

# PUNISHED BY HIS LOVE

## Chapter 2222 - 2231

“Alyceg,Alyce, open the door for me. I am standing outside your door, legs Standing sour.” The man’s voice was very flattering and flattering, giving people goosebumps.

“What, what kind of shit! What is this man doing! So frivolous! Isn’t this ruining Aunt Shu’s reputation! My God! I, I’ll go down and beat this shameless thing away right away!” Sitting in the car Min Qing was so angry that he could not wait to tear this man to pieces immediately.

However, Rayna saw that Suzi was motionless.

“Suzi, you, what’s wrong with you, what’s your situation?”

Suzi smiled sadly: “I originally came to see my mother today because of this. I knew about this man two days ago.

” Don’t die, this bastard Meng Lang! Isn’t this insulting my aunt Alyce! Suzi, I know you’re angry, and I know you’ve never done anything with anyone! I’ll go for you!

Should I take this man today ? I won’t be called Rayna!” After all,

Rayna is still the shrew Rayna.

In a noble family with big business like Jun’s family, she always thinks about how to make herself disciplined, cultivated, and restrain herself all the time. Make a fool of yourself.

In the end, Rayna was nervous and made mistakes everywhere.

But now, she has returned to her homeland, to the place where she was born and raised, and after leaving Jun’s family, she has changed back to herself.

It was her Rayna’s nature to scolded the streets and quarreled fiercely.

She is such a vulgar woman!

At this moment, Rayna felt extremely happy.

However, Suzi held Rayna's hand: "Qingrong, I know you are for my mother's good. But...my mother has been a widow for so long, she is only in her fifties this year, she There is also the right to enjoy love.

If this man is innocent and treats my mother sincerely, why should I stop my mother?"

Rayna: "..."

After a while, she said with emotion: "Yeah, how hard is it for us women?"

Just like you, how much suffering have you suffered in this life?

Although you married Arron, you are still independent and never depend on your husband. I know your crying, I know, We women can't rely on anyone in this life. We are the most attractive when we rely on ourselves.

This is also one of the reasons why Arron likes you and loves you.

Suzi, you are right.

We women, we have to fight for ourselves.

Happiness requires Fight for yourself, you have to fight for your dignity, and the right to love can never be lessened at any time. It

cannot be less!

Aunt Alyce has suffered a lot in her life.

She was not loved by her father since she was a child, and finally got married, your goddamn father Another thing that deserves a thousand cuts.

Later, although she married Uncle Shen, good people don't live long.

Now Auntie Shu is left alone, and the rest of her life is still very long, like Aunt Shu. A good-hearted person can live to at least 100 years old, and there are still 50 years to live, so of course you have to

find a partner.” Having said that, Rayna’s anger disappeared.

Although she still couldn’t get used to the man with an extremely white face holding a bunch of flowers in front of her, Rayna didn’t say anything.

But Suzi said: “I know the identity of this man is unclear, and I don’t know what he planned, but I can’t act rashly without asking my mother’s true thoughts.

I’m afraid of hurting my mother, my mother, This life is not easy.”

Suzi’s tone was a little weak.

She felt sorry for her mother and didn’t want anything to happen to her.

Rayna held Suzi’s hand: “I know, I know Suzi. Let’s wait and see what happens. I was impulsive just now, so let’s observe and observe in secret now.”

Suzi nodded.

The two just watched the man standing in front of Alyce in the car.

The man’s voice was very attentive.

## **Chapter 2223**

Neighbors who came and went saw it, and some couldn’t help but chuckled and said: “Yo, little white face, come looking again Ms. Shu? Why doesn’t Ms. Shu let you into the house?”

The man holding the flower immediately sneered and said, “Yes, Alyce is a noble woman, and noble women are hard to chase, I understand, I have Be patient, I am sincere, I am sincere to Alyce, I am willing to wait for her.”

“How old are you this year?” Someone asked the man.

“I am forty-two this year.” The man replied, and then asked, “Am I very old?”

A neighbor laughed: "No, you don't look like forty-two at all. You look like thirty-six or seven years old." The

man smirked again: "Hehe, thank you, thank you."

Several neighbors sneered and left.

