Chapter: 1451

Lin Fan shrugged and smiled:

"I can't do anything!"

Then, he cast a threatening look at Dong Qianqiu and others.

Dong Qianqiu shuddered immediately, and then said weakly:

"It's Dr. Lin. We want to forcibly acquire the information of Xin Bai's.

Let Lin know. He warned us that if Mr. Lin and Miss Bai Yi can't be

put to rest, we will let our Dong family go bankrupt!"

Dong Qianqiu's attitude is extremely respectful.

And these words finally made Bai Yi react, it turned out that the genius doctor Lin made the shot.

This is no wonder, after all, their new Bai's, but they have cooperated

with Lin's doctor, Dong's medicine wants to buy them, so naturally they can't avoid Lin's doctor.

just!

At this time, Bai Yi felt that she was too lucky, and she had the help of noble people one after another.

Now, Dong's Medicine, a behemoth in the medical industry, kneels in front of her, begging for her forgiveness, it's almost like a dream.

And this time!

Lin Fan pointed to Dong Mingfeng and said:

"I don't like this person very much. If I kick him out of Dong's medicine, I will let the doctor Lin let you go." what!

to kick himself out of Dong's medicine? At the moment, his face was full of deep shame. This rubbish was just

Dong Mingfeng's expression changed wildly, this trash actually planned

a fake tiger in the name of the great doctor Lin, without the support of the great doctor Lin, the couple was nothing. Now he dare to fan the flames and ask his father to drive him out of

the house? Damn it!

"Okay, I promise you!"

However, Dong Qianqiu didn't even think about it, so he agreed.

This is the only way to preserve their Dong family, and he has no

choice! "Dad...you!"

Dong Mingfeng's eyes were filled with astonishment. What did he hear just now that his father actually agreed?

He actually intends to drive himself out of the house? Are you dreaming?

Dong Mingfeng was completely stunned. He was the eldest of the

Dong family and the future heir. As a result, because Lin Fan didn't like

a sentence, he would be swept out of the house? No...impossible!

In an instant, Dong Mingfeng said with a bitter expression:

"Isn't it just a genius doctor Lin? What is there to be afraid of? Behind me is standing a hundred times more terrifying than him! I don't believe him as a doctor. I dare to do anything to me!"

"Boy, don't think that if you have Lin's genius doctor to support you,

you are great! As long as I want, one sentence can keep you from

seeing the sun tomorrow! I advise you not to be aggressive!" This time, hiding from his family, he quietly came to Bai Yi to discuss cooperation, also because of the instruction of the people behind him. The backer behind him is so strong that it is unimaginable that even

"Nizi! How dare you talk nonsense? Apologize to Mr. Lin immediately!" Dong Qianqiu was almost mad.

At this point, Dong Mingfeng is still stubborn, this is simply looking

for death!

the great doctor Lin can't match it.

I really thought that the man in front of me wouldn't dare to kill him? just!

Dong Mingfeng couldn't listen to anyone at this time, and snorted

"You are afraid of him, I am not afraid! And I am still stuck here, I have to make the formula, even the genius doctor Lin can't keep it!"

Talking! He stared at Lin Fan arrogantly:

coldly:

"You tell your genius doctor Lin, if he wants to die, then continue to

be nosy!" After finishing speaking, he stepped out of the Bai family without

looking back, with a domineering and lofty appearance. See it!

Dong Qianqiu also smiled bitterly:

"I'm sorry, Mr. Lin, the family is unfortunate for nurturing such a

madman and offending you!" just!

Lin Fan sneered and looked at Dong Qianqiu deeply and said:

"Relax! Since you can't teach him, then I think the genius doctor Lin

must be happy to do it for him!"
