

Chapter 659

Fei Lao.

She naturally knew that this big man, the last time he was in Shen's house in Jiang City, the big man once personally gave her a super order contract.

Although that order, it is now cheap for nothing.

In Bai Yi's eyes, she was completely out of luck last time. After the incident, Fei was always afraid that she would not remember her as a little president.

But now...

"Auntie, then Fei Laoke once said, why did you invite Lin Fan and me?" Bai Yi's heart was extremely nervous.

After all, her current identity is too far apart from the giants on the list, and she is not a person of the same level at all.

The joint invitation of these big brothers still shocked Bai Yi.

"Lao Fei hasn't said it, but..." With that, my aunt Shen Yuzhi glanced at Lin Fan next to him again, and then said:

"However, they are very sincere, Bai Yi, you and Lin Fan will go there. Come on!"

Hearing this.

Bai Yi pondered for a moment, and finally he could only bite the bullet and nodded:

"Auntie, please reply to Fei Lao. At 7 o'clock in the evening, the Hongyun restaurant, Lin Fan and I must be there!" A word made my aunt Shen Yuzhi feel in his heart. The big rock fell completely.

A faint smile filled her face:

"Bai Yi, my sister really wants to thank you this time!"

"You, you really marry a good husband!"

After speaking, Shen Yuzhi waved to Bai Yi directly, Opened the door, and left.

Ok?

However, Shen Yuzhi's last words gave Bai Yi a slight stunned.

Married a good husband?

What does my auntie mean? Is the invitation from Fei Lao and others related to Lin Fan?

Thinking of this, Bai Yi couldn't help turning to look at Lin Fan, and asked with a full face:

"Lin Fan, Fei and they invited us, is it because of you?"

Doubt!

At this moment, Bai Yi became more and more suspicious of Lin Fan's background.

Because in the recent period, almost every difficulty the family has encountered has been resolved by Lin Fan calmly.

Thinking about it carefully, it feels too incredible.

Facing Bai Yi's question, Lin Fan seemed to be prepared for a long time:

"Wife, don't be suspicious! I follow you every day and don't know anyone. How could Fei's invitation be because of me!"

Correct!

Bai Yi nodded involuntarily.

It is true that she has been with Lin Fan and has never seen anyone visit Lin Fan.

Obviously, this is because I think too much.

"Okay! Then you prepare. At seven o'clock in the evening, we are going to negotiate with Cai Guofu about the acquisition of the Blue Ocean Building! At eight o'clock, we will go to Fei Lao and their invitation!"

Chapter660

quickly!

It was the evening in a blink of an eye.

Lin Fan and Bai Yi freshened up a bit before leaving the hotel together.

However, when the two of them just got in the car, Lin Fan frowned slightly.

He found that there seemed to be four people following him.

“Tracking? Huh!”

A sneer appeared at the corner of Lin Fan’s mouth. In his eyes, the tracking technology of the other party was simply too clumsy.

Not to mention that these four people just made a simple disguise, even if they are actually dressed up in disguise, hiding in the crowd, but they only need one look at them, and Lin Fan can pick them all out.

Not only that!

Lin Fan can even be sure that the target these four people are following is himself.

Because their eyes are locked on their own body.

“It seems that some people still want to die!”

Lin Fan muttered lightly, and immediately started the car.

At the same time!

When the Mercedes Benz drove slowly away from the hotel parking lot, a Toyota overbearing behind, followed far away.

In this Toyota overbearing car, there are four majestic figures.

These four people are the four bodyguards of Cai Guofu, the owner of the Blue Ocean Building.

All of them were all black boxers.

Everyone is a ruthless role playing ten.

But now, in their eyes, it seemed that killing Lin Fan in front was just an extremely easy task.

“Hey, this kid is leaving. I’m afraid he can’t even think of it in his dreams. He is going to Guimenguan for this journey!” A thick sneer appeared on the face of a killer.

And hearing this, the rest of the people also nodded one after another.

“It’s just a pity, we can’t follow Mr. Cai, but we are attending a dinner hosted by Fei Lao and others!”

Dinner!

These two words silenced the bodyguard next to him.

They knew that Mr. Cai spent a lot of money tonight and got the ticket to the dinner party.