"Suzi, I really think this man is like a man who specializes in catching women and eating soft rice. Maybe he is a pig butcher." Rayna has always been straightforward.

Having said that, she suddenly felt that the description was wrong.

"Suzi, I, I didn't mean that, how could Aunt Shu be a pig! Look at my stinky mouth." Rayna really felt that he shouldn't say this.

Aunt Shu hurts her very much.

Like a mother, when Rayna married Jun's family, Alyce also gave Rayna a generous dowry.

"Aunt Shu, I know Aunt Shu. She is not the kind of person who is easily deceived. Don't worry about Suzi, don't worry." Rayna said.

Suzi shook his head: "Qingrong, what you said makes sense. I also suspect that this man is a pig-killer.

They treat my mother as a pig.

These people actually have a special organization, and they have a set of procedures. They are also very mature.

Many women, especially those who are very lonely in their lives, are their targets.

This kind of person is very hateful.

But, the more this is the case, the more we cannot Acting rashly.

Anyway, now that we have noticed it, we have to keep an eye on his movements all the time, as long as he dares to attack my mother..."

Before Suzi finished speaking, Rayna took over: "As long as he dares to attack Aunt Shu, I, Rayna, will kill this bastard first!"

"Qingrong!" Suzi scolded: "Be careful in front of the child."

Rayna He smiled: "Got it." The

two were talking when they saw Alyce walking over with a vegetable basket not far ahead.

"Tong Jianan, what are you doing? You are at my door every day, and you are not afraid of other people's jokes." Alyce said with a smile.

There was no hint of blaming the flower delivery man in his tone.

"Sister..." The man called Tong Jianan immediately turned around and looked at Alyce with a smile on his face: "Sister, look at my bouquet of roses today, all of which I picked by myself, the red ones. Yellow, blue, all of them are fresh.

I know you like flowers the most.

I also know that among flowers, your favorite is roses. I know you are a romantic person.

Sister, if you like it, Xiaonan brings you flowers on time every day.

But sister, no matter how beautiful these roses are, they pale in comparison to your elegant and mature temperament."

The man shouted one after another, and what he said was indeed a sweet word that coaxed a woman.

Suzi couldn't help frowning when he heard this.

However, Alyce's smile grew stronger: "You can talk!"

Suzi: "..."

At this moment, she was so angry that she wanted to push her mother into the yard.

However, before she could make a move, three women rushed out and surrounded Alyce.

“Yo! I didn’t expect you, an old woman, to do this kind of thing!” Pan Gaigai picked it up and didn’t make fun of Alyce.

## Chapter 2254

Pan Jianliang hesitantly: “Son...”

“I am not your son.” Pan Youming’s The tone has always been calm.

At this time, Pan Jianliang’s old wife has also come to Pan Youming, she is also looking at Pan Youming, she originally wanted to be like Pan Youming, shouting ‘ah’, but before she shouted, she was caught by Pan Youming’s words interrupted.

Pan Youming sighed and said, “The reason why I came here today, I submitted all the formalities for a whole day, and handed the guarantee letter to all the links, there is only one reason, that is, you are old.

Take 10,000 steps back, you With me, I still have this kindness.

So, this is the last thing I do for you.

As for what you said, we are not related by blood. I am not your son, which is indeed.

Even if you are not with me Say, I’m going to tell you the same thing today.

Now, please be kind, I, Pan Haoyang! I’m

the son of Fu Zhengxiong, the last president of the Fu family in Nancheng.

I’m not your son.

From now on, I have nothing with you . This

is a detention center, and the police here can surround you on three floors and three floors outside. If you hold the front of my car here and prevent me from leaving, the police will take care of you.

Of course , if you don't want to come out, I will at most turn your confessions.

My mother and I, as well as our neighbors in the county town, will all testify that your husband and wife bought and sold infants and young children back then.”

The words were very calm.

Also ruthless.

Said Pan Jianliang and his wife burst into tears.

“Son, you...are you really so heartless? I'll hold you back as soon as you were born, hug you at night, wipe your urine, and give you milk...”  
Pan Jianliang The old wife's nose and tears are two lines, and it is still the same sentence.

