

I' m Sorry My Love Novel Chapter 1742 - 1751

Chapter 1742

Shang Hongmei looked at Chu Hongfa in horror: "Hongfa, you...you let me go abroad to make money? Not coming back for a few years?"

"Nonsense!" Chu Hong sneered: "If I come back once a month, will I be able to make money?"

"But... what about my daughter?"

"Isn't your daughter my daughter? Shang Hongmei, you are a woman who doesn't even take care of her own daughter, but will sleep with Xiaobai face! Are you worthy of being a mother! Are you worthy!"

"Do you know where your daughter's kindergarten is?"

"Have you held a parent-teacher conference for your daughter?"

"Do you know how many years your daughter has been in elementary school this year!"

Chu Hongfa's expression was furious.

Shang Hongmei was also extremely angry: "Chu Hongfa! Are you speaking human words? I followed you when I was less than eighteen years old, and I was dedicated to living with you! You even gave me a wedding!"

"But what about you?"

“I’m pregnant! But you have an affair with the widow! You and the widow lost all the family’s money! It was those dirty people who infected the widow’s disease! It was the widow who infected you with the disease! It bit you into a waste!”

“Is it my fault?”

“I didn’t leave you for my daughter!”

“You don’t want to go out because of shame! Later, you got sick and couldn’t do heavy work. All the burdens of the family fell on my head!”

“If I don’t go out to work and make money, my daughter will have no money for milk powder, and her daughter will starve to death!”

“Not to mention that my daughter can go to kindergarten and go to school!”

“Chu Hongfa! You are so embarrassed to tell me that you are taking care of your eldest daughter alone? If you are a man, why don’t you go out and earn money to support our two mothers!”

Hearing Shang Hongmei’s anger, Chu Hongfa laughed.

A very rogue smile: “Shang Hongmei, do you think your daughter will believe you if you tell me this? My daughter is my only relative in my life, my sweet little padded jacket.”

“She won’t believe what you say, understand you dead woman!”

Shang Hongmei: “...”

Chu Hong made a sinister smile and said: “Shang Hongmei! I can’t be a man and can’t be with you, but don’t forget that you are always my daughter-in-law! You are mine in life, and my ghost in death. If you dare to give me a cuckold, I will make my daughter not recognize you for the rest of her life!”

Shang Hongmei: “You are so vicious!”

Chu Hongfa: “You just know!”

Shang Hongmei didn't plan to reason with Chu Hong any more: "I'm going to file a lawsuit against you! I'm going to fight for the custody of my daughter! I'm going to leave with my daughter!"

"Okay!" Chu Hongfa immediately threw out a stack of photos.

Shang Hongmei looked at those photos, her face turned red and white.

Those photos are all of her and the little boy in bed.

Each one can kill Shang Hongmei.

"Shang Hongmei! You dare to take my daughter away from me. Tomorrow, these photos of you will be all over the streets and alleys. At that time, the whole village and the whole city will know how flamboyant you are! They can all see you. The light buttocks!"

"Believe it or not, I can kill you?"

"When you die, my daughter is still under my care. Not only that, but after you die, I can't go out to work. Our father and daughter are in the car. After a few years, the daughter may not be able to continue her studies, let alone wear a Beautiful clothes."

"Not to mention let her have a good development in the future."

"Shang Hongmei, in another five or six years, you will see that your daughter is just like you. At fifteen or sixteen years old, she went to nightclubs to seek life!"

"My daughter won't hate me by then. She will only hate her mother for not raising her, and she will only hate her mother for not wanting her since she was a child!"

"Maybe she will marry an old man older than me, and maybe she will make a mistake..."

"No... No Chu Hongfa, no! Don't say it, don't say it anymore!" Shang Hongmei covered her head in pain.

Chapter 1743

She looked at Chu Hong begging: "I beg you don't treat your daughter like this, your daughter is your heart, isn't it?"

Chu Hong sneered: "Of course! My daughter is my life! My daughter is mine, her surname is Chu! She is not yours! You bltch!"

"Listen to me, go abroad to work as a laborer, and after five years, we will earn enough for our father and daughter to owe you what we need to spend and come back. I have already asked you a question. It can be 200,000 yuan a year! In five years, you can earn 1 million yuan. Come back again!"

"otherwise....."

"Okay...Okay." Shang Hongmei promised him with tears in her eyes: "Okay, I'm going to work, isn't it for five years, if I come back in five years and my daughter is half a point, Chu Hong will send me Even if you bite me, I will bite you!"

