

Chapter: 1447

And this time!

After Lin Fan left the hotel, he went straight back to his home.

just!

Only then opened the door and saw a middle-aged man sitting in their living room, with an arrogant expression and a light eyebrow, as if I was “invincible in the world”.

Domineering to the extreme!

“President Bai, you are like a pig brain! Now that you have mastered the formula that can treat the new type of **, you should ask the celebrity to publicize it at this time, and then stock up a lot of goods, hunger marketing to increase its price!”

“At that time, a vaccine can be sold for 10,000 yuan, and all countries around the world have to buy it. How much money can be transferred at that time!”

With that said, the other party looked at Bai Yi with a playful look:

“I think it shouldn’t be difficult for you to open up all major sales channels with the means of your President Bai?”

In Jiangnan nowadays, who doesn’t know that Bai Yi is a capable woman who has climbed onto the bed of many bosses?

Hear the words!

An anger suddenly rose in Bai Yi’s heart:

“Mr. Dong Mingfeng, we, Xinbai’s, produce a new type of vaccine to save people, not to make money!”

Now that the country is in crisis, it is precisely when the vaccine is needed, but Dong Mingfeng wants to take this opportunity to make a fortune in the country, it is simply not as good as a beast!

Dong Mingfeng, this person is Dong Qianqiu’s biological son and the eldest of the Dong family!

now!

She is here to find Bai Yi to cooperate!

It’s just that, not so much cooperation, it is more of a plot to be unruly.

Dong Qianqiu at least plans to buy the formula, and he Dong Mingfeng...

I just want to bait!

At the moment, Dong Mingfeng smiled contemptuously:

“Save people? Come on! Selling medicine is not to make money, but to make money?”

“Okay, I won’t talk nonsense with you, let’s be honest, we, Dong’s Medicine, are fond of your formula!”

“I think you should know that we, Dong’s Pharmaceuticals, are a family of medicines, and Dong’s Group has even occupied 50% of the Huaxia Pharmaceuticals market. As long as you cooperate with us and develop this formula together, I guarantee that you will sweep China’s world and reach the world. !”

Dong Mingfeng’s face is full of pride!

It seems that Dong’s medicine is omnipotent.

just!

Bai Yi looked impatient:

“and then?”

From Dong Mingfeng’s words and deeds, she has already seen that this person is a profiteer, so she is not willing to cooperate with Dong Mingfeng at all.

Even more unwilling to go with him and make money together in this country!

Ok?

Seeing Bai Yi’s disdain, Dong Mingfeng frowned, and a trace of anger appeared in his eyes.

“It’s very simple. As long as you produce the technology, we will take care of the rest. When the time comes, you can divide the account between three and seven, and you can just wait to collect the money! Of course, it is us seven and three!

Heard this!

Bai Yi just wanted to laugh, but the other party really regarded her as a fledgling little girl?

After so many things, she is no longer the same Bai Yi.

First pulled her into the game in the name of cooperation, followed by sharing the formula on the grounds of technology sharing, and then kicked her out of the game after getting the formula. The name of the formula was changed to something of their Dong family.

When the time comes, let alone become a three-year-old, she won’t even want to catch a dime!

So at the moment, Bai Yidun’s face was like frost, and he coldly dismissed the guest and said:

“Mr. Dong, please!”