This sentence certainly made me cry.

But, he said too much but also babbled.

It is often said that three words are as fresh as water, which is exactly what it means.

But having said that, since Pan Youming is determined to cut ties with his adoptive parents, he must make it clear to his adoptive parents.

“Well said.” Pan Youming smiled sadly: “You drag me with shit and urine. You have a lot of maternal love.

But you never thought that this kind of maternal love of yours would deprive a newborn The child's, the mother's love of a 20-year-old, helpless woman!

Your mother's love is not because you love me so much!

It's because you need a son!

Your mother's love is selfish in itself

It's just for yourself!" After

saying this, the old lady was speechless.

She was speechless for a long time, and then she insisted: "Who said I don't love you anymore, you are my son, how can I not love you? In this world, how can there be a person who didn't love his son back then!"

"Yes, yes, this How can there be parents in the world who don't love their sons?" Pan Jianliang echoed.

"Love me?"

Pan Youming asked back.

"Love me, when I was very young, you would watch my third sister beat me without paying attention? If you say that this kind of indifference is aimed at all your children, I will not do that either. It's sad.

After all, as a child, you will grow up to fight. However

, your ignorance is only for my third sister who beat me when the nose and mouth bleed. Once I fight back, I will beat my third sister even if it is one. Fist, both of you and your wife will beat and kick me.

Of course, the reason you beat me is that boys have to be gentlemen and boys can't beat girls.

But I thought about it later, the real reason you beat me, and It's not that boys can't beat girls. The real reason you beat me is because I beat your biological daughter, right?

Otherwise, after I married Tian Ningning, why would you often instigate me to beat Tian Ningning?

Fortunately , I didn't listen to you at the time, otherwise the crime of threatening Tian Ningning with a knife at the time would never have been cleared up."

## Chapter 2255

Pan Youming smiled bleakly and continued.

“Also, since I can remember when I was about seven or eight years old, I have to cook by myself.

Whenever you Pan’s family has something delicious, they always eat it next to my eldest sister, second sister, and third sister. I have never had mine.

Every day When I go to school in the morning, the eldest sister, the second sister and the third sister all have money for breakfast. I don’t have any. I feel very hungry. What should I do? I can only get up early and cook for myself in the kitchen.

But even so , my grandmother is still hitting me with a walking stick.

Forgive me for wasting briquettes.

If I were your son, if you felt sorry for me even a little bit, would you let your son have no food in the morning?

Eight years old!

Eight years old That year, I was only in the second grade of primary school!

Two months after the summer vacation, you sent me to the gate of a canning factory in Nanguan, our county, and asked my eight-year-old child to paint canning bottles for others.

At that time, canning A bottle is one penny.

I can only make three cents for thirty cans.

I can only brush seven or eight yuan from the beginning of the morning to seven or eight in the evening. The eight-year-old earned five hundred yuan in two months in the summer vacation. , what happened?

You didn’t even give me five yuan, but took it all from me.

At that time, my tuition fee was only ten yuan per semester!

I paid for my books, tuition fees, and my clothes for one semester. , not even five hundred dollars.

My school fees and my food expenses were all earned during my summer vacation!

As parents, you never gave me a penny!

Since my second grade in elementary school, I have to go out to do child labor every winter and summer vacation!

Every summer vacation, I go to the nearby canning factory to work, and my feet are soaked by the waste water. Have you ever helped me to buy some disinfectant water to wash it?

In this world, what parent can see their son like this?

You may have never understood why I chose to major in medicine at university.

That's because when I was a child laborer, my feet were soaked in waste water, but there was no one and no money to take a look.

I swore as a child that I wanted to be a doctor!

At least treat yourself!

The reason why I am with the person I love now, Yingzi, is partly because Yingzi also worked as a temporary worker in a cannery when she was a child, and Yingzi's feet were soaked!

You, your entire Pan family of seven, who has tried this taste?

You keep saying that you treat me as a son, keep saying that you give me the love of a father and mother, and keep saying that you are nurturing me.

Have you ever touched your conscience and thought about it?

How did I survive since I was a child?

You don't know!

But I know!