Since then, Shang Hongmei has been sent to work abroad.

She's not signed for five years.

But eight years.

Because she wanted to keep some of the money for herself, so that she could get rid of Chu Hongfa and fight for her daughter's custody.

In eight years, after she liked a million integers, she still kept 300,000 in her hand.

I originally planned to go back to China to rent a house and find a job, and then take my daughter over to live with her.

She misses her daughter so much.

However, due to long-term labor, missing her daughter, and the lack of good confinement, she fell seriously ill as soon as she returned to China.

The disease lasted half a year.

It has been another year since Shang Hongmei's health gradually improved.

During the year she was sick, she missed her daughter day and night. She wondered what her daughter looked like now?

Big girl, right?

Finally, on the day her daughter took the college entrance examination at the age of seventeen, Shang Hongmei saw her daughter outside the examination room.

After not seeing her daughter for so many years, her daughter has grown into a slim and eldest daughter just as she thought.

gorgeous.

Much more beautiful than her mother-in-law.

When Shang Hongmei was about to meet her daughter, Chu Hong suddenly took her away.

“Shang Hongmei! I warn you! Today is the day of my daughter's college entrance examination, which is very important to her life. If you dare to make her mood fluctuate at this time, I will sue you for harassment and send you to prison! “

We haven't seen each other in 1989, and Chu Hongfa hasn't seen his old age. The clothes he wears are very particular, giving people a very decent feeling.

And the daughter is sweet and dressed in a very foreign style.

Tiantian had a smile on her face, but Shang Hongmei looked at her with tears streaming down her face.

Chu Hongfa was right, she couldn't disturb her daughter at this time, she wanted her to play well and take the university entrance exam.

Shang Hongmei waited for another three days. During the three-day exam, she watched Chu Hongfa send Chu Tiantian to the exam room from a distance from the entrance of the exam room.

Every time Chu Tiantian entered the examination room, she said goodbye to her father confidently: “Don’t worry, Dad! I will definitely be admitted to a key university! I will definitely win glory for my father!”

Hearing such words, Chu Hongfa would burst into tears in an instant, and the situation seemed to be the image of a loving father.

On the other hand, Shang Hongmei, who was watching all this, burst into tears and felt uneasy in her heart.

Does the daughter still know her mother?

She couldn’t see any melancholy about losing her mother, which Chu Hongfa did very well.

Shang Hongmei comforted herself in her heart, the little girl who has grown to sixteen or seventeen years old must be sensible, and she will definitely recognize her as an extremely hard mother.

Three days passed and the exam was over. Shang Hongmei was waiting, and as soon as Chu Tiantian left the school, Shang Hongmei rushed up: “Tiantian, Tiantian, you have already passed the college entrance examination, baby girl, I... ..I’m mom.”

Chu Tiantian’s face suddenly turned from a smile to anger: “Who are you, don’t know you, get out of here!”

Chapter 1744

Shang Hongmei still didn't let go of her daughter, she held her daughter's arms with both hands, and looked at Tiantian expectantly.

The sweet eyebrows and eyes are exactly like when she was sixteen or seventeen years old.

But she is much prettier than Shang Hongmei, who is sixteen or seventeen years old.

Sweet is a carefree, foreign-style dress, like a little princess.

Shang Hongmei had indescribable excitement in her heart, she choked and said incoherently: "Tiantian, I'm mother, don't you know me sweetly, these beautiful clothes you wear are all made by your mother to make money for you. I bought it."

"Sweet..."

Chu Tiantian suddenly pushed Shang Hongmei away fiercely: "You dead woman, why don't you die! Why are you so embarrassed, you have such a thick skin? You bought the clothes I wear for me?"

"A woman like you only cares about eating, drinking and having fun!"

"I only care about myself fooling around to find a man!"

"A woman you don't even know your father! How dare you say that you are my mother! How dare you say that you bought my clothes?"

"From childhood to adulthood! My father took care of me alone! My father made pigtails for me, my father sent me to school, and my father held parent-teacher conferences for me! My father took care of me during the day and picked me up from school, and at night I took care of me. I go to work after school!"

"go to hell!"

"My mother is dead! Dead!"

"You damn woman, I want to stab you to death!"

Shang Hongmei: "..."

The daughter gritted her teeth angrily.

The daughter's hatred of her is like killing her father's enemy.

