

Chapter 1087

She recalled her face in the past, very sad.

That was more than fifty years ago.

At that time, Mr. Shu was in his thirties and was full of spirits. His career in the military was flourishing.

Elder Shu and his wife are also childhood sweethearts, and the two are in Yemen.

When it was the age to marry; Mr. Shu and his wife got married naturally, and later, they had children.

Happy days are always short-lived, and Mr. Shu returned to work soon after spending time with his wife and son at home.

That year, Mr. Shu went to the Middle East for peacekeeping.

There I met a sojourn teacher who taught piano and painting.

That teacher was from Kyoto. Where did she teach piano and painting at the time, because she liked the scenery of that place in the Middle East and wanted to stay for a while, so she got a job there.

Teach children piano and drawing.

One day, when Grandpa Shu passed by and heard the piano played by the female teacher, he couldn't help but stop and listen for a while. The female teacher who talked about piano also stopped teaching time and chatted with Grandpa Shu for a while.

Seeing a person from one's own land in the Middle East so far, each other is very happy.

That time, the young old man Shu knew that the girl's name was Zhou Qin.

The chat between two people is not deep.

Since then, whenever Mr. Shu passes by Zhou Qin, each other will smile at each other.

That's it.

However, a major incident happened suddenly. Changed the relationship between Mr. Shu and Zhou Qin.

The local peacekeeper Shu was conspired and hunted down by his colleagues. When he had nowhere to hide, he suddenly came to Zhou Qin's residence.

At that time Zhou Qin was going to sleep.

I saw Elder Shu, who was panicking, hiding in the bathing room at the southeast corner of her small courtyard.

At exactly this time, the people who came to search for Mr. Shu also arrived.

In a hurry, Zhou Qin suddenly took off his clothes and hugged Old Man Shu in his arms. The people who came in from the outside looked over, and the two of them seemed to be doing good deeds in the bathroom.

In this way, Elder Shu escaped a catastrophe.

Those who searched for Mr. Shu's footsteps went farther and farther.

But Elder Shu couldn't walk away from Zhou Qin's side.

Perhaps it was the nervous spirit that made him even more exciting.

Perhaps, a man can't hide from such a straightforward display of a young woman.

At that time, the old man Shu was only in his thirties, and he was upright and energetic.

That night, in the leak-catching bathroom in the southeast corner of the small courtyard, it was the first time that Elder Shu and Zhou Qin happened.

Afterwards, Mr. Shu asked Zhou Qin: "Why do you save me in this way, so you are ruined."

Zhou Qin said, "I have liked you since the first time I saw you."

"I have a wife!" Elder Shu answered without hesitation.

Zhou Qin: "..."

It took a while before she said: "I...I know, I am voluntary, it's nothing to do with you."

Elder Shu said in a cold tone: "You know it."

Yubi, he got up and left.

No nostalgia left.

This incident originally passed like this, but more than a month later, Zhou Qin suddenly found Mr. Shu and told her: "I...I'm pregnant."

Chapter 1088

Elder Shu was taken aback when he heard it.

Then, he looked at Zhou Qin very disgustedly: "I suspect that the last time I was chased and killed by a colleague, was it because you were behind it?"

Zhou Qin was stunned when he heard it: "How is it possible? I'm just a sojourner. I have no power and no money. How can I handle such things?"

Elder Shu's tone eased a little: "Are you here to ask me for abortion fees?"

Zhou Qin's eyes were filled with tears immediately: "No...no."

"Then what do you mean?"

Zhou Qin: "..."

"I have a wife, and my wife and I have a very good relationship! We have been married for several years, and I have always been self-disciplined and never fooled around!"

"So, I let you drop the child. I will give you all the money that should be paid. You need me to compensate you, and I can also give you. You count!"

Zhou Qin cried suddenly and sobbed: "I'm sick!"

Father Shu: "You are sick!"

Zhou Qin: "My illness will not survive for ten years! But I don't want to die, I haven't seen the mountains and rivers yet, I haven't traveled around the world, I haven't fallen in love yet, I haven't..."

"I still have a lot of things left to do, but the doctor told me that I can live for up to twelve years."

"Twelve years is enough for me, but if I abort the fetus, I may not survive this operation." Zhou Qin looked at Elder Shu very pitifully.

Elder Shu: "..."

After a long while, he asked: "What disease do you have?"

"Heart." Zhou Qin said.

Seeing that Mr. Shu didn't say anything, and kept silent for a long time, Zhou Qin pleaded very humbly: "I don't want to die. I can live for ten years. I beg you, let me give birth to this child. Okay? Besides, the children themselves are innocent."

Elder Shu said coldly: "Not good!"

Zhou Qin: "..."

"Why are you so cruel?" Zhou Qin asked in tears.

Father Shu said blankly: "If I am not cruel to you, I will be sorry to my wife. My eldest son is only two or three years old. I and I have just received a call from my wife today. My wife already has I was three months pregnant."

"In other words, the day I came to the Middle East, she happened to be pregnant!"

Zhou Qin: "..."

"So, if I am kind to you, it is unfaithful to my wife! I am only loyal to my wife in my life. As for other women, you can give you compensation if you want to compensate, but you can't!"

Speaking of the last, Mr. Shu even said: "In this life, there is only one woman who can give birth to me, and that is my wife!"

At that moment, Zhou Qin's heart seemed to have fallen into an ice hole.

She felt she had a feeling of desperation.

Did she really die like this?

For a short-lived person, let alone twelve years, even if there are twenty-four years, she would not be too much.

However, she only has a life of more than ten years.

Maybe it will be shorter!

Zhou Qin can only race against time.

She openly challenged Mr. Shu, where did Mr. Shu go. It's like an out-and-out oil bottle.

Later, Elder Shu was really annoyed by Zhou Qin, and he said to others: "I was just annoyed by a mistake, made a mistake! You are an adult, whether you are born or not, You should all be responsible for yourself."

"Could it be that I am responsible for your life?"
