## Chapter 1802

“Fourth Young Master, Fourth Young Master, you... What’s the matter with you? Fourth Young Master?” The old butler saw the fourth Young Master’s entire face turning black in an instant, and the blue veins on his forehead jumped violently.

“Fourth Young Master?” the butler shouted again.

The four young masters look very scary.

He carefully picked up the broken mobile phone that fell on the ground, wondering if it should be given to the fourth young master.

Seeing that the fourth young master’s face suddenly turned extremely ferocious, he turned around and strode to the old man’s hospital bed, raised his hand and grabbed the wires connecting all the medical equipment.

Violently live in the hand.

If all these lines are torn off by him, the fourth young master will be suspected of killing his grandfather again.

“Fourth Young Master!” the butler couldn’t help shouting.

He didn’t completely feel sorry for the old man lying on the hospital bed.

Part of the reason for him was that he felt sorry for the Fourth Young Master.

The fourth young master has always been miserable since he was a child, and the old housekeeper couldn't bear to see it.

He watched helplessly as the hands of the Fourth Young Master grasping the lines were shaking and exerting force, and the veins on his wrists were bulging out like the veins on his forehead.

It showed that Arron was extremely angry.

"Fourth Young Master, my domestic servant said something I shouldn't have said Fourth Young Master, the old man will die soon, why should you..." The old housekeeper looked at Arron sincerely.

Arron was stunned for a moment, then let go of those lines, turned around and walked out.

His steps were quick and impatient.

Before the old housekeeper could react, Arron ran out.

The old butler never knew what happened to the Fourth Young Master?

It must be a big deal.

Although he hasn't said a word so far, the old butler can also feel that it must be a big deal.

He immediately chased out: "Fourth Young Master, Fourth Young Master, your mobile phone."

He seemed to be able to hear someone shouting on the other end of the phone, but he couldn't see it on the phone screen, and the person on the other end of the phone was also impatient: "Fourth Master, Fourth Master, what's the matter with you, Fourth Master, are you listening? What's the matter? Fourth Master?"

The old housekeeper ran out with his mobile phone, but saw Arron, who had already run far away, suddenly stumbled a little.

“Fourth Young Master, you...Are you feeling unwell?” the butler asked running behind.

Before he could reach Arron, he suddenly saw a burst of blood spurting out of Arron’s mouth.

The blood spurted out like a pillar: “Pfft...”

The blood from Arron’s mouth was sprayed on the ground of the hospital.

“Fourth Young Master...” The housekeeper supported Arron with great distress.

“What happened, Fourth Young Master, you... What’s the matter with you? Fourth Young Master, the entire Fu Group and the entire Fu Family are counting on you. What’s wrong with you?”

Arron’s face was extremely pale, but his eyebrows were wrinkled.

He seemed to be looking for something.

After a few seconds, he said in a low and quiet voice: “Mobile phone, mobile phone, give me your mobile phone.”

The housekeeper immediately took out his mobile phone and handed it to Arron: “Here.”

Arron trembled with his fingers trying to dial a group of numbers, but he couldn’t press the wrong button.

The housekeeper immediately called the phone: “Fourth Young Master, you give the number, I’ll help you call.”

Arron said a set of phone numbers in a faint, soul-like tone.

The other end was quickly connected, and the tone from the other party was very cruel: “Who are you! Are you the only one who kidnapped!”

housekeeper:”.....”

OMG!

only!

little princess!

The only next generation of the Fu family.

Kidnapped?

In an instant, the housekeeper knew why the Fourth Young Master became like this and why he vomited blood.

He immediately said to the other party: "Yan...Assistant Yan, I know it's you, I'm the housekeeper, the fourth young master's mobile phone was broken, it was called with my mobile phone, and I will put it in the fourth young master immediately. by the ear."

Here Arron has already spoken.

## Chapter 1803

The voice was like a bomb: "Christopher! Quick! Block off the whole city, including the sewers!"

At the other end, Christopher immediately said, "Yes, Fourth Master!"

"Not a single fly can be let out!"

"It's the fourth master!"

"Wait!" Arron poured Christopher again.

"Fourth Master?"

"Call all the staff of the Fu Group immediately, and stop the work at hand now! Everyone, everyone in the Fu Group, including the cleaners, all dispatched, search the whole city, and don't let an inch of the place go!"

"Yes, Fourth Master!"