Shang Hongmei was heartbroken for a long time and couldn't speak. She looked back at Chu Hongfa, who made a pitiful expression.

Even some of the parents who picked up and dropped off their children pointed at Shang Hongmei.

"There is actually such a mother in the world!"

"This woman doesn't deserve to live!"

"Crash to death now!"

At this time, Chu Hongfa also came to Shang Hongmei with tears on his face: "Let's go! Since you haven't taken care of your daughter for so many years, what are you doing with her now?"

"Is it looking at my daughter's good grades in the exam? Is she a university student?"

"So you came to her? Let her retire for you after graduating from college? What are you doing alive for a woman like you!"

Shang Hongmei: "..."

She did not expect Chu Hongfa to say such a thing.

She was speechless for a long time.

Some people beside her are driving her away: "Get out!"

"You can't be considered a person!"

"Old Chu, tell your daughter, you can't give old age to such a woman!"

"I see that she is still very young, let her support herself!"

"roll!"

In broad daylight, Shang Hongmei, driven by a group of people, walked away step by step with heavy steps.

When she looked back, she could still see that Chu Hongfa was pitifully thanking the parents of some of her daughter's classmates.

"Thank you, thank you, my old Chu things have been embarrassed in front of you."

"This woman, she didn't study well when she was young, and I caught her in bed with... and other men. Later, she didn't want to repent and went abroad with that man for so many years. This is not just when I come back, I have to recognize my daughter, how can you say that my daughter can accept it?"

"Yes, yes, old Chu, your daughter is being pulled by you as both a father and a mother. It's not easy for you, but you must not let her recognize her!"

"Hey, Lao Chu is also an honest person. She was too young to find a daughter-in-law back then, and she didn't care about Lao Chu."

"I can't find a young daughter-in-law in the future. If I don't live with you, I will just run away."

"Lessons!"

You speak to these people.

Chapter 1745

Every sentence is stuck in Shang Hongmei's heart.

This afternoon, Shang Hongmei went back to the village where he and Chu Hongfa lived alone, but the villagers told Shang Hongmei that Chu Hongfa no longer lived here.

He bought a house at the junction of Nancheng and suburbs.

There is also a supermarket there, and it has been very good for the past few years.

Shang Hongmei hid in their original poor home alone, holding some of her daughter's small clothes left behind, crying and weeping.

What did she do wrong that God wants to punish her like this?

Lost mother since childhood.

She lived a very poor life with her father. When she grew up, her father married a stepmother and began to abuse her again.

It was not easy to be rescued, but this person has harmed her for the rest of her life.

To this day, her reputation is discredited, and she is accused of being a slut, breaking shoes, and not raising her daughter.

The daughter still doesn't recognize her.

At this moment, Shang Hongmei had the heart to kill.

At this time, Chu Hong sent it.

"I knew you would be hiding here, Shang Hongmei, you brought it all on your own!" Chu Hong, dressed in a smart casual outfit, suddenly appeared in front of Shang Hongmei.

"What did I do wrong? I gave birth to my daughter, and I earned the family property through hard work. Chu Hongfa, what did I do wrong!" Shang Hongmei looked at Chu Hongfa with tears in her eyes.

Chu Hongfa sneered: "Shang Hongmei! You were wrong to flirt with those men behind my back!"

"You're wrong that one man after another likes you!"

"You went out to stock up in the middle of the night! You were carrying such a big bag when you climbed the train. If those men didn't help you, would you be able to climb up?"

"You're having an affair with that damn little white face behind my back!"

"Look at that hotness on your bed!"

“Shang Hongmei, look at your coquettishness! You are born to sell!”

“You’re cheaper than selling!”

“People sell to make money, how about you?!”

“Not only did you open your legs and take the initiative to meet them! You also posted backwards!”

“Do you think your man is dead!”

Shang Hongmei cried and gritted her teeth: “Chu Hongfa, are you my man? We are not married! You are not my husband!”

“So!” Chu Hong sneered viciously: “My daughter is mine, not yours!”

Shang Hongmei: “I want to sue you!”

“A lawsuit? Okay! I’ll put the picture on the judge and see who the judge is looking at!”

“You let it go! You let it go!” Shang Hongmei had already given up.

She just wants to get custody of her daughter now!

She wants to live with her daughter and never be separated again!

Even if the photo of her sleeping with someone else is taken out, even if it is put to the judge!