Growing up, my only belief was that my parents didn't like me and my grandparents beat me. The four adults didn't love me like they loved my sisters. It must be that I wasn't good enough, or that I wasn't diligent enough!

I am not obedient enough, not good enough!

I'm not good enough to earn enough money to support my family!

If I can achieve good grades in school, let my three sisters do everything, if I can do the things at home and rush to do it, if I can listen to my parents very much, even if the three sisters beat me, I will not fight back.

If I can earn money to support my family from a very young age, and give the money I earn to my parents.

In this way, my parents, my grandparents, must like me, right?

However, I have done everything, what do you think of me? Having

said that, Pan Youming looked at his adoptive parents with red eyes, and asked again, "What is your attitude towards me?"

## **Chapter 2256**

Some questions, Pan Jianliang's parents really can't answer.

The old couple's faces were all red and white.

Red as blood when red.

When it is white, it is as white as white paper.

Pan Youming looked up at the sky, sighed and laughed several times.

Then he said again: "It wasn't until I grew up in high school, when I was about to take the university exam, that you didn't let me take the

university exam, for fear that after I was admitted to university, I would fly away and never come back, I finally understood.

I'm not Your own sons.

You bought me for one purpose only, and that is to allow me to retire for you.

Because in our local area, there are no sons in the family, and people will be regarded as destitute. The

desperation is inferior to others.

You don't want to feel bad for a child you bought back.

Your goal is to neither invest in this child nor let the money you spend go to waste, and earn back the money you spent to buy the baby at the same time. , let that baby grow up and take care of the old age of the four of

you! This is the best deal for you!

Isn't it?"

"No...it's not." The old lady denied it. .

Her face was also getting redder.

The blushing was because the son said everything on their minds.

That's exactly what the two of them thought.

They just don't want to suffer.

I just want to make some money back.

But such calculations and thoughts were all spoken out by the son, which made the old couple feel a little overwhelmed.

Pan Jianliang opened his mouth several times, but couldn't say a word.

Pan Youming continued: "Originally, these are all forgotten. After all, you are my adoptive parents after all.

Fortunately, I also grew up safely and went to medical school.

But, I came back to my hometown . What about the county seat?

You insult me and attack me.

I open a clinic with my own house, and I have to pay the rent for my three sisters every month!

What does this make me feel?

Forget it!

I don't care!

But that hospital is my career that I worked so hard for!

It was the career that I originally planned to fight for my whole life ! It was my hard work

, and through my own efforts, you didn't help me, it was my own hard work and hard work! You and my sisters, you even want to keep them for yourself!

What do you mean the clinic is yours!

And I can only work for your family!

If I don't agree, you will take me to the detention center.

Dad!

Mom More than ten years ago, I was also taken into the detention center by a few of your Pan family .

Do you remember?

Just like you are now.

You can't stand it after only one day in the detention center. But

don't forget Yes, I was in the detention center for fifteen days!

When I came out of the detention center, I had become a street rat in a small county town.

Let me ask, if we were your own son, would you treat your own son like this?

Forget about my son.

Even your daughter, are you willing to treat it like this?

Have you ever seen you treat your son like this in this world?

You never regarded me as your son, but only as your blood bag?

Is it true that you want to suck my blood for the rest of your life, and while sucking my blood, I have to give you both old age and death?

If it weren't for the shit I did in the provincial capital, maybe you guys are still complacent.

The most successful business you have invested in in your life is the little baby boy that you spent thousands of dollars to buy.

Only a few thousand dollars!

## **Chapter 2257**

You have not raised money since you were young.

He didn't pay for his studies.

But you can get from him a lifetime of inexhaustible wealth.

Not only that, but you four elderly people have also settled in the latter half of their lives.

Not only will you benefit, but even your three daughters will be able to squander this inexhaustible wealth.

Isn't it! “

Pan Youming has never confessed these words to his adoptive parents like this. But

today, since we have to make a complete decision.

Since we have completely cut off contact from now on,

we have to say it completely!” Since I’m a child of your Pan family, I don’t plan to care about it anymore. I have a little advantage and I’m very optimistic. As long as the world gives me a little smile, I can become a sun. Later, I had Tian Ningning, and I went to the provincial capital for development.

