

# Chapter: 1472

Not only Zhu Zhide, even Zhu Ru at this time was completely stunned!

Because of this coffin, she gave it away!

Once investigated, she could not escape her death.

It's a disaster, it's a disaster!

At this time, Zhu Ru was deeply aware that he had lost his self-satisfaction.

Originally, I wanted to humiliate Bai Yi, but in the end it turned out to be playing with fire\*\*.

“Dad, enlightened, save me! I don't want to die!”

Zhu Ru cried for help.

But Zhu Zhide's face was as gray as death, and he couldn't listen to her at all. Zhang Kaiming also hesitated and didn't speak.

Because he also knows that once he wants to save Zhuru, he will be involved, and he may not be able to be saved.

However, there is more to it!

Under the horrified eyes of everyone, Xu Longxiang walked towards Bai Yi and proactively stretched out his hand:

“Miss Bai Yi, she is indeed young and promising! The vaccine you developed will save the entire China from distress. Thank you on behalf of the Huaxia official!”

Wow!

On behalf of the Huaxia official?

Everyone was completely shocked, but they also knew that Xu Longxiang did have such qualifications.

Bai Yi was also flattered, holding Xu Longxiang's hand nervously, and said nervously:

“Xu Laoyan is serious. As a Chinese, this is what I should do.”

At this time, she only felt like she was dreaming, and she couldn't believe that after killing her, the leader of Longya would come to her release meeting.

But right now!

Xu Longxiang noticed the huge coffin in the middle of the hall.

Right now, his expression changed wildly, and he couldn't help looking at Lin Fan beside Bai Yi.

At this time, Lin Fan nodded without leaving a trace.

boom!

Xu Longxiang is completely angry!

A pair of eyes, filled with monstrous anger!

“Who gave this coffin?”

Everyone can feel the strong anger in Xu Longxiang's words at this moment.

The same sentence is spoken by different people, and this power is naturally different!

The audience was silent, even Lin Chentao didn't dare to speak again.

Zhu Zhide's family was shocked immediately, stiffened in place, not daring to move, let alone breathing.

At this time, they seemed to have lost their souls, their brains were blank, and they didn't know how to deal with it.

They understood everything, no wonder Lin Fan let them put the coffin in the most conspicuous place in the hall, because he had expected this scene a long time ago.

He wanted to kill their whole family!

Thinking of this, their family suddenly gritted their teeth with hatred,

wishing to smash Lin Fan into pieces.

But Shen Yuzhi on the side shook his head with a wry smile. She was the only one who had stored reason and conscience. She felt that the reason why their family would end up today is entirely her own responsibility.

Picking up a rock and smashing himself in the foot can only say that they deserve it!

“Lin Zuo's release meeting, do you dare to make trouble? I think you are guilty of ambition!”

“Who did it? Get out of me!”

The audience was silent, no one dared to speak!

Feeling that Xu Longxiang was angry, they were all extremely anxious.

“No one speaks? Then all will be punished!”

Xu Longxiang sneered suddenly, and then his sharp eyes looked around:

“Everyone today, don't leave!”

boom!

Upon hearing this, all the bigwigs present were almost paralyzed in fright, even if they were all frightened.

Immediately afterwards, they didn't care to offend Lin Chentao, and they all spoke:

“It's none of our business, it's all done by Zhu Zhide!”

“Yeah, they despised Lin Zuo, and sent such a coffin, it is a crime worthy of death!”

“Old Xu, we don't know anything. We are here to participate in the release meeting. Zhu Zhide, why don't you kneel down and admit your mistakes?”

These bigwigs were all afraid of being dragged down by Zhu Zhide, so they all clarified.

At this time, Zhu Zhide's family realized that the catastrophe was imminent, and walked towards Xu Longxiang with a wry smile.

“Old Xu, sorry, we made a joke, we...”