“A dead woman is so thick-skinned? A dead pig is not afraid of boiling water! Aren’t you afraid that I will spread pictures of you on the bed and pictures of you without clothes all over the street?”

“Don’t be afraid!” Shang Hongmei said with tears of love.

“Don’t you think about your daughter’s feelings?” Chu Hong asked rhetorically.

“Don’t think about it, she is about to go to college. After four years of college, she can find a job in a big company in Nancheng, and then find a decent boyfriend, and then get married and have children. Buy a house in the downtown area of Nancheng, and then have a

baby. Two or three children, live happily ever after. You don't want her like this?"

"Oh! I know! It's not your daughter, it's my daughter!"

"So, you wish that when my daughter is about to go to college, she finds that her mother's clothes are all over the street, and then you wish that my daughter fails to go to college, and that she is mad because of this matter, and her future will be ruined from now on! "

Shang Hongmei couldn't hear what Chu Hongfa said the most.

She hugged Chu Hongfa's leg: "Please stop talking! Daughter... I don't recognize my daughter! Please don't destroy her!"

Chapter 1746

Even if the daughter doesn't recognize her mother, the daughter is Shang Hongmei's weakness.

The last thing she can't hear is that her daughter will be ruined all her life, and her daughter will follow her mother's old path in the future.

She is dead, even if she doesn't recognize her daughter in her life, as long as her daughter can have a good future, she can have a happy

life in the future, get married and have children, and her husband loves her, Shang Hongmei also thinks it's worth it.

Maybe this is her life, Shang Hongmei.

She appointed.

The premise is that the daughter can be happy, be happy, go to college obediently, then work, and find a good man to marry.

"From now on, you will save 5,000 yuan for my daughter every month! Dowry for her in the future!" Chu Hongfa said, looking at Shang Hongmei, who was soft and soft.

"Yes." Shang Hongmei agreed without thinking.

She still has hundreds of thousands on hand.

She is still young now. It is more difficult to go out to work. It is still possible to earn four or five thousand a month.

It's a big deal for her to live frugally. She has no goals in her life, just for the sake of her daughter's well-being.

"However, I have a condition." Shang Hongmei spoke slowly.

Chu Hong sneered: "With me, are you qualified to talk about conditions!"

Shang Hongmei continued: "Open an account, in your and my name, you enter half the password, and I enter half the password!"

Chu Hongfa: "You!"

"If you don't agree, I'll die now!" Shang Hongmei said coldly.

Since her daughter no longer recognizes her, what's the point of her life?

Better to die.

If she can earn a fortune for her daughter for the rest of her life, she is willing to live as a corpse, even if she looks at her daughter from a distance.

Seeing Shang Hongmei's heart-felt appearance, Chu Hongfa had no choice but to agree: "Okay! It's up to you! It's all for my daughter anyway!"

That night, after Chu Hongfa left the village where they once lived, Shang Hongmei was still crying while holding her daughter's little clothes.

Her cry attracted the neighbors who woke up in the middle of the night.

The neighbor's uncle and aunt Shang Hongmei brought her home and gave her some hot water to drink. The uncle comforted her: "Daughter, you are really a hard-working child, how did you meet Chu Hongfa and kill a thousand knives."

The aunt also wiped away her tears: "Don't cry, my daughter. Everyone in the village knows what kind of person Chu Hongfa is. The whole village hates him for the things he did behind your back when you were pregnant."

"Daughter, if you want to sue Chu Hongfa, all of us in the village will testify for you." The aunt was really angry, that was what Shang Hongmei said.

Shang Hongmei shook her head.

"Child, do you still miss that gambler?" The uncle looked at Shang Hongmei puzzled.

Shang Hongmei shook her head: "My daughter... My daughter is so pitiful."

"I haven't been by her side since I was a child in order to support my daughter, and I haven't slept with her in my arms for a month or two."

"Even if Chu Hongfa has a hundred bad, he still loves his daughter. He takes good care of her."

“My daughter is very happy with him. If Chu Hongfa and I really go to court, my daughter’s life will be ruined.”

“I can’t let my daughter go my old way.”

“I don’t want to ruin my daughter...”

The uncle of the neighbor said distressedly: “Daughter, Tiantian, she doesn’t recognize you...”

“It’s okay, it’s okay, don’t recognize it, I... I just need to look at her from a distance, and I’ll be satisfied.” Shang Hongmei said.