And this banquet was to welcome the super master-Master Lin.

Thinking of Grandmaster Lin’s reputation, these bodyguards couldn’t help but sigh.

“Oh...I really can’t imagine how tyrannical the Great Master Lin is! The blood wolf is already fierce and perverted enough, but in the hands of Great Master Lin, it can’t even survive three moves!”

“Yes, we were back then. King Kong, the number one master of the sea of clouds, was defeated in Jiang City by an unknown soldier pointed by Grandmaster Lin. I still can’t believe it, and now, I am taken!”

“...”

The faces of the four bodyguards were full of admiration and awe. .

just.

They were afraid that they could not even dream of thinking that the person they were going to hunt this time was the devil-like figure-Grand Master Lin!

Chapter661

The road in Yunhai City.

Two cars were driving slowly.

On the Mercedes-Benz in front, Lin Fan was wondering whether to get off the car and get rid of the stalkers behind.

And while he was thinking, he was stunned to see that beside the road in front, several gangsters were

beating a beggar.

Ok?

“This beggar is...”

When Lin Fan saw the figure of the beggar, his eyes condensed slightly, and he suddenly stepped on the brake.

Creak!

Benz immediately heard the side of the road.

“Lin Fan, why did you stop?” Bai Yi, the co-pilot, was slightly taken aback, and asked Lin Fan suspiciously.

Hearing this, Lin Fan smiled slightly and said:

“Wife, you can drive to the Hongyun restaurant first, I will take care of a little thing, and I will be there soon!”

After speaking, Lin Fan did not continue to explain at the moment, but opened the door directly. ,
Walked towards a small alley.

This scene made Bai Yi confused, but she didn't ask much.

After all, she knew that Lin Fan could play more than twenty alone.

Thinking of this, Bai Yi sat in the driver's seat again, then started the car and drove slowly towards the Hongyun Restaurant.

Creak!

And just as the Mercedes-Benz had just left, the Toyota behind him stopped at the side of the road.

The four killers in the car were equally puzzled after seeing Lin Fan walking towards the small alley.

“How did this kid get out of the car? Isn't he going to Hongyun Restaurant?”

“He seems to be chasing the beggar who was beaten by the gangster! Could this guy know that beggar?”

“Hey! Whether he knows or not! We were thinking about how to kill this guy, but now he is alone, we just do it!”

Hearing this, the faces of the four killers suddenly showed a thick grin.

At the moment, they opened the door.

The four of them touched the dagger around their waists, and then rushed into the alley. Obviously, they wanted to solve Lin Fan in this alley.

At this moment, the faces of all four of them were full of thick grinning.

As long as Lin Fan is resolved now, then they may still have time to catch up and witness the face of Grand Master Lin.

Thought of this.

The speed of the four was even faster.

However, when they turned around an alley, the pace of the four suddenly stopped.

Because they saw that Lin Fan in front had stopped, standing in the alley, looking at the gangsters in front of him.

See you!

Not far in front of Lin Fan, there were a total of six or seven bastards, beating a beggar frantically.

Chapter662

The beggar was all dirty, unkempt, and bloody.

There was a deep wound in his abdomen, which seemed to have not healed yet. At this moment, under the fists and feet of the surrounding gangsters, a trace of scarlet blood was constantly flowing from his abdomen.

However, he did not fight back. He just held his head in his hands. The whole person was like a cooked prawn, bowed to the ground, letting several gangsters beat him.

“Ma’s! Damn beggar, kill you! I’ll kill you!”

“Humph! You are a trash, you should have gone to hell a long time ago, and living is a waste of food!”

“...” A few gangsters looked brutal. And vicious, their fists and feet were extremely heavy every time, and the beggar was immediately beaten to death and miserable.

When this scene fell in the eyes of the four killers, they were slightly taken aback.

“Huh? What’s the matter with this kid? If he knows that beggar, he must have stopped it!”

“Yeah, this kid is obviously watching the show? Mar, stop the car and ran into the alley to watch the beggar be beaten. Is this person sick?”

The four assassins looked at the appearance of Lin Fan in front of him watching the show, and they were all puzzled.

Just at this moment.

The horrified voice of one of the assassins came over:

“No...no! Look at that beggar, he seems to be... a blood wolf!”