I thought it would be a great future for me.

But, I didn’t expect that Tian Ningning was the woman who hurt me even more.

At that time, when I was desperate, and when I needed my family the most, what did you do?

During the four years of my marriage with Tian Ningning, the property you looted from Tian’s family and me was tens of millions!

One billion!

My life with Tian Ningning could have had a good development.

Even though she hid a lot of things from me, she didn’t have any feelings for me.

But, the reason why Tian Ningning and her father don’t treat me like a human being, and why they call me a phoenix man, isn’t it because you have looted tens of millions of people’s property in four years!

Money you looted.

Never thought to give me a point!

Is this how you treat your son?

Even if you don’t give me a penny!

I have always been very light on money.

However, I later fell out with Tian Ningning. When I was forced into a corner, when I held a knife to treat Tian Ningning, that was also the time when I needed family comfort the most. At that time, my heart broke down.

At that time, as long as my family could reach out and give me a hand, I would not have done such a thing.

However, as my family.

As a family member who ripped tens of millions from me, what did you do to me at that time?

Sever ties with me publicly!

When I was arrested, not only did you not comfort me, but you also scolded me, listing all kinds of trumped-up crimes in front of the police. Even I was detained in the small county detention center in my hometown for half a month, and you all reported it. to the police!

Is this what you are supposed to do as parents?

Just ask, if I were your biological son, what would you do?

When I was in a coma in the provincial capital, what did you think of me at the time?

dad!

mom?

Let me ask, four years ago, when I died in the provincial capital, what did you think of me?

If I guess wrong, you would have expected me to be sentenced to death at that time, right? “

Pan Jianliang's parents looked at Pan Youming in embarrassment.

Pan Youming sneered lightly.

obviously.

It's what he said.

He knew that they had such a mentality at the time.

“So, you understand, when my mentor woke me up and petitioned for me, so that I finally got out of the sea of misery, why did I not contact you again, but chose to study abroad?

Because at that time, I had already made up my mind. In this life, I will never contact you again. In this

life, I will never contact your Pan family again. In

my life, there will be no adoptive parents and Three older sisters!

So please leave.

Don't bother me again in the future.

If there is a future, my biological parents will take your two elders to court with the paternity test certificate, and let you sit in jail!

Now, please let me If you don't let it go, the people in

the detention center will have a way to get you out of the way.” With all that said

, Pan Youming didn't look at the second elder of the Pan family again, and turned around to pull the car door.

Pan Jianliang suddenly howled loudly behind him: “Mingming, we... are desperate.”

## **Chapter 2228**

As soon

as this old voice came out, everyone looked back.

Not far away, a trembling white-haired old man was slowly walking towards the crowd.

The old man is too old, he looks like he is 90 years old, but such an old man has an indescribable respect on his body, which makes people feel scared when they see it.

Many people involuntarily made way for the old man.

Those with sharp eyes recognized it immediately: "Master Shu?"

That's right, the old man who came slowly was Alyce's father and Suzi's grandfather, Master Shu.

Hearing someone shouting the words Mr. Shu, several police officers also saw it.

Two of them greeted him and shouted respectfully: "Old man, why are you here? You are so old, you are not at home to rest, and you come out to have fun? Tell me, who is your daughter?"

Shu The old man looked at Alyce gently.

Alyce just lowered his head and didn't look at Mr. Shu.

She doesn't hate Mr. Shu as much as she did a few years ago, but she doesn't love him as much.

After all, when he needed his father's love the most, he not only failed to give her father's love, but instead suppressed and expelled her in various ways, causing her to envy the father's love of others when she grew up.

And, growing up in inferiority complex.

This inferiority has been with her almost her entire life.

It caused the bitter fruit of her later life. If it wasn't for her inferiority, Alyce would not have married Jarod.

They wouldn't let themselves and their daughter suffer for half a lifetime.

Therefore, Alyce forgave her father, but she never loved her father.

She also didn't want to get too involved with her father.

Father and brother have come to invite Alyce to live at home many times.

The family can take care of it better. The servants have everything, and it does not prevent her from dancing in the dance group. There is also a grand piano at home, which is specially given to her.

But Alyce was not happy to go.

