

What? A furious look crossed Wang Mingzhe's face. He wants a noble young master from the Wang Family like me to kneel to a useless wimp like him? This isn't going to happen!

“Lin Fan, I suggest you stop digging your own grave! Insulting me means insulting the Wang Family as well; you'll die a tragic death!” Wang Mingzhe threatened Lin Fan with a hateful look in his eyes.

On the other hand, Lin Fan smirked. “It seems our dear Young Master Wang still isn't aware of what's going on around here yet. Li Huairen, break his legs!”

Wang Mingzhe exploded with anger immediately. *This is crazy! The dude really lost his mind! He already injured me and now, he wants to break my legs too? Does he really want to go against the Wang Family?*

Upon hearing Lin Fan's order, a malevolent look crossed Li Huairen's face. “No problem!”

Then, he signaled his men to take action. A group of men advanced toward Wang Mingzhe following his order.

Wang Mingzhe was scared out of his wits when he saw the men walking toward him. He shouted immediately, “Li Huairen, are you mad?”

You're going against the Wang Family by doing this!"

Not just Lin Fan, but Li Huairen had lost his mind too! How is it possible that the moderately influential Li Family can fight against a wealthy and powerful family like the Wang Family? Yet, Li Huairen actually listens to Lin Fan's order and decides to break my legs!

However, Li Huairen gave a snort of contempt when he heard Wang Mingzhe's threat. "The Wang Family are nothing but a bunch of lowly and insignificant bugs to Mr. Lin!" *Lin Fan is the mighty Lin Zuo of China. Who the hell does the Wang Family think they are to threaten Lin Zuo?*

However, his words caused a huge stir among the crowd in the room. *In Lin Fan's eyes, the Wang Family is just a bunch of lowly and insignificant bugs?* Lin Fan said that before, but they ignored him completely. They thought those were some boastful words from Lin Fan, who was just being arrogant and ignorant. But now, Li Huairen said the exact same words again. So, they had to believe that it was real.

Almost immediately, everyone was horrified as they stared at Lin Fan as if they had seen a ghost; they felt really uneasy. *Exactly what kind of powerful influence the guy has that can make Li Huairen feel so sure about this?*

Wang Mingzhe, who was standing at the side, was completely perplexed. Shock and surprise flickered in his eyes. He couldn't believe his ears. Then, he fixed his stare on Lin Fan. Suddenly, he had a bad feeling about this. *What exactly has the wimp been through all these years?*

But all of a sudden, a fierce growl escaped from Lin Fan's mouth. "Kneel now, or you shall stay kneeling forever!" The look in his eyes was cruel and unemotional.

Thud! Wang Mingzhe kneeled down on the floor immediately with a humiliated look on his face. Deep within his eyes, hatred and resentment appeared. Ordering a young master from a wealthy and noble family like him to kneel down was a lot more suffering than killing him. His hatred for Lin Fan intensified greatly.

However, Lin Fan couldn't care less about his feelings, for he simply said in an icy tone, "You should be glad that you're not part of the Lin Family."

If Wang Mingzhe was part of the Lin Family, he would have been a dead person by now.

However, Wang Mingzhe wasn't grateful for Lin Fan's forgiveness and compassion. On the contrary, Lin Fan's proud tone irritated him very

much. He thought it was humiliating that Lin Fan would talk to him like that. he would kill Lin Fan and crush him into pieces!

“Get lost!” Lin Fan uttered those two words coldly.

Wang Mingzhe got to his feet with a grim expression on his face. He then walked toward the door moodily and left, overwhelmed with hatred and resentment.

“Young Master Wang, save me!” At that moment, Jiang Xin was crying and screaming. She begged Wang Mingzhe to save her, but sadly, Wang Mingzhe didn't even bother to look at her at all. He left straight away, completely ignoring Jiang Xin.

Lin Fan smirked the moment he noticed this. He glared at Jiang Xin fiercely. “Now, it's time to deal with you!”

What? Jiang Xin's legs trembled violently when she heard this. She looked at Lin Fan in terror. “T-This has nothing to do with me!”

Annoyed by Jiang Xin's shameless denial, Lin Fan snorted out of exasperation. “You set an artist up and forced her to sleep with another man. You tried to destroy her when you failed to force her to do so, and yet you're saying that

none of these has anything to do with you?"

"I-I did all of these for her own good!" Jiang Xin argued. Her legs couldn't stop trembling. Feeling scared now, she broke into tears. She didn't expect an abandoned wimpy young master like Lin Fan would be so horrendously influential.

"For her own good?" A savage and murderous look flashed through Lin Fan's eyes. "I think it was for your own good! If I'm not mistaken, Wang Mingzhe promised you lots of benefits if you do this for him, right?"

Jiang Xin's petite body quivered when she heard this. Indeed, Wang Mingzhe promised to let her become a shareholder of his brokerage company if she helped him to get Zhang Yichen. She thought it wasn't such a big deal spending a night with Wang Mingzhe, so she decided to betray Zhang Yichen without any hesitation. As a precautionary measure, she even prepared an aphrodisiac, which she planned to trick Zhang Yichen into taking. After Wang Mingzhe spent the night with Zhang Yichen and took several nude photos of her, she was certain that Zhang Yichen would comply with her wishes if she used the nude photos to blackmail her. Jiang Xin's dream of becoming a shareholder was about to come true, but Lin Fan's appearance completely destroyed

everything!

"N-No! I didn't! You're making this up!" Jiang Xin turned and looked at Zhang Yichen immediately with a panicked expression on her face.

"Yichen, you have to believe me! Your boyfriend made this up to frame me! I'm telling the truth! Everything I did was for your own good! I'm just worried that you'll ruin your own future due to rash impulses. That was why I decided to stop you."

Zhang Yichen became hesitant the moment she heard Jiang Xin.

However, Lin Fan just smiled coldly. "You have a bottle of strong aphrodisiac in your pocket, which you prepared for Zhang Yichen. Also, if I'm not mistaken, you guys planned to take several nude photos of Zhang Yichen after he was done sleeping with her, so that you can use the photos to blackmail her. Am I right?"

What? Jiang Xin looked as if she had seen a ghost. She stared at Lin Fan in disbelief. How did this guy know about my plan? He even knows that I have the aphrodisiac with me now? Does he read minds? This is absolutely unbelievable!

From Jiang Xin's expression, Zhang Yichen realized that Lin Fan was right about the whole thing. Right at that moment, she became very

angry and her body couldn't stop trembling in anger. Tears of rage rolled down from her eyes. She always treated Jiang Xin like her own sister, but she didn't expect the latter would treat her like that. Jiang Xin basically wanted to ruin her life!

Thud! Jiang Xin, who didn't have any energy left to argue, went limp and fell onto the floor. She looked dejected.

"Help me! Yichen, save me! I'm sorry, I was wrong! Please, give me another chance! I dare not do it again!" Jiang Xin knelt down in front of Zhang Yichen immediately and begged for her forgiveness shamelessly.

Tears flooded Zhang Yichen's beautiful eyes as her face turned pale; she couldn't even say a word.

At that moment, Lin Fan looked at Jiang Xin coldly. "Resign from the management company and get out of the entertainment industry forever!"

Jiang Xin was struck dumb by his words when she heard him. A remorseful look appeared on her face instantly.

She worked in the entertainment industry for her entire life. Almost everything ranging from

her career, connections and all other things were in the entertainment industry. But now, Lin Fan had kicked her out of the entertainment industry. This would make her lose everything and she would have to start all over from zero again! Moreover, Jiang Xin would be nothing more than a nobody if she were to leave the popular diva Zhang Yichen! Basically, Lin Fan ruined her entire life by doing so.

It was a double whammy for Jiang Xin now. Not only did she fail to get any benefit from Wang Mingzhe, she would also have to rebuild her career from scratch again because of Lin Fan's action. Without Zhang Yichen the milch cow, she would lose her villa, luxury car and Chanel bags.

Jiang Xin regretted her actions, but too bad, it was too late. The current Jiang Xin felt really awful; she would rather die than having to suffer like this.

"No, please, give me another chance! I beg you!" Jiang Xin turned to beg Lin Fan instead. She wept so hard that one could barely hear the words coming out of her mouth.

However, Lin Fan just glanced at her in utter disgust. "Why did you do it in the first place if you knew things were going to turn out like this? Now, you're in no position to bargain with

me! Get out of my sight!"