Seeing Shang Hongmei like this, the aunt burst into tears: “Hey, this is the mother, not all mothers can die for themselves? Poor Meimei, why are you so miserable, that child? ...Xiao Tiantian is still young, when she grows up, gets married and has children, she will know the difficulties of her mother.”

“Mei Mei, hard-working child, you will definitely do your best.”

Shang Hongmei spent that night at a neighbor’s house.

Chapter 1747

The uncle and aunt of the neighbor made egg noodles for Shang Hongmei early in the morning, and many neighbors came to visit Shang Hongmei.

They all persuaded her to live a good life, and one day she could wait for her daughter to recognize her.

Shang Hongmei’s heart warmed a lot.

It also gave her hope of living.

Since then, Shang Hongmei has stayed in Nancheng.

For four years, she rented a place near where Chu Tiantian went to college, and then found three or four jobs nearby, earning seven or eight thousand a month.

Among them, 5,000 yuan was kept for Chu Tiantian.

Later, Chu Tiantian graduated from university and entered the Fu Group as an intern. After the job stabilized, Shang Hongmei moved house.

However, she would still appear in front of her daughter once in a while, just to give her one more look, even if she took one look and left without saying anything.

However, Shang Hongmei's wishes and hopes were an inescapable nightmare for Chu Tiantian.

She initially chased away Shang Hongmei.

Then scolded.

Afterwards, the scolding became more and more severe.

Later, as long as she saw Shang Hongmei once, she would curse Shang Hongmei to death.

Sometimes Shang Hongmei was also warned that she would call the police!

But even so, Shang Hongmei has never flinched, and she still sees her daughter from time to time.

The people in Murakami felt that Shang Hongmei was too wronged, and they all hoped to help Shang Hongmei be a peacemaker and tell Chu Tiantian the truth.

Ke Shang Hongmei is afraid of hitting Chu Tiantian.

Never answered.

This made Chu Tiantian more and more aggressive towards Shang Hongmei.

Until, when she slapped her biological mother twice in front of so many people and called her biological mother a slut, she completely beat Shang Hongmei's heart to death.

Maybe Shang Hongmei is tired of holding on for too long?

Maybe, because Chu Tiantian has grown up, Shang Hongmei thinks she should be able to bear everything?

In short, Shang Hongmei's heart finally no longer has Chu Tiantian.

But Chu Hongfa and Chu Tiantian were not used to it.

That day, Chu Tiantian slapped Shang Hongmei twice. After Shang Hongmei left, Chu Hongfa repeatedly instigated Chu Tiantian that she must not let Shang Hongmei go. She is a woman with no bottom line, she will definitely slap you. The rich boyfriend took it.

Chu Tiantian believed her father's words and witnessed that Shang Hongmei really took Xu Zeyan away.

Therefore, her hatred for Shang Hongmei was stronger than ever.

But what Chu Tiantian didn't expect was that the people who went to Shang Hongmei's wedding actually had neighbors in the village where they lived as children.

Obviously, these neighbors have a good relationship with Shang Hongmei.

Just like now, Chu Tiantian was standing in this village that she had not been to for more than ten years, watching the old man in front of her reminisce to her the past of Shang Hongmei and Chu Hong and their family of three.

Chu Tiantian could clearly feel that these villagers were very sympathetic to Shang Hongmei.

What the villagers said was the exact opposite of what Chu Hongfa told her when she was a child.

At this moment, Chu Tiantian was stunned.

She was speechless and couldn't say a word.

The old man who told her the past recalled the incident and said to her: "What you are wearing, the money you go to school has raised you so big, and the supermarket that your dad is running now! All the

expenses of your family. It's all your mother's hard-earned money. Your dad is a gambler!"

"Damn you and your dad! Damn!"

Chu Tiantian suddenly shuddered: "..."

Chapter 1748

She had come out of anger.

Originally, it was to denounce the woman who she hated so much that she wished she could be divided into five horses immediately.

But at this moment, the whole village is blaming her.

"Every mouthful of milk you eat is earned by your mother!"

"Your mother was tricked back by your father! She was a child when she gave birth to you, and she was not yet eighteen years old! Your mother gave birth to you on the birth bed! Your father was fooling around with the widow Hui!"

"The brown sugar eggs that the village gave to your mother, but your mother didn't eat a single bite. They were all exchanged for money by your father, gambling!"

“Your mother is so skinny without a sip of milk, you are so hungry and howling!”

“Your mother took you to wash dishes for others in the winter before she was born, and made four or five hundred yuan a month, all of which bought milk powder for you!”