She thought about how her brother had beaten or scolded her since she was a child. The most ruthless one kicked her out of the gate and kicked her outside the gate.

Alyce really didn't want to step into that door in his life.

In the entire Shu family, Darius is the one who Alyce communicates most closely with.

Because the nephew is innocent.

The nephew is really good to the aunt.

So much so that Alyce has only treated Mr. Shu as a passer-by all his life.

At this moment, when everyone looked at the highly respected Old Master Shu, Alyce and Suzi did not respond at all.

On the contrary, the three sisters of the Pan family are the most observant.

At a glance, they could see that the slowly approaching old man in front of them was definitely not an ordinary person.

Pan Panpan, the eldest sister of the Pan family, rushed forward and greeted Mr. Shu very politely: "This old man, I guess your status in Nancheng must be very good, right?"

Mr. Shu looked at Pan Pan coldly Hope: "How do you say this!"

Actually, Mr. Shu has been here for a while, and it was his grandson Darius who specially drove him here. The reason why Darius drove the old man here at this time was because Suzi called Darius.

Two hours ago, Suzi was driving from the company, and he called to ask if he knew about his aunt's recent situation.

Suzi just wanted to get to know the man who pursued his mother.

As a result, when she told Darius, Darius became anxious immediately, and he told Suzi on the phone: "SuziSuzi, you must pay more attention to aunt, but don't let aunt be deceived, hey, the main aunt is too strong, so far I 'd like to live in Shu's house.

My aunt doesn't want to live in, so we can only care more about her.

It doesn't matter if someone cheats you on some money.

The main thing is, don't let your aunt's heart hurt. "

## **Chapter 2229**

Suzi thinks the same as Darius.

As much as Suzi cared about his mother, Darius cared so much about his aunt. When Suzi drove out of the company, Darius was in a meeting at the company, and he hurriedly put down the meeting to come to his aunt.

Just after going out, Darius received another call from his grandfather.

At the other end, grandpa's old voice told him: "Azhen, grandpa misses your aunt. Can you drive grandpa to the dance group to see your aunt secretly on weekends?"

Hearing what grandpa said, Darius immediately said to grandpa. Said, today, I will bring my grandfather to see my aunt now.

In fact, the two people came here a little earlier than Suzi.

However, at Grandpa's request, they parked the car in a hidden corner and never got off.

Because Mr. Shu didn't want to disturb his daughter.

Afraid that his daughter would hate him, every time he misses his daughter, he secretly looks at him.

Darius also felt that her aunt hadn't come back anyway, so she kept sitting in the car.

Until, Suzi came here. Immediately afterwards, Alyce also came back with a vegetable basket, and after that, the man named Tong Jianan followed with a smile and a rose.

At that time, Darius wanted to get out of the car and break the man's leg.

However, Darius thought the same as Suzi.

Aunt's life is too hard, what if this man really likes his aunt? Darius supports his aunt. As long as my aunt is happy, nothing else matters.

So Darius held down his grandfather, and the two of them sat in the car the whole time.

Later, the three sisters of the Pan family came.

Darius and Mr. Shu watched the whole process of the three Pan sisters messing around.

Grandpa and grandson just want to see what the three sisters are going to do!

Anyway, the police have already been reported, so don't worry.

Moreover, just now, the two sisters Pan Panpan and Pan Youyou were in the corner together to take away Rayna's two children, and Shu Ming heard it clearly.

At that time, Darius was laughing in the car.

They just waited for the police to come, until this moment, the grandfather and grandson finally came out.

At this moment, even if the three sisters of the Pan family do not take the initiative to talk to him, Mr. Shu still intends to question the three sisters of the Pan family.

The old man looked at Pan Panpan with stern eyes.

Pan Panpan was a little scared.

I have never seen such a respectable old man. This old man's respect is not faked. His identity should have a lot of background. Otherwise, these few people in office would not be so respectful to him.

Thinking of this, Pan Panpan felt more and more that she must seize the opportunity, she smiled: "This old man, I guess your daughter must also be a victim, you must have been secretly tracking it for a long time, right? Then

don't worry, we three sisters have encountered this matter, and we will not let the bad guys go.