Almost immediately, Jiang Xin was struck dumb by his words. She let out a sorrowful wail before she fainted out of grief.

“Get her out of here!” Li Huairen ordered his men to drag Jiang Xin out coldly.

Then, Li Huairen pointed at Zou Xiaoqin and asked Lin Fan about her. “Mr. Lin, what should I do with this b*tch?”

Zou Xiaoqin’s body quivered as her face turned pale the moment she heard this.

“Small potatoes like her don’t deserve my attention,” Lin Fan sneered with a disdainful look on his face.

Small potatoes? For some unknown reasons, Zou Xiaoqin didn’t feel glad when she heard this. She felt hurt instead, as if her heart was stabbed violently by a knife. She felt really awful. She had a feeling that Lin Fan treated her like dirt, as though he would feel disgusted if he

took a single glance at her. Right at that moment, Zou Xiaoqin felt like someone had stepped on her pride and crushed it into pieces. Tears of humiliation escaped from her eyes and rolled down her cheeks. She didn't expect—not even in her dreams—that the man she looked down on had become such a powerful existence that she could no longer associate herself with. Even the Li Family was nothing more than just a lowly dog to him.

However, what hurt her the most had still yet to come.

At that moment, Li Huai ren made an obeisance by cupping one of his hands in another in front of his chest and said to Lin Fan politely, “Mr. Lin, please forgive my son's foolishness for destroying the necklace that was worth ten billion that you planned to give the woman you love as a present! He was truly digging his own grave! In order to redeem our mistake, the Li Family has

decided to buy another jewelry with the same price at the International Jewelry Exhibition which is going to be held in Jiang City a few days later, to compensate for your loss. I hope you can come to the exhibition that time.”

A piece of jewelry that is worth ten billion? Zou Xiaoqin froze immediately and her entire body shivered violently like she had caught a severe cold. The expression on her face changed completely. Am I hallucinating? The guy is actually going to give his wife a piece of jewelry that's worth ten billion as a present? To Lin Fan, the entire fortune of a top billionaire is just equal to the cost of his wife's necklace? Zou Xiaoqin felt her heart pounding rapidly as she stared at Lin Fan in shock. Just exactly how rich the guy is?

Now, she finally realized why the Li Family was so afraid of Lin Fan and why even a popular diva like Zhang Yichen admired him so much. *He actually spends ten billion just to make his wife happy? This is something only a king can afford to do!* She even suspected that Lin Fan was so rich that his wealth could

At that moment, a somber expression appeared on her face, followed by an intense look of regret and suffering. It turned out that it wasn't Zhang Yichen who was ignorant; it was she herself who was too arrogant and ignorant to notice a powerful emperor-like man such as Lin Fan. She had actually let an opportunity to associate herself with such a powerful man slip through her fingers.

If she didn't insult Lin Fan just now, she probably still had a chance of winning his favor. Based on the shocking fact that Lin Fan was willing to spend ten billion on a piece of jewelry, it would be a greatest fortune for her just to become his mistress. However, she had let such a golden opportunity slip through her fingers so easily!

Almost instantly, Zou Xiaoqin became dejected. As though all energy had left

her body, she went limp and fell onto the floor. For her entire life, she always dreamed of marrying into a wealthy prominent family, but now, Lin Fan was the wealthiest and noblest person among all these families! However, she had let the chance of associating herself with such a noble man slip through her fingers! Now, she was overwhelmed with utter despair. She felt so regretful that she had an urge to kill herself.

Right at the moment, Zou Xiaoqin noticed that Lin Fan was about to leave with Zhang Yichen. Almost instantly, she became desperate. She struggled to run toward Lin Fan and begged him sadly. "Mr. Lin, I'm sorry, I was wrong. Please give me another chance! I want to be your friend!" She couldn't miss the chance again. This was the only chance in which she could be part of the rich and influential.

However, without waiting for Lin Fan to

say anything, Li Huai ren kicked Zou Xiaoqin away harshly. With a disdainful look on his face, Li Huai ren retorted, "Befriend him? Why don't you look at yourself in the mirror first? Do you think someone like you is worthy of befriending Mr. Lin?"

What? Zou Xiaoqin was dazed completely. *Isn't that what I said to Lin Fan just now?* Now, those words were directed back at her without missing out a syllable! The words were a harsh slap in her face. Almost immediately, Zou Xiaoqin broke out into tears out of extreme sorrow and despair. She was overwhelmed with grief.

Meanwhile, feeling aggrieved after leaving the hotel, Wang Mingzhe took out his cell phone and dialed a mysterious number. "Young Master, I saw that wimp, Lin Fan."

Eh? The man on the other side of the phone was taken aback, seemingly rat

her surprised by the news. After a pause, the man smirked in disdain. “I know that wimp has always been staying in Jiang City.”

Wang Mingzhe looked disappointed. He sounded a little worried as he stated, “Young Master, he seems a little different. Just now, I noticed even the Li Family of Jiangbei treated him with respect!”

However, sarcastic laughter broke out on the other side of the line. The man sneered, “Haha! Wang Mingzhe, oh Wang Mingzhe, you were fooled by that wimp! The one the Li Family is scared of is his wife, Bai Yi, and not the wimp himself!”

What? The expression on Wang Mingzhe’s face changed abruptly. His eyes were full of shock and disbelief.

“According to my understanding, the wimp had become the live-in son-in-law

of the Bai Family. His wife is Bai Yi, the woman who became really powerful and famous in Jiangnan now. Before this, the Li Family was suppressed by a mysterious organization because they offended Bai Yi. I think the Li Family had no choice but to come and look for the wimp because they are afraid of offending Bai Yi again.”

So, that was what really happened! Wang Mingzhe’s lips curved into a hateful smile. “So, that means the wimp just pretended to act tough and scared me?”

The young master on the other side of the phone smirked. “Since us, the Lin Family, could crush him under our feet back then, I believe we can still do the same now. A wimp will always be a wimp!”

Realizing he was being fooled, Wang Mingzhe felt angry and humiliated at the same time as a furious and malevolent look flickered in his eyes. “I’ll

never let that godd*mn piece of sh*t get away with that!”

“Wang Mingzhe, the wimp is just a nobody, but that woman Bai Yi is difficult to deal with. According to the information I’ve collected, the person who supports her in secret is most probably... Lin Zuo!”

What? Wang Mingzhe’s legs failed to support him and he almost fell onto the ground out of shock; a terrified look crossed his face. L-Lin Zuo? He was one of the Four Greatest Commanders of China. The man possessed ultimate power and could basically control the life and death of any person in China. He was regarded as an important asset of the country. The man was an incredible presence who was destined to achieve great and unlimited success in the future! Bai Yi is actually related to him? T-This is truly unbelievable!

Now, Wang Mingzhe was totally

shocked as he noticed that he was panting heavily. No wonder Bai Yi could appear from out of nowhere and become the leader of the entire Jiangnan Province all of a sudden. This was because she was secretly supported by an extremely powerful man who was at the top of the social hierarchy of China.

Wang Mingzhe swallowed heavily before a lascivious smile appeared on his face. "Young Master, if I can win Bai Yi's heart and persuade her to cheat on that wimp, will Bai Yi keep on defending him?"

Wang Mingzhe was very confident. He was certain that with his family background, temperament and appearance, he could win Bai Yi's heart and eventually sleep with her. In his eyes, he was more than a hundred times better than Lin Fan!

On the other side of the line, apparently,

the young master was startled, but he quickly said with a joyful look on his face, "If you manage to sleep with Bai Yi successfully, it means that you are indirectly helping our family to establish a connection with Lin Zuo. With assistance from such a powerful man, I, Lin Zekun, will definitely become the next head of the Lin Family! If you really succeed in what you're planning to do, I promise you that on the day I become the head of the family, you, Wang Mingzhe will be the most powerful, honorable and respectable guest in the Lin Family!"

The man's promise made Wang Mingzhe's heart pound rapidly non-stop. His breathing became more rapid due to excitement. "Young Master, don't worry! I won't let you down!"

Wang Mingzhe hung up the phone immediately and a menacing smile appeared on his face. "Lin Fan, I want your wife, and I will take your life as

Chapter 529 A Set-Up!

A few days later, however, Lin Fan's family suddenly received an invitation from Old Master Shen. They were taken aback by this; the Shen Family had already cut off all ties with their family ever since that incident from last time, and there were orders for Bai Yi's identity to be kept under wraps. The Shen family couldn't possibly know about her identity as the leader of Jiangnan with the resources they had on hand.

