

Chapter 475

However, there are also people who watch the excitement outside the office who hold another argumentative attitude.

"Hey, people say it's awesome these days."

"In other words, I think Suzi is pitiful, because he just gave birth to a child out of wedlock."

"I don't think she's that bad either. From the moment she joined the company, Young Master Jun provokes her. She seems to have been ignorant."

"Said she was sold on the construction site, sold to construction workers, have you seen you! Really!"

"These days, bullying people are bullying to death. Oh, let's just leave it alone. We don't have the ability to manage, so let's talk less."

These are small discussions that cannot be kept in a low voice, but there is also a person who has a loud voice.

"You people are too lawless! You went to the company to beat people publicly, I called the police!" Galia said this. She pushed away from the crowd and protected Suzi behind her again. Fear and bravely looked at Siu.

"Who are you?" Siu asked Galia dismissively.

"Galia!" Galia raised his chin: "I'm telling you, I'm not easy to mess with! I also have a background!"

"Background?" Siu sneered: "Your so-called background means that your Yan family has a driver who drives for my brother Fu, called Christopher? Your patron, but Christopher?"

Galia: "...you...how do you know?" Siu sneered.

He didn't answer Galia's question at all, but instead asked Galia: "Little girl! I advise you not to stand in the wrong line. You have to ask first, the woman behind you, who is guarded by you, would she agree to call the police? I did it yesterday. I told her, let her come here specially today, waiting for me to teach her, you see, she came here very well today, maybe she begged me to smash her face."

Galia's angry eyes burst out: "How is it possible! Miss Jun Er, I know you are a famous daughter in Kyoto. Your Jun family is one of the best families in Kyoto, but you can't bully people like this! It's your nephew! First strike up with Suzi, Suzi has never paid attention to your nephew, why are you bullying her like this, smashing her face, why are you so cruel!"

Galia felt anxious, but when she thought of this short period of one month, she and Suzi got along very well. Suzi completely regarded her as a good friend, and often gave her early meals. Suzi didn't have much money. , But even invited her to dinner. When Galia thought of this, she felt that he should help Suzi. Is it possible that in broad daylight, he really wants to disfigure people? She didn't believe it!

Seeing Galia protecting Suzi in this way, the gentleman wanted to roll his eyes and said dismissively: "Little girl, I will give you face, because your relative is my fourth brother's personal driver. , I don't care about you, you hurry up and hide away, don't let the dirty blood on this dirty woman bounce on you again."

"I called my cousin, I asked my cousin to beg Mr. Fu, I asked Mr. Fu to save you, I won't let anyone hurt you, Suzi, don't be afraid, my cousin is with Mr. Fu There is a first-class celebrity in front of me, I'll fight right away!" Not only did Galia not leave Suzi, but he kept Suzi tighter.

"Not Galia! No! Don't fight." Suzi's eye circles were a little red, but she smiled at Galia: "Thank you, dear, thank you. It was my volition to let her smash my face."

Galia thought she had misheard: "What?"

Why this sentence is what everyone present wants to ask.

Everyone is thinking, is it possible that Suzi is really a b!tch, who put Miss Jun Er's husband to bed and was raped by Miss Jun Er in the bed?

Suzi shook his head.

Miss Jun Er laughed wildly: "I'll tell you, because of her! Suzi! It was originally the female prisoner who had captured Arron, the king of Nancheng!"

As soon as this remark came out, the audience was stunned.

Chapter 476

Galia stared at Suzi in a daze: "Shen...Suzi, you...what Miss Jun said is true? You...you are the one that has been passed on throughout Nancheng. For two months, Arron captured the female prisoner who came back?"

Suzi had a heart-wrenching pain when his identity was revealed on the spot.

It was as if her clothes had been forcibly stripped off.

Suzi could not answer Galia.

Do you want her to uncover the scars on her body by herself?

Suzi is like a wooden person, his eyes are calm and dull.

And the whole office is full of voices inside and outside.

"Oh my God! It turned out to be her!"

"I remember when she came to work on the first day, when we were in the elevator talking about the woman who was captured by Fourth Master Fu, she was next to us. She knew that the woman we were talking about was her. Calm down, this woman is too scheming!" One of the women who used to gossip about Suzi didn't think she was gossiping about Suzi, but she bit Suzi's scheming too hard.

"If she wasn't scheming, how could she seduce Mr. Ling and then Ze Shao six years ago, seduce Ze Shao and then seduce Shu Shao, I heard that she was still having an affair with a 70-year-old man, I heard she A dozen of them are served in the big box at a time..."

"I heard that she used to live in a shanty town. It was a place specializing in that kind of business..."

The design department office was talking about Suzi inside and out.

Galia, who was protecting Suzi, looked at this and that.

"I heard the gossip that Masterh Fu captured her from the field, specifically to let her serve men."

"I've seen it with my own eyes!" one of the staff members said enthusiastically: "I learned to drive with my boyfriend that day, and I saw her in the car outside the driving school, serving a man in a coach uniform."

The woman said that she had noses and eyes. After she finished speaking, she also provided a photo of Suzi's back. It didn't count as the back. It was clearly Suzi's profile, and the man in the driving school uniform had only a back view.

"Oh my god, it's a real seller!"

"It's for sale! No wonder Mr. Jun's aunt came to take care of you personally! A female prisoner like you should be cut and burned to death, and the province has filthy diseases to infect people!"

For a time, the crusade against Suzi from all directions made Suzi feel soft like cotton all over.

This is the first step for Siu to abuse her and play with her.

This feeling of standing in the middle, being played like a monkey, and being directly abused by others is really sour.

It was so sour that Suzi almost didn't feel it anymore.

She felt that the muscles on her face were stiff. If Rayna hit her with shoes now, Suzi wouldn't feel the pain anymore.

Suzi looked at Siu numbly, and asked in a dry tone, "Second Jun, you saw that I was so good and didn't resist. Can you make me understand better? Where did I offend you? Because Lenny? I don't believe it because of Lanita? I don't believe it either! I just want to be clear about it, okay?"

Siu was taken aback when asked.

This woman is smart.

Why did she treat Suzi so viciously?
