

Chapter 559 Worth More Than 500 Billion

What?! One billion?!

Hearing this, Bai Yi was completely dumbfounded! Her eyes were widened in shock and disbelief.

If I don't buy them, I have to pay the 1 billion fine, but if I do, how am I going to raise 5 billion immediately?

Seeing everyone's eyes that were looking at her with ridicule and mockery, Bai Yi felt that she had never been so embarrassed in her life.

Soon, she started crying pitifully and whispered, "Lin Fan, why are you doing this? Have you not embarrassed me enough?"

Xiao Tingjun is making things difficult for me and everyone here is laughing at me! Even Lin Fan chooses to lie to save face at a time like this. Not only did he make me the laughing stock of everyone, but I also have to lose 1 billion in vain!

“Darling, don’t cry. I really do have the money to buy these machines!” Lin Fan said with a bitter smile.

However, Bai Yi was not willing to listen. She turned her back against him and sobbed aggrievedly.

“How is it possible that a loser like you would have 5 billion? I think you will even struggle to pay 50.”

Xiao Tingjun burst into laughter as if he had heard the funniest joke in the world.

Even Bai Yi can’t afford to pay 5 billion. Would this loser even have that kind of money? What a joke!

Xiao Youwei, who was at the side, also shook his head contemptuously and said, “Young man, I can’t believe you’re boasting about money you don’t have! What a joke!”

Everyone in the auction hall looked at

Lin Fan in contempt.

Not only is he poor, but he even boasted about money he doesn't have to save face. He just caused his wife to lose 1 billion. What a great husband he is!

However, Lin Fan was extremely calm even though he was mocked by everyone.

"It's true. I don't have 5 billion!"

He admitted it?

Everyone was startled by his words but shortly after, the look of contempt and ridicule on their faces grew even more intense.

*At first, he pretended he had money brazenly but he changed his mind after he saw that the situation wasn't going well. What a shameful b*stard! I would be damned if a loser like you has 5 billion!*

Chapter 559 Worth More Than 500 Billion

At that moment, Xiao Tingjun smirked and said, "Are you starting to regret it now? Unfortunately for you, it's too late! I won't continue to bid a higher price anymore! You two idiots will have to pay the 1 billion fine! Hahaha!"

Upon hearing this, everybody laughed out loud and sneers appeared on their faces as they anticipated to watch what would happen to Lin Fan.

At that moment, the emcee's expression turned grim and he glared angrily at Lin Fan who he thought was fooling around at their auction and scolded, "Sir, since you've already made a bid, you either pay up or pay the fine. Otherwise, you are not allowed to leave Golden Flix!"

His words revealed a strong threat and almost immediately, a ground of security guards with truncheons surrounded Lin Fan and all of them kept a close eye on him.

After the audience heard what the emcee said, everyone laughed with glee.

“Hahaha! This is the price for pretending to have something you don’t! If you don’t have the ability to pay up, don’t talk nonsense. Look at him now! He has to pay the price for his words!”

“President Bai, if I were you, I would just sit on the sidelines. He was the one who caused the trouble so why should you pay for his mistakes? Just let this loser die!”

“Director Xu, I think you don’t need to waste any more time. This loser is a live-in son-in-law so he won’t be able to pay up such a huge sum of money. Just punish him!”

“No! Please don’t hurt him! I’ll pay up! I’ll pay up right now!” Bai Yi’s face was extremely pale as she begged them and she hurriedly rummaged through her

purse to search for her bank card. She was crying horribly. Even though Lin Fan's actions had caused her trouble, in the end, he was still her husband so how could she stand by and watch him die?

However, at that instant, a hand was placed on the back of her hand.

Bai Yi turned around dubiously and saw a smile on Lin Fan's face as he said, "Darling, I told you that I would handle it!"

You'll handle it?

A look of disbelief immediately appeared on Bai Yi's face.

How is it possible that Lin Fan has 5 billion?

Everyone also looked at Lin Fan contemptuously as if they had heard a joke. They were waiting to see how this

loser would pay up 5 billion!

Just then, Lin Fan turned to look at Director Xu and said, "Even though I don't have money, I have something that I can mortgage!"

Mortgage?

Everyone smiled even more contemptuously.

What can this loser have that is worth more than 5 billion? Is he to be the laughing stock of the auction?

"Director Xu, I think this loser is messing with you! Aren't you going to teach him a lesson?" Xiao Tingjun said with a chuckle. He was tired of watching Lin Fan pretending and was anticipating seeing him die!

Hearing this, burning rage instantly appeared in Director Xu's eyes and through gritted teeth, he said, "You

better show me something that is worth more than 5 billion. Otherwise, I can promise you that you'll die miserably!"

Slam!

Without another word, Lin Fan heavily slammed a black seal onto the table and said, "Is this thing worth 5 billion?"

When Director Xu saw what it was, he instantly knelt to the ground and his fierce face turned white as sheet. He was so scared, it was as if he had just seen a ghost! His face was pale as he picked up the seal with trembling hands and muttered in extreme horror, "T-This is!"

This texture... This shape... This is the real thing!

With that, he looked at Lin Fan in disbelief and yelled, "It's impossible! This can't be! Why is this thing in your hands?"

This seal is the symbol of power and status! In the underground world, this seal is equivalent to the existence of a jade seal in ancient times! With this seal, you can order members of the entire underground world around. Why is it in Lin Fan's hands? He's a loser and a live-in son-in-law! This is impossible!

What?!

Seeing this, everyone else was completely dumbfounded. They couldn't believe that Director Xu was kneeling before the loser. At that instant, everyone rubbed their eyes hard and suspected that they were hallucinating.

After all, Director Xu was furious and wanted to punish Lin Fan only a few moments ago but now, he was kneeling before Lin Fan in fear after he saw him pull out an old seal.

Everyone felt uneasy and nervous as they stared at the seal in disbelief.

What is that?

When Xiao Tingjun and Xiao Youwei saw this, they could not help but feel stunned and they suddenly had an ominous premonition.

Is this seal really worth 5 billion?

Under everyone's shocked gaze, Lin Fan grinned deviously as he looked at Director Xu and said, "Because this thing belongs to me!"

At that moment, a look of deep despair and fear appeared on Director Xu's face, as if he was just struck by lightning. He hurriedly kowtowed to Lin Fan like crazy as he shouted, "I'm sorry! I deserve to be punished! I didn't know it was you! Please spare my life!"

He looked really fearful and panicked and in the end, Director Xu even burst into tears.

Chapter 559 Worth More Than 500 Billion

It was obvious that he was scared out of his wits. This was because he knew clearly what a terrifying existence the owner of the seal was!

This man dominates the underground world and can order countless overlords around... He's the Dark Emperor! The King of the underground world! Not only have I humiliated him, but I even threatened him! I've made a terrible mistake that will cost me my life!

Director Xu's shirt was already soaked through with sweat. He almost fainted at the thought of the mistakes he just committed.

All of a sudden, the way the guests looked at Lin Fan changed. Their gaze was now filled with extreme shock because what they just saw had a great impact!

They felt their head spin especially after they saw Director Xu wailing in fear and

looking like he was about to pee his pants.

After all, Director Xu was a person with big influence in Jiangbei. Both businessmen and people from the underground world had to give him face and he was also good friends with many powerful people.

However, Director Xu had completely fallen to the ground now and was begging for mercy after he saw Lin Fan pull out the black seal.

This was completely unbelievable and it made them feel as if they were dreaming!

Even Bai Yi was dumbfounded. She stared intently at the seal in disbelief because she had seen this seal before.

About a month ago, she found it in Lin Fan's drawer and she thought it looked hideous.

She even used this seal to cushion the foot of the bed!

However, at that moment, when the person in charge of the Golden Flix auction in Jiangbei saw Lin Fan pull out the seal, he was scared to death.

What is the horrifying origin of this seal?

Just then, Lin Fan smiled and said, "Don't worry, I don't intend to embarrass you!"

Director Xu was so touched by Lin Fan's words, he almost burst into tears. He continued to kowtow to Lin Fan respectfully as he said, "Thank you so much, sir! Thank you for not killing me!"

At the moment, Director Xu's back was soaked with so much sweat that he looked like he had just been fished out of the river. For an instant, he even thought he had stepped into hell because he knew clearly that with the

ability the man standing in front of him had, he could kill him with just one order if he wanted to.

However, just then, Xiao Tingjun roared angrily, "Director Xu, are you crazy? How is it possible that this old seal is worth 5 billion? You've been fooled by this loser!"

He couldn't accept what was happening.

It's fake! No matter what that seal represents, it's definitely fake! This loser must die today!

However, Director Xu glanced at him contemptuously and sneered, "5 billion? You blind idiot! This seal is not just worth 5 billion. It's worth even more than 500 billion! You could never afford it!"

Director Xu's words instantly made everyone's heart race. In an instant, the whole auction hall went completely silent and only heavy and rapid breathing could be heard. They felt as if they were suffocating! *Even 500 billion can't buy this shabby old seal? That's absolutely insane! What in the world can be worth more than 500 billion?*

At that moment, none of them could believe what they just heard. With gazes full of horror, they stared intently at the seal in Director Xu's hand.

It wasn't just them! Even Xiao Youwei's face was showing shock and terror. Since the beginning, he had already thought that the seal looked familiar and that he had seen it somewhere before. Now that he saw Director Xu's reaction, he was almost sure what that seal was. His old body immediately trembled vigorously and the ominous premonition he felt was extremely strong.