So, why this sudden gesture of goodwill then?

However, Bai Shan and Shen Yumei didn't think too much about it, especially Shen Yumei. This was her family after all, so naturally, it would be best if she could repair her relationship with them.

"Why do I have the feeling that they're inviting us to set us up?" Lin Fan suddenly jested.

Let's see if you can get this right.

Chapter 529 A Set-Up!

His words instantly made Shen Yumei's expression darken. She said, disgruntled, "Why are you saying that this is a farce? Do you have to think that my family is going to harm you? Since the Shen Family extended this gesture of goodwill, then you should let that incident slide. Being petty is not very becoming of a man at all!"

Lin Fan could barely stifle a smile, but he did not protest in the end as he obediently shut his mouth.

Bai Yi's brows, however, were tightly knitted together as she too, thought that something was very odd about this affair.

When Lin Fan and his family arrived at the Shen Residence, Lin Fan finally confirmed his guesses; he had seen someone who shouldn't be here at the residence—Wang Mingzhe.

Wang Mingzhe immediately noticed Bai

Yi with a glance, and was completely shaken by that gorgeous, earth-shattering beauty of hers.

She was as beautiful as a sparkling jewel and as stunning as a delicate flower. This lady was practically a gem among mortals!

Wang Mingzhe couldn't help but gulp, feeling his mouth go dry. He had been with countless women throughout his life, but none of them could hold a candle to the woman before him, Bai Yi.

She was even more beautiful in real life than on television.

Immediately, envy rose within Wang Mingzhe's eyes as he fixed a dead stare on Lin Fan. How he wished he could crush him into bits.

This piece of garbage was not fit to be with such an ethereal beauty!

A woman like her should rightfully be his, Wang Mingzhe's!

"This is the eldest son of the Wang Family of Beijing, Wang Mingzhe. Why are you not addressing him?" Old Master Shen's face darkened as he ordered Bai Yi's family in an unkindly tone.

The Wang Family of Beijing?

Bai Yi and her parents' faces immediately drained of color. They had of course heard of this certainly prestigious family. They immediately greeted Wang Mingzhe.

"It is nice to meet you, Young Master Wang!"

"Hahaha, you don't have to, Mr. Bai, Mrs. Bai!" Wang Mingzhe walked over, enthusiastic.

Bai Shan and Shen Yumei were baffled.

They were merely common people; what right did they have for this scion, Wang Mingzhe, to address them so respectfully?

However, they completely understood why the next moment.

They watched as Wang Mingzhe took Bai Yi's slender, pale hand in his without a word before he said reverently, "Miss Bai Yi, it is nice to see you in person rather than through a screen. You look ten times more beautiful than on TV!" As he spoke, he deliberately stroked the back of Bai Yi's hand with his thumb while looking at Lin Fan challengingly.

His teasing and subsequent provocation made Bai Yi feel extremely uncomfortable, to the point that her expression frosted over, and it also made a harsh glint enter Lin Fan's eyes.

"Are you... digging your own grave?"

Lin Fan's words immediately sent the entire Shen Family into an uproar. Every member of the Shen Family went mad with anger this instant.

Did this idiot not value his life? How dare he threaten Wang Mingzhe?

He was practically looking for death!

"Lin Fan, who do you think you are, threatening Young Master Wang? I think you're sick of living already!"

"You d*mn trash! I order you to apologize to Young Master Wang this instant. Don't drag our family into this!"

"You're all worked up over just some hand-holding. Are you that insecure, you garbage?"

Every member of the Shen Family was beside themselves with anger, and they unleashed the full brunt of their scathing fury on Lin Fan, especially

Shen Ling's family.

Zhou Xian's future had been destroyed because of Lin Fan. Now that they saw Wang Mingzhe flirting with Bai Yi in front of so many people, their hearts revelled at Lin Fan's distaste. They were absolutely delighted.

Right then, however, Wang Mingzhe slowly let go of Bai Yi's hand and simultaneously looked at Lin Fan with a mocking gaze. He then said condescendingly, "Miss Bai Yi, is this the man that you have your eyes set on? He doesn't look like much!"

Upon hearing that, Shen Ling immediately smiled with contempt. She then began to butter Wang Mingzhe up. "Young Master Wang, this fellow here is a piece of garbage who relies on his wife; of course he doesn't amount to much. There's practically a world's worth of difference between you and a piece of trash like him."

“Yep, that’s right. I’m afraid that this waste of space doesn’t even have the right to pick up your shoes!” Cuiping also glanced at Lin Fan distastefully. “I think that only someone as excellent as you, Young Master Wang, is worthy of our Bai Yi!”

What?

Right now, if Bai Yi and her family still couldn’t see the Shen Family’s intentions, then something had to be wrong with their brains. Right now, pure fury was written all over their face.

Indeed, Lin Fan had been right!

This had been a set-up all along!

The Shen Family was willing to make Bai Yi ‘entertain’ Wang Mingzhe in order to please him.

What did they think Bai Yi was?

Bai Yi's entire body was also shaking from anger. Her face darkened as she shot back, "Young Master Wang, please show some respect! If you continue to humiliate my husband, then you will have to excuse me!"

Wang Mingzhe instantly froze at this.

According to his investigations, Bai Yi's family should be holding Lin Fan in contempt, so why was Bai Yi standing up for him of her own accord?

"Bai Yi, what is with your attitude? You are fortunate that Young Master Wang fancies you. Why are you unable to see it?" Old Master Shen's eyes were blazing with anger as he stared Bai Yi down with a cold gaze. "Could it be that you truly intend to spend the rest of your life with this worthless lump?"

Immediately the rest of the Shen Family looked at Bai Yi disdainfully and they began to mock and laugh at her.

“She really doesn’t have a good eye for things. If I had caught Young Master Wang’s eye, even if it was a dream, I’d wake up smiling. But she rejected him! Really, she has gone blind!”

“Hehe, she wouldn’t have fancied this piece of trash if she isn’t blind! She has suffered so many hardships and gotten humiliated so many times by being with him, and yet she still insists on following him! How disgusting!”

Upon hearing this, Bai Yi’s pretty face darkened. She said with a cold tone, “Since you people of the Shen Family do not welcome us, we will be taking our leave then!”

With that, she prepared to take Lin Fan and her family to leave the Shen Residence.

Wang Mingzhe was completely taken aback when he saw this. It was only then that he realized that he had

underestimated how important this piece of garbage, Lin Fan, was to Bai Yi. He then hastily strode over and stopped Bai Yi and her family, before bowing to her.

“Miss Bai Yi, I was in the wrong earlier. I hereby apologize! I hope that you’ll be able to forgive me!”

What? Did they just see the scion of ‘the’ Wang Family of Beijing just bow to Bai Yi?

They weren’t dreaming, were they?

Instantly, the Shen Residence fell into a dead silence.

While they already know that Wang Mingzhe had feelings for Bai Yi, that shouldn’t be enough for him to lower himself and bow to her in apology, right?

Immediately, Old Master Shen angrily

rebuked Bai Yi out of frustration, “Bai Yi, do you know who Young Master Wang is? He is a man with such high status and power. He has already apologized to you; are you going to continue turning a blind eye? If that is so, then do not blame us for our subsequent inhospitality!” His words sounded exceptionally threatening.

However, none of them noticed that a tinge of bitter resentment rose from the depths of Wang Mingzhe’s eyes when he lowered his head.

You filthy woman! Putting on a high-and-mighty act in front of me? Just you wait when I’ve got you in bed!

Under the crowd’s forceful threats, Bai Yi chose to accept his apology out of exasperation. “I... forgive you!”

“Oh, that’s great!” Wang Mingzhe pretended to be emotional as he said, “Thank you so much, Miss Bai Yi. That’s

right, I just so happened to have tickets to the Jinding International Jewelry Exhibition. I'd like to ask if you could accompany me?"

What? Jinding?

The entire Shen Family was utterly baffled. That was the world's most renowned international jewelry exhibition! It was said that even the lowest-priced jewelry at the exhibition had price tags in the tens of millions at least. It certainly was not a place for someone who wasn't at the top of the wealthy society.

In addition to that, the exhibition employed a VIP system. Even if one had the money, one wouldn't necessarily be able to go; it still depended on who that person was, because Jinding was backed by the long-acclaimed Blood Millet Auction House.

And yet, Wang Mingzhe was somehow

able to obtain tickets to it.