"Tell them that today's search salary is a hundred times as much as usual!"

“No no no, a thousand times, no, ten thousand times, everyone is ten thousand times!”

“Also, and Christopher, you are very good, but if you find the only employee of Shen, he will get half of the Fu Group’s property!”

Christopher: “...”

“Go!” Arron roared with trembling throat.

“Yes, Fourth Master!”

After closing the line, Arron handed the phone to the housekeeper in a decadent manner.

He was already unsteady walking, and the key to carefully supported him, helped her to the bench and let him sit down.

Arron looked at the housekeeper with a pale face.

“Fourth Young Master, you...you have to calm down, the little princess will be fine if she is so excited, she will be lucky.”

Arron looked at the housekeeper and asked quietly, “You... have you seen my daughter?”

“See... the one who has seen the little princess, Fourth Young Master.”

“My daughter is lost.” Arron said.

The housekeeper’s distressed eyes turned red: “Fourth Young Master, you have to calm down.”

“My daughter! Lost! It’s gone!”

housekeeper:”.....”

“You still don’t go to my daughter, what are you doing here! I ask you what are you doing here! Go and find my daughter!”

housekeeper:”.....”

He looked at Arron very sadly: "Fourth Young Master, you have to be calm, you must be calm, if you are not calm, don't say send 100,000 people, even if you send 1 million people, who will they listen to? command?"

"Fourth Young Master, for the sake of the little princess, you have to calm down, Fourth Young Master!"

Arron: "..."

After a long pause, he said quietly, "Thank you, you are right, thank you."

Yu Bi, he got up, leaned against the wall, and looked at the housekeeper: "Drive, take me home."

The housekeeper immediately said, "Okay Fourth Young Master."

The housekeeper drove Arron all the way to the house. At this time, he had to go home. He still had a wife. He didn't know what happened to his wife. He had to go home first to have a look.

Go upstairs, the door opens.

It was Suzi who greeted him.

Shen Xiangyuan's gentle and indifferent face became extremely pleasant when he saw Arron: "Shaoqin! Why did you come back so early today? Did you figure it out and want to visit your father and grandparents, so come back earlier? Pick me up and the only one?"

"But the only one hasn't come back yet. I guess he will run to the hospital as soon as school is over. This little thing recently kissed Aunt Shanshan and Auntie Shanshan."

When he heard Suzi say this, Arron was bleeding.

How to tell her?

Her darling, the treasure she has lived through, her child, was kidnapped, and is now whereabouts unknown?

What is he going to tell Suzi?

At this moment, Suzi's cell phone rang.

She connected immediately: "Hello, who is it?"

On the other end of the phone came Pan Haoyang's incomparably calm tone: "Suzi, how are you? Let's reunite for a while, the only one here is me, she misses her mother."

Suzi: "You... what did you say?"

### Chapter 1804

Immediately afterwards, Suzi's voice suddenly became rough, like a black old man's voice: "You! Say! What! What! Pan Haoyang, you devil, what did you say!"

"Don't be sad about Suzi, don't be sad." Hearing Suzi's voice suddenly became extremely desperate, his voice became hoarse in an instant, and Pan Haoyang at the other end was also extremely sad.

He even regrets it so much until now that he held the only one hostage.

Regret using the only blackmail to blackmail Suzi.

He was afraid that Suzi would have another miscarriage after eight months of pregnancy.

He was afraid that Suzi would die.

At this moment, Pan Haoyang's desperately authoritative Suzi: "Don't be afraid, really Suzi, don't be sad, the only one here will be fine with me, you know, don't you understand me? You know I will take care of me with my life. The only, I will not let the only one be wronged, Suzi, don't worry, don't be afraid!"

"Okay, okay, okay, okay!" Suzi said repeatedly: "Okay Pan Haoyang, I'm not worried, I'm really not worried, you... let me listen to the only voice, you Let me hear it!"

Pan Haoyang immediately said gently, "Okay."

After a few seconds, Shen Weiyi's voice came from the phone:  
"Mom."

The little girl is lighthearted.

Like nothing happened.

"Mom, I'm here with my uncle. It's my uncle. I told my uncle that he and my father were born by the same mother and father. He and my father are still twins."

Suzi tried her best to suppress her crying. She tried her best to calm her voice and shouted: "The only one, tell my mother, you... Are you okay now?"

