

# Chapter 471

Then she looked at Susan and Shen Only: "You two, hurry up and enter the kindergarten."

The two little girls entered the kindergarten hand in hand, and Susan's mother made no secret of her disgust and said to Suzi: "Mother Shen, why didn't you have a special car to pick you up today?"

Suzi suppressed the impatience in his heart: "My husband is on a business trip."

"But the clothes you wear today are also very ordinary. What is the difference between what you wear and pajamas at home when you go out?"

Suzi: "..."

After a pause, she asked, "Mother Susan, what do you want to say?"

"Are you trying to raise this 50,000 yuan? Your family returned the car and then processed your brand-name clothes to make up the 50,000 yuan. You wouldn't be with that classmate. Isn't your mother's face swollen and fat? If you are such a family, let alone our group forbid you, this kindergarten will not tolerate you!" Susan's mother's tone became more and more rude.

Suzi: "..."

When she wants to rest, she will walk away.

The only big deal to transfer!

She shouldn't have any association with such a woman.

But now it is different. There is another Siu in her company waiting for her. Suzi doesn't know what her fate will be in the next second.

Fortunately, at this time, Guan Sitian's mother came over. Guan Sitian's mother looked at Suzi's expression even more disdain. She almost sneered and said: "Mother Susan, forget it, since people are willing to pay, the party is naturally indispensable. Her. Lilly's mother, see you at the party." Suzi nodded: "When and when?"

"This Saturday, starting at three in the afternoon." Guan Sitian's mother said.

"Okay! I must be there on time then." Yubi Suzi took the bag and turned to leave, walked to the bus stop and got on the bus.

Behind them, Susan's mother and Guan Sitian's mother talked about Suzi with disdain.

"Look at her like that! It's not too late to make her foolish at the banquet!"

"We have to let her know that our circle is not easy to enter!"

"Yes!"

"Mother Susan, her child plays well with your Susan, you can't let Susan play with her daughter!"

Susan's mother was embarrassed: "The two children cherish their friendship very much, and I can't make trouble from it, right?"

"Huh!" Guan Sitian's mother said angrily: "The little ones don't care for the time being, we must be firm in our stance, and don't let our children follow those inferior races and learn like ordinary children. Same."

Susan's mother respectfully said: "I know Ms. Guan."

On this side, Suzi took the bus to the company to work. As soon as he entered the elevator, several female colleagues whispered. Although Suzi didn't know what they underestimated, Suzi knew that these must be whispering to her at the same time.

Suzi didn't care, but got out of the elevator calmly and walked towards his office.

As soon as she sat down, someone behind her called her: "Suzi, do you really dare to come?"

## Chapter 472

Suzi knew that it was Siu without looking back.

So, she didn't look back.

She thought about it. She has no other skills, she still has the ability to pretend to be dead.

Regardless of whether Siu beats her or scolds her, he will pretend to be dead.

Suzi's requirements are not high, so he just wants to live and watch Shen only grow up.

"You're a dead pig, you are not afraid of boiling water." While speaking, Siu had already arrived in front of Suzi. Behind her, following the manager of the personnel department, the director, and the director of the design department, several people looked at Suzi very displeased.

Everyone in the design department held their breath.

Even the female colleagues who had been finding fault with Suzi before were shocked at this moment. They felt as if something big was about to happen.

Several male colleagues even sweated for Suzi.

At this time, Siu spoke again: "Your colleagues must be very strange, why you are so soft and dead by me, but you dare not resist, let you come and you will come."

After speaking, Siu looked at all the colleagues present.

The look in the colleague's eyes told Siu that they all wanted to know why.

At this time, the personnel manager said: "Suzi! Your profile, your education, and your work experience are all fakes?"

Suzi admitted frankly: "Yes."

"You used to be a brick mover on the construction site?" the personnel manager asked again.

"Yes."

Personnel Manager: "..."

Director of Design Department: "..."

All colleagues in the design department: "..."

Linda suddenly opened her mouth wide and her eyes rounded: "You...Shen b!tch! You woman! You can fool you too much! You are just a brick mover on the construction site! A brick mover is here! Be my boss! You are so disgusting!"

Siu smiled at Linda calmly: "Beauty, calm, calm! If you don't calm down now, won't you be shocked by your chin?"

Linda immediately smiled obediently: "Okay, thank you Miss Jun for giving us a nasty breath. This woman has been a demon since she first came here. It turned out to be a person with fake resumes, and she didn't even go to college. It's better to send her to prison!"

"Ha!" Siu suddenly laughed. She looked at Suzi and said, "I'm not afraid of a hot dead pig. Did you hear that? I'm going to send you to prison. Are you familiar with that place?"

Suzi: "..."

Even if she thinks about it in her heart, no matter how Siu insults her, she will endure it, and it will be fine.

But at this moment, when she heard Siu say this, Suzi still had red eyes.

If it were not for her that Suzi had Lilly, if she was still alone and alone, she would definitely take a knife and madly kill all the people in this world who were unfair to her.

What did she do wrong!

Suzi gritted her teeth to prevent tears from welling up, her face was still very calm.

After stabilizing his emotions, Suzi quietly asked, "Siu, you made up your mind today to kill me, right?"

Siu smiled calmly: "I want to kill you, but not today. If I kill you in one day, it would be boring. Today is just the first step. It depends on your performance and cooperation. If you are good, I can make me happy, make me satisfied, I will give you... no, give your daughter a good home."
