

Chapter 483

Thinking of this, Suzi would have tears overflowing from her eyes, but she soon tolerated the tears again, and hurriedly came to the bathroom, Suzi looked at her face in the mirror, and quickly spread her face after four hours of illness. , Her face has basically been swollen, but there are still purple marks on her face, which is also extremely ugly.

Suzi smiled bitterly, put on the mask again, and opened the box of jewelry Arron once gave her in her own side lying.

The box contains the pair of yellow wax stone heirloom bracelets given to her by the old lady of the Fu family.

As soon as he saw this bracelet, Suzi thought that at the old house of Fu's house that day, Mrs. Fu told her in person: "I was going to pass this pair of bracelets to your mother, but it's a pity that your mother left early. Can be worn."

As soon as he thought of this, Suzi thought of Aunt Shanna's eyes longing to enter the Fu family.

Wrapped the pair of bracelets in a hurry, Suzi went straight to Shanna's cemetery.

The cemetery is very quiet, surrounded by flowers everywhere.

It is indeed a beautiful place to be buried here. What's more, Shanna and her parents and sisters are buried together. They should not be lonely. Thinking of this, Suzi feels relieved.

She knelt down in front of Shanna's tombstone as she did the previous two times and whispered softly: "Mom, maybe I will be looking for you down there in two days. A beautiful, elegant and high-end place like you live in, I I definitely can't afford to live. I might not even have a person to collect my

body. I don't know if I can find you after I get down. I don't even know if I know you. I'm afraid of me. I'm afraid I won't know you if I can't find you. So, I'm sending you this pair of yellow waxstone bracelets in advance. Mom, I couldn't afford to give you a gift when you were alive. Now I finally gave a gift. Here you are, do you like it, mother?

Mom, if you want to know something, do you have to bless your granddaughter?

Be sure to bless your granddaughter Lilly to grow up peacefully.

I'm here to kowtow to you, mother. "After finishing talking, Suzi respectfully knocked Shanna three heads.

After kowtow, Suzi pushed open the tomb cover and took out the small box next to Shanna's urn. There was the emerald green bracelet Shanna had given her. This bracelet has been stored here for six years. People know.

Who could have imagined that such valuable bracelets would be stored in the cemetery, next to the urn?

Now Suzi puts the pair of yellow wax stones in this box, and it is Suzi's heart to let these jewelry work with Shanna.

Put the bracelet away, and when she left, she cleaned the surrounding area of the tombstone, and then she left the tombstone reluctantly.

Coming out of the cemetery, it was almost four o'clock in the afternoon. Suzi took out a small mirror from his bag and looked at his face. The swollen face was basically invisible if he didn't look closely, so he should go now. It was time for the kindergarten to pick up Shen's only and leave the kindergarten. Suzi took a taxi and went all the way to the kindergarten.

At the same time, Lilly just walked out of the security classroom and saw his mother standing at the door. Lilly rushed towards her mother. She suddenly

frowned and said, "Mom, what's wrong with your face, why are you? What about wearing a mask?"

Suzi hesitated: "Well, that... Mom has a cold, and I don't want the cold to be transmitted to the only one, so I wear a mask."

Only then did Shen only relieved his heart.

However, she cared about Suzi like a small adult: "Oh, what do I say, your face is so pale, hey...Mom, you are not worried, my father is the number one. If you are on a business trip, you make yourself sick. It seems that there is no badass dad to take care of you. It really can't work. Forget it, I will tell him to stop traveling and I don't want any new toys. Let dad stay with you at home so that you will be less sick."

Suzi: "..."

"Suzi!" At this moment, a sharp shout suddenly came not far away.

Chapter 484

When Suzi turned his head, he saw faces that seemed familiar and unfamiliar.

The women's clothes and dressing are very expensive, and their demeanor reveals the appearance of looking up at everything.

Suzi looked at the woman neither humble nor arrogant: "Excuse me, are you?" Suzi carefully searched in his mind, but just couldn't remember whose mother this woman was?

"Ha! What to pretend! You told me several times in the kindergarten, every time it was your daughter who took my daughter's toy, and you returned it to my daughter. Now it's pretending, as if you don't know us. Like it!"

Suzi remembered.

The woman in front of him is the mother of Lilly's classmate Luo Cuicui. Luo Cuicui always likes to give toys to Lilly to play with. Lilly doesn't want her to give it too. Originally, the two children gave toys to each other to show that the children know how to share, but Luo Cuicui's mother insisted that Shen only took it. Their children's toys wanted to be their own. For this reason, Luo Cuicui's mother had contacted Suzi twice, and Suzi returned the toys without taking it seriously.

She had spoken to Luo Cuicui's mother twice. She returned the toys and left in a hurry. How could she remember people so clearly?

This next reminder, Suzi remembered.

Her face was swollen like this, she didn't want to have extra branches, so she only asked calmly: "Is there anything you can do with me?"

Lilly reminded Suzi in a small voice: "Mom, Mama Cuicui looks so fierce, but don't be afraid, mom. If Mama Cuicui dares to be rude to you, I will beat her together with you."

Suzi: "Shen is the only one, you can't do this!"

Lilly stopped talking anymore.

However, she looked like a brave little warrior, staring at Mother Cui Cui.

Before my father went on a business trip, my dad explained the only one: "The only one, you must protect your mother at home." Mom Cui Cui fiddled with her freshly made nails, and said casually: "Since our group paid 50,000 yuan, I seem to be Haven't seen your car again?"

Your clothes are rough enough today.

Don't tell me that you really sold all of your belongings and you just collected enough 50,000 yuan to hand it in. Don't tell me that you are also a fat man with a swollen face?

Also, don't tell me, the man who drives you and your daughter to kindergarten every day is hired by you! You fired him because you couldn't hire him in the past two days? "

Suzi: "..."

"Auntie, you must have watched too much soap opera." Before Suzi spoke, the little dumpling he was holding in his hand spoke first.

Cui Cui's mother didn't understand, so she asked, "Shen Only, what did you say?"

The only naive and innocent explanation: "Auntie, I also watch soap operas. In soap operas, only princes and princesses are good people in the entire TV series. The most common soap operas are bad women. Those bad women always try to prevent princesses from marrying. Prince. This is the soap opera, Auntie."

This little girl is really a curse of changing the law.

Suzi didn't understand what his daughter meant for a while: "..."

Cui Cui's mother was stunned: "..."

In fact, the only person Shen doesn't understand what soap operas are.

Lilly only heard what Uncle Christopher said last Sunday.

Uncle Christopher came to the house early in the morning to take her out to play, Shen Zhiyi was very dissatisfied: "Uncle Christopher, why did you take me to play, why didn't my parents take me to play?"

Christopher said to her: "Your father is not free. So let me take you to play."
