?*

Not only did the senior executives of

Chapter 326 Two Choices

New Bai Family Group find it strange, but even Leng Bufan and He Jiaojiao's mouth twitched upon seeing Gao Shengyuan in a wheelchair.

"Lin Fan! We meet again!" Leng Bufan glared fixedly at him as though he was looking at his mortal enemy.

Meanwhile, beside him, He Jiaojiao likewise glared at Lin Fan and gritted out, "Kid, I've said that I'll definitely make your life a living hell since you broke my leg!"

What?

Bai Yi was flummoxed when she heard her ruthless proclamation. She remembered the day when He Jiaojiao hit her mom, Shen Yumei, and broke her leg. Lin Fan indeed spoke rashly and declared that she wouldn't be able to walk out of the hospital that day. Consequently, her leg was indeed broken.

Chapter 326 Two Choices

But wasn't it Divine Doctor Lin who broke her leg? What has it got to do with Lin Fan?

When Bai Yi thought of this, she hurriedly interjected, "Miss He, isn't there some misunderstanding here? Your broken leg seems to have... nothing to do with Lin Fan!"

Nothing to do with him?

He Jiaojiao rolled her eyes at that. She looked at her as though she was an idiot, her face contorted with malice. "Nothing to do with him? If it weren't for this b*stard, my leg wouldn't have been broken!"

Whoa!

Upon hearing that, Bai Yi's face blanched. She failed to connect the dots between Lin Fan and Divine Doctor Lin, so at this moment, she thought that He Jiaojiao hated Lin Fan because his

Chapter 326 Two Choices

words came true.

“What... what do you all want actually?” she bit the bullet and asked, looking at Leng Bufan and He Jiaojiao.

What?

When Leng Bufan and He Jiaojiao heard that, they both said in unison, “What we want is simple—to have this b*stard break his own limbs and for him... to experience such agony that death is preferable!

Boom!

It was brutal and vicious.

That phrase, ‘to experience such agony that death is preferable’, had fury flooding Bai Yi’s face.

“You... you’re all too going too far! All this is your own doing! What gives you the right to hurt my husband?” She

flushed with anger.

Leng Bufan's lips curved into an ominous smile when he heard that.

"What gives us the right? Our power and our affluence!"

Then, he swept a malevolent gaze over Lin Fan before continuing, "Also, Lin Fan, aren't you very good at fighting? Do you know, however, that my grandfather is a Grandmaster? Today, my grandfather isn't here, but he asked me to convey a message to you. That is, you have two choices. One is to break your limbs yourself, after which my grandfather will let you off. The other is for my grandfather to come in person and lay waste to your meridians, putting you in a comatose state for life!"

Bam!

His proclamation had everyone's expression changing drastically for that was a threat from Grandmaster Leng

Chapter 326 Two Choices

Aotian himself!

In an instant, Bai Yifan, Shen Jian, Lin Guangyao, and the others behind him as well as Gao Shengyuan wore expressions of excitement and jubilation.

*So, this b*stard, who courts death, is finally going to meet his end?*

When they thought of this, anticipation filled all four of their faces as though they couldn't wait to see Lin Fan's wretched state when he was crippled.

On the other hand, Zhou Nan looked at Bai Yi sympathetically and advised placidly, "Bai Yi, you should talk to your husband and persuade him to do it himself. Otherwise, if Grandmaster Leng Aotian truly comes in person, your husband's life will be over."

After all, she knew how much Leng Aotian hated Lin Fan since he almost

shattered Leng Bufan's manhood so audaciously.

When Bai Yi heard her threat, beads of sweat dotted her ashen face.

Chapter 327 Lin Fan, You Are Doomed

What should they do?

What should they do now?

She knew that Lin Fan was powerful, but could he fight against a Grandmaster?

If Lin Fan really fought with a Grandmaster, he would be defeated at any second; by then, he would have faced worse consequences than now. However, this threat was just an appetizer.