Chapter 560 Not Allowed to Leave

“It’s impossible! This can’t be! Why would the king give the seal to this loser?!” Xiao Youwei was distraught and he shook his head uncontrollably. His hands were tightly clenched and his expression was grim.

“Dad, w-what is that?” Xiao Tingjun asked nervously. At that instant, he felt something heavy on his heart and it made him feel really uncomfortable.

When everyone else heard Xiao Tingjun’s question, all of them turned to look at Xiao Youwei curiously. Everyone was extremely anxious and their palms were wet with cold sweat as they waited impatiently for Xiao Youwei to tell them what the seal was.

“This seal is the symbol of supremacy in the underground world. It’s called the Emperor’s Black Seal!”

After hearing these shocking words, the audience fell into dead silence. Every

Chapter 560 Not Allowed to Leave

guest in the hall was in a complete state of madness. Many people were so scared, they immediately fell to the ground with their faces filled with horror. At that moment, they felt as if every hair on their body was standing on end. They were shocked by what Xiao Youwei had said!

The Emperor's Black Seal is the symbol of supremacy so naturally, the owner of the seal is... the Dark Emperor! They finally understood why Director Xu said this seal couldn't even be bought for 500 billion because the owner of this seal could dominate the whole underground world. It represented the supreme authority of darkness, which meant that it was truly priceless! However, none of them was willing to believe that the Dark Emperor's seal was in the loser, Lin Fan's hands. *How is this possible?*

Everyone widened their eyes in shock as they looked at Lin Fan in disbelief. *Is this man really the Dark Emperor?* Thinking of this possibility, whether it was the guests that had humiliated Lin Fan

Chapter 560 Not Allowed to Leave

or Xiao Tingjun and Xiao Youwei who were arrogant, all of them felt pins and needles on their scalp. They almost peed their pants in fear! After all, this was utterly shocking news!

Who would have thought that an ordinary live-in son-in-law would turn out to be the most powerful man in the world? If what they thought was true, they had just dug their own graves!

“There’s no way you’re the Dark Emperor! It’s impossible!” At that moment, Xiao Tingjun felt as if he was about to lose his mind. If Lin Fan really was the Dark Emperor, it meant that the Xiao family had just humiliated their master! He could imagine what would happen to a dog that bit its master!

In an instant, Xiao Youwei and Xiao Tingjun both shivered in fear and had the same reaction Director Xu did at first. At the same time, everyone, including Bai Yi, was staring at Lin Fan

in horror.

However, Lin Fan just smiled and said, "I'm not the Dark Emperor!"

He's not the Dark Emperor? Everyone was stunned by what he said. Then why is the Emperor's Black Seal in Lin Fan's hands?

Bai Yi secretly had the same question. Lin Fan looked at Bai Yi and with a smile, he explained, "The Dark Emperor gave me the Emperor's Black Seal beforehand to deal with a situation like this!" Then, with a cold expression on his face, he turned to look at Xiao Tingjun and Xiao Youwei and said, "Because he has known for a long time that letting you be the leader of Jiangnan will definitely cause some people to be dissatisfied. Thus, this black seal acts as a deterrent!"

Hearing this, Xiao Tingjun and Xiao Youwei instantly trembled. There was

Chapter 560 Not Allowed to Leave

deep fear in their eyes. It was as if they couldn't believe that the Dark Emperor had such high regard for Bai Yi, he gave the seal to her. The next moment, their expression turned extremely grim.

They devoted all their loyalty to the Blood Prison and were willing to do anything and work hard for the Dark Emperor, but the Dark Emperor gave such an important thing to a loser who had no background and ability. This made them feel a strong jealousy toward Lin Fan. *Why?!*

With that, Xiao Tingjun and Xiao Youwei both lowered their heads, unwilling to let anyone else see the expression on their faces. Their eyes shot out gazes that were vicious like jackals. At that moment, they had deep hatred for Bai Yi and the Dark Emperor.

Then, Lin Fan looked at Director Xu and said, "Give me the bill! We have other things to do!"

“There’s no need. Take it as a gift from us to the Dark Emperor,” Director Xu said pleasingly. He dared not accept this man’s money! Moreover, this was a good opportunity for him to please the Dark Emperor. He would be an idiot to ask Lin Fan to pay up now.

Unfortunately for him, Lin Fan grinned contemptuously and said, “I’m sorry, but the Dark Emperor said that he doesn’t want to owe any favors!”

Then, Lin Fan picked up the Emperor’s Black Seal and heavily stamped it on a piece of paper. A dark black mark of a demon’s head immediately appeared! “Take this paper and after you fill in the amount, head to the Global Bank to cash it out!”

“Yes, sir!”

However, Director Xu who received the money looked sad and disappointed.

Chapter 560 Not Allowed to Leave

Following that, Lin Fan grabbed Bai Yi's hand and left the auction hall. After they left, all of the rich people in the hall instantly revealed a look of bitterness. Deep down, they were grateful that Lin Fan didn't bother with them. After all, if he had used the Emperor's Black Seal to punish them, all of them would have died a painful death!

"Hurry up and send the message! Tell everyone in the family to never offend the leader of Jiangnan, Bai Yi!"

"Let's go! Quickly follow me back to the family residence to prepare a generous gift before heading to Jiang City to ask Miss Bai Yi for forgiveness!"

"Whatever the cost and regardless of the consequences, we must find a way to work with the New Bai Family Group. That way, we'll be in the Dark Emperor's favor. Bai Yi has now become extremely powerful!"

Chapter 560 Not Allowed to Leave

Everyone had lost interest in participating in the auction and all of them left hurriedly. Seeing the group of wealthy men that used to follow their commands bravely turn to side Bai Yi in front of them, Xiao Tingjun and Xiao Youwei's expression turned grim.

"Dad, the Dark Emperor took everything from us. Why did he choose that b*tch over us?" Xiao Tingjun asked with envy and hatred.

Xiao Youwei looked at him grimly and said, "Since the Dark Emperor chose to side with Bai Yi, he can't blame us for not being loyal anymore! Don't worry, that b*tch will die today!" He had already made the decision to kill Bai Yi and betray the Dark Emperor!

Meanwhile, Lin Fan held Bai Yi's hand and was about to leave Jiangbei.

"Lin Fan, what just happened? Did the Dark Emperor really give you the

Emperor's Black Seal?" Bai Yi looked at Lin Fan suspiciously. She didn't believe that the Dark Emperor would give her such an important thing.

However, Lin Fan was not willing to explain any further and he said coldly, "I'll explain it to you later. We must leave here now!" For some reason, the uneasiness he felt was getting stronger. At that moment, all he wanted to do was leave Jiangbei as soon as possible and return to Jiang City.

Seeing this, Bai Yi couldn't help but feel that something strange was going on so she didn't continue asking questions and sped up her pace. *Is something bad about to happen?*

However, just then, they heard a voice say, "Sorry, both of you are not allowed to leave yet!"

Chapter 561 The Sky Has Fallen!

What?!

When Lin Fan and Bai Yi heard the familiar voice, they couldn't help but turn to look to see who it was.

Then, they saw a graceful figure slowly walk toward them and with a spiteful smile on her face, she said, "Bai Yi, Lin Fan, it's been a long time! I have been thinking about you guys all this while! Thinking about killing the both of you!"

"B-Bai Yan?"

Bai Yi was stunned. *Didn't Bai Yan already leave China? Why is she in Jiangbei?*

As for Lin Fan, the moment he saw Bai Yan, he immediately realized what was going on! A grim expression appeared on his face and he asked, "Were you the one who called me? Didn't I warn you to never step foot in China ever again?!"

Chapter 561 The Sky Has Fallen!

Bai Yan just smiled contemptuously and replied, "I was the one who called you. As for not being allowed to enter China ever again... Lin Fan, if both of you are dead, who else could restrict me from entering China?"

What?!

Hearing this, Bai Yi's expression froze and she suddenly had an ominous premonition. With Bai Yan's ability, she would never dare to return to China alone, let alone dare to appear in front of them. Unless, she had something up her sleeves.

"Let's go!"

Lin Fan also thought about this possibility and his eyes were instantly filled with terrifying killing intent. However, he didn't want to bother with this clown and knew that he had to immediately rush back to Jiang City.

Chapter 561 The Sky Has Fallen!

“Bai Yi, Lin Fan! Don't return to Jiang City! Let us be! Run! Hurry up and run away!”

Just then, they heard a sudden loud and sheer cry and they stopped in their tracks.

They turned to look at Bai Yan in panic and saw that she was holding a phone up high. On the screen, they saw Bai Shan and Shen Yumei with disheveled hair and bloodstained faces.

In an instant, Lin Fan's expression became extremely dark and cold and he gritted his teeth tight.

He was filled with fury and rage because the thing he was most worried about had happened!

Luring him to Jiangbei was just the start of her evil plan. It was obvious that she had a bigger master plan!

Chapter 561 The Sky Has Fallen!

“What do you want?!”

Bai Yi scolded Bai Yan furiously. She never thought that she would not repent even though they had been merciful enough to spare her life before. Now, she even returned to China to hurt them!

Is this my cousin? Is she really a part of my family?

