

# Chapter: 1459

Ok?

Lin Fan looked at Kou Jianghuai suspiciously:

“Why are you so sure?”

He wanted to see what Kou Jianghuai planned to convince him.

Kou Jianghuai took a deep breath and said:

“The leader of Xiao Xiao now is Lin Chentao!”

boom!

The simple three words evoked Lin Fan’s extremely painful memories!

It made his eyes completely congested!

Lin Chentao, Young Master Lin!

And also Lin Fan’s mother-killing enemy!

Lin Fan didn’t want to break his corpse into pieces all the time, but

after returning to China, he has never been able to find a trace of him.

It turned out that he joined the army and hid in the Owl Legion.

At this moment, all Dragon Tooth members suddenly became tight,

and their faces were filled with consternation.

They have been on the battlefield for a long time, but it was the first

time that they felt such a strong murderous aura.

The murderous aura seemed to have turned into substance, allowing

them to smell a subtle smell of blood.

Everyone looked at Lin Fan nervously, knowing that the Lin Zuo was

completely out of control at this time, and even if they were killed at

this time, it was not surprising.

After a long time, Lin Fan calmed down and said:

“I, promise your chief instructor!”

boom!

This time, it was Kou Jianghuai and others’ turn to boil, and there was

a strong ecstasy in their eyes!

“You... are you true?”

Lin Zuo served them as instructors, and they believed that in just one

month, Longya could complete a qualitative transformation!

just!

But Lin Fan turned around and said:

“However, there is one condition! I will help you Longya win the first

prize, but I will kill Lin Chentao on the spot!”

“This...”

Everyone’s expressions hesitated, wouldn’t it be equivalent to tying

Longya and Lin Fan together?

You must know that Lin Chentao’s status in Xiao Xiao is absolutely

extraordinary. If he were to be killed, it would be tantamount to a

complete declaration of war with Xiao Xiao.

From now on, Xiao and Longya will never die!

Seeing them hesitate, Lin Fan laughed:

“It seems that you are not as hard-hearted as you imagined. If you want

to empty the glove white wolf, then you are looking for the wrong

person!”

Talking!

Lin Fan just got up and planned to leave.

“Lin Zuo stay!”

Kou Jianghuai called Lin Fan, then gritted his teeth and said:

“We are willing to agree to your terms and work together to eradicate

Lin Chentao!”

.....

Soon after Lin Fan left, Li Quan received a call from Dong Mingfeng.

Seeing his phone number, Li Quan’s teeth tickled with hatred.

If it weren’t for him to vent his anger, how could he offend Lin Fan,

and now a good money tree is forced to give it away.

After answering the call, Dong Mingfeng’s laughter came from the

other end:

“Li Dong, how are things going, when will the little star accompany me

to bed?”

“Go to bed? Ask your mother to accompany you!”

Li Quan’s nose was almost crooked, and he yelled at him.

The old subsidiaries are gone, so you still want to play with women?

Ok?

At the other end, Dong Mingfeng seemed to have thought that Li

Quan would scold him. He was obviously taken aback.

Then his face suddenly became unsightly:

“Li Dong, what do you mean? Do you dare not do the things I

explained?”

There was already a threat in the words.

He also didn’t expect that the other party would suddenly turn his face.

Yesterday they had a very happy conversation, but now Li Quan not

only turned his face and refused to recognize him, but even dared to

scold him?

“What kind of thing are you, you let me do it and I will do it? Do you

know, just because of you asshole, I was hurt by you!”

Li Quan said in a desperate mood. He is now full of evil fire and dare

not vent to Lin Zuo, but naturally he will not give Dong Mingfeng a

good face.

“In that case, don’t you even pay attention to young and old?”

Dong Mingfeng on the other end is also getting more embarrassed,

this damn dog thing, dare to be so arrogant?

Is this the guts of ambition?

Even dare to disobey the orders of the young and old?

just!

Li Quan sneered:

“I don’t know what is big or small, I only know that you are going to

die right away!”