This was truly unthinkable.

However, Bai Yi was repulsed by Wang Mingzhe due to his humiliation of Lin Fan, so she was ready to decline his invitation. But just then, a toying voice suddenly rang out this moment.

Chapter 530 Perhaps They Are Looking for Me?

What?

Everyone instantly stared right at Lin Fan as if they had just seen a ghost.

Had they misheard him?

This guy clearly knew that Wang Mingzhe was interested in his wife, and yet he still promptly accepted Wang Mingzhe's invitation?

Wasn't he just rushing to be forced out of the picture?

Right then, amused smiles rose on everyone's faces. Wang Mingzhe also shot a contemptuous look at Lin Fan as well.

Does this guy intend to contest me? He really is someone who lacks self-awareness about his own abilities! Without Bai Yi around, you're not even worth a dog's fart. How are you going to compete against me?

Let's see if you can get this right.

“Bai Yi, Lin Fan already agreed. Why are you still hesitating?” Old Master Shen quickly chastised her, his eyes already filled with joy. Even now, he was still plotting to pair Bai Yi with Wang Mingzhe.

“Fine, I’ll go!”

Upon hearing that, everyone glanced at Lin Fan none-too-kindly, as if they were looking at the world’s biggest laughing stock. To them, Lin Fan had just sent his own wife to Wang Mingzhe’s bed.

What a real idiot!

“Excuse me, is Mr. Lin here?”

Right then, a group of people asked this in a respectful tone from the entrance, looking like they were trying to please somebody.

“You are...”

Old Master Shen and the others were taken aback; they looked at the group in confusion.

A middle-aged foreign man then smiled as he announced, "I am the person-in-charge of the Jinding International Jewelry Exhibition, Timmes. I have come here today to escort Mr. Lin to the exhibition!"

Instantly, everyone's minds went blank. Intense shock resounded through their minds.

Is the man before them actually in charge of the Jinding International Jewelry Exhibition? A subordinate of the Blood Lord? He actually came to grace the Shen Residence with his own presence?

Hold on. Didn't Timmes just say that he had come to escort Mr. Lin to the exhibition?

Instantly, everyone's pupils shrank before looking at Lin Fan in unison, because he was the only one with the surname of Lin in the entire Shen Residence at this moment.

Timmes is here for Lin Fan? H-How could this be?

Upon hearing that, disappointment rose on Old Master Shen's face. "Mr. Timmes, I think you are mistaken. There is no one called Lin here at the Shen Residence!"

The rest of the Shen Family also revealed expressions of

disappointment. It seemed like he wasn't here for them at all.

As for Lin Fan, how could this useless son-in-law be the person that Timmes was looking for?

"There isn't?" Mr. Timmes was stunned as well. He had clearly received an order to come here and escort Mr. Lin from the heads of the Four Greatest Families.

However, something unimaginable happened.

"Hahaha! Old Master Shen, he's here for me!"

Right then, everyone watched with shocked eyes as Wang Mingzhe laughed raucously while he walked over.

"You?"

Everyone was stunned and they looked at Wang Mingzhe in disbelief. Wasn't

his surname Wang?

How could he be Mr. Lin?

Seeing everyone's confusion, Wang Mingzhe smiled smugly. "Just yesterday, Lin Zekun of the Lin Family bestowed upon me the honor of the surname Lin! In other words, I am now a member of the Lin Family, and the day Lin Zekun ascends as the head of the family, I will be an important, ruling member of the Lin Family!"

What?

The entire place was shocked into silence at his words.

Wang Mingzhe is already a member of the Lin Family? And he even gained the acknowledgement of the second son, Lin Zekun, to hold ruling rights over the Lin Family in the future?

Immediately, looks of reverence

appeared on everyone's faces, especially the women of the Shen Family. They looked as though they greatly wished to devour Wang Mingzhe with how excited they looked.

This was the future supreme ruler. Whoever married him would become the lady of the Lin Family, and would be able to rule the world with her power.

Even if it was a dream, they would still wake up smiling.

Old Master Shen and the other elders were also staring at Wang Mingzhe in excitement. Wang Mingzhe's familial background was already impressive enough, and now that he had received the Lin Family's esteem, his future had no limits. He truly was an impressive person who stood out among the rest.

"That's Young Master Wang alright. He's so skillful that even Jinding came to invite him personally!" Cuiping hurried

to butter him up while simultaneously looking at Lin Fan disdainfully. “He’s a lot more remarkable than certain bits of trash! There’s practically a world of difference!”

“Hey, there’s a fleet of Rolls-Royces outside of the house. They’ve even purposely rolled out a red carpet too. How amazing! I’ve never enjoyed such luxurious treatment in my entire life!”

“Young Master Wang is truly amazing for Jinding to come pick him up personally. We, the Shen Family have also been graced by his glory. This is the most glory that we’ve had in so many years.”

“Nonsense, you’re not even looking at who Young Master Wang is properly. He’s the future ruler of the Wang Family and a future top-ranking member of the Lin Family. Even Jinding will have to win his favor!”

Everyone began to flatter Wang Mingzhe, treating him with the utmost respect. It was evident that they all thought that Jinding was definitely here for Wang Mingzhe.

Right then, Wang Mingzhe raised his head proudly like a rooster that had just emerged victorious in a fight. He looked at Lin Fan condescendingly, heavy distaste in his eyes. It was as if his expression was saying, 'Do you see this, you garbage? This is the difference between you and me!'

Upon seeing Wang Mingzhe's demeanor, Shen Ling laughed maliciously and she proceeded to fan the flames. "Mom, aren't you humiliating Young Master Wang by comparing such trash with him?"

That wasn't the end; the next moment, Shen Ling looked at Bai Yi. She cackled as she said, "Bai Yi, this is your greatest opportunity! It's already a miracle that

Young Master Wang doesn't have any issue with you being used goods. Why aren't you ditching that garbage Lin Fan? You won't get another chance if you miss this one now!"

"You!" Bai Yi was so furious that she shook in anger. She was about to shoot back with her own response, but just then, a voice that shocked everyone suddenly rang out first.

"Why are you so sure that they are here for you?"

What?

The moment those words were said, everyone was well and utterly shocked. One after another, they stared at Lin Fan with extremely baffled eyes. Fury appeared on the Shen Family's faces once their wits returned to them.

Cuiping immediately broke out yelling, "Who do you think you are? Do you even

have the right to speak here?"

Meanwhile, Shen Ling smiled coldly. "If they aren't here for him, then are they here for you instead?"

The moment she said that, the contempt on everyone's faces grew.

Here for Lin Fan? Not unless the organizers of Jinding had gone insane!

But right then, Lin Fan simply shrugged and said nonchalantly, "They just might actually be looking for me, you know?"

It was as though someone had muted the room as it fell into a dead silence. Everyone widened their eyes, astonishment on their faces, wondering if their ears were playing tricks on them now.

Did Lin Fan say that Jinding was here for him?

When everyone snapped back to their senses, they burst into uproarious laughter at once, as if they had heard the world's funniest joke. They then tore into Lin Fan maliciously.

“What kind of achievement does a piece of garbage like you have for Jinding to invite you?”

“Hahaha, what a fool! Jinding's backer is the Blood Millet, one of the businesses under the King of Blood Prison. Whoever gets invited is sure to be on the top of the totem pole, and you actually dare to say that they invited a useless thing like you?”

“This is the first time I've ever met someone who's this lacking in self-awareness! You're already completely useless, but you still like to run your mouth. Bai Yi must be blind to fancy someone like you.”

As those ridiculing and humiliating

words barraged on and on, Bai Yi and her family felt that they had been completely embarrassed. Lin Fan's words had been too much; he was practically asking to be humiliated.

Old Master Shen was also beyond livid now. He fixed Lin Fan with a stare. "Get out, you blazing, useless garbage! Get out right this instant!"

Chapter 531 He's Mr Lin?

Wang Mingzhe was nearly mad with delight when he saw Lin Fan being humiliated, but he still put on a magnanimous facade. "Old Master Shen, never mind! I think that this man here has never experienced such glory in his life before. It's no big deal for him to pretend to be powerful and enjoy this feeling. We should hurry to the exhibition; Mr. Timmes must be tired of waiting."

It was then that Old Master Shen snorted, but he still said distastefully, "Capability is not something that you can fake! A piece of garbage is still garbage! It's only worthy of being trampled under our feet throughout its life!"