What!

As soon as this remark came out, the other three killers trembled.

Blood wolf?

The youngest top killer in East Asia?

The ruthless person listed as the global AAA murderer?

Was he abolished by Grandmaster Lin? How could it be here!

The three assassins next to them were all dumbfounded, and they turned their gazes away from Lin Fan and looked at the beggar who had been beaten by several gangsters.

They only found out.

The person who was beaten was not a real beggar.

He wore a T-shirt stained with dried, jet-black blood on his upper body, and a pair of washed white jeans

on his lower body.

However, whether it is a T-shirt or jeans, it is soaked in jet black with dried blood, and it looks dirty. especially!

Through the messy hair, the four assassins could immediately see the green face of the beggar.

It seems that he is only in his twenties.

However, when the face of this beggar fell in the eyes of the four killers, their scalp was numb, and they wanted to turn around and flee.

“Sure... it’s a blood wolf! He is the same as in the video, absolutely correct!”

“Oh my God, how did the blood wolf end up in our Yunhai City after it was abolished?”

“Yes, there is also this surnamed Lin , Do you know the blood wolf?” At this moment, thick shock and doubt filled the hearts of the four killers.

Chapter 663

And at this moment.

A cold voice came from the previous battle.

“Are you cool?” The voice, icy cold, as if containing boundless suffocation, unexpectedly caused the temperature here to drop several degrees.

After hearing these words, the beaters suddenly stopped.

Ok?

The expressions of the six people condensed slightly.

For some reason, after hearing the icy words, their hearts were a little hairy.

That feeling, like the awakening of a fierce beast, shocked the six people.

Huh huh!

Their gazes turned towards the beaten beggar, one by one couldn’t believe their ears.

“Little beggar, what are you talking about?”

“Is it cool? Hey! I haven’t been cool yet! Today, kill you!” The six gangsters only felt at this moment. The anger just now seemed to be just The hallucinations were so common, I didn’t care about it at all.

However, after hearing their vicious words.

But I saw that this blood-covered beggar actually slowly got up from the ground.

His figure is swaying, as if he would fall down at any time.

Tick!

Tick!

A drop of blood dripped from his hair.

However, the blood wolf didn’t care. He stretched out a finger, dipped the blood on his body, and then sipped it in his mouth.

Suddenly, he grinned.

Wow...

Being beaten like this, this guy is still laughing?

The six gangsters only felt a creepy breath that swept their bodies and minds, making their scalp numb.

It’s just more than that.

The blood wolf stared directly at them, the smile on the corner of his mouth became more and more horrible: “You haven’t gotten so good yet, but I have had enough!”

“Because beating, it’s too boring! Why don’t we play... Kill people? !”

Why don’t we play... Kill someone!

When the words of the blood wolf fell, the six bastards only felt the surrounding temperature, which suddenly dropped sharply, causing the hairs on their bodies to stand upside down.

Do not know why.

In their eyes, the blood-covered youth who had been beaten by them in front of them was like a fierce beast that had chosen to eat, making people fearful and frightening.

“No... don’t be scared by him! He is just a beggar, a rubbish!”

One of the bastards headed by him took a deep breath and calmed his emotions forcibly.

Then he shouted to his surrounding companions:

“Fight! Let’s go together, this time he must be killed!”

The voice of the leader of the gangster was full of brutality.

After saying this, he was the first to bear the brunt and rushed towards the blood wolf, especially with a wave of his fist, he wanted to hit the blood wolf’s face again.

But at this moment!

Huh!

The gangster with the name of the leader only saw a golden light in front of him, which flashed by suddenly, and then he felt a cold in his arms.

Chapter 664

Ok?

This scene stopped his movement.

Before he could react to what had happened, he heard the panic shouts of his companions nearby.

“Boss, you...your hand!!!” In the voice of the companion next to him, there was boundless panic, as if he had seen a ghost, with a shiver.

hand?

The bastard at the head was dumbfounded, but when he looked at his arm, he was surprised to find out.

Bare.

The palm of his hand, starting from the elbow, disappeared without a trace, and the scarlet blood spewed out frantically from the broken flesh.

This is more than that.

Up to this moment, the majestic pain, like a tide, swept through the body from the elbow, and suddenly made the young man named the leader scream frantically.