"Okay, very good, Mom." Shen Weiyi smiled lightly.

At this moment, even Pan Haoyang couldn't tell, in fact, Shen Weiyi's cry was stuck in his throat.

She herself didn't know if she could control the way she wanted to cry.

But she really took control.

Compliment yourself in your heart.

Shen Weiyi is great!

The moment she was hijacked into the car, she found out that she had been deceived by her grandfather.

In the end, she Shen Wei was too stupid and too young.

Will be deceived by the old fox grandpa.

Thanks to her showing off to people everywhere, she is the only one who has a grandfather.

Kui she also shows off!

She knew very well that she had been kidnapped, and she was scared, but what she feared most was that her mother was pregnant and was about to give birth. Originally, Shen Weiyi didn't know how difficult and dangerous it is to be a mother to give birth to a child, but Shen Weiyi just saw Auntie Dalia giving birth a few days ago. Auntie Dalia climbed out of the heap of death.

So Shen Weiwei knew that if the mother learned that she was being held hostage when she was about to give birth to the baby, the mother would definitely die!

Shen's only fear was suddenly replaced by a more fearful thing that his mother might die.

No!

She is six years old!

She can remember many paths.

She can't let her mother worry about her!

Therefore, it was very sad and sad, and Shen Weiyi, who wanted to cry very much, held back everything.

She was extremely cheerful in front of Pan Haoyang.

Like an ignorant little kid.

Of course, this is also partly due to Pan Haoyang's credit.

Pan Haoyang was really kind to her.

In this huge hotel, the room is full of toys.

Uncle is still as good to her as he is in Jiaying Island.

This made Shen Weiyi feel much more at ease.

So at this moment, when she calls her mother, she can better hide her fears and sentimentality.

“Mom, I dream about my Uncle Haoyang every day. I finally saw Uncle Haoyang today. Mom, I’ll go back after playing with Uncle Haoyang for a while. Mom, you don’t have to worry about me.”

“Well, um, mother doesn’t worry about your baby, you have a good time, you can call Uncle Haoyang.” Suzi said to Shen Weiyi.

## Chapter 1805

“Well. Uncle, here it is, my mother will let you talk.” Shen Weiwei gave Pan Haoyang the phone.

Pan Haoyang took it and said, “Suzi.”

His throat choked up when he called out the name.

For more than half a year, he didn’t miss Suzi for a day, and he didn’t want to hear Suzi’s voice for a day. At this moment, he finally heard Suzi’s voice.

Maybe it won’t be long before he can see Suzi.

This wish finally came true.

Even if it costs him the entire island.

Even 900 million will make her go to waste!

As long as I can live with Suzi in the future, I can watch the only one grow up day by day, and, Suzi is about to give birth, and have another child?

Isn't he Pan Haoyang's?

He doesn't mind!

What's the difference between Arron's and his Pan Haoyang's?

It's his nephew and niece!

He will love them with his life.

No one knows that he, Pan Haoyang, has grown up since he was a child, and he doesn't care about money or fame and fortune, and he doesn't want anything!

He just wants a warm little home!

The family members have parents, children, harmony and harmony.

That's all.

That's all!

"Suzi..." Pan Haoyang's voice was gentle like a poem.

Listening to Suzi's ears, he didn't feel that he was a change at all.

Instead, Pan Haoyang said first: "Don't you think of me as too good? I don't change, my heart is very healthy. Before I left, I even saved a million for my other little niece, Pan Mingsai. I just want her to study well."

"I'm not a changer."

"I just...I have no family. I was thrown away when I was born. I never knew that I was better looking than my three brothers, why my parents didn't like me so much until you attacked. Jiaxing Island, I understand why."

"I don't understand, why did you leave me on Jiaxing Island when you gave birth to me?"

"Leave me and ask my opinion?"

“No one knows, I’d rather die, die with my mother, and my brother, and I don’t want to be left on Jiaxing Island alone.”

“Do you know how much I long for a family, a warm family?”

“Suzi, come with me, I know you love Arron very much, but he can’t give you all of his, he has a brother to take care of, and he has a huge Fu family, you are eight months pregnant, but every morning he going out at five o’clock and arriving home at eleven o’clock at night, he is not a good husband.”

“I’m the!”

“From now on, follow me, I will take care of your delivery, and I will support you every step of the way.”