There are several people in this gang, and one is still locked in the yard.

The onlookers here are all You can testify.

Don't worry, old man, you will definitely get justice." As

soon as Pan Panpan's voice fell, the people around laughed instantly.

That laughter made Pan Panpan feel strange.

It was as if this group of onlookers were watching the jokes of the three sisters. Pan Panpan had no choice but to smirk. She looked at the policeman: "Uncle policeman, can you testify that we called the

police ?" Looking at Pan Panpan with an expression on her face: "Yes! You three sisters called the police!"

Pan Panpan: "That's good!"

As soon as she finished speaking, she heard Mr. Shu say: "Why did you call the police to arrest my daughter? Have you caught any evidence?"

Pan Panpan was startled suddenly: "What, what did you say?"

Mr. Shu sneered: "The criminal you mentioned is my daughter!"

## Chapter 2230

Pan Panpan thought she heard it wrong, she asked: “You, what did you say?”

Looking at Pan Panpan again, he looked at Alyce: “Alyce, tell Dad, what’s the situation, how could someone be regarded as a criminal and hold the police?”

” He opened his mouth: “Master, misunderstanding, it may be a misunderstanding.”

“Misunderstanding!” Master Shu looked at the three sisters of the Pan family: “I think someone deliberately disturbed the order! He also deliberately wasted police resources!” The

three sisters of the Pan family: “... ..”

“Alyceg, you said it! Dad will call the shots for you!” Mr. Shu finally found an opportunity to ease the relationship with his daughter, and naturally he didn’t want to let it go.

He looked at Alyce gently.

Alyce said lightly: “You are so old, and your legs and feet are inconvenient. If you can’t run here in the future, don’t come here. I have nothing to do here. I can take care of myself. Besides, I will I’m in my fifties, and I’m not a child. I know what I do.

You don’t need to worry about

it.” The book said, although it is not an order to evict guests, but there is also a kind of rejection of people thousands of miles away. mean.

Alyce’s expression was light and cold, and he didn’t feel anything at first, but now compared with the incomparably dignified old man Shu, it even more set off the noble and arrogant energy of Alyce.

The three sisters of the Pan family are simply dumbfounded.

Especially the youngest Pan Youyou, she looked at Alyce and stammered and asked, “You’re not, you’re not...”

“Isn’t it?” Alyce asked with a sneer, “I’m a liar? A criminal? Although you are from a small county, I can’t escape your eyes? I want to ask, you three ladies!

Do I know you?

Where have we met? Why

are you at my door, insulting my personality, and calling the police to arrest me!

If you don’t tell me clearly today, the three of you don’t want to leave!

” The three sisters of the Pan family backed away in fright at the same time.

At this critical juncture, another car drove up not far away.

The car stopped and three people got out of the car.

The two people walking in front quickly ran towards the three sisters of the Pan family. They ran to the three sisters, and then Pan Jianliang asked excitedly, “Panpan, what’s the situation, have you called the police? What are the police going to do with this group of people? Why don’t you arrest them all?”

Immediately afterwards, Pan Jianliang’s wife also took Pan Gaicai’s hand and asked, “Daughter, are you sure that the police won’t arrest us?”

Pan Kaigai: “... .”

When the three sisters were on the road, they called their parents and told them to stay outside Pan Youming’s operating room. Once Pan Youming’s operation was over, they would bring Pan Youming over immediately. The three sisters asked Pan Youming to take a look. Who are you dealing with.

They are all liars!

Just a liar who just wanted to defraud him of his money!

Therefore, the parents have been waiting outside Pan Youming's operating room.

But it was also a coincidence that although Pan Youming's operation was complicated, it didn't take very long, and it was over in more than an hour.

As soon as he went out, Pan Youming saw his adoptive parents outside the operating room.

Pan Youming didn't want to come with his adoptive parents, but the adoptive parents were yelling in the hospital. Pan Youming felt that this was really a bad influence, and even more affected the patient's rest, so he had to drive with the adoptive parents and find them according to the positioning sent by the three sisters. come over.

When he came here, Pan Youming discovered that this was the residence of Suzi's mother.

Pan Youming was shocked and angry.

