

You Owe Me, My Love Chapter 55

After Gu Mingchen and Bai Rong gave their statements to the police, they went to the hospital.

As Bai Rong was a doctor herself, she helped to disinfect Gu Mingchen's wounds. Then, she applied medicine to his wounds and bandaged it.

During the entire process, his gaze was fixed intently on her.

Bai Rong was so focused on treating his wounds that her brows were slightly creased and her eyes were already misty.

"What are you thinking about?" Gu Mingchen asked.

"It really seems like nothing good happens to you when you are with me. The other time was a car accident. Now you are injured again." Bai Rong sounded very apologetic.

"Why do I feel like good things always happen when I am with you? If it wasn't for you, we wouldn't have been able to save the hostage in that mission. Also, because of that car accident, I had a good excuse to push away a lot of work I would have otherwise needed to take on." Gu Mingchen wanted to comfort her worries.

"Then how about this time?" Bai Rong asked.

"I was the one who asked you to come along this time. If I were alone, the same thing would still have happened. I wouldn't have known that the two girls were in cahoots with those men. I might have already been dead and not just injured." Gu Mingchen said, as he held Bai Rong's hand.

Bai Rong's heart skipped a beat.

His hands were so warm.

She wanted to pull her hands out, but instead, he pulled her into his arms and held her tight.

“Let me go.” Bai Rong turned, facing the side. She did not dare to look at him.

“I am not letting go.” Gu Mingchen said in his deep voice, while looking at her with his blazing eyes.

Bai Rong’s heart was thumping very hard.

She could feel herself wavering.

She knew he was a good man.

He was the kind of man who shone more brightly than the sun. Even the most eligible bachelorettes would die to marry him.

Bai Rong did not feel worthy of Gu Mingchen’s love.

Ever since they met again, she realized it was getting harder for her to resist his dominance. She kept getting overwhelmed by his strong aura.

Instead of asking for Bai Rong’s wishes like he did at the beginning, Gu Mingchen had already started to do whatever he wanted.

She was really worried that she would commit an unforgivable mistake.

“Gu Mingchen, you know that I’m still not divorced yet right?” Bai Rong went straight to the point.

“I don’t care about a piece of paper. I can render it void right now.” Gu Mingchen let go of Bai Rong and took out his phone.

He made a call.

“Lieutenant Shang, this is Gu Mingchen. Engage the best lawyer in the country to help Bai Rong with her divorce case. I want it settled in one week.” Gu Mingchen commanded.

Bai Rong was utterly speechless.

He looked at her and said, "What other worries do you have? Tell me everything now. I'll get them settled in one go. Bai Rong, stop hiding like a porcupine. I won't allow you to do that anymore."

Bai Rong stood up and said, "We haven't known each other long enough yet. We shouldn't be doing this on a moment of impulse."

Gu Mingchen grabbed Bai Rong's arm and a sharp glint appeared in his eyes. That sudden movement caused his wound to split and the bandage was soaked with blood.

"You have known Su Xuyan long enough right? You have been married for three years. Do you think you are compatible with him?" Gu Mingchen snapped at Bai Rong.

"Exactly! I was married to him for three years and I have yet to figure him out completely. Much less you. I am not looking for something casual. I yearn to have an ordinary life too, with a husband who loves me and an adorable kid. I don't need my husband to be someone with authority, as long as he is responsible towards our family. That's all I wish for." Bai Rong got emotional.

"You mean I can't give you what you want? At least no matter what happens, I will do anything I can to protect you, and make sure you are always safe and taken care of." Gu Mingchen was getting frustrated.

"At least wait till I am divorced! What am I now? I'm still Mrs. Su. I can't get past myself." Bai Rong lashed out.

"OK then. We will get married once you are divorced. It's a deal." Gu Mingchen said domineeringly as he let go of her hand.

Bai Rong was stunned and speechless.

That wasn't what she meant.

She wasn't forcing him to do anything. Bai Rong was getting exasperated.

She knew she had said something wrong again after hearing what Gu Mingchen said.

"Why did you choose me? I'm not good enough for you." Bai Rong said softly.

Even Gu Mingchen himself wasn't sure why it had to be her.

He wasn't able to forget her since that incident three years ago.

He felt even more guilty after knowing that Bai Rong's life wasn't good.

Gu Mingchen wanted to give Bai Rong a good life, to make up for his mistake three years ago. He wanted to be the reason for her happiness for the rest of their lives.

Gu Mingchen glanced at his arm. "Let's discuss this another time. Rebandage my arm for me now."

Bai Rong noticed that his wound was bleeding again.

Indeed, it wasn't the best time to discuss that now. There was still one month to go before she was officially divorced. A lot could happen within one month.

She shouldn't be spending her energy worrying about future events that had not even happened.

As long as he wasn't forcing her, they did not have to talk about that now.

Bai Rong undid Gu Mingchen's bandage, disinfected the wound and put on a new layer of medicine before bandaging it again.

"You have to take some antibiotics. As long as your wound starts healing and you don't develop a fever, you can stop taking the medicine tomorrow. Drink more water too." Bai Rong told Gu Mingchen.