“Come with me, I’ll take you and the only one, let’s go to that small island, let’s go to plant flowers and grass for a lifetime, follow me with the number?”

Speaking of which, he was very sincere.

Suzi bit her lip hard, the bloodshot had come out, she said with trembling lips: “Okay, okay Haoyang, okay, I’ll go with you, where are you, I promise to follow you.”

“Really?” Pan Haoyang was a little disbelieving.

“Of course it’s true, I know you definitely don’t believe that I don’t love you, and I really don’t love you, but the only one is with you, and I will definitely go with you, where my only one is, I will be there.” Suzi said.

Pan Haoyang’s voice suddenly choked up: “Suzi, I knew I was right, you are a good woman, you are worthy of my life to treat you, I know that you are a woman who will not abandon her children.”

“Tell me, where are you?” Suzi said.

“Arron is by your side?” Pan Haoyang asked rhetorically.

Suzi: “...”

She glanced at Arron.

Arron immediately answered the phone and said in a very calm tone, "Hao Yang, the entire Fu Group is here for you. I'll leave the house."

### **Chapter 1806**

At the other end, Pan Haoyang asked calmly, "Then what?"

"The only one is my daughter, and Suzi is my wife." Arron said.

"You fart fart fart!" Pan Haoyang suddenly got angry!

Arron: "..."

At this time, a fishy and sweet thing rushed up from his throat, and he knew it was blood.

He forcibly swallowed the sweetness.

He has been decisive in killing in his life, and he has seen life and death scenes countless times, but this time he really couldn't hold it anymore.

He felt that there was a knife now, and the bright knife was in his heart, stirring up and down.

He was twitching in pain.

But he can't.

The wife in front of me is about to give birth.

His precious daughter is still in the hands of Pan Haoyang.

He can't do anything.

He can only be calm.

Just be calm!

He was quietly listening to Pan Haoyang getting angry.

“Arron! Do you think I'm scarce in money! I've never been short of money since I was a child! I, Pan Haoyang, have no other skills, and I still don't force you to be short of money! I'm not short of money! I don't even want that from you. What bullshit Fu Corporation!”

“You know what I want?”

“You do not understand!”

“Because you are cold-blooded! You are a ruthless and ruthless thing!”

“You're fucking thirty years old, are you a man!”

“Your eldest daughter is six years old! You don't even go to kindergarten to pick up a six-year-old child! If you pick her up from school, even if I have the ability to go to heaven, I can't do it!”

“And Suzi!”

“Arron, you bastard! Bastard! You were heartless enough for her seven years ago! Do you think I don't know?”

“She just got out of prison, what you did to her! Those insults! Because Suzi loves you, she can forget it, but I won't forget it! Arron, you don't deserve Suzi at all! You don't deserve it!”

“She's pregnant with your baby! She's been very nice to you from the start!”

“Being good to mom from the beginning!”

“But what did she get from you!”

“What you get is six years of pursuit! Six years!”

“Arron, you are not human at all! Are you worthy of Suzi’s love? Are you worthy of letting her have two children for you?”

Pan Haoyang angrily accused Arron on the other end of the phone.

Here Arron listened very calmly.

He did not refute Pan Haoyang.

Not because he forced himself to be calm.

However, what Pan Haoyang said was the truth.

Back then, when Shen Xiangshang was in prison seven years ago, he saved Arron’s life. If not for Suzi, Arron might have died long ago.

However, as soon as Suzi was released from prison and walked out of the gate, he was already under his control.

She was destitute.

She was cornered.

She didn’t even have the money to go to the hospital for a maternity check.

She humbly asked him to borrow money, but he never once lent her money in the true sense.

She was so poor that she could only sit on a flower bed at night, causing a fever the next day.

At that time, she was pregnant with Arron’s child. She endured the pain of fever and did not use antibiotics for the child in her stomach.

She fought against the whole of high society alone.

She regarded her death as a return, but at the most critical time, she fought for the father of the child for the child in her womb.

In the end, she still had to flee for six years.

Six full years.

through hardships.

Nine lives.

Of course Arron knew this.

Pieces of piles are clearly visible.

## **Chapter 1807**

Otherwise, he will use his life to fight for the Fu Group, and the entire Fu Group will exchange for Shen Weiyi, and also Suzi?

However, Arron didn't say anything at this moment.

She was still waiting for Pan Haoyang to yell at the other end of the phone.

