

Chapter: 1621

He knew that Jin Chengen could not be poisoned for no reason. Even if he was to be poisoned, it should be poisoned. How could Bai Yi be poisoned?

Last night, Bai Yi, the only one who likes to eat sweets, wiped out the dish of sweets and was sent to the hospital in the end!

But today Lin Zhanli found himself. If it is a coincidence, it would be too far-fetched, right?

“Yes, it’s me!”

Lin Zhanli laughed strangely, and simply pointed out:

“Lin Fan, what if you are a great master, the ability of my Lin family is not what you can imagine, just like yesterday’s thing, as long as we want, we can poison you again in minutes!”

“Yesterday, I just wanted to teach you a lesson, letting you know that if our Lin family wanted to kill the people around you, it would be easy! Hahaha!”

Lin Zhanyu laughed triumphantly. Before coming here, Lin Hongtu had reminded him that he had to give Lin Fan a prestige, otherwise it would be difficult to subdue this fierce horse.

That’s why he only came to Jiang City and learned that Jin Chengen was at odds with Lin Fan’s family, so he instigated Jin Chengen to poison Bai Yi.

“Lin Fan, if you refuse to agree to our Lin family’s terms, the same thing will happen again, and it won’t be that easy next time! I guarantee that the poisoned person will not be able to make it to the hospital!”

Lin Zhanli smiled viciously, and at the same time looked at Lin Fan with a look of contempt, as if Lin Fan was his pallet fish and let him slaughter him.

boom!

Lin Fan is angry!

Completely furious!

clatter!

He stepped forward and pressed toward Lin Zhanli step by step. At this time, his intention to kill Lin Zhanli was beyond his control.

“Do you know that Bai Yi is still pregnant with a child, a child who should be called your grandfather!”

Lin Fan gritted his teeth, his voice was like the low roar of a beast:

“Because of you, she almost miscarried and ruined my baby!”

The man who killed his wife and nearly killed his child turned out to be his biological father?

Lin Fan has been buried in anger!

just!

Lin Zhanli who heard this, not only did not resonate, but sneered with extreme disdain:

“Isn’t it just the small wild species born by the wild species? There is no more one! What’s the big deal?”

He doesn’t even care about Lin Fan, his biological son, so how can he care about his grandson?

嘖!

Lin Fan directly pinched Lin Zhan’s throat with one hand and pressed him firmly against the wall.

At this time, Lin Fan’s eyes were already scarlet, and he couldn’t wait to kill Lin Fan on the spot.

Lin Zhanli was able to say such a thing, is this still a person?

And seeing Lin Fan’s hideous face and completely bloodshot eyes, Lin Zhanli was also shocked, and he scolded in an uneasy voice:

“Lin Fan, what do you want to do? Is it possible that you still dare to kill your father?”

just!

Still waiting for him to speak, Bai Shan kicked Lin Zhanli to the ground, his eyes were splitting and said:

“He doesn’t dare, I dare!”

“You beast, you want to poison your daughter-in-law and granddaughter, you are inferior to a pig!”

Lin Zhanli took this angry kick, and was so painful that he couldn’t get up for a long time.

“You untouchable, how dare you hit me? I want you to die!”

Lin Zhanyu was immediately furious, these people were ants in his eyes, and he didn’t even have the qualifications to make him look straight, but now he dare to hit him?

It’s damn it!

However, before he continued to insult him, Bai Shan and Shen Yumei had already rushed up angrily, giving Lin Zhanli a fat beating!

Lin Zhan’s pain gradually turned into a scream!

To know!

Lin Zhanxi almost killed their daughter and nephew, how could they give Lin Zhanxi lightly?

At this time, he couldn’t wait to tear Lin Zhanli to pieces, and his men naturally showed no mercy.

“Lin Fan, I’m your old man, don’t you come and save me!”
