

# Chapter: 1618

He dared to find his mother-in-law and father-in-law by himself?

What exactly does Lin Zhanli want to do?

“Don’t you even say a word about Dad?”

Lin Zhanli sneered, obviously a little displeased with Lin Fan’s attitude.

And Lin Fan, who heard this, also responded sharply:

“Are you worthy?”

“you!”

Lin Zhanli suddenly became angry and sneered:

“Sure enough, I have been out in the field for more than ten years, and

I don’t even understand the most basic etiquette, but I don’t bother to

care about you. Come to the hospital to see me, I’m in a hurry!”

It was a tone of command.

Lin Fan was irritated by the other party and said:

“Why should I see you? What qualifications do you have to let me see

you?”

What a joke!

just!

The next words of Lin Zhanhuan really changed Lin Fan’s expression

completely.

Just listen to him sneer, and said playfully:

“You should be looking for Jin Chengen, right?”

After speaking, Lin Zhanhuan hung up the phone.

Lin Fan frowned and his expression instantly became extremely ugly.

The other party must have known the whereabouts of Jin Chengen, so

he was so confident that he would meet him.

Even more!

Maybe Jin Chengen is still related to Lin Zhanli!

Thinking of this possibility, Lin Fan was murderous. If all of this is

really related to Lin Zhanli, then his hatred for the Lin family has been

raised to a new level!

Half an hour later, Lin Fan appeared in the hospital and saw the person

he didn’t want to see the most.

“In-law, Lin Fan will be here for a while. Tell him, don’t this father and

son have an overnight hatred?”

Bai Shan kindly counseled.

just!

But Lin Zhanli raised his brows, as if he had been stepped on his tail,

and yelled loudly:

“Who is your in-laws? Lao Tzu is the young master of the Lin family.

You are a dead and poor ghost who is qualified to have a relationship

with me? Blind your dog’s eyes!”

“Besides, what kind of thing are you special? What does Lao Tzu do

that needs you to tell me?”

This high-pitched reprimand suddenly embarrassed the Baishan

couple.

But they didn’t dare to say no, because they all knew Lin Zhanli’s

identity and origins. Such a person is not easy to offend.

Lin Zhanli suddenly snorted contemptuously. He even looked down on

Lin Fan, so how could he look down on his two poor parents-in-law?

“Hurry up and get on the edge, don’t be an eyesore here!”

Lin Zhanli reprimanded Shen Yumei and his wife in an angry manner.

See it!

Lin Fan’s face suddenly became gloomy, and then he strode up and

asked in a cold tone:

“Where is Jin Chengen?”

The indifferent look seemed to be disgusting to Lin Zhanli’s words.

But Lin Zhanli sneered and looked at Lin Fan and said:

“Finally here, I happen to have something to talk to you!”

Hear the words!

Lin Fan frowned suddenly and said:

“what’s up?”

He already had a foreboding, Lin Zhanli must have done a good job

looking for him!

“Your grandfather intends to let you return to Lin’s house.”

Lin Zhanli explained his intention this time.

Lin Fan was taken aback, and then sneered. It was because of this

incident.

He had known it for a long time, and he didn’t have too much reaction

at this time.

The Baishan couple was also happy, is the Lin family finally willing to

accept Lin Fan again?

Of course, this wasn’t because they greedy the wealth of the Lin family,

but that the Lin family wouldn’t bother Lin Fan anymore.

However, this is more than that!

Lin Zhanli continued to say frivolously:

“But the old man has one condition, and that is to let you surrender

the new Bai clan as compensation. After all, you killed your three

cousins and it was not right to return to Lin’s name like this.”

“Lin Fan, this is a pie in the sky. It is a blessing you have cultivated in

your eight lifetimes. I hope you don’t know what is good or bad!”
