

Chapter: 1610

Don't you have money?

Then spend one billion to spend Lao Tzu!

These words are so arrogant and rude, but the entrepreneurs present did not even dare to let go. They all knew that they were caused by their own waste.

If they don't give this money today, they don't want to leave here.

"Sangmen Star, what evil did I have done in my last life that gave birth to you such a trash!"

"It's causing trouble for me all day long, why don't you die outside?"

"One billion, a full one billion! Lao Tzu went bankrupt to make up this billion. Now our family is completely bankrupt. Are you happy?"

Seeing his parents look like they are going to eat people, those rich second generations finally know that they are afraid.

Every intestine was regretful, and I didn't even dare to say anything.

They didn't even think that this time they would poke such a big basket!

"Jin Chengen, are you cheating me? You are the one who killed me!"

"Yes, it was all caused by Jin Chengen! He said that this gentleman is a trash, and he lied to us!"

All the rich second generations reacted immediately, and then looked at Jin Chengen with very resentment.

If they hadn't listened to this guy's nonsense, how could they target Lin Fan?

The results of it?

The waste in Jin Chengen's mouth has now turned into a terrifying existence that can dominate the fate of all of them.

If it weren't for Jin Chengen, how could they have lost a billion in vain?

Hear the words!

Those entrepreneurs also cast an angry look at Jin Chengen at the same time, apparently already deeply hating this man.

All the rich second generations pointed the finger at Jin Chengen, which means that it was Jin Chengen's ghost, and their children were just being used as guns.

Now!

Jin Chengen's expression suddenly became very unnatural, and he was about to cry.

Wan Wanzhen thought that stealing chickens would not lose money, and now he offended half of the big boss in Jiangshi all of a sudden.

If he wants to develop something in Jiangshi in the future, it would be a foolish dream.

That's it!

That's it!

Let alone doing business in Jiangshi, these people now have so much money, they will definitely not spare themselves lightly.

Whether he can leave Jiang City alive now has become a mystery!

"You are responsible for collecting all the money!"

Lin Fan ordered Long Jiu, and then walked to the pharmacy owner:

"medicine!"

There is no such thing as a word of nonsense, and there is a strong killing intent in the words!

Hearing this, the boss was immediately paralyzed by fright, and said with a frightened expression:

"I'll give you the medicinal materials. I don't need the money anymore.

Will you let me go?"

He also realized that the man in front of him is not easy to mess with!

I even dared to break ground on Tai Sui's head, that was looking for death!

At this time, the pharmacy owner was about to cry, and now he didn't dare to ask for money, he only wanted Lin Fan to spare his life.

Lin Fan's lips curled up with a sneer, and said:

"can!"

The pharmacy owner immediately received an amnesty, and then hurriedly grabbed the medicinal materials, for fear that Lin Fan would regret it later.

After a while, he handed the medicinal materials to Lin Fan, and then said respectfully:

"Sir, your medicine!"

After Lin Fan received the medicinal materials, he turned his face and refused to recognize people, and ordered Long Jiu:

"His business license was revoked and his shop was burned!"

what!

The pharmacy owner's face turned pale as paper, and then wailed:

"Sir, you can't do this! You just promised to let me go!"

He spent all his savings and opened this shop, and it still hasn't started to pay back. If it is burned, then he is really lost!

just!

Lin Fan turned his head and said with a sneer:

"Sorry, I also remembered wrong!"
