

Chapter: 1505

This moment!

Longya is completely crazy!

“stop!!!”

The Dragon Kwai and others let out a roar of grief and anger, rushed out quickly and rushed to the ring.

But it's too late!

Ning Changkong's mouth was grinning, and the foot that was as heavy as Mount Tai rushed down in an instant.

Kou Jianghuai smiled bitterly and sighed in his heart.

Instructor, I still lose your face after all!

just!

Everyone thought that when Kou Jianghuai was dead, a figure appeared in front of him without knowing when.

what!

Ning Changkong couldn't help but his expression changed wildly, and he felt a little frizzy in an instant.

When did the other party come, he wasn't even aware of it?

“That man... is Longya's instructor?”

The whole audience was in a complete uproar, looking at the man standing on the stage wearing a Pig Ba Jie mask with extreme astonishment.

This image is too weird, right?

Come on stage wearing a pig bajie mask?

At this moment, Bai Yi was also completely stunned, because she found that although the man's clothes were different from Lin Fan, his figure was so similar to Lin Fan.

She hurriedly looked around and found that Lin Fan had disappeared sometime.

At the moment, she took a breath of air-conditioning directly, and suddenly thought of something incredible in her heart.

Isn't the man on the ring really Lin Fan?

Before, everyone's attention was attracted by the ring, so when Lin Fan left, when he put on his clothes and mask, it was simply not noticeable.

“Instructor, I'm sorry!”

Seeing Lin Fan being forced to show up, Kou Jianghuai felt very guilty.

But Lin Fan didn't look back at him, but smiled faintly:

“Go on, he will leave it to me next.”

Kou Jianghuai gave Lin Fan a complicated look, then nodded and walked off the ring.

And this time!

Ning Changkong stared at Lin Fan unkindly, as if staring at his prey:

“Are you the newly hired instructor from Longya?”

just!

Lin Fan laughed loudly, with playfulness and ridicule in his voice.

“what are you laughing at?”

His presumptuousness immediately made Ning Changkong angry. This guy could even laugh when he saw him Ning Changkong?

Since returning to China, he has also met someone as arrogant as Lin Fan.

“I thought you already knew who I was, after all, your disciple died in my hands.”

Lin Fan said with a sneer.

After Lin Fan said these words, the atmosphere fell into silence.

Everyone stared at this moment, as if they had seen a ghost.

What did they hear?

This guy actually said that he killed Ning Changkong's disciple?

“So courageous!!!”

Ning Changkong suddenly jumped into thunder, and roared furiously:

“It turns out that you are Master Lin! Kill my disciple and dare to appear in front of me. Today, this place will become your burial place!”

He already knew the news that his eldest disciple had been killed. He originally planned to take revenge for his disciple after participating in this legion war.

But I didn't see the other party unexpectedly appeared in front of him, and even dared to deliberately sprinkle salt on his wounds. This is simply unforgivable!

boom!

There was a complete uproar in the audience!

Master Lin?

Is the mysterious man in front of him the Master Lin who made a sensation in Jiang City not long ago?

It turned out that the instructor Longya invited was the famous Master Lin.

just!

Can he deal with such terrifying existence as Ning Changkong?

You know, Ning Changkong has been in the sky in the past few years, and his reputation is extremely high. Even if the great master meets him, he has to avoid his edge and dare not easily fight him.

Master Lin, how capable is he, dare to challenge him?

At this time, Bai Yi was also completely stunned by the scene before him, and subconsciously exclaimed:

“Lin Fan, is Master Lin?”