However, faced with Bai Yi's question, Bai Yan didn't show any remorse. Instead, she smiled deviously and yelled, “What is it I want to do? I want you all to die, of course! Oh, my darling cousin, you shouldn't have spared my life back then. Hahaha!”

“It's not too late to kill you now either!” Lin Fan roared furiously while he emitted an aura that was like a fierce beast. In the next instant, he was already strangling Bai Yan and his gaze was filled with violent murderous intent.

Chapter 561 The Sky Has Fallen!

*This b*tch must die!*

Lin Fan extremely regretted not killing Bai Yan back then. His mercy had put the Bai family in trouble.

Bai Yan was startled by Lin Fan's terrifying aura and she started to wonder whether this was the loser live-in son-in-law she knew.

All of a sudden, Bai Yan felt a shiver down her spine and her back was soaked with cold sweat because she could tell that Lin Fan was really going to kill her.

However, she soon came back to her senses and sneered, "Go ahead and kill me! If I die, Bai Shan and Shen Yumei will die together with me!"

What?!

Bai Yi's expression instantly changed and she hurriedly shouted to Lin Fan,

Chapter 561 The Sky Has Fallen!

“Lin Fan, let her go! My parents are still in her hands!”

Lin Fan’s hand was trembling. At that moment, he really wanted to break Bai Yan’s neck but he held back in the end.

Seeing this, a rampant smile appeared on Bai Yan’s face as she yelled,

“Hahaha! Loser! I’m no longer the Bai Yan I used to be because I have found someone powerful to support me! Someone so powerful that it’s easy for him to kill you both! The both of you are doomed and you will die today!”

During this period of time, Bai Yan often dreamt of tearing Lin Fan and Bai Yi into pieces and now, her wish was about to come true!

With someone powerful backing her up, she was not afraid even if Bai Yi was really working with the King of Blood Prison. In her eyes, Lin Fan and Bai Yi were already fated to die.

Chapter 561 The Sky Has Fallen!

“Bai Yan, let my parents go. As long as you let them go, you can do whatever you want with me!” Bai Yi pleaded bitterly to Bai Yan with a face full of tears.

“Hahaha, Bai Yi, look how the tables have turned!”

Bai Yan laughed like a savage as she admired her work.

“Come with me. As long as you have a chat with me over there, I will consider sparing their lives!”

However, before Bai Yi had the chance to reply, Lin Fan hurriedly roared, “No!”

It was obvious that Bai Yan had bad intentions. If Bai Yi agreed to follow her, her life might be in danger.

“Lin Fan, let me go. They are my parents! I can’t just stand idly by and watch them die!”

Chapter 561 The Sky Has Fallen!

Bai Yi was sobbing as she spoke. With that, she walked straight toward Bai Yan. In fact, she knew that Bai Yan was definitely going to hurt her but she had no choice but to obey. After all, her parents would die if she didn't!

Crack!

The moment Bai Yi left, the ground beneath Lin Fan cracked open. He could feel murderous rage and madness surging through his body! The murderous intent he felt was unprecedented and he was totally enraged!

Then, with trembling hands, he pulled out his phone and made a call.

“Send the message! I order all members of the Blood Prison that are above grandmaster level to enter China and head to Jiang City! There are some people that I need to kill tonight!”

Chapter 561 The Sky Has Fallen!

On the other side of the phone, the God of Blood Prison stayed silent for a moment before he said, "The Blood Prison has gotten your message!"

Not long after Lin Fan gave the command, Jiangnan and Jiangbei were in complete chaos!

Two figures sprinted toward the direction of Jiang City like an arrow released from a bow and their eyes were bloodshot and filled with killing intent.

Their queen had been humiliated, the queen's parents were in grave danger and their king was enraged! When they heard about this, the both of them were extremely furious!

Their king needed them so they had to rush to Jiang City in the shortest time possible!

However, just when they were about to

enter Jiangnan, a group of mysterious dark figures suddenly stood in their way.

“Gods of War, how dare you trespass our territory without permission? Your actions have already caused a commotion in the legion. What you are doing now defies the military order!”

However, the Gods of War who were running didn't stop at all. With a piercing furious gaze, they looked at the group of dark figures and at the same time, they roared, “Kill them!”

What?!

Hearing this, the expression of the dark figures immediately changed. They were stunned! With their identity, who would dare to easily kill them? At that moment, they knew that the Gods of War had completely lost their minds!

“Retreat!”

Chapter 561 The Sky Has Fallen!

The leader of the group suddenly yelled. He knew clearly that with their ability, they couldn't stop the two powerful beasts in front of them.

With that, the Gods of War broke through the circle of dark figures and at a rapid speed, they ran toward Jiang City and disappeared in the blink of an eye.

When the group of dark figures saw this, they were dumbfounded!

At the moment, the leader of the dark figures had a grim expression on his face and with lingering fears, he lowered his voice and cursed, "Damn it! What the hell happened that made the two Gods of War rush to Jiang City even if it meant that they were disobeying military orders?"

Just then, his phone rang and the moment he answered the phone...

Chapter 561 The Sky Has Fallen!

With a thud, the phone hit the ground hard and his face turned as white as a sheet as he stood there dumbfoundedly.

“Sir, what happened?”

When the group of dark figures saw this, they were stunned as well because they had never seen the look of endless horror on their leader’s face before.

Hearing this, a bitter expression appeared on the leader’s face as he muttered, “T-the sky has fallen!”

Chapter 562 The Lin Family Makes a Move!

Right then, the aircrafts at all airports across the world took to the skies and flew in the direction of Jiang City!

All countries were perplexingly shocked!

“The Blood Order of Blood Prison which has not been used for ten years suddenly appeared again! Just who was it that has the guts to anger that man?”

“Quick! Ask all staff to accommodate them. The full power of Blood Prison is enough to annihilate a country! We have no means of stopping them!”

“Inform every entry and exit points—do not stop them. We can never afford to offend a man who is capable of commanding the whole underground!”

Then, every country sent out nationwide orders to allow them to pass at the entry and exit points and nobody was allowed to obstruct those lunatics!

Chapter 562 The Lin Family Makes a Move!

Because they knew that even if they wished to, they would never be able to stop them!

The Blood Prison had controlled the underworld for over a decade and their influence in the underground world was terrifying!

All drug and war lords, assassination organizations, even terrorist groups and other dark forces bowed down to them. Now, the Dark Emperor was furious and had issued a Blood Order to summon all members of Blood Prison.

Anyone that tried to obstruct them was courting death as the Blood Prison would seek revenge like madmen!

Tonight, all eyes around the world were peeled and focused on the far east; all authorities were uptight, shocked and amazed.

Just what the hell was happening in

China?

Meanwhile, in the office of a certain army group, a woman in military uniform was immersed with correcting documents at her desk.

Barefaced and heroic, she was clearly a woman and yet, she carried a majestic aura more domineering than a man—it had been accumulated from her countless battle experience that maybe even a god of war might not have.

In addition, she was the only one in China with a seal of Commander-in-chief. Countless times, she used military powers to suppress the northern border; it must be no lesser than a million times when she killed an enemy.

Therefore, the smell of blood could never dissipate from her body. No

Chapter 562 The Lin Family Makes a Move!

matter how many showers she took, the smell could never be removed!

Everywhere, heroes addressed her as the Blood Phoenix Queen!

That was because this woman was more vicious than a man; there was only destruction everywhere she passed, and no life would be spared.

And her favorite thing to do was...
massacring a city!

She was a presence that even a god of war would have to bow down to, and she was one of the Four Greatest Commanders of China—General Ni Huang!

And now, without lifting her head, Ni Huang asked, “Is there anything I can help with?”

Gusts of wind blew in and suddenly, a few figures appeared in her office and

Chapter 562 The Lin Family Makes a Move!

knelt down on one knee neatly in front of her.

“General, something big is happening in Jiang City! The parents-in-law of Lin Zuo have been abducted and he’s furious! Currently, the Young Master has already passed the Blood Order and has caused a huge commotion all over the world! The strongest of Blood Prison are all rushing to China and the number has reached ten thousand! Regardless of obstacles, Gods of War—Dragon and Tiger, God of Blood Prison and other top warriors are forcing their way through borders and killing anyone in their way; all of them are rushing to Jiang City as soon as possible! General, the sky has fallen!”

Ni Huang broke the ballpoint pen she was holding in her hand!

Then, a joyous expression spread across her face. “Did he finally explode after suppressing it for three years? At

Chapter 562 The Lin Family Makes a Move!

long last, the man known as the strongest man on earth is back!”

Shaking all over uncontrollably, she could not hide her excitement as she had been waiting for this moment for far too long.

Immediately, she shouted, “Pass down the order—nobody is allowed to stop the entry of Blood Prison! Anyone who defies the order are the enemies of The North and will be killed! Tonight, The North and Blood Prison are going to Jiang City!”

“Yes!”

Everyone answered loudly and instantly disappeared from the office.

An ice cold smile spread across Ni Huang’s face. “Lin family, did you ever think that the useless young boy, whom you have humiliated countless times and then thrown out of the family, would

Chapter 562 The Lin Family Makes a Move!

grow to be a giant dragon capable of swallowing you whole? Your retribution is here, Lin family!”

In the meantime, all seniors were having an emergency meeting in the whole of Jiangnan and Jiangbei! With sunken faces, everyone was so nervous their foreheads were covered in sweat.

“Everyone received the news?” an elderly man in military uniform asked. Although his hair was all white, he carried with him an air of dominance.