A broad smile appeared on Gu Mingchen's face as he stood up.

"Why are you smiling like that?" Bai Rong looked at him, feeling puzzled.

"It feels quite nice to hear you nag at me. Let's go now. It's late. We still have to wake up early tomorrow morning."

"OK. I'll drive." Bai Rong carried the medicine bag and walked ahead of Gu Mingchen.

The roads of the suburbs were completely empty at this hour.

Bai Rong drove quietly, while Gu Mingchen stole glances at her.

What would it have been like if he had not met her three years ago?

Would Su Xuyan have treated her well?

Bai Rong's phone suddenly rang.

She picked up after seeing that it was Liu Yan.

"Yan, what's up?" Bai Rong asked.

"Rong, I have something to tell you." Liu Yan's voice was barely audible. "I followed Su Xuyan and Xing Jinnian. They went to a deserted area to do that thing. Mwahahaha! I am going to record it now. If Su Xuyan goes back on his word one month later, you can use this as evidence against him. That fella is too much. And that Xing Jinnian is such a slut." Liu Yan carried on.

"You have to be careful. It's so late now and you're alone." Bai Rong was worried.

"What's there to be afraid of? Shen Yiyang is here too. He's the prince. No one would dare to offend him. I'll be fine. OK, I need to hang up now. They are finishing soon. Xing Jinnian is already running out of breath from all that intense moaning. I need to take the video now." Liu Yan hung up after saying that.

Bai Rong squeezed her phone tightly in her hand.

Did that mean she can finally be free from Su Xuyan?

"Are you hungry?" Gu Mingchen's spoke.

Bai Rong did not eat much during dinner just now because of her awkwardness. At Gu Mingchen's prompting, she realized she was indeed feeling hungry after such an eventful night.

"Restaurants and convenience stores would have been closed by now. I have instant noodles in my room. We can just have that." Bai Rong suggested.

“OK.” Gu Mingchen said simply.

As the guest house was quite near the hospital, they reached after a short drive. Right after Bai Rong stopped the car, Gu Mingchen turned her head to face him, and his lips landed on hers.

Bai Rong got a shock. Before she could react, he had already released her.

“Bai Rong, you’re so silly. A person like Su Xuyan is really not worthy of your affections.” Gu Mingchen said meaningfully.

“We were all once young.” Bai Rong sighed.

“Then have you grown up already?” Gu Mingchen continued.

You Owe Me, My Love Chapter 56

Bai Rong did not dare to reply hastily as she could not figure out the hidden meaning behind Gu Mingchen’s words.

“Silly girl. Let’s get out of the car.” Gu Mingchen smiled and touched her nose lightly.

Bai Rong watched as Gu Mingchen opened the car door.

She did not dare to clarify his question. Bai Rong turned off the car engine and locked the car after getting off. She handed the key to Gu Mingchen.

“Just leave it with you first. You can have the car for the time being. You don’t have one anyway.” Gu Mingchen said, as he walked ahead of her.

To Bai Rong, it sounded as though the car was hers now.

“If it’s not convenient for you to drive today, I’ll return the key to you tomorrow.” Bai Rong purposely added.

Gu Mingchen glanced at her and said, "I think you know what I mean. Or would you prefer it if I fetch you to work and back every day?"

Bai Rong's heart did a complete somersault. With her eyes downcast, she said, "This is too expensive. I can't accept it."

"Just pay me back with your body." Gu Mingchen said domineeringly. He looked straight ahead with cold eyes, and started taking longer strides.

That was exactly what Bai Rong felt he had in mind. And that was also the reason why she did not dare to accept it.

However, she was at a loss for words when that thought was actually said out loud.

Gu Mingchen stopped in front of her room door, and Bai Rong was jittery as she opened it.

Gu Mingchen continued having the same cool look on his face as he entered the room.

After they went in, Bai Rong switched on the television and went ahead to boil some water.

Gu Mingchen did not watch the television but browsed his phone instead.

Bai Rong stood awkwardly as she opened up the instant noodles packaging.

Suddenly, she could feel him approaching and her back straightened. She was so nervous she didn't even realize she was holding her breath.

"Why won't you accept my present? Are you also going to return me everything I gave you previously?" He went straight to the point.

It was already tense for Bai Rong just being in the same space as him. Naturally, this feeling intensified as he stood right behind her.

"I don't like to accept gifts from anyone." Bai Rong explained.

Gu Mingchen turned her head to face him.

"We are going to get married. I am not 'anyone'." He said in a deep voice.

"But we are not married yet." Bai Rong pushed his hand away.

Gu Mingchen let out a snort as he saw the look of stubbornness in her eyes. "I'm sleeping here tonight." He said.

"What?!" Bai Rong's eyes widened as she stared at him in shock. She wasn't able to stay calm anymore.

"It's not as though we haven't slept together before. Don't worry. Since I have already promised you, I won't do anything to you." Gu Mingchen said, before turning around. "I'm going to take a shower now." He continued.

Bai Rong stared in a daze as Gu Mingchen walked into the bathroom.

She wasn't worried that he would do anything to her. She was actually worried that her will was too weak and she would do something to him instead.

The more Bai Rong thought about it, the more uneasy she felt.