“Arron! You don't deserve it at all!”

“Suzi is already eight months pregnant! What are you doing! What are you doing, have you been with her for a day! You can't see anyone every day! Do you fucking deserve him!”

Being scolded by Pan Haoyang like this, Arron never refuted.

Because what Pan Haoyang said was right.

He waited for Pan Haoyang to finish scolding, and then said, “What do you want?”

“I want Suzi!”

“Impossible!” Arron said.

“It's not you who has the final say! Now the only one here is me, whether Suzi comes or not, it is she who has the final say.”

There was already Suzi's eager voice here: "I'm here! Pan Haoyang, I'm here, I only want the only good, I only want the only good."

Suzi tried his best to squeeze out what he said in a laughing voice.

However, the sound of laughter stopped in Arron's ears, not to mention how harsh it was.

How miserable.

"Haoyang, I just want the only good thing, okay?"

At the other end, Pan Haoyang said very gently, "Okay Suzi, I'll listen to you."

"Okay! When and where did you let me go?" Suzi asked again.

Pan Haoyang said, "Give your phone to Arron."

Suzi immediately handed the phone to Arron, and Arron said, "I'm listening, you speak."

"Don't try to find me, you can't find me, don't forget my black technology. Also, the only one is in my hands..."

Arron felt a dull pain in his heart: "I know, I'm not looking for you."

"Also! Remove all your weapons around my island! Drive your huge ship away for me until the cannons on your ship can't blow up my island. The farther you drive, the better!"

Arron: "..."

All that ship was filled with supplies.

all!

However, Pan Haoyang thought it was a huge cannon that blew up his path.

Is this the tacit understanding of the twin brothers?

What an irony.

“Okay.” Arron still agreed.

“On the overhang of the path from Nancheng to me, you give me an unobstructed path.” Pan Haoyang said.

Before Arron could say anything, Pan Haoyang said again: “I, Pan Haoyang, would risk my life, you know. I have nothing to pursue in my life. I only want Suzi, the only one, and Suzi’s children.”

“I just want to live with them and enjoy the warmth of the family and the laughter of the children. In the future, I will have a few more children with Suzi.”

“As for the rest, I gave up even my little path, and my nine hundred million yuan. Not to mention your Fu Group?”

“I don’t want any of your property, trillions of dollars!”

“I’ll take Suzi and Wei Wei away. You may find a better one in the future, a famous Shuyuan, a woman who is a good match for your Fu family, and will have children in the future. We will not owe each other in the future.”

Pan Haoyang said these words very calmly.

But every word was like a blood hole in Arron’s chest.

However, Arron couldn’t get angry with a word.

Can’t get angry.

Even, there can be no action.

his only.

His pearl in the palm of his hand was in Pan Haoyang’s hands, and he couldn’t do anything.

He can only say against his will: “Okay, when?”

Pan Haoyang finally showed a triumphant smile: “You have some conscience! You also know how to maintain your daughter’s safety! You can rest assured that I will take good care of the only one very

well, but if you come to capture me alive, I can only bring the only one with me. Die together, I will say it again that I will not hesitate to die, I just want to be with the only one and Suzi.”

“As long as I can be with them, it’s life or death, so what?”

Arron: “I will give you an unimpeded path.”

“Perfect!” Pan Haoyang laughed.

However, he said: “Let Suzi rest for a night first, she is tired. I will call you tomorrow.”

Speaking of which, Pan Haoyang hung up the phone since ancient times.

Here, Suzi wailed loudly: “No, don’t hang up, my only...”

### Chapter 1808

Only Arron could hear Suzi’s cries.

At this moment, Shen Xiangcai, who hung up the phone, looked at his husband in a very sad, weak and pitiful way.

She cried and whimpered: “Shaoqin, I want the only, I want my only, I want the only, woo woo...”

Arron: “...”

Why didn't he bleed in his heart.

At this moment, he really wanted to say to his wife, “Tell you not to approach Fu Zhengxiong, don't approach Fu Zhengxiong...”

But Arron didn't say anything.

Wife and daughter are kind in their bones.

Fu Zhengxiong is Arron's biological father. Who would have imagined that they would use such a method to deceive the only one?

biological father!

Who would have thought!

Arron suddenly sneered in his heart.

In this world, he is on guard against all odds, and no one in the whole man dares to touch his only finger.