He Jiaojiao, who was standing at the side, smiled maliciously too. "Ha! Not only Mr. Leng, but my Grandpa, He Lanshan, has also spoken out! It's either you do it by yourself or he'll do it for you!"

It was a death threat from two Grandmasters! Everyone in the hall was terrified upon hearing the names of these two invincible men.

Chapter 327 Lin Fan, You Are Doomed

However, at this moment, a New Bai Family Group senior manager tried to convince Lin Fan otherwise. “L-Lin Fan, why don’t you just listen to them? Otherwise, you may lose your life if those two Grandmasters really show up!”

Beside him, other people from the senior management team chimed in.

“That’s right! Lin Fan, if you do it yourself now, the grudges between our New Bai Family Group and both the Golden Age and the Lanshan Group will be written off!”

“He’s correct! We can’t afford to offend the Golden Age Group as well as the Lanshan Group! Lin Fan, this is your last chance!”

Those words were continuously thrown at Lin Fan as the majority of the New Bai Family Group senior management team were trying to convince him now.

However, Lin Fan looked as though he had not heard anything. With a smile playing on his lips, he looked at Leng Bufan and He Jiaojiao, then shrugged.

“Let your Grandpas come over then! I will... wait for them!”

I will... wait for them!

The hall was stirred up after everyone around had heard Lin Fan's words. As they turned their gazes to Lin Fan, it was as though they were looking at an idiot or a lunatic.

What does this guy mean? Perhaps, he's really not afraid of Grandmaster Leng Aotian and Grandmaster He Lanshan? If these two Grandmasters really showed up, they would definitely live up to their words and beat Lin Fan into a coma; they would surely make him feel that dying was a better choice instead.

At this moment, the ones who got the

most excited after seeing Lin Fan's calm attitude and hearing his arrogant words were Lin Guangyao's group.

"Hahaha... Lin Fan, you're a bada*s! You're definitely the most arrogant person that I've ever met! I'm impressed!" Lin Guangyao sneered, looking at Lin Fan as though he was already doomed.

Bai Yifan and Shen Jian also snickered.

"Bai Yi, has your husband gone crazy? Does he really think that he's invincible?!"

"Hahaha... Is he provoking two Grandmasters now? What an idiot he is!"

At this moment, almost everyone in the hall despised Lin Fan to the extreme; they felt nothing but mockery and disdain toward him! Even Bai Shan and his daughter Bai Yi became anxious.

Chapter 327 Lin Fan, You Are Doomed

“Lin Fan, d-don’t act on impulse! If you do it by yourself, we can still contact Divine Doctor Lin through Elder Gao and let him treat you! You’ll make a full recovery for sure!”

“Dad’s right! Lin Fan, how about we just listen to them?”

In the eyes of the pair of father and daughter, Lin Fan would definitely have the chance to recover if he broke his limbs by himself. However, if those two Grandmasters showed up, he would be in a coma for sure. By then, they would lose the hope of their lives.

Lin Fan grinned after seeing Bai Yi and her father’s expression.

“Dad! Darling! You all don’t need to worry because those old farts won’t dare to harm me!”

W-What the hell?! Old farts?!

Chapter 327 Lin Fan, You Are Doomed

Upon hearing Lin Fan making this arrogant comment, everyone in the hall felt their chests tightened.

This arrogant rascal...

Everyone was rendered speechless, particularly Leng Bufan and He Jiaojiao. They felt anger boiling up inside them when they heard Lin Fan calling their grandfathers as 'old farts'.

"Fine! Lin Fan, it seems like you won't give up until all hopes are gone! I shall call my grandpa now. Just wait for your death once he arrives!"

"That's true! I'm also calling my grandpa now to tell him about your rude attitude!"

After they finished speaking, Leng Bufan and He Jiaojiao took out their phones before the crowd's fearful gaze. Then, they began making their video calls respectively.

The call was picked up soon. At once, Bai Yifan and the others who were behind the wheelchair saw an old man appear on the screen. Although this old man seemed to be injured, his sharp gaze and threatening aura were still very much unconcealable. He was none other than Leng Aotian.

