

Chapter 1089

Zhou Qin was speechless by Mr. Shu.

After a long pause, she changed to a softer tone and pleaded: "I beg you, help me, give me a name, let me give birth to this child, and then I will divorce you immediately and let you and you Reunited with his wife!"

"You are just a change too!" Elder Shu didn't eat Zhou Qin's style at all.

He shook Zhou Qin away and left in strides.

Exactly three days after that, Father Shu's peacekeeping mission ended, and it was time for him to return to China.

Before Lin returned to China, he didn't take a look at Zhou Qin.

Because I don't think it is necessary.

In his life, it is impossible for him to be responsible to two women. The only person he loved was his wife.

Even if I went back to admit my mistake with my wife, it was excusable in that environment.

From young to old, Mr. Shu is a dare to behave!

Back at home, the old man lost a bit of affection with his wife, looked at his naughty son, and then his wife mentioned it.

The wife cried sadly all night.

Elder Shu stayed with his wife all night.

When his wife cried enough, he said to his wife: "I haven't been distracted by her."

The wife is also a very reasonable person. She cried enough, and put her arms around her husband: "I will face everything with you. If that woman finds it, we two will deal with her together! I don't believe it, she Are you really willing to be a single mother?"

"To put it bluntly, don't you just want money? I will give it!"

However, since then, Zhou Qin really hasn't looked for Elder Shu again.

Because she was pregnant, she was reluctant to fall. Even if she fell, she didn't even have a friend in the local area. Who gave her an operation agreement?

In desperation, Zhou Qin had to return to China.

But on the second day of returning home, Mr. Shu's wife and his wife came to the door happily.

"Zhou Qin is it! I know your family lives in the suburbs of Nancheng."

"I also know that you live abroad, and your cultural attainments seem to be quite high."

"But you are such a well-mannered woman, you even cheated on me and stole my husband!"

Zhou Qin was scolded and immediately shrank in the room and did not dare to come out.

Being scolded is nothing. The most important thing is that as soon as Mr. Shu's wife came to the door, the cousins of Zhou Qin's hometown knew everything. The man and wife who came today must be worth dozens. Hundred million.

Several of Zhou Qin's cousins immediately thought about making a fortune.

Not long after Mr. Shu's wife returned to the large villa of Shu's family angrily, suddenly six or seven men of seven, eight, five, big and rough came to the outside of Shu's villa.

Those men stood at the door and shouted, "I said I laughed, why have I been lazy recently? It turns out that she is pregnant!"

"Please call your man out and let her tell my little sister!"

"Little sister's pregnancy can't be in vain!"

At that moment, Mr. Shu's wife, who was blocked at the door, had nothing to do.

She cried and yelled: "Our Shu family, what did we do wrong!"

Elder Shu said: "You have done nothing wrong, you rest first, your heart is not good, don't get excited and get sick, be obedient!"

Elder Shu's wife listened to her husband's words and wept only by leaning on her husband's shoulders.

At this time, Zhou Qin appeared in front of Mr. Shu and his wife.

Zhou Qin said palely: "I really don't want to disturb you. My cousins have been forcing me for several days, and I didn't say who you are. Why do you take the initiative to make trouble at my house today?"

Chapter 1090

After a pause, Zhou Qin said to Mr. and Mrs. Shu: "The incident has already reached this point. I am already homeless. I implore you to marry me. I don't ask you to love me in the future. I don't ask for anything. I just want to live."

Her attitude is extremely humble.

There were also a lot of onlookers.

Elder Shu was really riding a tiger at the time.

Later, under public pressure, he divorced his wife and then applied for a marriage certificate with Zhou Qin.

After Zhou Qin applied for the birth permit, Mr. Shu divorced Zhou Qin.

Then, he was remarrying his original wife.

Since then, Zhou Qin has lived near Shu's home in Nancheng.

Because Mr. Shu promised to give her some living expenses every month.

Not many digits, but enough for Zhou Qin to live. Zhou Qin can also recruit students, teach piano, painting and so on.

I was pregnant in October and gave birth, perhaps because of the extreme desire to live, perhaps because her physical skills became better adjusted after being pregnant with the baby, or perhaps because Zhou Qin's life was no longer drifting away.

In short, Zhou Qin's body was pretty good this year of pregnancy.

In order to make her a better life, she walked alone every day from five to six months. Until the day of giving birth, Zhou Qin was not accompanied by anyone.

She gave birth to the child.

It's a baby girl.

With a child, Zhou Qin is eager to live even more. She doesn't want too much, just wanting to live another eighteen years to raise the child.

What Zhou Qin looks at his children is more important than his own life.

At the same time, on the other side, perhaps because of anger, anyway, for various reasons, the baby girl born by Mr. Shu's wife died soon.

The child has not been well since he was born, and has been convalescing here in the hospital.

But in the end, he died.

Because a girl died in the family, Mr. Shu's wife hated Zhou Qin more and more.

Every month, when Zhou Qin went to Shu's house for living expenses, he was verbally abused by Shu's wife.

Occasionally Zhou Qin could see Old Man Shu once, but they were strangers.

The only time before the child was one year old to talk to Mr. Shu was when Zhou Qin asked Mr. Shu: "Can my child be named Shu?"

"Whatever you want!" Elder Shu replied coldly.

Zhou Qin didn't care, she just said lightly: "I named Alyce. The qin is my qin, and the sheng is also the sheng of the instrument. Do you think it sounds good?"

"Whatever!"

There were tears in Zhou Qin's eyes: "You, she is also your child, so you don't...don't want to take a look? Even if it's just a look?"

The man smiled coldly.

Then, he jammed Zhou Qin's neck: "Woman! Listen! I'm not you! I can't force you to get a child out of you! You have to be born, don't you mean it to me? Kidnap for life?"

Zhou Qin: "Cough...cough cough..."

Her suffocated face flushed, but because the man got her neck stuck, she couldn't speak.

Elder Shu stuck Zhou Qin for a full minute before letting her go.

Zhou Qin's face changed from purple to red, and then became extremely pale. She shrank to the side, not daring to speak any more.

Elder Shu continued: "You gave birth to the child on your own initiative. Since you are born, you bear all the consequences. The child is not born voluntarily, and I am not willing to give birth to you. Now you want me to pity her? "

"I am a man who has always kept his promises!"

"I am not an irresponsible person, but I am not a softhearted person either!"

"My behavior has always been very fair! Since I have divorced you, I have nothing to do with you!"