Even so, Arron still asked Christopher to follow the child every step of the way.

But he was still unguarded by his biological father.

And what is he doing today?

Don't say that Suzi and Wei Yi are soft-hearted.

Today he was soft-hearted because he saw that Fu Hengsheng was dying on the hospital bed.

He worked in the hospital in the morning, and went to the hospital in the afternoon, but in the end, his biological daughter was kidnapped by Pan Haoyang.

What kind of world is this?

Did she really let Arron wash the entire Nancheng with blood, and then blood-wash the island?

If he really pushed that step, he could do it.

He put his arms around his wife and patted her gently, but he couldn't speak for a long time.

Because as soon as he spoke, the sweetness in his throat would spurt out of his mouth, so he didn't want Suzi to see him spurting blood.

However, Suzi still saw it.

Because the fishy sweetness in his throat became more and more intense, it had overflowed from the corner of his lips involuntarily.

"Shaoqin! You... the corners of your lips are bleeding?" Suzi asked in panic with tears in his eyes.

Although she is distressed for the only one, she still has a trace of reason.

She also has a husband.

And the baby in the womb is eight months old.

At this time, she cannot fall.

If she falls down and dies, then the child in her belly is the most innocent. And the only one, the only one who will never see her mother again.

And Shaoqin, how will he live in the future?

This home is really broken.

Therefore, Suzi could not fall.

She had a huge pregnant belly and supported her husband's body.

At this time, the husband was out of control, and he couldn't hold back any longer. He suddenly opened his mouth, and another mouthful of blood was sprayed on the door.

“Shaoqin! Shaoqin! Woohoo...” Suzi cried out.

Sister Li and Sister Tian who were indoors ran out one after another.

Seeing that Arron was crooked and could not stand up, while Suzi, who had a pregnant belly, supported Arron with his whole body, Li Wei was stunned: “Fourth Master, Madam, what's the matter... This is?”

Sister Li and Sister Tian brought Arron, who was nearly 1.9 meters tall, into the living room.

## Chapter 1809

Then immediately poured another cup of hot water for each of them, and asked Arron to rinse his mouth, causing Suzi to be overwhelmed. Sister-in-law Li then asked, “Madam, what happened, tell us quickly, we will all find a way together.”

Arron didn't say anything, just kept his eyes still.

Suzi said in a hoarse voice: “The only, the only being kidnapped by... Pan Haoyang.”

Behind her, the teacup in Sister Tian's hand fell to the ground.

Sister Li was also stunned for a long time, unable to speak.

After listening for a while, she got up and dialed the phone without hesitation: “Is it Master Zeyan? Come on, the little princess has been kidnapped.”

“Is it Miss Galia? The only one...”

“Hey, Master Shu...”

“Master, come quickly, something big happened to our family.”

Sister Li notified everyone within ten minutes.

But she was smart enough not to inform Alyce.

After all, Alyce is old and his health is not good. If you tell Alyce that the only one is missing at this time, Alyce will definitely fall ill, so she still doesn't say it.

An hour and a half later, all the people that Sister Li notified to have arrived one after another.

Even Chu Tianling and Pan Mingsai, who were not informed by Sister-in-law Li, came together.

Chu Tianling didn't know that Pan Mingsai had no class today, so he took Pan Mingsai to the hospital to visit Shang Hongmei after get off work.

After all, Xu Zeyan used to be his best buddy.

The two used to be playboys for many years.

In his heart, Chu Tianling still regarded Xu Zeyan as the best brother.

He and Pan Mingsai had just arrived at Xu Zeyan's ward, and without saying a word, they heard a call from Sister Li.

Xu Zeyan, who received the call, immediately scolded a foul language: "Damn it! If he dares to touch his only hair, I, Xu Zeyan, have bombs all over my body. If I'm not afraid that Pan Haoyang will explode, I won't be called Xu Zeyan!"

Only then did Chu Tianling know that something happened to Arron and Suzi.

He and Pan Mingsai followed Xu Zeyan to Arron's house, and saw that Arron was stupid.

On the other hand, Suzi was calmer than Arron, and she knew how to take care of Arron.

"Fight him! I don't believe that as long as Pan Haoyang is so big, he can't find her! This grandson! Don't let me find him, as long as I find him, I will bite him to death!" Min Qingrong Holding Suzi, he said while weeping and gritted his teeth.