“Bufan! How was it? Has that rascal done it by himself?” Leng Aotian asked coldly. He sounded utterly confident, as though he had been sure that Lin Fan would do it by himself after being threatened by him.

Little did he know that Leng Bufan would brace himself and said angrily, “Grandpa! That guy didn’t know his own place at all! He has let you come over personally and even arrogantly called you an old fart that won’t dare to bring him any harm!”

What?! Upon hearing Leng Bufan’s speech, Bai Yifan and the others behind immedia

tely saw on the screen that Leng Aotian had paused in his actions, then a murderous look began appearing in his eyes.

The atmosphere became extremely oppressive now. Everyone could faintly hear a heavy breathing from the other end of the video call; it sounded as though a fierce beast had been infuriated by those words.

“Hahaha...” After a moment of oppressive silence, the laughter of an elderly suddenly rang through the hall. “Fine! I thought that me being defeated by Blood Buddha and his disciple several days ago was my largest disgrace! Little did I expect that a nobody like him from a third-tier city would dare to disrespect a Grandmaster like me now! Very... well! Bufan! Don’t let that rascal escape! Get him to prepare himself, for I’m coming over now! Let’s see whether he’s truly invincible!” His tone was murderous.

Chapter 327 Lin Fan, You Are Doomed

Everyone could hear that Leng Aotian was grinding his teeth while speaking.

However, Leng Aotian was not alone. When He Jiaojiao told He Lanshan about Lin Fan's reaction over the video call, another elderly's furious voice rang through the hall too.

“What?! How dare that loser of a man disrespect me like this! Fine! That's great! Jiaojiao, wait for me. I'm going to peel that rascal's skin alive now!”

Beep... Beep... Everyone heard phones' busy tones right after hearing the Grandmasters' furious words. The video calls were hung up by them. It was over!

At this moment, Bai Yi who had witnessed this scene at the hall suddenly felt her chest tighten and her vision went black; she was on the verge of collapsing.

“Darling!” The agile Lin Fan caught Bai

Yi in his arms at once. He noticed that Bai Yi's face had become as white as a sheet and she would probably lose consciousness anytime. Obviously, she could not get over the shock of this news.

"Dad! Please bring Bai Yi to rest at the office now! You still have me here!" Lin Fan told Bai Shan anxiously.

Upon hearing his words, Bai Shan looked extremely worried. "Fan, c-can you handle this alone? How about we call the cops now?! They'll protect you for sure!"

Bai Shan felt his scalp tingling at this moment too. After all, they were facing two Grandmasters now. No matter how capable his son-in-law was, it was highly possible that he would still meet a miserable end.

However, Lin Fan just shook his head calmly. "Dad, you don't need to worry. I

can handle everything here!”

“O-Okay!” As Bai Shan saw Lin Fan’s determined attitude, he could only hold Bai Yi, who was going to faint, and walked upstairs to the office.

When the duo left everyone’s sight, a commotion started in the hall; the crowd was now getting stirred up and noisy.

On the wheelchair, Gao Shengyuan roared in mad laughter while keeping his gaze on Lin Fan, as though he was looking at a clown.

“Hahaha... Lin Fan, I’ve never expected that karma will come so soon! Right after you’ve broken my limbs, the two Grandmasters are going to beat you into a coma now! Hahaha, what great news this is!” Gao Shengyuan was as pleased as Punch now.

Beside him, Gao Zhilong and the other

distributors who had just ended their business relationships with the New Bai Family Group looked glad too. Luckily, they had broken their ties with the New Bai Family Group. Otherwise, this unlucky b*stard, Lin Fan, would surely get them into big trouble.

Meanwhile, Leng Bufan and the others just looked at Lin Fan as though they were looking at a dead person.

At this moment, Lin Fan seemed to have become the thorn in everyone's flesh!

Tick-tock! Tick-tock!