He was Long Jiu, the Commander-in-chief of Jiangnan!

Hearing that, everyone felt even more stressed on the inside!

Zhao Chuan laughed bitterly. “The network security department in Jiangbei has collapsed completely! All information networks are now in the hands of Blood Prison!”

Chapter 562 The Lin Family Makes a Move!

With a grave face, another middle-aged man said, "As for Jiangnan, more than ten thousand warriors of Blood Prison have landed in Jiang City. Grandmasters alone make up about hundred; our front line was completely defeated and we cannot hold them back! It's not logical at all why an organization as big as Blood Prison would set its eyes on a small place like Jiang City! The entire front line of Jiangnan and Jiangbei have collapsed. Gods of War, Dragon and Tiger, have gone on a rebel and the other three gods of war are just staying on the sidelines for unknown reasons. Plus, the God of Blood Prison is helping them. We can't stop them at all!"

With these words, the whole atmosphere in the room became depressed and everybody's faces were solemn.

They were fully aware of how terrifying Blood Prison was. Only 10,000 people have come now and there was still a

Chapter 562 The Lin Family Makes a Move!

troop as huge as 690,000 people which was not dispatched yet.

Once it was dispatched, it would be a nightmare for the whole of China and not just Jiangnan and Jiangbei!

Seeing the situation, Long Jiu sighed deeply and said, "Now, Blood Prison is invading Jiangnan and Jiangbei with unknown motives. I would like to hear everyone's opinion."

Just then, a big-bellied middle-aged man with a murderous look on his face sneered. "What opinions should we have? China is such a huge country and we aren't afraid of a small organization like Blood Prison! We'll strike directly and kill them on the spot!"

The one who just spoke was the Commander-in-chief of Jiangbei, Song Yuanzheng!

Startling everyone present with his

words, they looked at him with shock in their eyes. Wouldn't this mean that they would be making enemies with Blood Prison?

One needed to understand that, after ruling the underworld for over a decade, this was not a power which was limited to rallying only 700,000 men.

If Jiangnan and Jiangbei were to really go against Blood Prison, it was feared that the best outcome would be... collateral damage!

With furrowed brows, Zhao Chuan looked straight at him and said, "Blood Prison has always maintained a close relationship with China over the years. More than once, they helped us out without asking for anything in return! Aren't you afraid that China will be labeled as ungrateful if you decide to make a move against them now?"

However, Song Yuanzheng merely

sneered and said with disdain, “No matter what they did before, they’re now just a bunch of criminals who are invading China! Barging in our borders without our permission warrants them death!”

Shifting the focus of his topic, he continued grimly, “Moreover, it isn’t me who wants them dead; it’s the Lin family that wants to fight with them!”

What?

All the senior officers stopped breathing for a moment when they heard this, their faces filled with shock. Right now, they could not believe their ears.

The most prominent family in China, the Lin family, actually wanted to obstruct Blood Prison?

Just what was going on?

Even Long Jiu could not help but take a

deep breath when he heard this. Turning to look at Song Yuanzheng in utter shock, he asked, "Song Yuanzheng, is it true what you just said?"

One had unlimited influence while the other had terrifying battle abilities!

If these two titans were to clash, there was bound to be chaos and destruction!

"Of course!" Song Yuanzheng snorted. "Just earlier, I was informed by the Lin family that the motive behind Blood Prison invading China this time was to rescue the useless bum they kicked out of the family years ago. Since Blood Prison isn't showing any respect to the Lin family, they won't let them have it easy either! The Lin family has already passed down the death order—no matter what happens today, that useless bum has to die!"

Chapter 563 My King, We're Here to Pick You Up!

The whole room fell into a deadly silence and all the senior officers looked dumbfounded!

They were completely stunned! So all these happened because of that useless young man they chased out of the family years ago... Lin Fan!

The clash between these two titans happened all because of a useless bum? It was simply too hard for them to believe!

However, these words were uttered by the Lin family's top lackey, Song Yuanzheng, so they had to believe it!

Right then, Long Jiu and the rest were solemn.

All because of a useless bum, Jiangnan and Jiangbei were thrown into chaos?

That Lin Fan was nothing but a jinx!

Damn him!

Seeing how furious everyone was, Song Yuanzheng snickered as he realized his vicious plot had worked.

Then, in a condescending tone, he said, "I don't believe that the King of Blood Prison would be so foolish as to go against the Lin family over a piece of trash! Also, even if he really does it, China still has its four greatest commanders! That mysterious Lin Zuo is said to be in Jiangnan and the Lin family is doing all they can now to get in touch with him. Knowing this, is there still a reason for us to be afraid of Blood Prison?"

These words shocked everyone present deeply—the look of utter disbelief was in their eyes as they stared at Song Yuanzheng.

Lin Zuo was the youngest and most mysterious general of China!

Chapter 563 My King, We're Here to Pick You Up!

With extreme prestige which exceeded the other three generals greatly in the army, any squad which was trained and led by him would all turn out to be an elite squad.

Lin Zuo was an important power that could go up against the Dark Emperor and the Lin family was actually able to get in touch with him.

No one would have thought that the Lin family still had such a killer move. It was not a wonder now why they had the nerve to go against Blood Prison; this was the reason.

The Lin family and Lin Zuo would be an alliance of the two strongest powers. There was not even a chance of victory even if their opponent was the King of Blood Prison!

Their faces glowed with joy at the thought of this.

Song Yuanzheng then snickered eerily. “Everyone, it’s time for you to make a choice—do you want to stand on the Lin family’s side or do you choose to condone Blood Prison?”

Immediately, everyone said simultaneously, “We’re willing to assist the Lin family to fight against Blood Prison!”

Seeing that everyone had expressed their stand, Song Yuanzheng’s eyes glinted coldly and murderously. “Lin Fan, you have to die tonight!”

In the meantime, Lin Fan, who was waiting by the door of the auction, saw that Bai Yan had come back alone and Bai Yi was nowhere to be seen!

The pupils of his eyes shrunk rapidly and he grabbed her by the throat again as he could no longer suppress his

killing intent.

“Where is Bai Yi?” he asked in a low, raspy tone that was filled with anger, like the roar of a beast!

However, she was fearless as she looked at him with contempt. “Let go of me, you piece of trash! Do you want all three of them to die?”

With bloodshot eyes, he said coldly while resisting his urge to kill, “If anything should happen to the three of them, I assure you that you’ll regret you lived in this world!”

Sneering, she paid no regards to his threat at all as she snickered, “That sl*t has already returned to Jiang City but she asked me to bring a letter for you. It’s up to you if you want to read it.”

Snatching the letter from her, his eyes went wide open in shock when he read the first line.

Chapter 563 My King, We're Here to Pick You Up!

'Farewell, Lin Fan!

Please forgive me for leaving without a word because I know that another miracle will not happen again this time! The background of the culprit is beyond our imagination and it is a power that we could never afford to offend in our lifetime! Even if the King of Blood Prison were to get involved, I don't think we would have an advantage over them. Dear, I love you; I really, really do! I want to live to a ripe old age with you, have lots of children with you and watch the sun rising and setting with you... but it's all because I truly love you that I shouldn't drag you down! Please leave China and find a better woman than me! And please... forget me!

Lin Fan's hands were shaking like crazy as he could feel how much pain was in Bai Yi's heart as she was writing this letter.

In order to not drag him down, she had

no choice but to leave him!

The reluctance and pain interspersed within every word were clearly conveyed to him. Instantly, the pain he was feeling in his heart made it hard for him to breathe.

“Nobody can break us apart—nobody!” Lin Fan yelled in anger and tore the letter into half. With eyes as cold as ice, he stared at Bai Yan and said, “Tell me where Bai Yi is within ten seconds. Otherwise... death!”

“Are you threatening me?” Bai Yan was hopping mad with anger and she shouted furiously at him. “Take a good look at yourself. You’re a useless bum with nothing at all without Bai Yi to back you up! You want to kill me? Just you alone? Don’t make me laugh so hard, my sides might split!”

Then, she looked at him scornfully. At this point, it was already over for Bai Yi

and this useless bum still wanted to act tough when he had nothing at all. What a joke!

However, in the next second, he slapped her across the face mercilessly. Staggering, she fell sitting on the floor and was immediately startled!

It never crossed her mind that a piece of trash like Lin Fan would actually dare to hit her!

Contorting her face, her eyes were filled with hatred as she shouted, "You b*stard! How dare you hit me, you damn b*stard? I want you to die! I definitely want you dead!"

She was no longer who she used to be as she could even wrap Bai Yi around her little finger, so what was Lin Fan to her?

This useless bum had humiliated her time and again previously, and now he

even had the nerve to hit her?

This was unforgivable!

She wanted him to kneel down in front of her and regret everything he had done to her!

Despite that, Lin Fan seemed as if he did not hear her threat. Speaking slowly and carefully, he said, "Next, I will break your limbs until you tell me where Bai Yi is."

His voice carried an evil tone and was completely emotionless, and it sent chills down her spine!

Right now, even Bai Yan could not help but become paralyzed! In this instant, she had a sudden weird feeling that Lin Fan was Hell!

It was as though if he wished, he could tear her into pieces anytime. The terrifying oppression felt like a huge

mountain sitting on her heart, making it hard for her to breathe!

Staring blankly at Lin Fan while he slowly approached her, she was terrified beyond words at this point.

