

*What? Bai Yi and her parents' eyes were full of disbelief the instant they heard Lin Zekun's words. The Lin Family wants to kill Lin Fan? But why? Aren't they a family?*

“Lin Fan, why would this happen? Why does your family want to kill you?” Bai Yi was in utter despair at this moment. She had done so much to protect Lin Fan, even to the point of sacrificing herself, but her efforts ended up being futile since she couldn't save him at all.

Nobody could save Lin Fan at this moment because it was the formidable Lin Family that wanted to kill him.

Bai Yi couldn't fathom why the Lin Family wanted to put Lin Fan to death despite him being a member of the family.

Bai Shan and Shen Yumei were practically frightened to death at this moment.

The Lin Family was the most powerful

family in China; they had a great deal of influence over the entire country. If such a presence wanted to kill Lin Fan, who else could save him?

Both Bai Yi and her parents thought that Lin Fan's fate was sealed at this moment.

Bai Yi felt so weak in her legs that she could no longer stand upright. Clutching Lin Fan's sleeve with her hands, she sobbed while saying, "You shouldn't have come. You shouldn't have come!"

Just then, Lin Zekun stared lewdly at Bai Yi as he said, "Bai Yi, don't say that I'm not giving you a chance. As long as you're willing to abandon this good-for-nothing and become my mistress right now, I can consider sparing the lives of your entire family!"

He had to admit that Bai Yi looked so gorgeous that even a young master who had seen countless women like him was attracted to her as well.

Therefore, not only did he have to kill Lin Fan right now, but he also had to snatch Lin Fan's wife away from him before killing him. After that, he would violate Lin Fan's wife in front of the latter as the latter died with resentment and humiliation. Only then would Lin Fan die a truly miserable death!

However, Bai Yi glared at Lin Zekun grievously and indignantly as she retorted, "In your dreams! I, Bai Yi, belong to Lin Fan, alive or dead! I'll die with him today at the worst!"

*Hmm?* An extremely vicious look instantly flashed across Lin Zekun's eyes when he heard Bai Yi's words. He glared at Bai Yi murderously as he threatened, "What a b\*tch you are! You should have been grateful for the mercy I am showing you! Since you insist on going the hard way, I'll make you die a tragic death! Everyone, strip her of her clothes and rape her in turn! I want her to be raped to death!"

Everyone at the scene had their

expressions change drastically at his extremely vicious and perverse words.

Xiao Youwei, Xiao Tingjun, Bai Yan, Wang Mingzhe, and others had looks of frenzied delight on their faces at that moment as though they were able to imagine the miserable fate that awaited Bai Yi.

Wang Mingzhe, in particular, laughed sinisterly at that moment before he offered to be the first by saying, "I'll be the first to have fun with her!"

He thought to himself, *How dare this woman look down on me repeatedly? I must torture her mercilessly in a while!*

*Tap, tap, tap...*

With that, the Lin Family's fighters slowly closed in on Lin Fan with sinister smiles on their faces.

Bai Yi's face went deathly pale at the sight of the scene. Had Lin Fan not supported her, she might have

collapsed to the floor long ago.

The next second, she looked at Lin Fan in anguish with a look of firm resolution on her face as she declared, "Hubby, I will never cheat on you even if I die. Let's meet again in our next lives!"

As soon as she finished her sentence, she tried to kill herself by biting off her tongue, since she would rather die than be raped by those filthy beasts.

*What?* A chilling glint filled Lin Fan's eyes as he immediately caught Bai Yi's chin to stop what she was doing. He said in a deep voice, "Trust me, darling!"

*Trust you?* Everyone at the scene was dead silent upon hearing Lin Fan's words; they looked at Lin Fan with a mocking expression, as though they were looking at a fool. *How dare you good-for-nothing act so pretentiously despite being unable to even save yourself right now? What a ridiculous joke!*

They even admired Lin Fan for his naïveté as he still clung onto that faint glimmer of hope even when he was approaching his death.

At that moment, everyone at the scene looked at Lin Fan disdainfully and contemptuously.

On the other hand, Lin Zekun's face darkened in an instant as he said, "Get started, everyone!"

Since Lin Fan was still indulging in his fantasies, Lin Zekun would shatter those imaginations of his into pieces!

At Lin Zekun's command, the Lin Family's countless fighters sprang into action and reached out greedily to grab Bai Yi. They could no longer wait to enjoy the pleasure of having their way with this gorgeous beauty.

Just then, however, two scarlet figures suddenly shot through the entrance from the outside, throwing themselves ferociously at the Lin Family's fighters

with tremendous murderous intent.

The Lin Family's fighters were immediately sent flying backward as though they were hit by a speeding car. Their bodies exploded on the spot as they died miserably at the scene, reduced to a bloody mess!