Time was slipping away!

At this moment, the clock in the hall seemed to be controlling everyone's emotions.

They were awaiting the two Grandmasters' arrival, as well as Lin Fan's well-deserved miserable end.

Screech! Screech!

Then, everyone suddenly heard the sound of screeching tires outside the door again.

Following that, they heard the porter's voice ringing through from the outside.

"Chairman Xu Tianlong of Tianlong Group and his board members are here!"

"Young Mistress Xue Meigui of the

Golden Age Clubhouse and her members are here!”

“Elder Fei of the Yunhai City Fei Family Group and his senior management team are here!”

These announcements were met with silence. Then, upon hearing these names, the quiet hall was in uproar again.

The names that they had heard were all tycoons and leaders from Jiang City, Yunhai City and other surrounding cities.

Other than that, Gao Shengyuan and the others noticed that Leng Bufan, Bai Yifan and their men’s faces darkened upon hearing these names.

Hmm? A bad feeling began rising in Gao Shengyuan, Gao Zhilong, and the other distributors’ hearts.

Was it possible that the New Bai Family Group had ties with these tycoons?

Everyone looked anxious and confused now.

Before them, the tycoons and leaders were walking into the hall.

They were Xu Tianlong, Xue Meigui, Elder Fei and the others.

They did not even spare a glance to the crowd upon entering the hall and just walked toward Lin Fan.

When they stood before Lin Fan, they bowed toward him simultaneously.

“I, Xu Tianlong, am here to greet Mr. Lin! Congratulations to the New Bai Family Group on the commencement of business!”

“I, Xue Meigui, am here to greet Mr. Lin! Congratulations to the New Bai Family

Group on the commencement of business!”

There was a moment of silence.

While the tycoons bowed, their voices rang through the hall one after another.

When everyone else saw this scene, the New Bai Family Group’s senior management team was surprised at once.

In contrast, Gao Shengyuan, Gao Zhilong and the other distributors were all greatly startled.

“W-What’s going on?”

They were gazing at each other speechlessly now.

They knew that Xu Tianlong and the others could be regarded as working under Leng Bufan by being a part of the Golden Age Group.

However, why were they bowing toward Lin Fan and even congratulating him now?

This doesn't look good...

A bad feeling filled Gao Shengyuan and the others' hearts.

At this moment, everyone heard Leng Bufan's shocked and furious yell.

“Xu Tianlong! Xue Meigui! How dare you! Do you all know that this rascal will meet his doom once my Grandpa arrives? How dare you bow toward that dead man and even congratulate him! Don't you all wish to stay in the Golden Age Group anymore?”

Leng Bufan's words were full of threat.

However, it was shocking that Xu Tianlong, Xue Meigui and the others had just turned a deaf ear to Leng Bufan's words.

Xue Meigui was particularly so when she turned her gaze to Leng Bufan as though she was facing an idiot.

“Young Master Leng, please don’t forget those words that I have previously told you! If you don’t apologize to Mr. Lin within three days from your defeat, you’ll need to bear the consequences!”

What?!

When Gao Shengyuan and the others saw Xue Meigui talking to Leng Bufan with such an attitude, they could no longer ignore the bad feeling in their hearts.

However, Leng Bufan just smiled coldly.

“*Tsk!*Xue Meigui, you don’t need to threaten me! Just let me tell you this frankly. You, Xu Tianlong and the others have been lied to! You all must be thinking that this rascal has a Skeleton Emperor Card! However, this card is somet

hing that he has stolen from somewhere else!”

Upon hearing his words, not only Gao Shengyuan and the others were startled, but even the New Bai Family Group’s senior management team were shocked.

The Skeleton Emperor Card!

Of course, they had heard about the rarity and value of this card before. The Skeleton Emperor Cards were only held by China’s top leaders.

However, the card in Lin Fan’s hands was actually stolen from somewhere else?

What is this...?

At once, the New Bai Family Group’s senior management team, Gao Shengyuan and the others understood why Xu Tianlong and the others had

come to pay a visit to Lin Fan now.