With that, he walked toward the door to leave without looking at Lin Fan again.

"Lin Fan, can't you shut your mouth? Don't you think it's already embarrassing enough?" Bai Yi grumbled

at Lin Fan grumpily. She felt utterly embarrassed.

Jinding was a business under the King of Blood Prison; even if he wanted to invite their family, she would be the one who would be invited. How could it be Lin Fan? Lin Fan's lie would only bring more humiliation upon them; their family would end up becoming the butt of the joke.

Lin Fan opened his mouth, but he only smiled bitterly out of helplessness.

The rest of the family then walked toward the entrance and got into the cars. However, when it was Lin Fan's turn, Wang Mingzhe suddenly stepped in front of him to block him. He said with a smarmy tone, "Ah, I'm truly sorry, but I am short of one ticket. How about you don't go? After all, you won't be able to afford anything even if you go to the exhibition. It'll save you the embarrassment!"

He clearly was purposely piling on Lin Fan.

Immediately, the Shen Family burst into raucous laughter. How could they possibly not notice that Wang Mingzhe was purposely looking for an excuse to pick on Lin Fan?

“Lin Fan, I feel that Young Master Wang is right. It’s not like some poor guy like you can afford anything there; you might as well just go home early and go to bed!” Shen Ling laughed, reveling in Lin Fan’s misfortune while she thought, *By the time you wake up, your wife won’t be yours anymore!*

Old Master Shen straightaway ordered, “Get him out! Are we going to take him to Jinding so that he can embarrass the Shen Family?”

Upon hearing that, Bai Yi suddenly felt uncomfortable. She immediately tried to exit the car, but Lin Fan placed a hand

on her own. He smiled at her and shook his head.

“We’ll soon meet at Jinding!”

What?

The Shen Family looked at Lin Fan as if they were gazing at a madman right at this moment.

Does he still intend to go to Jinding? Does he think that Jinding is a place that any Tom, Dick, or Harry could just waltz in? What a joke!

From what they had just heard, Lin Fan’s words were beyond idiotic, just like when he said that Mr. Timmes was here for him. He was just that shameless that it repulsed everyone.

Even Bai Yi didn’t believe him. She revealed a hesitant expression. “But you...”

Lin Fan, however, smiled. "Don't worry. When I said I'll go, I'll definitely go. After all, Jinding must have a master!"

Everyone froze at those words. None of them knew what the second half of Lin Fan's words meant at all.

"See you at Jinding then?" Wang Mingzhe said disdainfully before Timmes started the car and left the Shen Residence.

As he watched the fleet of cars drive further and further away, an eerie smile rose on the corners of Lin Fan's lips. He then pulled his phone out and dialed a number.

About an hour later, the fleet of cars stopped outside the entrance to the exhibition center for the jewelry exhibition. There were already over a hundred people gathered by the entrance. They began to bow and greet Wang Mingzhe and the rest politely

when they saw them get out of the cars.

“Welcome, Mr. Lin!”

There was even a splendid gold sign placed by the entrance, with the words ‘Welcome, Your Grace!’ on it.

Old Master Shen and the others had never seen such a reception before, and were all dumbstruck by it.

“That’s the heir to the Song Family of Jiangbei! He’s a billionaire when he’s only in his twenties!”

“The number one man in Jiangnan is here too?”

“The three wealthiest people of Tongzhou, Jiangzhou and Tianyu City are bowing to us!”

None of them could believe their eyes. About half of the most influential people of Jiangnan and Jiangbei were here,

and they were all humbling themselves and bowing in the direction of the Shen Family most respectfully.

Even Wang Mingzhe was startled at this moment. He hadn't imagined that he would be this honored to have so many powerful people welcoming him so graciously.

This was practically like a dream.

However, no one knew that these powerful people had gathered here because they had heard that the Li Family of Jiangbei might be here on this night to show their apology for Bai Yi, and that there was a high chance that Lin Zuo would make an appearance as well.

"Bai Yi, look. Take a good look! The entirety of Jiangnan and Jiangbei is now currently at Young Master Wang's fingertips! If you pass over such a truly remarkable man, you will be beyond

regretful!" Old Master Shen was beside himself with excitement as he hastily urged Bai Yi. He already couldn't wait to use Bai Yi to ingratiate himself with Wang Mingzhe.

"That's right, Bai Yi. Look at your family; when have they ever experienced such glory like today? If you just nod and agree, then your family will become a famous elite family in the nation. You'll be able to obtain whatever you wish!"

"Bai Yi, divorce that piece of garbage Lin Fan! He's not worthy of you at all; Young Master Wang is the man who will truly bring you greatness!"

Envy rose in Shen Ling's eyes as she watched this. How she wished that she was the one that Wang Mingzhe took a shine to. So long as Wang Mingzhe approved of her, she would immediately give Zhou Xian the boot. Wang Mingzhe had the elites of Jiangnan and Jiangbei bowing and scraping for him; such a

man was practically like a king above all kings, and his wife would be a queen.

“You!” However, Bai Yi’s face darkened when she heard the Shen Family’s words of greed.

Upon seeing her displeasure, Wang Mingzhe hurried to break things up. “Alright, alright. Let’s not talk about this anymore. Let’s hurry up and head inside!”

Bai Yi had already seen how capable he was. He believed that it wouldn’t be long before Bai Yi would be sure to cave under his dominance.

Seeing this many elites showing him respect, Wang Mingzhe immediately assumed that they had come to curry his favor because they knew that he had been promoted to a member of the Lin Family. Thus, he lifted his head proudly and strode toward the entrance briskly.

However, a man suddenly blocked his path right then, his tone not too friendly as he called out, "Who are you? Who allowed you to walk here?"

This man was not just any man; he was Ye Shihao. The elites were here to welcome Lin Zuo. All others had to take the back entrance, because the front entrance was reserved for Lin Zuo. However, Wang Mingzhe had been about to smugly enter the hall through the front entrance, enraging Ye Shihao, Zheng Honglian and all the other heads of houses.

"You all must be blind to not be able to recognize Mr. Lin!" Cuiping was so angry that she immediately charged forward to yell at them, looking like an ill-tempered dog helping its master. "So you're gutsy enough to even tell Jinding's honored guest off and humiliate them. I think that you're just looking for death! Hurry up and scram, or Young Master Wang will not be so

kind to you soon!”

“He... He is Mr. Lin?” Ye Shihao was baffled as he stared at Wang Mingzhe in astoundment.

This idiot is Lin Zuo? What kind of royal joke are they pulling?

Wang Mingzhe coldly scoffed before glaring at him with an arrogant expression. “Of course! If I’m not him, then who is? You? A good dog will not obstruct someone’s path. Hurry up and get out of my way! If you delay me, then I will show you that there will be consequences!”

At those words, Ye Shihao’s rage boiled over, and he slapped Wang Mingzhe’s face hard, sending Wang Mingzhe flying from the impact. Ye Shihao’s eyes blazed with fury. “Who do you think you are for even daring to impersonate Mr. Lin?”

The entire Shen Family was startled, and their faces immediately turned ashen. They were all panicked beyond belief.

Wang Mingzhe is not Mr. Lin? He isn't the one that Jinding wished to invite? Impossible! This is impossible! Other than Wang Mingzhe, who else could have been Mr. Lin at the Shen residence earlier?

Cold sweat immediately dripped from the Shen Family members' eyebrows, and they trembled madly as though a chill was trapped in their bones.

Impersonating an honored guest that Jinding invited was practically signing a death warrant.

If Jinding were to come after them, then even the Shen Family would be dragged into this.

He was finished!

They weren't the only ones; even Wang Mingzhe was startled. The Mr. Lin they were referring to wasn't him? Then who else could it be? Could it be that useless trash, Lin Fan? But how could that possibly be?

Immediately, Wang Mingzhe's temper flared and he roared, "You damned thing! I am Mr. Lin! How dare you raise a hand against me? Get down on your knees and start kowtowing to me now, or I will show you no mercy then!"

He had intended to show off in front of Bai Yi, but now Ye Shihao had humiliated him like this, making Wang Mingzhe lose all of his dignity under everyone's watchful eyes. He was now seething from the embarrassment.

"You still dare to be this audacious even when you're impersonating Mr. Lin? Beat him up now!" Ye Shihao roared in anger all of a sudden. A group of bodyguards surged forward and

pummeled Wang Mingzhe. A wretched scream that sounded like a dying pig's squeal cut through the air.