Galia and Shu Mingzhen gritted their teeth sadly.

Shu Mingzhen asked: "Fourth brother, I can transfer everything if I lack money, people or strength. From now on, the thousands of people in my company are still some old departments of the Shu family in Nancheng, and now they are all assigned to fourth brother. Turn the entire southern city over and find the only one."

Chu Tianling also said: "Brother, and me! There are many people in my Chu Group, and now I instruct them to find them all!"

As soon as he turned around, he looked at Pan Mingsai again: "You know about your fourth uncle's temperament. Where do you think he should hide?"

Pan Mingsai felt sorry for his fourth uncle.

But at this moment, she can't cover up the fourth uncle.

After all, it was really an unforgivable mistake to hold the only one away.

Pan Mingsai bit his lip and said, "I...I only know that my fourth uncle has always been studying the convenience of communication. I know that since he dared to call Mr. Fu and Mrs. Fu so blatantly for so long, it must have prevented you from finding him, and his signal must have been interfered."

"Also, the only place to be held hostage should not be able to see surveillance."

"Since this is the case, then my fourth uncle should not live in a particularly hidden place. After all, he has to give... the only good environment for her to play."

In fact, Pan Mingsai was a little wronged for the fourth uncle.

The fourth uncle was not the only one who held him hostage.

He just likes the only one too much and wants a home too much.

Hearing Pan Mingsai's analysis like this, even Jun Jingyu felt that her analysis was reasonable, and Jun Jingyu was about to make a phone call. Track down those high-end hotels one by one.

At this time, Christopher came back.

He entered the door and said to Arron: "Fourth Master, all the staff of the Fu Group have been ordered to go. From now on, we can turn over Nancheng again before tomorrow morning."

Christopher's voice just fell, but Arron said in a hoarse voice: "Remove the search and let Pan Haoyang unhindered."

### **Chapter 1810**

Jun Jingyu looked at Arron in disbelief: "What did you say, Shaoqin?"

"Let all the arrests be removed, and leave an unimpeded way for Pan Haoyang to go back." Arron said weakly.

Jun Jingyu: "Why are you Shaoqin? You don't believe me and you can join forces to overthrow Nancheng and then bring it down? Or are you..."

He wanted to say how could you be so unconcerned about the only life and death?

But before Jun Jingyu spoke, he was interrupted by Xu Zeyan.

Xu Zeyan, who has always been modest, suddenly burst out: “Arron! You are not a human being! The only one is your daughter! Your daughter! You just let that change wife Pan Haoyang take the only one away?”

“My fourth uncle didn’t change too much.” Pan Mingsai muttered softly.

“Mingsai, don’t talk.” Chu Tianling stopped immediately.

Pan Mingsai immediately bit his lip.

Here Xu Zeyan is still roaring: “Arron! You can’t save the only one! I will save it! I will disperse all the property of my Xu Group, and I will try my best to search and rescue the only one, and I will not use a penny from you!”

“You beast!”

“Cold blood!”

“You don’t deserve to be a father!”

He said, Xu Zeyan suddenly exclaimed at Suzi: “Suzi! Come with me!”

Suzi: “...”

“Don’t you understand what I said! If you have to live with this man, all the men in the world are dead! Come with me!” Xu Zeyan scolded angrily.

“Zeyan!” Jun Jingyu couldn’t help but say: “At the critical moment, don’t follow the fire, we will solve anything, Suzi is also in the saddest time, you let her go with you, she Can she walk? Do you think she can walk?”

Here Shu Mingzhen also comforted: “Yes, Zeyan, don’t get angry first, the only one is the biological daughter of the fourth brother. Since he said such a thing, he must have some reason for him. Let’s ask the situation first.”

After saying that, Shu Mingzhen asked Arron again: “Fourth brother, it’s more than enough to overthrow the entire male group with the power of the Fu family and Mr. Jun, as well as my Shu family.”

“And Zeyan, Tianling.”

“All of us stopped and looked for the only one.”

“I think I’m still very big. Fourth brother, what are you worried about? If you have any troubles, you can say it, and we will find a solution together. “

Shu Mingzhen’s tone was gentle and rational.

Arron stared at Shu Mingzhen intently.

After watching for a while, he said, “Seven years ago, I was alone.”

Shu Mingzhen + Xu Zeya + Chu Tianling: “...”