It seemed like they were all lied to by Lin Fan!

Upon thinking about this, everyone from the New Bai Family Group's senior management team was scared to death.

Meanwhile, the bad feeling in Gao Shengyuan and the others' hearts vanished at once.

However, at this moment, the porter outside the door spoke up again.

"G-Golden Age Group's President Leng Kang and his senior management team are here!"

Upon hearing the porter's announcement, the murmuring in the hall immediately died down.

Everyone could hardly believe what they

had heard.

L-Leng Kang? President of the Golden Age Group? He and other leaders of the Golden Age Group actually came!

More terrifyingly, Leng Kang was Leng Bufan's father. Was he here now to help Leng Bufan take revenge?

Everyone in the crowd looked dumbfounded now.

When they linked Leng Kang's arrival with Leng Bufan's words about Lin Fan having stolen the Skeleton Emperor Card, they became certain that Leng Kang and other Golden Age Group leaders' arrival at Jiang City was to help Leng Kang's son take revenge, as well as to look into the matter of the stolen Skeleton Emperor Card.

In the moment of silence, the crowd could only feel their heartbeat quicken.

However, Lin Guangyao spoke to Leng Bufan agitatedly. “Young Master Bufan, have you told your father about Lin Fan stealing the Skeleton Emperor Card?”

Hmm? Everyone turned their gazes to Leng Bufan upon hearing this.

Indeed, if Leng Bufan had told Leng Kang about this, the reason behind Leng Kang’s arrival at this moment would be obvious.

“That’s right! I’ve informed my father right after I learnt that this rascal had stolen the Skeleton Emperor Card and lied to Xu Tianlong and Xue Meigui! I just didn’t expect that my father would choose to come after him at this time! Hahaha...”

Leng Bufan laughed delightedly.

Obviously, Leng Kang’s arrival was out of his expectation too.

However, everything did not matter now.

Curling his lips into a cold smile, Leng Bufan turned his gaze to Xu Tianlong and the others now.

“Xu Tianlong, Xue Meigui! Have you heard it? How dare you still support this con man when my father has come?! You all can just wait to be removed from your posts and be investigated! Hahaha...”

Leng Bufan continued to laugh savagely.

After he had finished speaking, there was a glint of pity in those eyes who were looking at Xu Tianlong and Xue Meigui.

Everything was over now!

In everyone’s eyes, not only that the unlucky star, Lin Fan, would face his doom on this day, but the two Jiang

City's tycoons would also get themselves into trouble too.

Tap!

The sound of footsteps rang through the hall when everyone was imagining the end of Lin Fan, Xue Meigui and the others.

Before the crowd's worshipping gaze, a fair-faced, cultured-looking middle-aged man walked into the hall while bringing a group of successful men in suits behind him.

This middle-aged man was the well-known tycoon of the Jiangnan Province, the President of the Golden Age Group, also Leng Bufan's father—Leng Kang!

Meanwhile, outside an office on the second floor of the Blue Ocean Building, Bai Shan had just brought Bai Yi to the door when Bai Yi's beautiful face suddenly turned pale.

She returned to her full awareness from her prior state of semi-consciousness all of a sudden.

"Lin Fan!" Bai Yi exclaimed and only realized that she was not in the hall anymore.

"Dad! W-Why am I here? Where's Lin Fan? Where's he?"

Bai Yi seemed to have thought of something because her forehead was beaded with cold sweat now.

Upon seeing her reaction, Bai Shan let out a sigh of relief and quickly said, "Yi, you were in shock and almost fainted just now. Lin Fan let me bring you here to take a rest! How do you feel now?"

Bai Yi's beautiful face turned even paler than before after hearing Bai Shan's words.

"Dad, I'm fine now! I want to go to Lin Fan. I want to be with him now!"

While speaking, Bai Yi shook off Bai Shan's hands and hurriedly ran toward the elevator.

