

# Chapter: 1550

The mobile phone was directly in Lin Fan's hands and turned into fragments.

As for the Lin family, everyone was completely stunned after seeing Lin Tianxun's death.

especially!

When they heard Lin Fan's brutal and cold-blooded declaration of death, they all seemed to have lost their souls.

For some reason, they had a feeling that Lin Fan did what he said!

"You see, um... that Lin Fan doesn't have a look in his eyes?"

A Lin family said that they wanted to call Lin Fan waste, but the moment he thought of his eyes, he had the courage to continue insulting.

But the other Lin family members were silent, with unnatural expressions.

Obviously they have seen it, and they have never had such a terrible look in their eyes.

That kind of hatred to the extreme!

That kind of completely crazy killing intent!

It's scary!

At this moment, even Lin Hongtu couldn't help but have a kind of doubt. Could it be that they were really wrong back then?

Because of their stupidity and arrogance, they have established such a great enemy for the Lin family?

The three best young men in the Lin family were all brutally brutalized by the trash!

That's it!

In order to cultivate the three brothers of Lin Tianxun, their Lin family spent a lot of time and energy before finally letting the three of them have the qualifications to inherit the Lin family's business.

But now!

Nothing!

Is it possible for the Lin family to spend several decades to train an heir?

"Ahhhhhhh!"

Lin Hongtu was completely furious, and smashed everything that he could see in front of him.

He can't wait to kill someone at this time!

Three grandchildren!

All of them are dragons and phoenixes among the people. This is a heyday that the Lin Family has never seen before. He originally thought that relying on these three brothers could push the Lin Family to a higher level again.

But now, everything is over!

It's all dead!

And the one who killed them turned out to be their most despised trash, which made Lin Hongtu completely crazy.

"Kill! Anyway, I will kill that bastard! If anyone can kill him, whoever is the future Patriarch of the Lin Family!"

Now, seeing the rise of the Lin family hopeless, Lin Hongtu simply broke the pot. ,

As soon as this remark came out, all the Lin family's eyes glowed green!

Can you become the next Patriarch by killing Lin Fan?

Even if they know that Lin Fan is terrible, but now they are still willing to try.

After all, there must be a brave man under the reward!

then!

Lin Hongtu looked at Lin Zhanxi with hatred:

"You have a good son!"

Immediately afterwards, he suddenly furiously flicked his sleeves and left angrily.

At this time, Lin Zhanli's face was pale, and he gritted his teeth.

Obviously, he also knew that Lin Hongtu was blaming him for not being able to blame his crotch. He gave birth to such a catastrophe and ruined the Lin family's great future.

"Lin Fan!!!"

Lin Zhanyu yelled in a low voice, he regretted why he didn't throw that wicked species to death when he was born.

.....

at this time!

Within the Bai family!

A group of uninvited guests came, and they were talking to Baishan and his wife.

The Baishan couple looked embarrassed and didn't know how to react.

"Old classmate, this is the red wine that my son brought back from abroad. It costs 100,000 yuan. Has your family ever drunk such an expensive wine bar?"

A woman said triumphantly that she was Shen Yumei's former colleague Zhu Yuqing, who later immigrated to a foreign country and only recently returned.

The reason why they were able to go abroad was that the Baishan family had spent manpower and material resources. As a result, they now have some stinky money, and they started to fly their tails when they came back.

Now he was stinking in front of Baishan and the others, as if he wanted to let Baishan and the others know how rich they were.

Baishan was also shocked when he heard such expensive wine, and then he waved his hand quickly:

"Don't don't don't, we can't accept such expensive wine, you should take it back."

"Uncle Bai, this one hundred thousand wine is very expensive for you, but to me it is nothing but a meal."

Aside, Zhu Yuqing's son Lu Danqing also said triumphantly, his face full of arrogance.