Impossible, this was impossible! How could this useless bum have such a terrifying aura about him?

But just when Lin Fan was about to make a move on her, a man suddenly appeared between them and looked at him grimly. "Lin Fan, you should worry about yourself first before worrying about others. Without Bai Yi to back you up, it's about time that we took care of the business between us!"

He spoke with intense hatred. It was Lin Fan who had caused him to turn into an inhuman cripple. Now, he finally got his wish to have his revenge on Lin Fan!

Tonight, he wanted Lin Fan to die in

Jiangbei!

The appearance of Xiao Tingjun woke Bai Yan up from her shock, and as though she had seen a back up she could rely on, her face glowed with joy.

Subsequently, she began gloating over the situation and looked at Lin Fan with derision. "I forgot to tell you something, Lin Fan. Earlier, I told Bai Yi I might spare your worthless life if she knelt down to me. What do you think happened? That sl*t actually did kneel down to me! But it looks like I have to go back on my word now!" She finished with a round of laughter.

When he heard this, a sharp tremble passed through his body while his killing intent surged exponentially and manically! His eyes turned bloodshot as he glared at Xiao Youwei and Xiao Tingjun and said in a bone-chilling voice, "Don't put your noses into places where you shouldn't. The Xiao family

can either scam or die!”

All he cared about now was rescuing Bai Yi and he had no patience to deal with these unimportant side characters. But if the other party was bent on seeking death, he would not mind sending them on their way!

What?

The Xiao family and Bai Yan were first taken aback by his words, and then they laughed hysterically.

Losing all composure and laughing as if she had heard the biggest joke, Bai Yan pointed a finger at him and said, “Lin Fan, do you think that you alone, a useless bum who relies on his wife, can make the Xiao family disappear? Without Bai Yi, you’re not even worth a fart! A piece of trash is putting up a strong front now? You’re just a laughing stock!”

Next to her, Xiao Youwei was also sneering at him angrily. "You're going to make my family disappear forever? I would like to see how a useless bum like you do that without Bai Yi!"

In their eyes, Lin Fan was merely a useless bum who relied on his wife. Without Bai Yi, he was nothing at all.

How dare a useless bum such as him have the nerve to clamor at the Xiao family?

It was an outright act of courting death!

At this moment, Xiao Tingjun could no longer sit still and he looked at Lin Fan coldly. "Fine. If you want to die, I'll fulfill your wish! Don't worry, I won't let you go easily. I'll slice off your skin piece by piece, tear you into pieces and then reduce you to ashes! Hahaha!"

Not only the Xiao family was shaking their heads in distaste, but also the

other guests who came out of the auction hall. They all looked at Lin Fan as if he was a fool.

“So, you’re bent on hindering me?” Lin Fan asked in a low growl full of killing intent.

“Enough with your rubbish! If you kneel down now, I might just be kind enough to leave your dead body intact!” Xiao Tingjun said in a forbidding manner and looked at Lin Fan with contempt, as if he was already an animal in his trap.

But just as the words left his lips, a loud chuffing sound came from above and everyone present was surprised to see helicopters slowly landing one after another from the sky!

Then, as everyone watched in shock, four figures alighted from the helicopter and knelt down in front of Lin Fan all at once!

Chapter 564 | Want the Xiao Family Bankrupt in a Minute!

The moment everyone saw the helicopters, the rate of their heartbeats increased and they could all feel their heart thumping hard against their chests.

That was because they all knew that the price of each helicopter cost more than a 100 million!

Ten helicopters!

Twenty helicopters!

Thirty helicopters!

Goodness gracious!

Nobody could imagine why thirty helicopters, each costing more than a 100 million, would land in front of the auction hall. Just who were they picking up here?

Just when they were all surprised, the four people who stepped out of the

helicopters stunned them even more and they felt their hair stand on end!

They were the heads of the Four Greatest Hidden Prominent Families in Jiangnan!

The top four most influential people in Jiangnan were said to be under the liege of the King of Blood Prison and their status and influence had expanded so much that it overwhelmed other provinces.

What business did they have here?

But just as everyone was confused, the heads of the Four Greatest Hidden Prominent Families simultaneously knelt down in the direction of Lin Fan with an attitude of utmost respect!

At that sight, everyone was stunned and the air around them seemed to have frozen as nobody could believe their eyes.

Impossible! This was impossible!

The heads of the Four Greatest Hidden Prominent Families were actually kneeling down together in front of this useless son-in-law?

As if they were hit by a thunderbolt from the blue, this image struck them so hard that their bodies started shaking uncontrollably.

Countless were almost shocked to death!

But it was not only them! The Xiao family and Bai Yan were also dumbfounded.

Bai Yi should be the person that the heads of the Four Greatest Hidden Prominent Families was serving. Now that she was in danger, they were here to look for this insignificant useless bum instead of worrying about her.

Just what was going on?

Furthermore, what did they hear earlier?

The heads of the Four Greatest Hidden Prominent Families had respectfully addressed Lin Fan as... king.

What could this mean?

Immediately, everyone was stupefied!

However, at this point, Xiao Tingjun merely snorted and shouted with a frustrated tone, "So what if the heads of the Four Greatest Hidden Prominent Families are here? This is Jiangbei, not their territory, Jiangnan. Do they think they can trample on our turf? Don't even think about it!"

Today, he was determined to tear Lin Fan to pieces no matter what! It did not matter who showed up!

However, the edges of Ye Shihao's lips

curled upward contemptuously when he heard him. “Who told you that we’re here to trample on your turf?”

What?

This startled everyone completely!

If they were not here for that, then why did they mobilize such a huge crowd to Jiangbei?

Also, if they did not fight, how could they possibly save this useless son-in-law of the Bai family?

With a grim look on his face, Xiao Youwei said in an almost commanding manner, “Since you’re not here to trample on our turf, then please leave! It doesn’t matter who shows up today because nobody can save Lin Fan as the Xiao family will be taking his worthless life!”

Taking Lin Fan’s life?

Chapter 564 I Want the Xiao Family Bankrupt in a Minute!

It made the heads of the Four Greatest Hidden Prominent Families laugh!

Slowly, they stood up and each of them looked at him as if he was an idiot.

“We’re afraid the Xiao family isn’t even fit to take his life!”

What?

As if they just heard something horrifying, everybody’s eyes widened in shock!

The Xiao family was not fit?

As a live-in son-in-law without BaiYi’s protection, he was just a piece of trash!

If the Xiao family wanted him to die, would that not be as easy as flicking a finger?

Instead, the heads of the Four Greatest Hidden Prominent Families had said that they didn’t even qualify.

This was impossible!

Still, this was only the beginning!

As everybody carried looks of shock on their faces, the next thing which happened almost drove them crazy.

Still smiling disdainfully, Ye Shihao stared straight at Xiao Youwei and said, "Indeed we're not here to cause any trouble because we're here to witness how a grand family with four hundred years of history gets completely destroyed within a day! And disappear forever!"

There was a deadly silence as everyone had looks of disbelief on their faces!

A few minutes ago, Lin Fan had said the same words but they had merely regarded it as a joke.

A few minutes later, Ye Shihao had actually repeated what he said!

Why did he think that a small son-in-law could topple over a prominent family which had stood strong for four hundred years? Moreover, the Xiao family had the Blood Prison behind them as their backing!

This was insane!

Ye Shihao must have lost his mind for saying something so out-of-the-world like Lin Fan.

Bursting out in loud laughter, Xiao Tingjun laughed as if he had heard the biggest joke. “Ye Shihao, do you have bubbles in your brain? You actually think that an ant can topple over an elephant? My family has stood strong for four hundred years and been through all sorts of hardship. Will we be afraid of an insignificant, useless son-in-law? This is such a joke!”

Also sneering, Xiao Youwei said with intense disdain, “Bai Yi has already

gone down and now you're just dogs without an owner. I advise you to keep your noses out of this! Otherwise, I assure you, you'll not make it back from your trip to Jiangbei this time!"

Speaking with dominance and disdain, his tone was thick with murderous intent.

Seeing this, Ye Shihao and the rest merely laughed lightly and said nothing more.

After all, what was the point of arguing with people who were soon to be dead?

However, the people around took their silence as their fear for the Xiao family instead!

Because of that, Bai Yan laughed in glee. "So these are the back up you found, Lin Fan. I don't think they're of much use! Even when you're about to die, you're still relying on your wife—it's

better to be a dog than a man like you!"
She then laughed loudly.

Lin Fan didn't argue with her and merely said calmly, "I've got no time for useless people like you. If you kneel down now, you can live! Otherwise, the Xiao family will be annihilated today!"

When everyone heard that, they simply laughed extremely disdainfully and looked at him with contempt.

He still had the nerve to talk tough even when things had reached this stage.

It seemed like he had not learnt his lesson!

Would this idiot only show fear when the Xiao family made a move?

Annihilate the Xiao family?

Even if Bai Yi was here, she would not have the guts to say this. What right did

this useless bum have?

To them, his words were so ridiculous it sounded hilarious.

Hearing that, Xiao Tingjun stared at Lin Fan menacingly. "I would like to see just how a piece of trash like you can wipe out my family! I'm giving you a chance now. If you kowtow to me now and apologize, I'll let you have an easy death. If not, I'll let you die horribly!"

He spoke as if Lin Fan was already a piece of meat on his chopping board.