Anything could happen when a man and a woman were alone in the same room.

Besides, Gu Mingchen had that kind of intention towards her.

If the fire in him got ignited and she relented due to her weakening will, it would be too late for regrets.

Bai Rong decided to take advantage of the fact that Gu Mingchen was still in the shower and said, "I don't think it's appropriate for us to sleep in the same room. The noodles are ready. I'll just sleep in the car tonight."

She started walking towards the door without waiting for his reply.

Gu Mingchen took a huge stride towards Bai Rong.

Bai Rong had barely touched the door handle when Gu Mingchen lifted her up and dropped her on the bed.

When she realized what just happened, Gu Mingchen had already pinned her on the bed, his hand pressing on her shoulder.

Water was dripping from Gu Mingchen's wet hair onto Bai Rong.

His cold and handsome face was taut, and his eyes blazed with anger as he stared at her.

"Are you trying to make me angry?" Gu Mingchen said in a stern voice.

"I... " Bai Rong was at a loss for words as she pushed against his shoulders.

His body was still wet and his shoulders felt cold.

Bai Rong suddenly realized that Gu Mingchen had showered with cold water. A strange feeling arose in her. She felt bad for him. She shook it off quickly and said, "I'm scared that we will do something wrong."

"What will we do?" Gu Mingchen asked, with a dreamy look in his eyes.

Bai Rong was embarrassed. She downcast her eyes and her long lashes covered her eyelids. She looked like a shy bride on the night of her wedding.

Gu Mingchen could feel his abdomen tighten, as a surge of hot blood gushed through his body. He creased his brows.

When it came to Bai Rong, Gu Mingchen did not seem to be able to find relief, no matter how many cold showers he took.

He was just not able to suppress that urge he felt in him.

Or rather, he did not want to.

It's not as though they had not done anything before.

Gu Mingchen leaned forward and kissed her lips.

Bai Rong panicked and tried to push him away.

But Gu Mingchen was as solid as a rock and did not move an inch.

His breathing grew more ragged and fell heavily on Bai Rong's face.

The temperature in the room kept rising.

Bai Rong's head started buzzing. Her hands were shaking and she wasn't able to push Gu Mingchen away.

His strong hands started to trace from her waist downwards.

Bai Rong's body was very sensitive to Gu Mingchen's touch and she could not stop wriggling. While she was doing that, she felt something hard brushed against her waist.

Bai Rong felt that she was inviting trouble. Her struggles were futile.

There was nothing she could do even if Gu Mingchen forced himself on her now.

Would she take legal actions against him? No, she wouldn't. Because even if she did, she knew she could never win against him.

But she wasn't willing to lose herself to Gu Mingchen in this manner.

Gu Mingchen could feel Bai Rong's resistance. With the last bit of his rationality, he stopped his actions. He looked at her with a trace of pain in his eyes and said, "Rong, stop moving. I am not going to enter. But if you keep moving, I might not be able to control myself. Can you trust me?"

Bai Rong was quivering as she looked at him. A layer of mist had already formed in her eyes. Her mind was in a turmoil.

Gu Mingchen did not wait for her reply. He was scared that she would not have said what he wanted to hear. He leaned forward and planted kisses on her forehead, the corner of her eyes, and cheeks.

His kisses were much gentler now.

Bai Rong was afraid to move.

Gu Mingchen switched off the lights and it was pitch dark.

"Gu Mingchen, why did you switch off the lights? I can't see anything now." Bai Rong panicked in fear as she asked him.

"Do you want to see? I can always switch the lights back on." Gu Mingchen said in a hoarse voice.

Bai Rong suddenly realized what he was going to do, and she hurriedly said, "I don't want to see."

"OK. Just remember I will be responsible towards you." Gu Mingchen promised.

Bai Rong could barely make out his silhouette in the dim moonlight. However, his eyes were exceptionally bright, just like precious gemstones glowing in the dark.

Bai Rong could feel her resistance and embarrassment diminishing under the cover of the night. A blush started spreading across her cheeks.

Gu Mingchen was kissing her everywhere. From her cheeks to her lips, and to the curves of her neck. She could constantly feel his warm breaths falling on her skin.

Suddenly, Bai Rong felt a spurt of warm liquid on her legs, and she realized what that was.

Although they had not crossed that final boundary, she still felt uneasy, as though she had done something really bad.

Bai Rong was not able to understand how Su Xuyan could have slept with so many women. Had he not once considered his status as a married man?

Even if he had behaved as though he was single, how could he have not felt any sense of guilt towards her?

Even if he had not felt guilty towards her, then what about Xing Jinnian?

Bai Rong would never be like Su Xuyan. She would never sleep with one man while being in love with another.

"Gu Mingchen, are you done?" Bai Rong urged.

Gu Mingchen merely responded with another kiss on her lips.

Bai Rong's heart was thumping so hard.

Although she had not seen it, she could guess how powerful he must have been.

So powerful that she could feel the force.

It dug up her memories of that mysterious man three years ago.

He was also very powerful. Strong, forceful, and ferocious, just like a beast.

Gu Mingchen's breath was getting heavier and heavier...