“When you’re a little older, she’ll carry you around to do odd jobs! Later, it was really unsafe to hold you, so she put you at home!”

“If she doesn’t go out to work, your whole family will starve to death!”

“starve!”

“Your father! Goddamn father! He had an affair with a widow, and the widow bit off that thing in one bite! From now on, he is no longer a man! Do you want your mother to be a living widow at the age of twenty?”

“The reason why your mother didn’t remarry is because of you! For you to have a healthy family with father and mother!”

“Your father’s widow got sick, the widow died, and your father took blocking drugs! Don’t you know?”

“So many years, 20 years, your father’s money for taking medicine is all earned by your mother!”

Seeing your words and my words of condemnation from these people, Chu Tiantian felt that she had fallen into an abyss.

“Do you think that your mother went to the Fu Group to find you to stop you and hinder your happiness? But do you know that Xu Shao was a playboy in Nancheng seven years ago, and how many women did he play with?”

“Xu Shao is ten years older than you! A full ten years old!”

“Your mother was bitten by a snake once, and she was afraid of the rope for ten years! She was deceived by an old man like your father! She deceived her for a lifetime and drank her blood for the rest of her life! She is a woman who is about to be deceived by your father and daughter. Squeezed dry!”

“As a result, you beat your mother!”

“Hit her in the face! You are so good!”

“Sweet, you and your dad are damned!”

“Don’t bother your mother in the future. She is married. She will be with your father and daughter in the future. It doesn’t matter! Haven’t you always hated her anyway? You are twenty-two years old, and you don’t need her to give it to you. The alimony is up, so if you want a face, you will be embarrassed to disturb her!”

Chu Tiantian: “...”

In fact, her mother gave her 5,000 yuan a month, she always knew.

Moreover, she wants peace of mind.

Every time she receives money from her mother, Chu Tiantian will be very happy and say to her father: “Dad, look, the money sent by that girl has arrived again, Dad, it’s so easy for her to send us money, we shouldn’t ask for five Qian, we should ask her for ten thousand! Squeeze her out!”

In fact, in the next two or three years, Shang Hongmei gave her 10,000 yuan every month.

In fact, Shang Hongmei had wanted to have a good talk with her countless times, but most of them were scolded away by her.

Occasionally, she would scold Shang Hongmei severely.

However, Shang Hongmei never said anything unpleasant from Chu Hong in front of her.

It was Chu Hongfa, who taught her that her mother was a broken shoe from childhood to adulthood.

Her mother doesn’t care about her daughter’s life or death.

Her mother fooled around with men.

original.

It turned out that the whole village knew that it was Dad who was wrong in the first place.

Turns out my dad was a gambler.

Turns out my father was sick.

Dad has been taking medicine all the time, and the monthly medical bills are very expensive, she has always known.

She asked what her father was sick with?

Why have you been taking medicine for so many years?

Her father told her: "It was a liver disease. He was overworked when he was young, and he was accidentally infected when he was weak. Since then, he carried it for life. Because he was too tired when he was young, his disease was more serious. It takes expensive medicine every month to keep it under control."

Chapter 1749

It's not actually liver disease!

It's actually sick!

"You are nonsense! You are all nonsense! My father's illness is obviously tired. He brought me up alone. He is both a father and a mother. He is very hard! His illness is tired!" Chu Tiantian cried Yell at the crowd.

The sneer of those present.

Especially the younger ones.

"Aren't you hiding your ears and stealing the bell? You'll know what's wrong with your father when you go to the hospital for a check up!"

"Don't forget, your father has a disease, but your mother doesn't! The reason why your father was infected was because your father was infected outside while your mother was pregnant with you!"

“If you’re talking about spending ideas outside, your dad is earlier than your mom!”

“Your dad did that!”

“Your mother is really pitiful. If she doesn’t look outside, should she be a widow in her early twenties for the rest of her life?”

“Besides, is your mother keeping it? Your father didn’t even give your mother a wedding! He didn’t even give your mother another marriage certificate to this day!”

“She’s looking for a man outside, and she’s not breaking the law at all!”

Chu Tiantian: “...”

She doesn’t know how she got out of that village.

Her mind went blank.

The whole person went home in a daze.

Then I saw my father holding a beer.

“You’re back?” Chu Hongfa asked.

Chu Tiantian replied mechanically: “Yeah.”