Now that they no longer had the pride and obnoxiousness from earlier, those wretched cries made the Shen Family nearly wet themselves from fear as though they had just seen a ghost. *He is willing to even beat up the scion of the Wang Family? Has this man gone insane?*

"A-Are you sure you aren't mistaken? He really is Mr. Lin. Could it be because you've never seen Mr. Lin before? Is that why you don't recognize him?" Cuiping was nearly crying from fright as she looked at Ye Shihao fearfully. Her current appearance was like a completely different person from her earlier swagger.

Right now, however, Ye Shihao couldn't be bothered to deign him with a reply. On the contrary, he shot a cold look at

Timmes, who was nearby. “Timmes, what is the meaning of this?”

At those words, Timmes, who was already nervous to no end, felt his legs turn to jelly and he nearly collapsed on his rear. Strong fear was etched all over his face as cold sweat dripped continuously from his forehead. “He said that he’s Mr. Lin, so I... I...” He was done for; he had committed a horrendously terrible mistake. He had escorted the wrong person and ended up delaying the real Mr. Lin. This was a death sentence for him! Damn the Shen Family for lying to him and causing him to get into hot water!

“You worthless thing!” Ye Shihao was furious. Just as he was about to tear into Timmes, a military helicopter suddenly whooshed over everyone’s heads right then, before slowly coming to a stop on the landing pad by the hotel.

Upon seeing this, everyone was sent into an uproar. Who had a military helicopter for personal use? Just who would have such a large pile of money for this? Could this be the actual Mr. Lin?

The elites were nervous yet excited. They repressed their emotions and then looked in the direction of the landing pad at once, as though they were trying to see inside the helicopter. So this was the real Mr. Lin!

Ye Shihao had also taken notice of this, and he shot a glare at Timmes. "You'd better figure out an excuse for the Blood Lord!"

At his words, Timmes collapsed to the ground in fright, his face already an ashen gray. However, Ye Shihao did not bother with him at all as he led the elites to head straight to the landing pad.

In an instant, the area around the entrance became empty. Wang Mingzhe and the Shen Family were confused. What on earth was going on here? If they weren't here for them, then why did they go to the Shen Residence?

"Young Master Wang, what... what is going on? Didn't you say that you're Mr. Lin? Why aren't they paying you any attention at all?"

"Young Master Wang, you've gotten us all into huge trouble now. Anyone can tell with one look that this Mr. Lin has a pretty impressive background. Otherwise, there wouldn't be this many elites here to welcome him. And yet, you actually pretended to be him. We're about to be dragged down because of you!"

"We're finished! If Mr. Lin unleashes his anger on us, aren't we all going to die?"

The Shen Family no longer had the

reverence and respect they had earlier as they grumbled and complained.

Wang Mingzhe's face was completely burning all over. He had currently been humiliated to no end. It was already bad enough that he had to sit through their poisonous words, but he had to embarrass himself in front of Bai Yi as well. How was he supposed to execute his plan to woo her now?

"Impossible! Timmes personally came to the Shen Residence to invite me. How could there be a fake Mr. Lin?" Wang Mingzhe's expression was dark as he argued, "It must be because I've just become part of the Lin Family; that's why those imbeciles didn't recognize me and thought that I'm impersonating him! Think about it; in current-day Jiang City, which other Lin can possibly have more status and prestige than me?"

The entire crowd fell silent. They too

thought that Wang Mingzhe's words weren't unreasonable.

Cuiping's face turned stormy, and she regained her earlier arrogance. "I was saying how could Young Master Wang be wrong! That bunch of idiots must be blind!"

Wang Mingzhe's face darkened and he snorted angrily. "I will make them regret this!"

All of sudden, Shen Ling inhaled sharply for some reason from her position in the crowd, before fright rose on her face as though she had just seen a ghost. She pointed at the man disembarking from the helicopter with a shaky finger. "That guy there; he seems to be Lin Fan!"

Lin Fan? At her words, the Shen Family's hearts shuddered and they looked in the direction of the landing pad at once. Shen Ling's words were truly shocking. Did that

son-in-law that they viewed as worthless garbage actually come here in a military helicopter? Just how was this possible?

Everyone's eyes twitched and they nervously looked in the same direction. Bai Yi's eyes were currently widened as she stared right at the figure that had come out of the military helicopter. She wanted to know whether he was really Lin Fan, but unfortunately, the place was too crowded. No one could see the other's appearance at all; all they could make out was a vague figure.

At those words, Cuiping said, disgruntled, "Stupid girl, your eyes must have been mistaken. How can that piece of garbage possibly have the right to use a military chopper?"

"That's right. That's a military helicopter that's reserved for the highest-ranking people in all of China. Whoever they personally escorted with that helicopter

must be someone who's on the same level as the top martial artists. Do you think that such trash would be worthy of this?"

"I think that it has to be one of the Gods of War that have also been invited to the exhibition today. It definitely can't be some little mooching pansy!"

All of the Shen Family had expressions of contempt. None of them thought that the mysterious figure that had just gotten out of the helicopter would be that piece of trash, Lin Fan.

"But... it really does look like him!" Shen Ling weakly piped up. That momentary glance she caught of that figure's side profile and back was practically the same as Lin Fan's.

Right at the same moment, Lin Fan impatiently ordered Ye Shihao once he got down from the helicopter, "Scatter them all!"

Those elites were chased away before they could even catch a glimpse of Lin Fan. He then asked, “Have my wife and the others arrived?”

“He’s just some court jester; you don’t have to bother with him! Let them in!” Lin Fan then added lightly, “Remember—don’t reveal my identity!”

Once Lin Fan had been ushered into the jewelry exhibition, it was only then that Ye Shihao made his way toward the entrance again to let Wang Mingzhe and the others in.

Meanwhile, the Shen Family were as panicked as a nest of ants in an inferno outside.

“Young Master Wang, since they have decided not to pursue the matter, why

don't we leave?"

"Yeah, if the one they're looking for really isn't you, then we're in big trouble!"

The entire Shen Family was uneasy. They wanted to leave, but Wang Mingzhe coldly scoffed and he said most conceitedly, "That's impossible. They must be looking for me! Once they realize that they are mistaken, everyone will kneel to me and beg for my forgiveness!"

"Yes, yes, they humiliated you like that. You absolutely cannot let them go so easily!" Cuiping immediately seized the chance to flatter him and began to ingratiate herself with him. "Now we should be the ones getting to the bottom of the matter!"

Right then, however, they saw Ye Shihao walk over. He was all smiles as he said eagerly, "Everyone, I had been mistaken

earlier! Please, hurry in!"

Everyone was dumbstruck at those words. *Mistaken? In other words, Wang Mingzhe is truly the one that Jinding wanted to invite?*

"You were so blind!" Wang Mingzhe's temper flared as he roared at Ye Shihao, "Have you now confirmed that I am the one you intended to invite? Useless thing! And you dared to hit me too? Apologize to me at once!"

Ye Shihao glanced at him through the corners of his eyes, a tinge of murderous intent suddenly rising in them. However, when he recalled Lin Fan's orders, all he could do was swallow his anger. "I am sorry!"

He had apologized! The Shen Family was shocked when they saw this.

The head of the Ye Family had been so ferocious earlier, and now he was being

subservient by bowing and apologizing? Wang Mingzhe had been right; Ye Shihao and the others must have never seen Wang Mingzhe before, which was probably how the misunderstanding came to be. Now that the truth had surfaced, he had come to apologize out of reverence for Wang Mingzhe.

Seeing Ye Shihao apologize, Wang Mingzhe chuckled smugly before looking down and saying, "Consider yourself lucky. If it wasn't for the guests with me today, I would have otherwise ordered you to kneel and kowtow! Out of my way! Stop blocking the path!"

All of the Shen Family saw Wang Mingzhe's display of power, and they thought that he was extremely commanding. He actually dared to chide the head of the Ye Family! This was absolutely unbelievable.

Ye Shihao was about to explode to the point that he had the urge to choke Wang Mingzhe to death on the spot. His face darkened as he said, "It was my mistake. Please cease your anger!"

It was only then that Wang Mingzhe snorted before saying to the Shen Family, "Do you still have any doubts now?"

All of the Shen Family frantically shook their heads and they stared at Wang Mingzhe suddenly.

