

I' m Sorry My Love Novel Chapter 1496 - 1497

Chapter 1496

Kraig: "..."

He did not expect that, he was always weak, and always just said: "Yes" or "Good Kraig" in front of him. Even if it was the day he was driven away, she smiled and said, "I'll go. Now." The woman who spoke so clearly.

Her mind is spiritual, and her logic is not confused.

Not at all like her who lived with him for seven years.

Not only that, but at this moment Kraig also suddenly realized that everything she said was the actual situation.

Yeah!

You patronized and accused her of having found a new love within four months of leaving you, but why did you forget that you drove her out of the house without hesitation?

When you drove her out of the house, did you think about where she lived?

Have you ever thought that she can't tell the difference between east and west?

Have you thought about how desperate it is to be driven away in a hurry without her ID card with her?

You never thought about it.

Because in your heart, you always feel that she loves you should be due, and if you love her, it is a gift.

Kraig frowned and stared at the woman who was half kneeling on the ground without saying a word.

Her tears never broke.

Her hair was messed up by the wind.

Her face became paler, and there was no blood on her lips. Because she had cried, her deer-like eyes were more misty and incomparably inviting.

Pathetic.

What's more, she was still pregnant for four or five months.

The clothes on her upper body were torn off just now, and two of the openings fell out, and her entire pregnant belly was exposed. Her kneeling posture was just right for her legs to hold her drug delivery. This is even more obvious for this woman. Clumsy, weak, and poor.

When looking at the old fancy cotton trousers on her legs, Kraig wanted to be scraped down by a blade.

That kind of pain is more uncomfortable than death.

Such a beggar-like woman knelt in front of him, looked at him with a full-time glow, and begged him: "Please, okay? You killed me, let go of my Dashan brother, I... ..I'll go with you."

"I'll go with you. Really, real lord, you...whatever you do to me, I am very happy. You just find someone to turn me around, and I like it too. I Like it!" She regained her desire and eagerness.

It seemed that this was the only way to hug his beloved Brother Dashan.

However, the man behind her yelled hoarsely: "Xiaoshan, don't do this, Xiaoshan, you are too bitter, you don't have to beg him for me, we die together, my mother and you, and the child in the stomach, Isn't it okay for us to die together?"

"In this way we are all company, Xiao Shan..."

"Don't beg him anymore..."

Collin's heart was like being dug by a knife.

He had always known Dalia's past, but he did not know that Dalia's past was so bitter.

Now when he heard Dalia crying to Kraig, Collin felt even more that he must protect this hard-working woman.

Especially this woman wants to save him at all costs.

She said that she had never received fair love in her life, so why not?

After working in Nancheng and becoming a son-in-law for so many years, he has always been paying for others, and he still ended up in death.

Not only that, but the mother is also bullied.

It wasn't until Collin met Dalia that he really felt what a good woman was to her.

He Collin lived for more than 40 years, and there was no hope for him to live, but he met such a good woman again. So, no matter if you live or die in the future, what does it mean?

For people like them, being alive is actually being bullied.

Therefore, whether it is life or death, being able to be together and being able to reunite is the most important thing.

Collin roared Dalia loudly.

Dalia cried and burst into tears: "Brother Dashan, don't say anything, Brother Dashan."

"Listen to me, you are only forty years old. If you save three or four years of money, you can still marry a daughter-in-law. Mom wants to hold a grandson. Brother Dashan, you will live in the future. You are such a kind person. Well, you will pay your life for a hundred years, and you will be full of children and grandchildren in the future. At that time, you have to set up a rank for me and burn some paper money. I will be very happy."

At this point, Dalia smiled.

Very happy smile.

Her requirements are very low, very low, very low.

So low, as long as anyone in this world is willing to think of her, she is very happy.

“By the way, Brother Dashan, can you help me change Suzi’s money after I die? Suzi is my Bai Yueguang, the best girl I have ever met in this world, you must help me I returned the money to her. She is also a very bitter girl. She has children, and she will have a lot of money in the future.”

Collin cried sobbing: “Xiao Shan...”

Dalia had already turned her head back, and she looked at Kraig again, pleading more eagerly than before: “Let Dashan brother, ah? Let me go and I will go with you now. Okay?”

“Okay, Lord?”

“Okay?”

“Master?”

She called to his prince once and for all, each sound pierced his heart like a sharp sword.

Kraig was silent for a long time, and finally spoke.

His voice was hoarse and scary.

It was as if his throat was cut by someone just now. The sound of a broken gong: “You...love your brother Dashan very much?”

Dalia’s colleague nodded, and tears fell on the ground: “Of course! Very, very love! So please, Lord...just as I beg you, I really do what you do to me, I won’t resist, really.”

The man bends towards her, his hands suddenly pinched her underarms.

Dalia shrank suddenly in horror.

Then she immediately laughed dryly again: "Yes... you want to... just strip me naked and let them take turns to death me, yes, yes! I... .. I will do it myself."

The man closed his eyes.

The teeth clattered in the lips.

After biting, he said word by word: "You go back."

Dalia thought he had heard it wrong: "You...what did you say?"

"Go back to the man you love." Kraig said.

Dalia suddenly became angry. She looked at Kraig viciously: "You...you still refuse to let him go? He didn't offend you. He didn't know that I was raised by you when he saved me. Pet, he doesn't know, Kraig, why are you killing innocent people indiscriminately? Don't you think I dare not bite to death!"

When seeing a pale smiling face full of hideousness, Kraig suddenly felt that this face was the cutest face in the world.

This is his little woman.

It's just that she will never belong to him anymore.

He missed her for a lifetime.

After swallowing the bitterness in his heart, the man raised his eyes to look at Collin who was shackled by several subordinates in front of him: "Do you love her!"

Collin sneered: "If I want to kill, I will follow you!"

Kraig: "You are indeed a calm and responsible man, no wonder Ah Shan loves you so much."

Collin: "You...what did you say?"