“That b!tch woman’s wedding is over?” Chu Hongfa asked again.

Chu Tiantian: “I don’t know.”

Chu Hongfa stood up immediately, he staggered unsteadily, and looked at Chu Tiantian with red eyes: “Didn’t you go to sabotage that woman’s wedding? Good daughter! No matter how she looks for her, she is your father and my wife! She has brought me too many green hats in my life!”

“Not only does she cuckold me now, she even robs your boyfriend.”

“She’s not a person, she’s a devil!”

“I can’t find such a bad woman in the world!”

“Daughter, you must not let her succeed...”

Chu Hongfa’s hatred made the soles of Chu Tiantian’s feet feel cold.

She looked at her father with strange eyes, and asked abruptly, “Dad, how many years have you been sick?”

Chu Hongfa wasn’t actually drunk.

His illness can’t drink.

All he drinks is to pretend to be pitiful in front of his daughter and make his daughter hate Shang Hongmei even more.

He didn’t expect that at this moment, his daughter suddenly asked him about his condition.

Chu Hongfa’s usual image of a loving father is pitiful: “Hey, Dad, I’m sorry, your mother just gave birth to you and didn’t care about you. When you were young, Dad would carry you on his back when he went out, and gave people to people during the day. Dry goods, not enough money for your milk powder, so I don’t work day and night.”

“It was during that time that I was infected with this disease when I picked up another person’s leftover head and porridge to eat.”

“Since then, it has been carried for life.”

“My dear daughter, why did you suddenly remember to ask Dad this?”
Chu Hongfa looked at Chu Tiantian with tears in his eyes.

This time, Chu Tiantian didn’t hug her father and cry.

She said to her father word by word, “I went to the countryside where we used to live today.”

Chu Hongfa: “...”

“Your disease is the kind of incurable disease that the widow in the same village passed on to you, right?”

Chu Tiantian grabbed her biological father viciously and asked through gritted teeth, "You've been lying to me!"

Chapter 1750

Chu Hongfa's eyes dodged everywhere: "You, what are you listening to the nonsense of people outside?"

"Dad!" Chu Tiantian's tears fell instantly: "There is no impermeable wall in this world, not to mention the things that the whole village knows, do you think that if you moved with me, I will never know it for the rest of my life? "

With a trembling voice and a crying voice, Chu Hong simply confessed: "Dad brought you to move not because I want to hide something from you, but because I want to give you a good learning environment. You know the quality of teaching in our countryside."

"I, I'm already a waste. I can't have anything to do with women in my life, and I can't have a second child. You are everything to my father. Of course, my father doesn't want you to study in the countryside."

"Dad wishes you well and a happy life."

"Dad knows that Dad is selfish, has a bad personality, and is a person who has no credibility at all!"

"But I'm being selfish, what are you doing!"

“I have nothing in my life! There is only one daughter! Your mother! That stinky woman! I can already see the result since I became a cripple from the very beginning. Your mother will never live with me for the rest of my life!”

“Since it’s been doomed to a woman who doesn’t belong to me, why should I spare her?”

“I just want to do it all the time, I just want to drain this woman and serve my daughter for the rest of my life!”

“I’m selfish! I’m a bad guy, what’s wrong!”

“Dad has deposited five million for you in your bank card, and it’s already five million, baby! Even if Dad dies, you can live well in your life. Don’t feel sorry for Dad, Dad takes medicine. I’m already tired of eating!”

Chu Tiantian: “...”

At this moment, Chu Chu’s pitiful and extremely rogue biological father in front of him really makes Chu Tiantian love and hate!

He is abominable and unforgivable.

But behind closed doors there were only the words of their father and daughter, but what Chu Hongfa said was a fact.

Even if he doesn’t treat Shang Hongmei like that, Shang Hongmei will leave Chu Hongfa sooner or later.

Then Chu Hongfa simply didn’t do it again and again, and squeezed Shang Hongmei dry.

At least in this way, he can accompany his biological daughter day and night, and he can also have no shortage of money to spend.

Kill two birds with one stone.

It’s sinful and wicked, but in this world, who isn’t someone who doesn’t do things for themselves?

Isn’t Shang Hongmei also for herself!

The child is her own!

If it were any outsider, how could he threaten her?

In Chu Hongfa's eyes and hearts, he doesn't speak the way of heaven and humane, he doesn't think about how innocent Shang Hongmei is, he doesn't think about the reason why he became a crippled person is not Shang Hongmei He became.