Bai Shan was shocked by her actions, but he managed to quickly block her way and said, "Yi, you can't go down now! Lin Fan said that he'll settle everything by himself! Besides, Leng Aotian and He Lanshan will probably arrive soon. If you go there as well, they might vent their anger on you!"

Bai Shan felt his scalp tingling.

In his perspective, Lin Fan was doomed to have a miserable end after provoking those two Grandmasters so rudely; even God could not save him now.

Hence, the only thing that he could do now was to help Lin Fan protect Bai Yi.

Tears began welling up in Bai Yi's beautiful eyes as though she understood what Bai Shan was doing.

"No! Dad, Lin Fan is my husband. How can I not be with him when he's facing difficulties? Moreover, I'll never let anyone kill Lin Fan. If anyone wishes to harm him, they can only do it over my dead body!"

Crystal clear tear droplets started rolling out from her beautiful eyes and trickled down her cheeks.

Her words sent a shiver down Bai Shan's spine.

He looked as though he had aged several years in an instant when he said bitterly, "Yi, do you really love Lin Fan this much? You detested him so much in the past! Besides, we have no way to

save Lin Fan now. If something bad happens to you as well, what should your mother and I do?!”

Bai Shan was clearly pleading at her in all earnesty; the look in his eyes was one full of disbelief.

After all, he was clear that Bai Yi detested Lin Fan so much in the past that she had even considered having a divorce with him several times, so how would she be willing to die with Lin Fan?

But now, Bai Yi shook her head after hearing what Bai Shan had said. Her tears were falling down her cheek non-stop like pearls on a broken string.

“Dad! I’m sorry! I love Lin Fan and I’m willing to die with him! If something bad happens to me too, you and Mom must take care of yourselves!”

With that, Bai Yi did not waste any more time and ran into the elevator, pressing

for the first floor.

This scene had made Bai Shan know that he could no longer persuade his daughter anymore. Hence, there was a glint of madness in his eyes when he said, "Wait for me! I'm going too!"

What?!

Bai Yi's delicate face turned paler than before upon seeing Bai Shan run into the elevator.

"Dad! What're you..."

As Bai Yi knew how merciless Grandmaster Leng Aotian and Grandmaster He Lanshan were, she knew that she might get herself into trouble once she went downstairs.

With Bai Shan's identity as Lin Fan's father-in-law, she was sure that he would hardly be able to escape.

While fixing his gaze on Bai Yi, Bai Shan's expression eventually became determined.

"If something bad happens to my son-in-law and my daughter, what's the point of an old man like me staying alive? We'll live or die together!"

Bai Shan's words made Bai Yi feel a lump in her throat at once. She could no longer hold back her tears as they gushed out like a broken dam.

Bai Yi finally felt the warmth of a family now.

This feeling made her feel determined that they could live together as well as die together!

In just a while, the elevator had reached the first floor and the pair of father and daughter walked out briskly.

However, when they just got out of the

elevator, they heard the porter's voice coming from the building's entrance.

"President Leng Kang of the Golden Age Group and his board members are here!"

A shiver ran through Bai Shan and his daughter's body upon hearing the name.

The Golden Age Group!

This was Jiangnan Province's largest conglomerate and it belonged to the powerful Global Group. Hence, its societal status and background were beyond people's imagination.

Now, not only that its president had personally come, but even all Golden Age Group's board members were here too.

This nearly made Bai Shan and Bai Yi doubt their ears.

“W-What happened? Why is the Golden Age Group here? Is that Leng Kang only here to help his son take revenge?”

Bai Shan was dumbfounded.

This was because he could not figure out a reason that could explain the arrival of the Golden Age Group’s leaders.

At this moment, the pair of father and daughter suddenly heard Lin Guangyao and Leng Bufan talking about the Skeleton Emperor Card.

Bai Yi’s delicate face became as white as a sheet at once.

The Skeleton Emperor Card!

Of course, she knew about this.