*What?*

The gloating expressions of those at the scene immediately froze at the sudden change; the next instant, they turned together to look at the two scarlet figures.

"It's Dragon and Tiger, the Gods of War!" Everyone froze in an instant as they seemed to have never expected Lin Fan to have brought the two top martial artists along with him.

Even Lin Zekun was stunned at this moment with a look of shock and disbelief in his eyes.

The next instant, his face grew as black

as thunder, for he knew that Dragon and Tiger's presence here meant that God of Blood Prison had decided to shed all pretenses of cordiality and make the Lin Family their enemy!

Just then, Lin Fan slowly helped Bai Yi up while staring at Lin Zekun with his deep, chilling eyes. "You have scared my woman!"

*What?* Lin Fan's words, which held a threatening note, enraged Lin Zekun completely. The latter's eyes blazed with murderous ferocity as he thought, *How dare this good-for-nothing threaten me?*

He said, "Lin Fan, do you think that you can turn the situation around with the help of another two good-for-nothings? In that case, you have underestimated me way too much. They are merely digging their own graves by coming here!"

Lin Zekun couldn't give a d\*mn about Dragon and Tiger. Lin Fan had made a

way of escape for himself, but Lin Zekun had given himself room for maneuver as well.

No one could stop him right now, unless the King of Blood Prison had arrived himself.

He ordered, "Kill them!"

At that moment, Dragon and Tiger were both in a towering rage; they pounced on Lin Zekun without wasting their breath. They wanted to rip this a\*\*hole who dared to humiliate the King and Queen to shreds!

However, there was not the slightest hint of panic on Lin Zekun's face. Instead, his lips curled up into a smirk as he said, "Alright. Since you are tired of living, I'll let you guys have a taste of the Lin Family's real strength today!"

As soon as he finished his sentence, three terrifying figures suddenly darted out together from behind Lin Zekun, charging ferociously at the approaching

Dragon and Tiger!

After two loud thumps were heard, Dragon and Tiger were both sent flying backward before they fell heavily to the floor. As they spat out blood on the spot, they looked at the three figures with fear in their eyes and horrified expressions on their faces.

The three figures were all top martial artists!

Out of the eight top martial artists in China, two of them were under Lin Fan, whereas another three submitted to Lin Fan after he had defeated them. The three figures right now were the remaining three top martial artists who had never revealed themselves prior to this.

Everyone was stunned at this instant as they seemed to have never expected the Lin Family to have brought the three top martial artists under its command.

“G-Gods of War!” Finally, an instantly

ashen-faced Bai Yi slumped to the floor with a flop while looking at the three top martial artists in despair.

The sliver of hope that had just emerged within her had been extinguished completely at this moment.

“Hahaha! Lin Fan, you have the help of two top martial artists, but we have the help of the top martial artists as well! You have made a grave miscalculation!” Wang Mingzhe roared with laughter while looking at Lin Fan as if the latter was dead meat. “Also, we have specially prepared a trump card for you this time to ensure that nothing could go wrong!”

As soon as he finished his sentence, an extremely terrifying murderous aura suddenly spread across the scene.

It was as if the temperature of the place had suddenly dropped to the freezing point. Everyone seemed to have noticed something as they turned to look at a corner with astounded looks on their

faces.

*Thud!* Then, the sound of a walking stick knocking on the ground resounded across the scene.

The sound was followed by a hoary elder, who staggered slowly into the scene with a benign smile on his face. However, he was emanating a terrifying aura that was extremely intimidating.

Even Dragon and Tiger's expressions changed the instant they saw him. "The King of the North!"

This old man was a legend who lived up to his name. He reigned over the North for decades, scaring trespassers away from the North's frontier passes.

Yet, he had chosen to lend his support to Lin Zekun as well?

Bai Yi and her parents were in total despair the instant they saw the elder.

They knew very well how terrifying this

elder was as he had spent decades to stabilize the North, which was the most chaotic territory in China. Because of his efforts, the North was still peaceful and prosperous even now.

They wouldn't stand a chance to win against the three top martial artists—who had defeated Dragon and Tiger—and the elder.

Xiao Youwei and Xiao Tingjun's expressions were positively fiendish at that moment as they guffawed wildly while they said, "Lin Fan and Bai Yi, you both have lost! You are sure to lose! With the King of the North being here, even the God of Blood Prison, who you invited over, has to kneel before him! Hahaha!"

"Not only are they sure to lose, but they're also sure to die!" Bai Yan giggled openly as a gloating smirk hung on her mouth. "Lin Fan, can you continue putting on airs right now? With the King of the North being here, all your backers won't work anymore!"

## Chapter 571 Leave, Both of You!

The King of the North then said with a benign smile, “Dragon and Tiger, both of you are rare talents of China, and I don’t want China to lose two top martial artists for no reason, so... leave, both of you!”