He would never think about Shang Hongmei's grievances, the family love that Shang Hongmei had lost in her life, the youth she lost, who should she turn to to get it back?

Chu Hongfa will not consider these!

He only considers that he and his daughter can rely on each other, and in a few years' time when his daughter gets married and has children, he, the grandfather, can take care of his grandchildren with peace of mind, so that he will grow old very happily.

Not only did Chu Hongfa think so, but even Chu Tiantian thought so when she saw such a frank father at this moment.

She cried and squatted down to help Dad up: "Dad! I have no feelings for that woman!"

Chu Hongfa: "..."

After a pause, he asked excitedly, "Sweet...you, are you telling the truth? You...you won't leave dad?"

Chapter 1751

Chu Tiantian cried and laughed: "Dad, when other people's children woke up, their mother was by their side, but when I woke up, my father was always at my bedside coaxing me."

"It's my dad who tells me stories every night before going to bed."

"My first braid was ugly, but I liked it because it took my dad over an hour to braid it for me."

“I still remember the first time I had my period. Dad, you were afraid that I would be shy, so I asked my neighbor’s aunt to stay with me for a few days. The aunt next door was going to work, and I was reluctant, so you gave it to the aunt next door for a month. wages as remuneration.”

“It’s you who missed a lot of notes about the first period on the Internet, and then told the aunt next door, and then asked the aunt arm to tell me.”

“Although I only have my father, my first period was very smooth.”

“All my classmates envy me. I have a good father. My father has never been absent from every parent-teacher meeting.”

“Although I don’t have a mother, my life is not melancholy or sloppy at all.”

“Dad, I only have dad in my heart.”

“Without that woman, I have no feelings for her!”

When Chu Tiantian said this, she kept crying.

She kept saying in her heart, “Shang Hongmei, I’m sorry!”

“Let our father and daughter owe you all in this life! I can’t abandon my father and go to be with you, because I have no relationship with you. In my heart, there is only father in my world. Dad has been dependent on each other for more than 20 years, and I can’t let go.”

“Everyone is selfish!”

“My dad is a selfish stinker!”

“I’m my dad’s daughter, and I’m a selfish stinker too!”

“I’m sorry Shang Hongmei! You stole my boyfriend, even if it’s compensation for you!”

She thought so silently in her heart.

The guilt towards Shang Hongmei also slowly disappeared.

Chu Tiantian helped her father up, cried and said to him: “Dad, don’t hide your illness from me in the future, I know, I will face it with you, now this disease is no longer fatal, as long as If you take medicine on time, your lifespan will be no different from that of a normal person, you are just a carrier of germs.”

“If you take expensive medicines, you won’t even have side effects.”

“Dad, I know that the biggest side effect of this drug on people is to disturb your nerves, and the most common one is nightmares at night.”

“I finally understand why you often wake up from dreams at night.”

“It turns out that you were taking cheap drugs.”

“Dad, don’t worry, if your daughter is here in the future, I will never let you take cheap drugs...”

“No, I can’t, Tiantian, I can’t!” Chu Hongfa immediately stopped Chu Tiantian: “The five million is the money that Dad saved for you after suffering for a lifetime, and that money is reserved for you to get married and buy a house. It can’t be used to buy medicine! Dad has been taking this medicine for more than 20 years, and it has been fine!” Chu Hongfa tried his best to stop his daughter.

But Chu Tiantian shook her head: “Dad, our money won’t change, it’s my daughter’s dowry, and it’s also Dad’s pension money. Of course we can’t use this money, but since my daughter knows about your illness, of course it can’t be used any more. I have another way to make you suffer the pain of the vice president of medicine.”

Hearing her daughter say this, Chu Hongfa became even more anxious: “Tiantian! Sweet! Don’t do stupid things! Dad doesn’t want expensive medicine, don’t eat it! Don’t learn from your mother, don’t learn from Shang Hongmei, the woman who hurts. Go sit and lift, even if your father is dead, you won’t allow you to do that! If you dare to sit and lift, I will die for you right away!”

Chu Tiantian immediately cried: “Dad, you have done everything possible to protect me for the rest of my life, so that I can go to university and have a good future. How can I go to sit and lift, and how can I give up on myself?”

“Then you...” Chu Hongfa didn’t understand.

Chu Tiantian immediately sneered fiercely: “That’s not it, there’s Shang Hongmei, she’s married to a rich man now!”