"Look, you guys. I had been saying that Young Master Wang wasn't mistaken! You all truly are unable to see things for what they are for daring to doubt Young Master Wang!" Cuiping hastily piped up, the smile on her face growing even more fawning, before giving way to an expression of superiority. She barked at Ye Shihao, "Do you think that this is the end of it for offending our Young Master Wang? Get those others out now and

welcome Young Master Wang again!”

Wang Mingzhe's eyes gleamed before he praised Cuiping, “You've truly thought things over thoroughly, Auntie Cuiping!” Wang Mingzhe then glowered at Ye Shihao and ordered, “Yes! I am your honored guest after all. How can you skimp out on this arrangement? Get them all out here now. Make them apologize to me!”

What?

Ye Shihao's temper flared, and his face grew even stormier.

Here was a third-rate knockoff who only managed to get into Jinding by pretending to be the powerful Mr. Lin, and yet he was here being obnoxious all this while. Did he really think that Ye Shihao was a weakling who would take this lying down?

He really was looking for death!

Chapter 533 How Do You Know He Can't Afford It?

Before Ye Shihao could blow up on him, Old Master Shen said, "Never mind, Mingzhe. The actual exhibition is more important!"

It was only then that Wang Mingzhe snorted coldly. He glared angrily at Ye Shihao before saying, "If this happens again, then we'll see what I'll do with you! Let's go!"

The Shen Family then entered the exhibition center for the Jinding International Jewelry Exhibition with a swagger, but the moment they entered, they were blinded by the radiance and brilliance of the jewels before their eyes. Scores of priceless jewelry quietly lay inside their display cases, casting a seducing, blinding light. It felt as if whoever caught a glance of it would not be able to stop themselves from falling for the jewelry's beauty.

"Just a necklace costs thirty million?" Shen Ling stared at a necklace in a

display case as she cried out in disbelief.

Wang Mingzhe gave a small smile before explaining, "Jinding is an affiliate of Blood Millet after all. How can you find any common, ordinary wares among their auction items? Only jewelry of the highest grade, and unique ones at that, are able to make it into their displays!"

While they had heard about this, they could only grasp Jinding's true prestige once they had seen things with their own eyes.

Shen Ling suddenly looked at a shining golden path and cried out in surprise, "Young Master Wang, this path is shining like gold. It's so pretty!"

No one knew where the path led, but it was paved with gold bricks, with various jewels embedded in it. It looked so decadent and majestic that it drew even

more eyes to it than the other jewelries at the exhibition.

“The Path of The Moon and Stars is made with over a thousand gold bricks and over a hundred gems and jewels. The cost of its construction reaches a whopping billion! This is the VIP path that Jinding purposely commissioned for the highest of elites. It’s specifically to welcome people such as Lin Zekun. I don’t even have the right to put one foot on it.”

What?

At his words, the entire Shen Family was shaken to their very beings.

Just this VIP path cost a billion? What kind of monstrous sum is this? The value of it is simply beyond comprehension of ordinary people!

Cuiping took the opportunity to curry favor with him. “You may not have the

right for now, but that doesn't mean you won't be able to set foot on it in the future. Once you've solidified yourself in the Lin Family, I think that Jinding will have to beg for you to even walk down this VIP path."

Everyone in the Shen Family nodded, and they began to kiss up to him as well.

"If not for Mingzhe, I'm afraid that none of us will even have the right to step inside this place in our lifetimes!"

"Even Jinding has personally invited Young Master Wang to their exhibition. I think that they probably won't say a thing if he actually wants to take the VIP path, right?"

Right then, Cuiping looked at Bai Yi none too kindly. She smiled coldly and said, "Bai Yi, why aren't you thanking Young Master Wang? With your status, you wouldn't even have the right to

enter this place in your entire lifetime.”

Upon hearing that, Wang Mingzhe realized that his time had come, so he immediately smiled at Bai Yi. “Which one do you like? I’ll give it to you.”

At that, the entire family was whipped into a frenzy.

Did Wang Mingzhe intend to give Bai Yi jewelry? Even the cheapest piece here was in the tens of millions, and yet Wang Mingzhe allowed Bai Yi to have her pick?

Was he willing to throw away piles of money just for a pretty flower to smile for him?

This was too over-the-top, wasn't it?

Everyone was completely baffled. They felt as if they were in a dream; Wang Mingzhe had only just met Bai Yi for the first time, yet he was already tossing

Chapter 533 How Do You Know He Can't Afford It?

out millions just to ingratiate himself with her?

The envy in Shen Ling's eyes intensified. She had never even dared to think about a jewelry piece that cost ten million throughout her entire life, and yet Wang Mingzhe was willing to give it to Bai Yi without batting an eye.

This wretched woman was not worthy of this!

However, Bai Yi merely shook her head in nonchalance. "There's no need for that. Thank you!"

Huh? Wang Mingzhe was immediately taken aback. Was this woman not taken at all by the priceless jewelry pieces right under her eyes? How could this be? What woman doesn't like jewelry? And expensive jewelry with astronomical prices at that?

However, he didn't know that Bai Yi's

Chapter 533 How Do You Know He Can't Afford It?

current cold attitude was because her husband had once given her a necklace that was worth ten billion. Even if it was damaged and they took it to be auctioned, it would still be able to command an eye-watering price of five billion! It was in a completely different league compared to an accessory piece that was worth ten million.

*D*mn!*

Wang Mingzhe clenched his teeth tightly and then pointed at a bracelet nearby that was worth 150 million. "This one's quite pretty. I'll give that to you instead!"

At that, the Shen Family's expressions morphed into ones of shock immediately, astoundment and disbelief in their eyes.

This is a hallucination. This has to be a hallucination. Wang Mingzhe had only met Bai Yi for the first time, yet he wants

to give her a necklace that was worth over 100 million as a gift? Does he not have anything else to spend his money on?

Everyone's eyes twitched madly as they looked at Wang Mingzhe as though they were looking at a ghost.

Shen Ling's originally envious expression had completely changed into one of extreme hatred and venom as she stared at Bai Yi. She looked as though she wished nothing more but to rip Bai Yi's flesh apart.

Wang Mingzhe was currently chuckling coldly on the inside. He betted that Bai Yi would not be able to keep her cool. He knew that he had to pull out all the stops; if he didn't, he wouldn't be able to win the heart of the woman before him.

However, much to everyone's surprise, Bai Yi didn't even bother to spare him a different expression. She said in an

impatient tone, “Young Master Wang, I already said I have no need for it! Thank you!”

Everyone was utterly dumbstruck the moment they heard her words. They couldn't believe that Bai Yi declined it again.

That was a bracelet that was worth 150 million. He was going to give it to her freely, and yet she didn't want it? What an idiot! This was beyond moronic!

“Bai Yi, are you insane? Young Master Wang is giving it to you as a present, but you still rejected him?!” Cuiping's face had darkened as she chided Bai Yi in an exasperated tone, “That necklace is worth over a hundred million! Other people would literally beg on their knees for something like that, and yet you still dared to reject the offer? Something must really be wrong with your head!”

Shen Ling, already consumed by the

envy blazing within her, seized the opportunity to mock Bai Yi, "I think that Bai Yi has spent too much time with that useless trash Lin Fan to the point that his worthless genes have seeped even into her marrow. She knows that she's not worthy at all, so she kept rejecting Young Master Wang! From her point of perspective, she's only fit for that piece of trash that she calls her husband, Lin Fan!"

The moment those words left her mouth, the Shen Family shot looks of ridicule and disdain at Bai Yi, as if they were looking at a huge joke.

She passed over a rich and powerful man from a prestigious family and insisted on staying with a useless husband, whom she treasured.

This woman was beyond saving!

Having been rejected several times, Wang Mingzhe's expression also

darkened. “Bai Yi, I’m sure that the piece of garbage you have won’t be able to afford this necklace even after a lifetime, yes? I saw that you didn’t even have any proper jewelry on you because of that useless trash; that was why I decided to give a necklace to you. Why do you reject my gesture of goodwill?”

He was already incensed beyond belief.

You wretched woman, how dare you keep turning me down? How am I inferior to that worthless scrap?

Bai Yi finally looked Wang Mingzhe in the eyes, but her gaze was filled with chilliness. The next words she spoke blew everyone’s minds.

“How do you know he can’t afford it?”

Chapter 534 You All Are Looking for Death!

What?

Everyone froze, and they wondered if they had heard her correctly.

Lin Fan? Afford the jewelry here? What a joke! That useless lump who relies on his wife financially? He won't be able to earn 150 million even in eight lifetimes. How could he have the money to buy the bracelet? This was practically laughable!