Ferocity flashed across Lin Fan's face as he replied, "I don't need an hour to get rid of you. One minute... would be enough!"

What?

Everyone was shocked once again! One minute to annihilate a strong, prominent family which had stood for four hundred

years?

Did this idiot know what he was talking about?

Over the years, countless people of hegemon level wanted to replace the Xiao family but they all ended up being crushed under Xiao family's feet without any exception.

But this live-in son-in-law in front of them actually said that with a minute, he could make this prominent family disappear forever!

This must be the joke of the century!

At that moment, even Xiao Youwei was infuriated by Lin Fan's wildly arrogant words. A look of ferocity appeared on his old face as he said with gritted teeth, "Don't kill him, Tingjun! Break his limbs and we'll rear him like an animal! We'll torture him forever!"

Chapter 564 I Want the Xiao Family Bankrupt in a Minute!

Everyone threw looks of pity toward Lin Fan at those words!

Why was he so pretentious?

It could not get any worse now because he could not even have an easy death!

Seeing how the situation was unfolding, Bai Yan was overjoyed as she imagined the rest of Lin Fan's life in a state worse than death.

In the midst of everybody's sneers and mockery, Lin Fan whisked out his cellphone and made a call to a mysterious number. "I want the Xiao family bankrupt in a minute!"

Lin Fan's voice was filled with killing intent and it was obvious he was immensely outraged! However, to everyone else, it just sounded like the biggest joke ever! Sticking up their noses and looking at him as if they were savoring the moment, nobody actually believed that a useless bum like him could really topple over a giant like the Xiao family in just a minute.

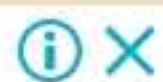

Even if the whole Jiangbei were to combine forces, they could not achieve it, let alone Lin Fan who was doing it only by himself—it was purely just building castles on clouds!

“I’m so afraid!” Xiao Tingjun said with exaggeration. Looking at Lin Fan with a gaze filled with hatred, he continued, “After a minute, if nothing happens to my family, I’ll take your worthless life! The countdown starts now!”

Thinking that it was interesting, everyone started counting down as they

gloated over Lin Fan's situation. "59, 58, 57..."

Yet, to everyone's surprise, they realized that even Ye Shihao and the other heads of the Four Greatest Hidden Prominent Families were also counting down with them! They were beaming with mockery as if they were looking forward to something happening.

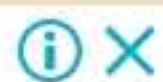

"You're an idiot, Lin Fan. Even your backups know that you won't live and are counting down to your death!"

"What an idiot! The Xiao family has been a powerful family in China for four hundred years already. Can he topple them just because he wants to? He'll be dead for sure!"

Everyone clamored as they became exhilarated, and it was as if they could already foresee the scene where the Xiao family tortured him ruthlessly.

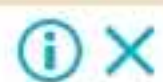

Meanwhile, when Bai Yan knew that Lin Fan only had one more minute to live, her face lit up with delight. “Don’t worry, Lin Fan! It will not take long for that sl*t, Bai Yi, to join you in the Netherworld! 3, 2, 1... time’s up!”

After counting down the last second, Xiao Tingjun seemed extremely overjoyed as if he had just won a cockfight and he spoke in a domineering tone to Lin Fan, “Time’s up, Lin Fan! You can die now! Attack! First, break his limbs and his jaw! Don’t let him commit suicide! I want to torment him slowly!”

In an instant, the strongest from the Xiao family looked at Lin Fan menacingly as they neared him, ready to turn him into a complete invalid. But

just then, the sound of ringtones from cellphones sounded suddenly!

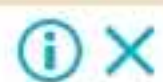

Ear-piercing, the ringing tones started echoing from the pockets of the Xiao family members simultaneously one after another!

What? The smiles on everybody's faces froze when they saw this! They would have understood if it was only the cellphone of one person ringing, but now, it was the cellphones of all senior members of the Xiao family ringing simultaneously. Just what was happening?

Immediately, everyone had a bad premonition. Even the expressions on Xiao Tingjun and his son's faces kept changing as their eyes flashed with fear. Taking out their cellphones, they did not even have the courage to pick up the calls and beads of cold sweat kept dripping from their heads to the floor!

Ring, ring, ring—went the cellphones in a loop without stopping, anxious and ear-piercing! The ringing seemed to be announcing that something terrible was happening right now!

Now, all members of the Xiao family felt that it was not a cellphone at all but a piece of hot potato! The atmosphere turned incredibly eerie as the paralyzed Xiao family stared at their cellphones blankly like statues. Nobody had the guts to be the first to pick up the call and they allowed their cellphones to ring wildly, tearing apart their eardrums madly!

Finally, with gritted teeth, Xiao Youwei mustered up the courage and answered the call in loudspeaker mode!

Immediately, the caller on the end of the line wailed mournfully, “President, the Xiao family is... finished!”

As soon as the words were spoken, the whole place fell into petrifying silence

and the clamor came to an abrupt stop! No matter if it was Xiao Youwei, Xiao Tingjun or the guests present, everyone trembled at what they just heard. Right then, nobody could believe their ears! This was a mistake! They must have heard it wrongly! The Xiao family was finished? No way!

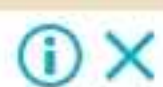

After a call by Lin Fan, someone had actually called to inform the head of the Xiao family that their family was finished. Stunned, they felt as if their worldview had been overturned completely! Was the Xiao family really going to be dead and gone? This useless bum had really only used a minute and a phone call to topple over this strong, prominent family which had stood for centuries! Instantly, everyone looked at Lin Fan with panicked and shocked gazes and they almost wet their pants on the spot.

“Impossible! This is impossible!” Xiao Youwei was at the edge of his sanity.

His eyes burned with deep fury and his face was full of savage anger. “The Xiao family has been a powerful family in China for four hundred years. Who can actually bring us down? How dare you spout nonsense? You’re fired!”

He did not believe anyone could destroy the Xiao family! It was even harder for him to believe that his family could be destroyed by a useless son-in-law! This was utterly impossible! The Xiao family was incomparably mighty with a strong and solid foundation in Jiangbei. They were a super hegemon without a doubt! Nobody in this world could bring them down—nobody!

Nevertheless, the secretary on the other end of the line cried, “President, it’s true! Suddenly, the atmosphere fell silent and heavy. As though they were holding their breaths, everyone became paralyzed after hearing the report from that secretary.

Both the Xiao Family's members and their numerous guests at the scene had their hair stand on end in an instant when they heard such words. Everyone felt chills running straight up from the soles of their feet to the crowns of their heads.

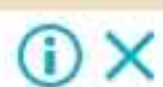

Not only is the Xiao Family besieged, but the backer behind them also kicked them out? Oh God! Is the Xiao Family really doomed today?

Everyone found it hard to believe that the Xiao Family, the prominent family with a 400-year-long history, was about to come to an end at this very moment. This was simply inconceivable!

The Xiao Family's members were petrified as they stood there with looks of profound shock in their eyes. The Blood Prison kicked them out of it and even vowed to make them its enemy just for the sake of a good-for-nothing son-in-law? Such a thing was as

unacceptable and difficult to believe to them as a fantasy tale!

The case was especially true for Xiao Tingjun, who nearly wet his pants out of fright at that moment. Flabbergasted, he screamed, “How on earth did this happen? Lin Fan is clearly a good-for-nothing, so how could he possibly destroy the Xiao Family? This couldn’t possibly happen because of him!” Xiao Tingjun’s voice was filled with shock and unwillingness to accept reality.

Besides him, the Xiao Family’s members at the scene were also in a state of utter disbelief and profound despair, as though their loved ones had been murdered in front of them. Everyone witnessed with their own eyes at that moment as the dynastic family, which had stood strong for 400 years, collapsed and crumbled to dust in an instant. And all this happened only because of a good-for-nothing and a phone call? Everyone trembled all over while staring at Lin Fan in disbelief, as though they had seen a ghost.

At this moment, Xiao Youwei slumped listlessly to the floor as if he had lost his soul. Just a minute ago, he was the extremely wealthy co-ruler of Jiangbei with a great deal of influence over the entire country. Yet a minute later, he had become a good-for-nothing who went bankrupt with nothing left to his name. The next instant, he fixed his eyes on Lin Fan, asking, "Who the hell are you?"

Upon hearing his question, Xiao Tingjun, Bai Yan, and the guests at the scene also stared at Lin Fan with mixed expressions on their faces. That was because they knew Lin Fan had no way

of making a dynasty head toward its destruction in merely a minute if he really was a good-for-nothing.

Even the Blood Prison kicked out the Xiao Family—the family that had pledged loyalty to them for ten years—for the sake of the good-for-nothing before their eyes! In an instant, everyone had looks of panic and horror on their faces.

The Xiao Family's members were overcome with regret at that very moment. They shouldn't have offended this good-for-nothing. The Xiao Family had made a terrible mistake, and now they were totally finished!

At this moment, however, Lin Fan shot an indifferent glance at Xiao Youwei as he said, "You will know who I am very soon. When that time comes, all of you will then know true hopelessness." Then, he commanded, "Bring them along to Jiang City!"

Under Lin Fan's command, the Four Greatest Masters came forward and grabbed Xiao Youwei, Xiao Tingjun, and Bai Yan with sinister smiles before dragging them toward the helicopter. No one dared to stop them the whole time, for they knew that the Xiao Family was completely doomed.