The adoptive parents' family is really lawless. They are making trouble in the county town, making trouble in the provincial town, and now they are making trouble in Nancheng. If they make trouble, they make trouble with him. They even came to Suzi's mother.

It really makes no sense!

No reason!

Pan Youming really wants to kill his adoptive parents and family!

But when I think about it, they have raised themselves after all, and now they have patients from Nancheng Hospital to take care of, they have the teacher's high hopes, and Yingzi's love for him.

So, he can't do anything to go out of his way.

## **Chapter 2231**

He can only endure.

There was even a moment when Pan Youming hoped that his adoptive parents would die in a car accident.

That's the best!

Pan Youming looked at the stunned expressions of his three sisters. He was actually gloating in his heart. Following behind his adoptive parents, Pan Youming said apologetically, "I'm sorry Auntie Shu, I caused you trouble."

Alyce smiled kindly at Pan Youming. Said: "Youming, Auntie finally knows how difficult it was for you to live in the past. Don't worry, in Nancheng, you have relatives, and these relatives will definitely not let you suffer the hardships you once had.

Don't worry, child."

Pan Youming's heart suddenly warmed: "Thank you auntie, it's fine if you didn't blame me. They..."

Having said that, Pan Youming looked at his adoptive parents and three sisters.

He originally wanted to say that what his adoptive parents and three sisters did had nothing to do with him. If they hurt Aunt Shu, he would ask Aunt Shu to explain to the police one by one.

Let the police do justice to this matter.

As a result, Pan Youming hasn't spoken yet, but his adoptive father, Pan Jianliang, has spoken, and the old man's tone is very aggressive.

"I'm afraid of you! Do you live with Laozi Tianwang! I tell you! My son's friend is the richest man in Nancheng, the most powerful man, Mr. Fu, the president of the Fu Group! Mr. Fu will support us! Mr. Fu will be there

soon. Come here!

You Nancheng people, it's impossible not to have heard of Mr. Fu, the president of the Fu Group!

You guys!

All of you are so rude! But none of you can beat Mr. Fu! “

Pan Jianliang took each Mr. Fu.

In fact, Pan Jianliang, who was almost seventy years old, didn't even know who Mr. Fu was.

He was just on his way here, and his daughter told him that they should not be afraid. Mr. Fu would support them. I asked my daughter who Mr. Fu was? The daughter told Pan Jianliang that Mr. Fu was the most powerful man in Nancheng. In Nancheng, no one dared to say nothing to Mr. Fu.

In Nancheng, there was nothing that Mr. Fu could not do!

Mr. Fu was The king of Nancheng.

This is the news that his daughter passed on to Pan Jianliang.

No matter how powerful the people here are, Pan Jianliang will not take the respectful Mr. Shu in his eyes.

Because he knows that Mr. Fu, who supports them, is King of Nancheng.

Pan Youming was stunned when he heard his adoptive father mention Mr. Fu.

Then, he looked at Suzi.

Suzi smiled back at Pan Youming.

That means, don't worry, everything is under control.

Suzi His eyes are telling Pan Youming that your trouble is about to be resolved.

Moreover, it will be resolved without the slightest follow-up trouble.

This time, it was cut off with one stroke.

Although Suzi didn't say anything, Pan Youming understood it

. There is an indescribable feeling in his heart.

However, Pan Youming is indeed a person with a conscience.

He suddenly looked at his adoptive parents and three older sisters with lonely eyes, and then asked in a flat tone: "Dad, mom, sister, I want to ask you a question, you have to tell me the truth, only when I tell the truth can I help You can do it, and my friend Mr. Fu can help you. It just so happens that there are police uncles here, and they can solve the problem at any time.

I want to ask you, this time in Nancheng, do you want me to take the children of my three sisters? All of their household registrations are brought to Nancheng, and then, let me support them?"

Pan Youyou answered first, her tone was very determined: "Mingming, you are considered sensible, and you immediately know what the family means, think about it. You are not married and have no children. Of course, the people closest to you are your three nephews. If you don't love your nephew, who do you love?"

"Very good! Let's see first, Youming is my brother, It's still your brother!" A voice suddenly came from behind.
