

# PUNISHED BY HIS LOVE

## Chapter 2306

“Really, do you really make me turn around, Sister Shu?” Tong Jianan still asked Alyce’s opinion.

“Of course!” Alyce said firmly.

Tong Jianan just turned around.

The moment he saw Alyce, he was stunned.

At that moment, that feeling was real.

This woman is so beautiful.

Early in the morning, Alyce was wearing a thick, sky-blue shirt that was a little loose, but highlighted his figure. On the outside of the shirt was a small black suit.

Under normal circumstances, in love, older women would not dare to match like this.

Because the color is too plain.

But Alyce did the opposite.

Of course she couldn’t cover her fifty-year-old age in this outfit, but just because she exposed her age so calmly, she inadvertently gave her a kind of self-confidence and calmness unique to fifty-year-old women. beautiful.

What’s more, she doesn’t look old.

Her skin is not loose at all, and the ivory white on her face is very natural.

There is not even the slightest freckles on the face.

In addition, she also painted light makeup today.

Although she already has a lot of white hair, she doesn't care at all, just black and white, with vertical fluttering hair, adds an indescribable sense of domineering to her.

That kind of domineering is like, I am vicissitudes, so I am domineering!

I am the vicissitudes of life, how do you drop!

This kind of temperament is really not something that ordinary people can control.

Especially when she was wearing a pair of wide-leg jeans.

These wide-leg jeans don't look carefully and think it's an ordinary style, but Tong Jianan is also a man who has been rolling around among women for so long. He has seen too many women wearing gold and silver.

He could tell at a glance that the jeans Alyce was wearing were of great value.

It is very stylish

to wear on the body, and the effect of lifting the hips and trimming the legs is first-class.

It is precisely these jeans, it is true that Alyce's age has been reduced by at least five years.

Originally, Alyce did not appear to be old.

A woman in her early fifties looks like she is forty-five.

In today's outfit, the upper body is black and blue, very plain and very old, but the infiltration is a pair of spring jeans. This kind of dress up and down really makes Alyce look like a 30-year-old. Seven or eight mature women.

The first impression that this woman catches the eye is that she is not old.

She is still a young woman, but she has experienced a lot, and her heart has settled.

She is very capable.

At the same time, she has the rudeness that is unique to an artist.

Jeans side by side.

She didn't even care about the white hair between the black hair.

So wanton.

So confident.

He doesn't really care about the outside world.

So beautiful.

So beautiful, Tong Jianan was stunned for a long time.

He thought, if Alyce was not the daughter of Mr. Shu, or if she was the daughter of a wealthy family like the Shu family, who else would have such a temperament?

who can!

In this world, I am afraid that there is no second one.

"Shu, Sister Shu." Tong Jianan swallowed involuntarily.

Alyce smiled generously and said, "Little Tong, how is it, do you like it? I specially dressed it for you."

Tong Jianan was startled at first.

Then he said repeatedly: "I like it, I like Sister Shu, I...I like it."

Suddenly, for a moment, he wanted to get rid of everything.

Get out of his gang.

From then on, I lived with a woman like Alyce for the rest of my life.

## Chapter 2307

to serve her every day.

Cooking for her every day and laying flowers for her every day is so pure, without the slightest conspiracy.

Not half pictured.

How good would that be.

Alyce rolled his eyes at him angrily and said with a smile, "Little Tong, you didn't bring flowers today."

"Sister Shu, I..." Tong Jianan wanted to explain, but before he could speak, he was called again. Alyce interrupted.

"I know, I know Xiao Tong." Alyce said: "You heard my little sister Yang talking about her husband yesterday. At first, she was rhetoric, but later changed her mind, so you don't want to be a rhetoric man.

You don't want to be like Like Little Yang's husband, he gave her flowers every day and was very attentive, but then he still abandoned Little Yang, right?"

Tong Jianan nodded: "Yes, I just want to do something practical for you. "

Try to restrain your rhetoric, this is what Tong Jianan discussed with his group last night.

For fear of disturbing Alyce.

Fear of giving up.

"But I won't." Alyce said firmly.

"Nothing?" Tong Jianan asked.

"I have my own judgment." Alyce smiled confidently: "I can judge the quality of a person, such as you, you are not that kind of man at all.

Isn't it?

Xiao Tong?”

Tong Jia Nan immediately agreed: “Yes, yes, Sister Shu, how can I be a man like Xiao Yang’s husband?”

“So, what are you afraid of?”

Tong Jia Nan: “...”

“Don’t be afraid, let’s talk about it. , even if you dump me and abandon me one day, I will not cry in front of you, because I have my own dignity, and I know a very important truth.

That is, the fate is gone. Do

n’t worry . , I won’t be like Sister Xiao Yang.

Because our personalities are different.

What about me...”

After a pause, Alyce smiled shyly: “I like romance more in my bones, such as You send me a bunch of flowers every morning, five-way are roses, wild chrysanthemums. Carnations, lilies, it doesn’t matter, wild flowers that can’t be named are fine.

As long as there is the smell of flowers, I can skip meals.

Haha, don’t you think that a fifty-year-old woman like me is a bit hypocritical?

But ah, I just like flowers!”

“No, no, no, no, Sister Shu.” Tong Jianan suddenly laughed.

He had an epiphany in his heart.

He calmed down and held on to the air.

But the old woman couldn’t hold her breath.

as expected.

Old women are more likely to be lonely than little girls.

It's not easy to get started, but once you get started and let her know that her feelings are pinned, she will panic at the right time and can't wait.

This is the old woman!

Ah!

Although he was secretly happy in his heart, Tong Jianan remained calm on the surface.

He still smiled and said very politely and caringly: "Sister Shu, I'm sorry, I will definitely bring you flowers tomorrow. In the future, only you can't think of it, and I can't do it without me."

Alyce said A girl-like smile appeared on her face immediately: "Quick! Come in!"

"Okay, Sister Shu."

"Give us all, what delicious food do you bring?" she asked.

"It's all your favorite food, and they're all in the light series. I'm thinking that I can't eat too much greasy food in the morning, what do you think?" Tong Jianan is very good at what he likes.

"You are so right!" Alyce raised his hand and took Alyce's arm naturally.

The two walked into the living room together.

As soon as he entered the door, Alyce came out of Tong Jianan's arm and took a few steps in, shouting: "Little Yang sister, Xiao Yang sister, get up, Xiao Tong is bringing us breakfast."

Her voice just fell . . . , and saw that in the slanting thorn, Xiao Yang carried something in his hand and smashed it directly into Tong Jianan's face: "You shameless thing! You are here to pester my sister Shu again!"