At the same time, Lin Fan turned to look at the remaining guests and said with a vicious expression, "I have given you all a chance. Since you want to die, I shall grant your death wish! Break a leg by yourselves or die, everyone!"

Everyone at the scene was stunned at that moment, as though they had received an electric shock. After that, they smiled in anguish while hanging their heads in despair. They wished they could have given themselves a hard slap at this moment. They had only themselves to blame; had they not humiliated Lin Fan repeatedly, they wouldn't have come to such a miserable

end on this day.

As soon as Lin Fan finished his sentence, he ignored them and immediately boarded the helicopter to Jiang City.

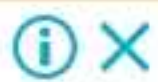

Upon witnessing what happened, the guests at the scene slumped to the floor with bitter smiles on their faces. “Jiangbei is going to be ruled by a new person!”

Meanwhile, the entire China was simmering with excitement as everyone saw multiple airplanes that came one after another converging in the skies of Jiang City. Long Jiu and the rest were standing ready at Jiang City’s port of entry. All of them emanated a murderous aura as they stared ahead of them nervously. Everyone had their nerves all on edge, for all of them knew how terrifying the presence that they were about to face was.

As time passed, beads of cold sweat rolled continuously down from Long Jiu and the rest's foreheads to their cheeks.

After about half an hour, a figure appeared at the end of the night. What came into their sight was still the familiar scarlet armor. Wrapped in an aura of murderous intent that raged in a wild fury, the person looked violent and ferocious with his eyes that were filled with wrath and bloodlust, like a gigantic beast that crossed a mountain range as it came.

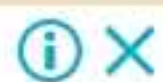

"I-It's the God of Blood Prison!"

Everyone was stunned upon seeing the person. They fixed their eyes on him as their legs shook uncontrollably.

Tap... Tap... Tap... His pace seemed sluggish, but it only took him over ten seconds before he was right in front of Long Jiu and the others.

Long Jiu broke into a cold sweat at the sight of the scene, but he had no choice but to step forward and growl at the God of Blood Prison with a dark expression, "Leave, God of Blood Prison! This is not the place where you people of the Blood Prison should come. Considering that you have been on friendly terms with China, we can take it as if nothing has happened if you leave right now!"

Including Long Jiu, everyone at the scene was overwhelmed with fear, for they were aware of how terrifying the man before them was. Even though they were armed to the teeth at that moment, neither side would have anything to gain if they were to engage in a fight with him. After all, this man was a monster whom even the top martial artists were unable to fight against.

However, the God of Blood Prison shook his head and said flatly, "This matter

has nothing to do with you. Please step back, or you won't be able to bear the consequences.”

What? Long Jiu's face looked black as thunder as soon as he heard the God of Blood Prison's words. How dare the God of Blood Prison threaten all of them when he was the only one at present? He was simply humiliating them!

“Hahaha!” At that moment, a sarcastic laugh suddenly broke out before Song Yuanzheng stepped out of the line in long strides. “God of Blood Prison, what a retard you are! How dare you try to make China your enemy just because of that pair of cowardly husband and wife? Do you really think that the Blood Prison is unmatched anywhere else in the world? How dare you even look down on China?” He stared icily at the God of Blood Prison as he continued disdainfully and arrogantly, “We'll let you leave only to show you some respect. we won't mind turning your trip into a one-way trip, idiots!"

Upon seeing Song Yuanzheng behaving so unyieldingly, Long Jiu and the rest also sneered in disdain and stared tauntingly at the God of Blood Prison, as though they had found their main support. Now that they had Lin Zuo behind them, the God of Blood Prison was simply nothing to them. Even if the King of Blood Prison came to China personally, they would also have the power to fight against him!

Although the God of Blood Prison was formidable, he was an unqualified presence compared to the two presences that were at the emperor's level. However, as if he did not hear what Song Yuanzheng had said, the God of Blood Prison announced in a grim tone, "The King will arrive at Jiang City in ten minutes, and we must clear every obstacle for him before that!"

Then, as he let out a deafening roar, a series of terrifying thundering sounds broke out. Soon, one helicopter after another rose from the horizon, followed by one figure after another that slowly stepped out from behind the God of Blood Prison! There were ten... A hundred... No, a thousand of them!

As the crowd increased in numbers at an uncontrollable rate, the God of Blood Prison bellowed furiously with a ruthless look in his eyes, "I'll be saying this for the last time. Whoever stands in our way shall die!"

Everyone's expression looked as black as thunder in an instant, for the scene before their eyes was so spectacular that it looked as if an army from hell was running amok on earth.

They knew very well that these men were the Blood Prison's most formidable troops; its Grandmasters, top-tier Grandmasters and ultimate Grandmasters had come in full force.

Long Jiu and the rest were stupefied. Never in their wildest dreams did they expect the King of Blood Prison to dispatch the Blood Prison's most formidable troops all to China just to save a coward!

This is simply crazy! He must have gone insane! Is it really worth offending the entire China just for the sake of that good-for-nothing?

At that very moment, their bodies trembled uncontrollably as they were

apparently horrified to death. They were definitely unable to hold out against the ten thousand people!

Overwhelmed with nervousness, Long Jiu immediately asked Song Yuanzheng, “Song Yuanzheng, where is Lin Zuo? Have you gotten in touch with him? We can’t hold out against them with our capabilities at all!”

Song Yuanzheng sneered upon hearing Long Jiu’s words. He replied, “Don’t panic. I have asked somebody to contact Lin Zuo. From what I heard, he is already on the way to Jiangnan and will arrive in ten minutes!”

What? Everyone was startled upon hearing his words.

Lin Zuo is also arriving in ten minutes? In that case, won’t he arrive at the same time as the King of Blood Prison? So the two emperor-level presences are going to arrive at the same time and fight against

each other?

However, that was not the end of the story yet. Song Yuanzheng continued with a sneer, “I also heard that apart from Lin Zuo, General Ni Huang is rushing to Jiang City too! When they arrive, both Lin Zuo and General Ni Huang will fight with the King of Blood Prison together, and these idiots won’t be able to hold out against them! Hahaha!”

Upon hearing his words, everyone felt that they were getting a crazy rush of adrenaline as they had both profound shock and wild ecstasy written all over their faces.

General Ni Huang is coming as well? That would mean that two of the Four Greatest Commanders are coming! Oh my God! Two of the four most formidable warriors of China are coming! It seems that China’s top leaders are absolutely furious since they want to crush the

Blood Prison in one fell swoop!

Long Jiu looked both smug and proud; death was naught but glory for him now since he knew that the Blood Prison would have no chance of winning. He shouted, "Listen to my command, everyone! Both Lin Zuo and General Ni Huang are on the way here, so we must guard this port of entry to the last man! We must not let the two Generals be disappointed with us!"

Everyone roared in chorus upon hearing his command. At that moment, they got a huge boost in their morale as they thought that victory was in their hands; they then looked disdainfully and contemptuously at the Blood Prison's fighters.

Not only will the King of Blood Prison have to fight against two commanders alone, but the Lin Family is also taking command. The Blood Prison is doomed this time!

“Hahaha! You have made a misjudgement, God of Blood Prison. Not a single one of you is going to step foot in Jiang City today!” Song Yuanzheng laughed maniacally. He felt that he had never been so proud before, for he could challenge the God of Blood Prison right now. With a savage and smug look in his eyes, he said, “Kneel down and acknowledge your mistake right now, and I may plead with the two Generals to spare your worthless lives!”

However, Zhao Chuan had some doubts at that moment as he couldn't help feeling that the matter wasn't that simple.

That was because he had received an order from General Ni Huang to forbid them from stopping the Blood Prison. Yet, General Ni Huang was rushing to Jiang City in person right now to wipe out the Blood Prison? Wouldn't that be unnecessary?

Moreover, the King of Blood Prison had always been on friendly terms with China, so how could he possibly come to blows with China over a good-for-nothing?

Something is wrong here! There must be some details that are unbeknownst to us! Zhao Chuan thought to himself.

Just then, however, Zhao Chuan's cell phone suddenly rang. As soon as he glanced at the caller's ID, he tensed up all over, and beads of cold sweat immediately covered his forehead.

Then, he put the cell phone on speaker and said in a quavering voice, "H-Hello!"

After what seemed like an eternity, an ashen-faced Zhao Chuan slumped onto the floor. His face was deathly pale after he seemed to have heard something, and he looked as if he had seen a ghost.

“What’s wrong with you, Zhao Chuan?” Long Jiu asked in puzzlement, but was met with no response.

Zhao Chuan trembled all over as though he did not hear what everyone had said. His entire body shook uncontrollably as he was totally lost in his inner world. He stayed like that for quite a few moments, completely immobile.

Upon seeing that Zhao Chuan had slumped to the floor in fright without being able to even speak, everyone suddenly had an ominous feeling, as though something horrible was about to happen.

After a while, Zhao Chuan finally regained his senses and wailed hysterically, “Step aside! Hurry up and make way for them, or it will be too late!”

ed.

They were doubting their own ears now. Did Zhao Chuan just tell them to make way for the Blood Prison? Had he gone insane? If the two Generals and China's top leaders learned about this, they would certainly be accused of being derelict in their duties!

Long Jiu's face darkened at once as he questioned, "Zhao Chuan, do you know what you were saying? How could you shake our morale in the face of the enemy? Do you even know what punishment you deserve for having done such a thing?"