The Shen Family then shot looks of contempt at Bai Yi, as if they were looking at an idiot.

Shen Ling burst into loud laughter and she began to mock Bai Yi, "As expected, people are influenced by the company they keep. Bai Yi, Bai Yi, I think that you've come to adopt his habit of bluffing by being with Lin Fan for too long!"

Bai Yi, however, ignored everyone's condescension. She said nonchalantly,

Chapter 534 You All Are Looking for Death!

“I’m not bluffing. Lin Fan has indeed given me a necklace that is worth ten billion!”

However, the crowd burst into laughter. The entire Shen Family nearly went mad with amusement.

“Bai Yi, I think you’ve gone mad, yes? A necklace that is worth ten billion? It could be very well possible that all the jewelry in this exhibition today has a combined worth of less than ten billion. Are you saying that your single necklace is worth more than a whole jewelry exhibition?” Shen Ling was nearly breathless with laughter as she said in disgruntlement, “A necklace that cost ten billion? From that garbage Lin Fan? Hahaha! I’m dying from laughter!”

As if they had just heard the world’s biggest joke, everyone began to ridicule Bai Yi.

“So stupidity is contagious too. Now Bai

Yi is practically no different than that trash because of how she runs her mouth!”

“A necklace that’s worth ten billion? I’ve never seen such an expensive piece in my entire life. Please then, Miss Bai Yi, can you take it out for us to have a glimpse?”

“If that worthless garbage really has ten billion lying around, do you think he’d even rely on his wife financially? Bai Yi, are you mocking our intelligence?”

Right then, Old Master Shen’s face darkened dramatically as well. “Your words are getting even more ridiculous! Shen Yumei, this is the good girl that you raised. She truly has embarrassed the family!”

Shen Yumei pulled at Bai Yi. She too was surprised. Why was her daughter seemingly like a different person on this day when she was typically humble and

kept a low profile? She was even capable of lying now.

Instantly, Bai Yi was being ridiculed and cursed out as if she was a mad woman. Even Wang Mingzhe couldn't help but shake his head. "Bai Yi, even if you want to reject me, you didn't have to spin such a hilarious lie, right?"

"You!" Bai Yi was already seething. Just as she was about to shoot back at him, a voice suddenly rang out from behind her.

"Who said that she's lying?"

Everyone's hearts stopped in shock when they heard this familiar voice. As one, they looked in the direction of the voice; they watched with frightened eyes as a figure slowly made its way down the Path of The Moon and Stars.

That wasn't just anyone else; it was Lin Fan!

Chapter 534 You All Are Looking for Death!

What?! All of the Shen Family members were stunned. Astoundment crept over their faces; they couldn't believe what they had just seen with their own eyes.

Lin Fan had actually come, and he actually made his appearance by walking down the Path Of The Moon and Stars, the path that symbolized power and status. This was unthinkable.

Right then, however, Cuiping's face darkened and she cried out at Lin Fan, "You wretched thing! How dare you sneakily walk on the Path Of The Moon and Stars? If Jinding gets wind of this, they are sure to be furious! They might even direct their anger at the Shen Family too. Are you trying to destroy us all?"

Upon hearing her words, the Shen Family revealed expressions of rage as they glared hard at Lin Fan. That idiot actually dared to walk down the Path of

Chapter 534 You All Are Looking for Death!

The Moon and Stars. He was practically looking for death! This d*mned harbinger of misfortune was now going to be the end of the Shen Family.

At the thought that Jinding might blame them, everyone in the Shen Family inadvertently shuddered, unease rising within them. The venom they had for Lin Fan grew even more.

Old Master Shen was also at a loss. He hastily pleaded to Wang Mingzhe, "Mingzhe, please, you have to save us this time!"

"Old Master Shen, this idiot has made such a huge transgression. I'm afraid that it won't be easy to bail you out. Unless..." The corners of Wang Mingzhe's lips quirked up into a malevolent smile. He then stared at Lin Fan maliciously. "When Jinding comes to investigate, we hand that useless garbage over!"

Chapter 534 You All Are Looking for Death!

“No problem!”

The Shen Family didn't even think twice before agreeing.

Lin Fan was the cause of this trouble, so naturally he should be the one to bear the weight of it all.

“Trespassing into Jinding and even sullyng the Path of The Moon and Stars! Lin Fan, you're finished!”

“I suggest reporting him to Jinding immediately and removing all ties with this piece of trash so that we won't be implicated!”

All of the Shen Family angrily yelled at him.

However, Lin Fan couldn't be bothered to answer those idiots. He walked straight toward Bai Yi.

“Darling, I'm here!”

Chapter 534 You All Are Looking for Death!

Bai Yi's expression was currently one of panic as well. "Lin Fan, did you really take the VIP path behind their backs?"

However, Lin Fan still didn't seem bothered as he chuckled. "Relax, it'll be fine!"

It'll be fine?

Upon hearing that, the crowd was whipped into a frenzy.

He was insane!

Jinding had expressed orders that only the most prestigious of elites could walk down the VIP path, and yet he still said that things would be fine?

Didn't that mean that he had gone crazy?

All of the Shen Family immediately looked at Lin Fan like he was an idiot.

“Lin Fan, did you say that Bai Yi wasn’t lying? So in other words, you really did give her a piece of jewelry that’s worth tens of billions? Do you mind taking it out so that we can all see it?” Shen Ling purposely reminded him of their earlier words in an attempt to further humiliate Lin Fan and Bai Yi.

However, Lin Fan didn’t take her words seriously. He answered with a flippant expression, “Sorry, but I don’t have it with me!”

The crowd burst into laughter again, heavy disdain rising on their faces.

It wasn’t that he didn’t bring it. He probably didn’t even possess such a piece in the first place, right? What a great actor!

“If this garbage is actually able to afford a ten-billion necklace, then pigs can fly!” Cuiping laughed as she looked at Bai Yi with contempt. “Bai Yi, you refused the

Chapter 534 You All Are Looking for Death!

necklace that Young Master Wang wanted to give you, which cost over a hundred million. You will definitely regret it one day in the future!”

However, a group of people suddenly walked briskly over toward Lin Fan and the Shen Family right then.

It was actually the Four Greatest Masters of Jiangnan. They each had a glass of red wine in their hands, and their eyes shone with admiration and reverence, as though they were worshipping a deity.

“The Four Greatest Masters of Jiangnan are coming over here!”

“My god! The way they look... Are they going to toast us?”

“We’re just a lowly family; what right do we even have? I think that they’re here to toast Young Master Wang instead!”

Chapter 534 You All Are Looking for Death!

The entire Shen Family was now completely taken aback by this scene; shock was on their faces. They were now certain that these four powerful people must be here to toast Wang Mingzhe; that was why their eyes were filled with respect and awe as they looked at Wang Mingzhe.

Even Wang Mingzhe assumed so. He immediately straightened his back with a smug look on his face.

Right then, the Four Greatest Masters, with Ye Shihao at the helm, came to stand before Lin Fan before bowing to him.

“Mr. Lin, allow us to give you a toast!”

As expected, these four were here to toast him!

The Shen Family looked at Wang Mingzhe in envy upon seeing this. They had heard that Lin Zuo himself was the

Chapter 534 You All Are Looking for Death!

one supporting the Four Greatest Masters. They were in a league of their own, and yet they had all come to toast Wang Mingzhe. None of them could believe that Wang Mingzhe was that impressive.

This was unthinkable!

However, Lin Fan suddenly spoke up. He said a mere two words, "You may!"

Huh?

The crowd froze for a moment before looking at Lin Fan as though they had just seen a ghost.

You may? Did this piece of trash actually think that these four were here to toast him?

Immediately, hatred and contempt rose in everyone's eyes.

"Lin Fan, why is such a piece of trash

like you being all mouthy? Don't tell me that you think that someone useless like you is worthy of being toasted by the Four Greatest Masters?"

"Hahaha, I'm dying of laughter here! This idiot actually thinks that the Four Greatest Masters are here to toast him. Where did such self-confidence come from?"

"You moron! The Mr. Lin they're referring to is Young Master Wang, not a useless scrap like you who lives off his wife!"

Cries of condescension and ridicule came one after another. Everyone's contempt for Lin Fan had reached a fever pitch just then.

Right at this moment, however, the Four Greatest Masters exploded in anger upon seeing the Shen Family humiliate Lin Fan, and they roared, "You all are looking for death!"