Lin Fan gave her this card when she was at the Golden Age Clubhouse. At that time, Lin Guangyao and the others

even suspected that he had stolen this card from somewhere else.

Lin Fan did not deny it too.

“I-It’s over! It seems like our New Bai Family Group will meet its doom this time!”

Bai Yi curled her lips into a wry smile.

Meanwhile, the sound of footsteps rang through the hall.

When the Golden Age Group’s President Leng Kang walked in while leading his board members, the hall was stirred up again.

Gao Shengyuan, Bai Yifan and their men looked at Leng Kang and the others behind him in awe, as though they were meeting their idols. Their eyes shone with utter respect and crazed passion.

Leng Bufan also said hurriedly, “Dad!

What brings you here? Are you here to help me take revenge? Oh right! That rascal even stole our Golden Age Group's Skeleton Emperor Card! He has been using it to cheat Xue Meigui and Xu Tianlong! You must not let these two pieces of trash off, for they had believed Lin Fan so easily!"

Leng Bufan's tone was emotional and agitated.

He wasn't the only one; Lin Guangyao, who was behind him, chimed in as well with a look that obviously showed that he was trying to cotton up to Leng Kang.

"Mr. Leng Kang, I can be his witness! Lin Fan is the one who stole that Skeleton Emperor Card! At that time, I even questioned him, but he did not deny it at all!"

Along with Leng Bufan and Lin Guangyao's words, a murmur went

through the crowd in the hall again.

Oh no! The senior management team of the New Bai Family Group felt like their heads were going to explode from anxiety.

Meanwhile, Gao Shengyuan and the others were so excited that they were trembling!

They had never expected that Lin Fan would seek his own death like this!

He injured Leng Bufan, He Jiaojiao and Gao Shengyuan!

He had also infuriated both Grandmaster Leng Aotian and Grandmaster He Lanshan!

Now, he was even the thief of the Skeleton Emperor Card!

Everything was over!

He was doomed now!

Bai Yifan and Shen Jian looked at Lin Fan with a mixture of pleasure and some other complicated feelings, mixed in with a bit of pity.

Despite them hating Lin Fan to the core, they still needed to admit that this rascal was their relative. Moreover, even though he was their opponent, some of Lin Fan's means had been so impressive that they were in awe of them too.

"Are all our grudges coming to an end today?" Bai Yifan took a profound glance at Lin Fan.

All of a sudden, he felt that this guy didn't seem to be as despicable as he did before.

There was a moment that he even

hoped that nothing bad would happen to Lin Fan.

He was not alone!

Shen Jian's lips curled into a bitter smile too. "Yifan! Although the chances of Lin Fan escaping this time is slim, why do I feel pity for him?! It doesn't matter whether he has injured Young Master Leng and Miss He or has even treated two Grandmasters with contempt! I respect him! If it were me instead, I... wouldn't have had the guts to do it!"

Shen Jian shook his head, a complicated expression appearing on his face.

Bai Yifan patted him on his shoulder without realizing it too.

"Not only you, but me too! Even though I hate Lin Fan, I have to admit that he's an opponent who deserves to be respected!"

When they were done speaking, Shen Jian and Bai Yifan felt emotions that were even more complicated than before.

Tap!

At this moment, Leng Kang and the other leaders had stopped in their tracks as though they had heard Leng Bufan and Lin Guangyao's words.

When Leng Kang turned his gaze to his son, there were no emotional fluctuations in his eyes.

It was as though he wouldn't flinch at all even if his son got himself injured in the crotch.

"I know about the Skeleton Emperor Card!"

With that, Leng Kang no longer paid attention to Leng Bufan and the others, but slowly led the Golden Age Group

board members to Lin Fan instead.

Tap tap tap!

Sounding as though the final nail was being nailed into the coffin, their footsteps made the New Bai Family Group senior management team blanch and some of them had even slumped onto the floor.

Just when Leng Kang and his men stopped before Lin Fan and was going to speak, somebody abruptly shouted, "No!"