However, Zhao Chuan had burst into tears at that moment. As tears of fear rolled down his face, he snarled in a quavering voice, "D*mn it, I don't have time to explain it to you! end along with me! We have brought huge trouble upon ourselves. If we don't atone for our mistakes right now, no one can save us!"

Upon hearing his words, everyone at the scene was thrown into a state of complete shock. All of them felt their scalps tingling as looks of horror and astonishment appeared in their eyes.

They would come to a bad end if they did not make way for the Blood Prison? How could that be possible? Who could lay a hand on them with two Generals and the Lin Family covering their backs?

What phone call did Zhao Chuan receive to have scared him into such a state?

Long Jiu suddenly had an ominous feeling as well when he saw the usually steady Zhao Chuan having such a frightened expression on his face. *Did anything unexpected happen?*

“Zhao Chuan, are you out of your mind? Do you know what is the punishment for running away right before a fight?” Song Yuanzheng said with a disdainful expression, “Moreover, now that we have three bigwigs covering our backs, who else do we need to be afraid of? If we’re derelict in our duties right now, the three bigwigs will never let us off! Do you want to get us killed?”

Upon hearing his words, Long Jiu and the rest immediately felt a huge weight on their shoulders, and their faces darkened at once. If they let the Blood Prison enter Jiang City freely, they would offend the three bigwigs at the same time, and they would really come to a bad end by then.

Unwilling to listen to Zhao Chuan’s nonsense again, Long Jiu rebuked right away, “All of you, drag Zhao Chuan away!”

His words chilled Zhao Chuan to the

marrow, and the latter shook his head continuously, looking horrified to death as he muttered, "It's over! We're totally finished! The three bigwigs? That's not what's happening at all!"

However, nobody paid any attention to him as everyone stood ready for combat while staring at the God of Blood Prison.

Then, Song Yuanzheng took a big step forward and glared icily at the God of Blood Prison as he declared, "Since you all of the Blood Prison are courting death, Jiang City will be your burial place today! Kill them all!"

However, it was at that precise moment when an earth-shattering scene suddenly happened before their very eyes.

obediently as it flew by.

Right after that, a figure stepped out of the helicopter under everyone's puzzled gazes.

Song Yuanzheng was visibly startled the instant the man appeared. Then, he sneered viciously right before pointing at Lin Fan while saying to Long Jiu and the rest, "Everyone, this useless piece of trash is Lin Fan, whom I talked about!"

What? Long Jiu and the rest had their eyes blazing with rage and hatred when they heard Song Yuanzheng's words. So he is the good-for-nothing that plunged Jiangnan and Jiangbei into chaos!

As it crossed their minds that the entire China fell into chaos because of such a good-for-nothing, they wished they could have ripped Lin Fan into shreds.

Song Yuanzheng taunted Lin Fan right away by saying, "How dare you show up

in front of me, you good-for-nothing? I have to say that you really have a death wish!”

Lin Fan wasn't in the mood to talk rubbish with him though. He warned in a lowered voice, “Step aside!”

Huh? Song Yuanzheng flew into a rage the instant he heard Lin Fan's words. How dare a banished good-for-nothing young master and a live-in son-in-law give orders to him, the Commander-in-chief of Jiangbei?

“Who are you to think that you're qualified to ask me to step aside, you son of a b*tch? I think you have yet to grasp at the situation!” said Song Yuanzheng with a snort as he looked at Lin Fan with a mocking expression. “Don't think about saving your wife. She's destined to be somebody's plaything tonight... And you're destined to die as well!”

Chapter 567 Go to Hell Then!

Song Yuanzheng looked disdainful as he spoke. *This good-for-nothing asked me to step aside as soon as he showed up? Does he think that he is the King of Blood Prison himself? Such ridiculousness! How dare he, a man who is nearing his death, still put on airs in front of me!*

However, Lin Fan turned a blind eye to Song Yuanzheng's humiliation as he still had indifference written all over his face. "Since you're unwilling to step aside... go to hell then!"

In an instant, a murderous intent erupted from Lin Fan's body with tremendous momentum. At that very moment, he looked like an incomparably horrifying demon king from hell that was about to massacre all living things!

wild and violent aura, the tarmacked road cracked rapidly under his feet, forming cobweb-like cracks that spread all over the road.

Long Jiu's aged body shook uncontrollably at the sight of the scene as he stared at Lin Fan in disbelief; feelings of shock and awe rose within him.

This can't be possible! How could he possibly give off such a terrifying murderous aura? It's as though he had slaughtered millions of people before!

At that very moment, Long Jiu had an impression that even a powerful army was no match for Lin Fan alone. How could such a monster be a good-for-nothing like him?

Zhao Chuan was greatly shaken as well. He had realized Lin Fan's true identity at that moment, so the instant Lin Fan appeared, he trembled so uncontrollably

that he couldn't even stand on his feet. He fixed his eyes on Lin Fan with a deeply anguished look on his face.

That man came at last! thought Zhao Chuan to himself as his back was drenched in cold sweat at that instant. It's too late! It's too late for everything now!

However, right when everyone mocked Lin Fan for going beyond his depth, a terrifying scene suddenly came into everyone's sight, shaking them to the core.

Upon seeing Lin Fan's arrival, all the Blood Prison's warriors, including the God of Blood Prison himself, had looks of deep veneration in their eyes as though they worshipped him as a god. Then, all of them prostrated themselves toward Lin Fan and shouted in chorus humbly and reverently, "Welcome the King of Blood Prison!"

In an instant, the entire scene fell dead silent, as if everyone at the scene was grabbed by the throat.

The expression on everyone's faces changed slowly from anger to absolute fear as they dared not believe what they had heard at that very moment.

Lin Fan is the King of Blood Prison?

After everyone came to their senses, their panic-stricken faces instantly turned as pale as a sheet as though they had received an electric shock.

T-That can't be possible! Isn't Lin Fan a banished good-for-nothing young master? Isn't he a live-in son-in-law? Why would the God of Blood Prison and the others kneel down and address him respectfully as the King of Blood Prison?

Overwhelmed with fright, they slumped to the floor heavily one after another, their ashen faces showing both ultimate

stupefaction and utter disbelief.

One could hardly imagine how impactful the scene was to them.

At that moment, they seemed to have understood why the King of Blood Prison would barge into China in an ostentatious way. He did so because his wife was kidnapped, and which guy wouldn't be mad as hell in such a situation?

At first, they thought that the King of Blood Prison must have been out of his mind to offend China for the sake of a good-for-nothing. However, all of them thought now that the one who dared to kidnap Lin Fan's wife was the real idiot, and the dumbest idiot at that.

That idiot must have had a death wish since he even dared to lay a hand on the man's wife!

Long Jiu was stupefied, and so was

everyone else at the scene.

They were so frightened by the terrifying scene before them that their eyes were filled with deep terror.

Song Yuanzheng, in particular, staggered a few steps back subconsciously with a look of total stupefaction. “Lin Fan is the King of Blood Prison? This can’t be true; this is not real! He should have been a good-for-nothing! What went wrong actually?”

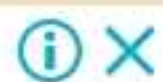

He dared not believe his eyes at that moment as he found the scene before him totally unacceptable. He couldn’t imagine that a good-for-nothing who was banished from the Lin Family had become the King of Blood Prison and was hailed as the most formidable man in the world. This was simply as absurd as a fantasy tale!

orrified to death. It was fine if he had merely offended Lin Fan, the banished good-for-nothing young master, but the person he had offended right now was the formidable King of Blood Prison himself!

Long Jiu's wrinkled face was contorted as well. He looked at Zhao Chuan in panic as he asked, "Did you know that long ago?"

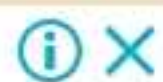

He figured everything out at that instant after combining Zhao Chuan's strange behavior with the scene before him right now.

Zhao Chuan nodded in anguish as he answered, "I just had a call from Beijing saying that someone had kidnapped his wife. The top let him deal with the matters himself, so we're ordered not to get involved. Whoever disobeys the order will be convicted of treason!"

“Tell you earlier?” Zhao Chuan shook his head with a sneer as he said, “Would you believe me even if I told you earlier? Would you believe that the banished good-for-nothing young master of the Lin Family had grown up to become the King of Blood Prison?”

Long Jiu had a bitter smile on his face upon hearing Zhao Chuan’s words. Zhao Chuan was right; had he told Long Jiu earlier that Lin Fan was the King of Blood Prison himself, Long Jiu would

Then, Zhao Chuan continued, “Also, the authorities wanted me to ask you why a malignant incident like a kidnapping would happen in your area of jurisdiction despite you being the Commander-in-chief of Jiangnan. This incident has affected the relations between China and the Blood Prison directly, so the top leaders are furious. After today, the authorities will send a special team of investigators to Jiangnan to ask you to answer for your wrongdoings.”

Song Yuanzheng also felt chills running down his spine at that moment. *The good-for-nothing that was banished from the Lin Family is the man who dominated the underworld for ten years?*

Long Jiu and others were startled upon hearing his words. Then, they suddenly recalled something as well, and the frightened looks on their faces vanished.

So what if Lin Fan truly was the King of Blood Prison? They still had the three bigwigs standing behind them, and all three of them were terrifying presences! Having lost his patience, Song Yuanzheng immediately scolded, "Lin Fan, you better be grateful for our mercy! If you refuse my offer, not only Bai Yi, but you also must die!"