“At that time, I was not recognized by the Fu family in Nancheng. My mother’s life or death in prison was unknown, and I was locked in an abandoned house on the top of the mountain by my half-brothers and some of the Fu family. .”

“At that time, it was easier for my half-brother to run over me than if I wanted to run over Pan Haoyang now.”

“But what about the facts?”

“The truth is, I turned defeat into victory, wiped out my brothers, and took charge of the Fu Group overnight.”

“Do you know that I have a magic weapon for winning?”

Arron’s quiet-toned Wen was present to everyone present.

His voice also became the same as Suzi’s, extremely hoarse.

No one spoke.

However, most of them know Arron’s magic weapon.

Arron continued: "It's not life."

"I don't want my own life anymore. My own mother is in prison. I have no way out. I only have two choices. Either me and my mother die, or I win. It doesn't matter anyway."

"So, in the end I won."

"Hao Yang and I are twins with the same mother and father. Although we have never communicated peacefully together, I just know him."

"It's like knowing myself."

"When I don't want to die, I can be invincible."

"It's the same when he doesn't want to die."

Hearing Arron's explanation, everyone sighed.

Xu Zeyan also lowered his head instantly.

## **Chapter 1811**

He knew that in terms of loving Shen Weiyi, no one could love Shen Weiyi more than Arron. The reason why he chose the square Pan Haoyang must have been thought through in every aspect, and he wanted to give Shen Wei the most vitality.

Having said this, Arron swallowed again, and his voice was even more desolate than before: "At least Pan Haoyang is the only one who feels bad for the only one. Now I can only count on him to feel bad for the only one, and try not to offend him."

After a pause, Arron raised his hand to cover his face: "I hope... I hope my only... can come back alive."

At the end of his words, his voice was choked up.

a man.

The highest authority in the Fu Group.

The man who has been in the city for seven or eight years has never shed a single tear since he was a child.

But at this moment, Arron's voice was choked up.

Seeing her man like this, Suzi felt even more distressed for me. She leaned on Arron's shoulder and cried.

For a family, if the child is kidnapped, the family will collapse.

Even if the head of the family is Arron.

"You all, go back." Arron said weakly.

"Fourth brother, we will stay here to take care of you and Suzi." Xu Zeyan said.

Jun Jingyu also nodded: "Yes Shaoqin, you and Suzi are just in need of care, how can we go back?"

Several people nodded.

Neither want to go.

Arron shook his head firmly: "We all have a phone, we all keep in touch by phone, you go back first, let's be quiet, be quiet."

Jun Jingyu then said: "Okay, we'll be in touch on the phone if we have anything. Let's go first."

It was said that they walked out of the house, but in fact, none of them left the community.

This evening, all of them sat in Arron's car downstairs without blinking all night.

Taking this, Suzi and Arron were also sitting in the living room, embracing each other.

speechless to each other.

“Shaoqin.” Suzi shouted in a hoarse voice: “Do you remember a few days ago, the night before Sister Shan gave birth, did I pester you to have s3x?”

“I was in a panic that day.”

“I always felt that something was going to happen, and I was so sad that day.”

“I didn’t expect that in just a few days, our only one was really taken away by Pan Haoyang, Shaoqin...”

“You said, is this life?”

Arron did not speak.

The lights in the living room are off.

But the light coming in from outside could still shine on Arron’s hard face, with the tears of a man hanging on it.

“Shaoqin, do you believe me?” Suzi asked.

Arron didn’t speak, he just hugged Suzi tightly.

“I can take care of me with the only one, I can leave my second child smoothly, and I will save everything from danger, do you believe me Shaoqin?” Suzi asked.

Arron still did not speak.

He only held Suzi in his arms fiercely and shook his head fiercely.

“I can’t live without the only one, Shaoqin.”

“I can’t be without the only one.”

“I will bring the only and me, and our children back, you believe me, Shaoqin.” Suzi said with tears.

Arron shook his head and still did not speak.

“I don’t do things I’m not sure about. You know, I was very dangerous six years ago, but I will also fight for the rights of the child in my belly. Whenever I am a person, even when I am most down, I will still think about it. For my own safety, I have never given up hope of life.”

“Shaoqin, my vitality is very strong.”

At this moment, the empty and silent room suddenly remembered the phone ringing.

Suzi connected without thinking: “Hello! Is it Pan Haoyang?”
