And as soon as they left, the servants came up one after another, with respectful smiles on their faces.

“Madam, please wipe your face!”

“Sir, please have tea!”

“Miss, I will squeeze your shoulders for you!”

Bai Yi’s family looked dumbfounded, and an unreal idea emerged in their hearts.

Are we dreaming?

At this time, in an office, a middle-aged man with a sneer sneered at the corner of his mouth.

“Chengen, don’t worry, don’t you worry about your Uncle Li doing things?”

“Now I have detained all the vaccines at the pass. I won’t let you go if you don’t say anything. The young lady Bai Yi is in a hurry.”

“Uncle Li, you are really helpful! Don’t worry, after the event is completed, 10 million and 1 point will be credited to your account!”

“Hahaha, refreshing!”

Li Xiaoming laughed loudly, then after a few small chats, he hung up the phone.

He lowered his head, and there was a hint of joy on his face, he was already thinking about how to consume the ten million.

But at this moment, his secretary walked in.

“Minister, people from the Xinbai clan want to see you.”

“Sure enough, is it here?”

Li Xiaoming sneered and said:

“Tell them I’m not here, no see!

”

“This is not for you!”

But at this moment, Lin Fan and Mayweather had already appeared at the door.

“Hey, how can you trespass?”

The secretary said dissatisfied.

“Okay, you go down first!”

Li Xiaoming waved his hand disdainfully, what if he saw him? He said that the seizure must be seized, no one can handle it!

At the moment, Li Xiaoming sneered:

“I thought Bai Yi would come to the door in person, but I thought that I had sent two young men over here. Is this someone looking down on me, Li?”

Lin Fan also sat in front of him carelessly, and said with a smile:

“I’m not a little kid, I’m Bai Yi’s husband!”

what!

Li Xiaoming was taken aback for a moment, and then burst into laughter:

“So you are the rubbish son-in-law of the Lin family? Why, is the Xinbai clan already unpopular? You sent a rubbish like you to persuade me?”

“you!”

Mayweather suddenly became angry, and the other party was not as arrogant as the ants in front of the king?

But Lin Fan smiled slightly and said:

“I don’t like nonsense. I will return all the vaccines to us and let them go through customs!”

cut!

Li Xiaoming laughed disdainfully, he didn’t even pay attention to Bai Yi, would he be afraid of the threat of a door-to-door son-in-law?

“What if I say no?”

Li Xiaoming looked at Lin Fan contemptuously, his face covered with mockery.

Lin Fan tapped the desktop with his hand, and then said with a smile:

“Then today, your position as Minister is at the end!”

Ok?

Li Xiaoming frowned, and then laughed:

“Just rely on you? You laughed at me, even your wife doesn’t have this ability, why do you have such a big tone of rubbish?”

Then, Lin Fan shook his head. As he said, his patience was limited, since the other party didn’t know how to cherish the opportunity he gave.

Then he has to bear the consequences!

“I will ask you one last time, would you let me go?”

Lin Fan made a final reminder, and at the same time he took out his cell phone.

“Yes! You kneel down now, knock my head a few times, then lick my leather shoes clean, maybe I will consider it.”

Li Xiaoming looked at Lin Fan condescendingly, his face full of pride.

“it is good!”

Lin Fan nodded, then stopped talking nonsense, and directly took out his mobile phone to make a call:

“You can do it!”