The crowd was shocked as they saw a woman sprinting from the elevator.

She was Bai Yi.

With a pale face, she ran toward Lin Fan and pulled him to her back as though she was a mother protecting her child from a beast. Then, she spoke to Leng Kang and the others fearfully.

“Hello, President Leng Kang and every board member of the Golden Age Group! I’m Bai Yi! About the Skeleton Emperor Card, I can tell everyone that it has nothing to do with my husband, Lin Fan! I’m the one who... stole that card!”

What?!

Everyone in the hall was dumbfounded upon hearing her words.

Bai Yi was the thief? How was... this possible?!

Everyone around found this unbelievable, Lin Guangyao in particular. As though he was an animal whose tail had been stepped on, he shouted, “Mr. Leng Kang, please don’t believe this woman! She wasn’t the one who stole the card! Lin Fan was the one who gave it to her! It’s obvious that she’s trying to be his scapegoat now!”

Being a scapegoat!

Everyone around felt a shiver run down their spines upon hearing this.

There was no contempt or mockery in their gazes on Bai Yi anymore. Instead, their gazes were filled with mixed feelings and admiration.

After all, how many women in this world would be willing to become their husbands' scapegoats? Moreover, their current crime might even cost them their lives.

"I really don't know what kind of luck that this rascal has. How can he make Miss Bai Yi become so obsessed with him?"

In everyone's hearts, they were feeling helpless as they could only be envious or jealous of Lin Fan's good luck.

However, Bai Yi did not care about the feelings of the people in the crowd now.

She shot a fierce glare at Lin Guangyao and then continued telling Leng Kang and the others, "What I've said is true! I'm the one who stole this card and it had nothing to do with Lin Fan. If the Golden Age Group wishes to claim responsibility, just come at me! I'm willing to take all responsibilities!"

Bai Yi sounded especially determined.

Claiming responsibility?

Upon hearing this, the colors drained from Leng Kang and the Golden Age Group board members' faces.

Curling his lips into a bitter smile, Leng Kang wiped the sweat off his forehead and then sneaked a glance at Lin Fan.

He looked as though he was waiting for Lin Fan's instructions.

Despite having an odd look on his face, Lin Fan still nodded upon seeing this

scene.

Phew!

President Leng Kang and all the Golden Age Group board members let out a sigh of relief after getting Lin Fan's signal.

Then, Leng Kang simply announced, "Okay! On behalf of the Golden Age Group, I will regard Miss Bai Yi as being related to the incident of the Skeleton Emperor Card!"

What?!

The hall burst into an uproar again after Leng Kang finished speaking.

Did she become Lin Fan's scapegoat successfully?

They had not expected that Leng Kang would really think that Bai Yi was the thief of the Skeleton Emperor Card.

For a second, Leng Bufan, Lin Guangyao and the others' faces darkened.

They were shooting daggers at Lin Fan now because they were not content to let Lin Fan off.

Just when Leng Bufan and the others were going to force Lin Fan to admit that he was the thief, they suddenly heard President Leng Kang saying, "Today, I formally announce that Ms. Bai Yi will become our Golden Age Group's fourth Skeleton Emperor Card holder in China! She'll receive the top Emperor-tiered treatment whenever she shows up at any of our Golden Age Group's properties!"

What?!

Everyone around was astounded after hearing Leng Kang's words.

She would be receiving Emperor-tiered treatment based on her status as

China's fourth Skeleton Emperor Card holder?! How was this possible?

Everyone in the hall, including the New Bai Family Group senior management team, Gao Shengyuan and his men, Leng Bufan and the rest of the people could not believe their ears.

Didn't Bai Yi just become Lin Fan's scapegoat?

Why was she now an official holder of the Skeleton Emperor Card?

Everyone felt their minds go blank.

However, this was just the beginning.

"Besides, I'm here with all the board members of the Golden Age Group today to congratulate the New Bai Family Group on its commencement of business! From today onward, the New Bai Family Group will become our Golden Age Group's major business