“Ahhhhhhh...no! My hand!”

The first bastard screamed and retreated hastily.

It was only then that he was horrified to discover that the blood wolf in front of him had no idea when An extra steel wolf claw appeared.

The ticking blood continuously flowed down from the wolf claws. On the ground, his forearms and palms remained.

Tear!

The leading gangster was almost scared out of his mind. He couldn't even dream of it. He didn't even have time to react, so the beggar in front of him tore his forearm with steel wolf claws.

madman!

This guy is crazy!

“You he broke my hand! Lao Tzu killed you, killed...” the leading bastard screamed bitterly.

His face was full of hideousness, and he wanted to smash the blood wolf into thousands of pieces.

It's just that his words haven't been finished yet.

Huh!

With a wave of Blood Wolf's palm, the blood-stained wolf claw flew out of the sky again.

Sneer!

When a sound of tearing flesh and blood came, the scene that made the next few bastards scared to piss appeared.

I saw the neck of their boss, like a rotten wood, torn apart by wolf claws.

A head flew into the sky.

Gululu!

Roll to the ground.

Quiet...At this moment, the whole alley fell into deathly silence.

Everyone couldn't believe their eyes, especially the remaining five bastards, their bodies completely frozen.

It wasn't until the headless corpse of their boss slammed to the ground that the five gangsters shuddered and reacted from the panic.

"Kill...Kill! Help! Kill!" In their throats, there was a horrified roar, and then the five people wanted to move behind and fled in panic.

However, the blood wolf smiled:

"Although I have lost my dantian, how can you wait for the ants...humiliation!"

"Our killing game is not over, you... die!"

Chapter 665

The voice is so cold!

The method is so cruel!

After these words fell, the only remaining steel wolf claw in the blood wolf's hand suddenly fluttered away again and again.

At this moment, an unbelievable scene of the four assassins hiding in the distance appeared.

Sneer!

Sneer!

There was a sound of tearing flesh and blood, and a dull sound of the head rolling down.

One after another corpses fell to the ground.

In just three breaths, all six gangsters turned into corpses.

Shocked.

The four killers were almost scared to pee at this moment.

The complexion of each of them was pale, and dense cold sweat rushed down from their foreheads.

“How is it possible! Isn’t the blood wolf destroyed? He... how could he be so strong!” Unbelievable.

They had watched the video before, and the whole blood wolf was nailed to the ground by Master Lin, and the dantian was broken.

It can be said that it has become a waste.

And now, the brutal performance of the blood wolf has simply subverted the three views of these four killers.

“I...I know!”

“What he was abolished was only the strength of the grandmaster! The grandmaster can kill with flying leaves, relying on true energy!”

“Although the blood wolf can no longer use true energy now, but Under his master, he is still a super strong existence!”

Boom!

After hearing the words of one of the assassins, the other four felt only a tingling scalp.

That’s right!

Although the blood wolf in front of him is no longer a figure of a master.

But he is still very strong and his methods are still vicious.

Thinking of this, the four of them began to tremble at this moment.

However, a scene that stunned them appeared.

Just after the blood wolf killed six bullies.

The four assassins were stunned to see that Lin Fan, who was watching the show in front, stepped on his feet and started to walk slowly towards the alley where the blood wolf was.

Wow!

In this scene, the eyes of the four killers almost fell out.

“This...what is this guy doing? Didn't he see that the blood wolf killed people?”

“Yes! He is crazy! The blood wolf at this moment is definitely the most brutal time, he is looking for death!”

“...”

The four assassins were completely dumbfounded.

They followed Lin Fan to the alley in order to kill Lin Fan, and naturally they would not stop Lin Fan from committing death.

What they didn't expect was that this guy was so brave to provoke such a fierce and vicious blood wolf.

really!

clatter!

After Lin Fan in the footsteps of that just entered the alley, blood wolf the whole person body Yi Chan, a trace of terror evil spirits from his body out through the body:

“Who?”

Then, a blood wolf ears Shaking, the steel wolf claw in his hand, facing the place where the footsteps came, flew away fiercely.

Phew...

This steel wolf claw is almost at its extreme, like a meteor, tearing towards Lin Fan's neck.
