

Chapter: 1428

After coming out of Shen's house, Bai Yi always felt that something was wrong.

So, he looked at Lin Fan suspiciously:

"Lin Fan, do you think they are too easy to talk?"

"It stands to reason that they killed Shen Ling and drove the Shen family to the bottom. They shouldn't be so good at talking."

What's more, she had already planned to return today in defeat.

But the Shen family just asked them to change the wedding banquet venue?

"See it?"

Lin Fan also smiled:

"In my opinion, they must be peaceful and kind, probably because they want to embarrass us at the wedding?"

boom!

Bai Yi exploded directly, and said in horror:

"Then how about we reschedule the wedding or not invite them."

just!

Lin Fan smiled and said nonchalantly:

"Don't worry! The soldiers are here to cover the water and soil. If they are obedient, then that's fine, but if they dare to mess around, then I will make them unable to eat."

Lin Fan's voice was full of harshness.

...

Three days, fleeting!

On this day, Lin Zuo fainted!

The streets of Jiangshi are covered with roses on both sides!

Major news media, take turns reporting!

It is a sensation of the century, and the scene is grand!

This is the only wedding on the official news in China's history, and it can be said to have attracted much attention.

And this time!

Bai Yi is also at home, dressing up carefully. At this time, she is wearing a pure and flawless wedding dress, which is generous and graceful, just like a beauty coming out of a painting.

And Shen Yumei on the side also kept wiping her tears:

"Bai Yi, you are so beautiful today! Mom never thought that one day, you would be so beautiful!"

"Look at you, what are you crying on this happy day!"

Baishan said in an angry manner.

just!

Only then did Shen Yumei stare at him angrily:

"Talk about me? You just hid in a corner and wiped your tears?"

Upon hearing this, Bai Shan's face immediately blushed, and he quibbled:

"Nonsense! Then I got my eyes in the sand!"

The two elders are very excited!

They didn't expect to see Bai Yi hold a decent wedding in their lifetime. Although they looked down on Lin Fan before, they have also awakened through the knowledge they had gained during this period of time.

Although Lin Fan had no abilities, he was single-minded for this family. Even several times, he was almost killed by committing a personal risk for them!

Even if they let Lin Fan leave, Lin Fan is unwilling to leave. He is about to live and die with them. What reason do they have to provoke such a good boy?

At this time, they watched Lin Fan and Bai Yi's upcoming wedding, both of them were moved and blessed from the bottom of their hearts.

Simultaneously!

The stone in my heart finally fell!

In this way, Lin Fan won't be any better!

Their family must be with He Meimei for life!

after!

No matter how others say Lin Fan is useless, they don't care anymore.

And this time!

Their babysitter stumbled and ran in with a look of horror!

"Master, madam, young lady, something is bad!"

"what's happenin?"

Baishan's expression has changed drastically, is it possible that the change happened unexpectedly?

Even Bai Yi couldn't help but frown. Isn't it because the Shen family is planning to mess up?

"No, yes...oh! I can't tell, come out and see for yourself!"

The babysitter was already incoherent, just shuddering, couldn't even speak, and kept pointing at the door.

Now!

The Baiyi family, full of tension and anxiety, quickly walked towards the door.

Out there!

All the neighbours in the neighborhood are watching nervously, with deep envy and shock in their eyes!

Seeing that the Baiyi family came out, they immediately greeted them with pleasure:

"Yumei, you...your family is going to be soaring?"

"Baishan, you are really not interesting! Your family has such a big background, but you are not hiding it from us?"

"Bai Yi, we used to look down on people. We shouldn't look down on Lin Fan and your family. It turns out that he is the real dragon and phoenix. We were the one who was wrong! We apologize to you, don't you hate us.!"

Those neighbours in the neighbourhood said flatteringly, unable to hide the envy and excitement in their eyes.

Ok?

These words made the Baishan family completely stunned.

"What are you talking about, why don't we understand?"

The Baishan family only feels stunned and completely incomprehensible!

"It's still pretending to be garlic. Everyone has come to get married. Look!"

Now!

Bai Yi looked in the direction they were pointing!

boom!

In an instant, the family of three was completely confused!
