

# Chapter: 1559

“Bai Yi, sit down!”

Jin Chengen opened the chair for her very gentlemanly, but he was very proud of it. Now Bai Yi should know, what consequences will follow a trash?

However, Bai Yi had no reaction at all, and even wanted to laugh a little.

As soon as Liu Biqin and Jin Chengen sang and got together, I'm afraid they would have discussed it long ago, right?

How many ghosts and snakes she has seen in the past year, how can she not understand this little trick?

For Jin Chengen, I became more and more disdainful and disappointed!

It turns out that this is the real face of this man!

When I said that I would abandon it, I would abandon it, but now I want to come back and destroy her family. Who do you think of her as Bai Yi?

“Let's talk about business!”

Bai Yi said with a cold face, not wanting to continue wasting time here.

If it wasn't for trying to save people, she would leave now.

“Don't worry! Bai Yi, I specially gave you a gift!”

With that said, Jin Chengen patted his palms, and then a group of waiters walked in from the door pushing a big cake, and there was a ring box on top of the cake.

What Jin Chengen wants to do is already self-evident.

just!

Bai Yi's face was not only moved by Fei, but a deep contempt appeared on the contrary.

Was fooled!

Jin Chengen didn't want to talk about business at all when he asked her to come. But I want to repair the old with her.

At this time, Jin Chengen opened the ring box and knelt in front of Bai Yi, expressing affectionately.

“Bai Yi, the reason why I wanted to leave in the first place was really unreasonable. My current wife and I have no feelings at all. They have been separated for many years!”

“Let's be together again, I don't mind you being married!”

Wow!

Everyone was stunned immediately!

Jin Chengen actually intends to pursue Bai Yi again?

However, there is more to it!

Everyone stared at the ring in Jin Chengen's hand, and then Qi Qi let out an exaggerated exclamation.

“Oh my God! Such a big diamond ring, it would cost a few million, right?”

“What a few million, this is the eternal love of Christie's auction, worth ten million!”

The audience was shocked!

Everyone looked at the diamond ring the size of a pigeon egg in surprise.

Especially women!

After seeing such a big diamond ring, everyone was going crazy, each one glowing green.

If there is a man with such a big diamond ring to ask them to marry him, they will definitely marry each other without hesitation.

Seeing everyone's reaction, Jin Chengen was also confident that Bai Yi would like it.

But it's a pity that this time, he was disappointed!

Bai Yi glanced at the diamond ring lightly, but said with an indifferent expression:

“It turns out that I'm only worth ten million in your eyes, isn't it?”

Lin Fan gave her jewels worth tens of billions!

And Lin Fan didn't even blink his eyes.

Bai Yi's words immediately made Jin Chengen's expression stiff. Isn't this ten million diamond ring okay?

“The diamond ring is very beautiful, but my husband gave it more beautiful and more expensive!”

With that said, Bai Yi got up and prepared to leave:

“Since you have nothing to talk to me, then I will leave!”

At this moment, Jin Chengen panicked directly, and he was so lavishly throwing money that he couldn't even impress Bai Yi?

And everyone present was also dumbfounded, Bai Yi didn't even look at the ten million diamond ring?

Is this crazy?

“Bai Yi, what are you pretending to be? Who doesn't know that your husband is a pauper who lives on soft rice. He can give you jewelry that is more expensive than this?”

Liu Biqin jumped out to insult again, her face full of disdain.

And everyone laughed.

Because what Bai Yi said was so funny, they all doubted whether Bai Yi was dreaming.

Do you know what virtue your husband is?

Bai Yi just smiled contemptuously, even too lazy to explain, her husband is a great master, what does it mean to give her tens of billions of jewelry?

How do these ants know that her husband is extraordinary?

At this time, she didn't even bother to explain to them, and took a step forward and planned to leave.

“Bai Yi, are you really unwilling to give me another chance? I really want to make up for you!”

Jin Chengen hurriedly caught up and looked at Bai Yi affectionately:

“You can do whatever you want me to do. I just hope you will give another chance so that I can take care of you for the rest of my life!”

just!

Bai Yi turned around, with a bone-coldness on her face:

“Thank you, but no need!”

“Because someone has taken care of me by my side!”
